The Forest Republican.

W. R. DUNN - - - - - EDITOR.

TUESDAY MORNING, FEB. 7.

—The members of the Republican County Committee will meet at the Prothonotary's office on Monday, Feb. 27th, 1871, at 7 o'clock, P. M., for the purpose of selecting Delegates to the Union Republican State Convention, and for the transaction of other business. A full attendance is desired.

J. B. AGNEW, Chairman.

—The officers of the Republican State Committee of Pennsylvania give notice that "in pursuance of the resolution of the Republican State Central Committee, adopted at Altoona, Aug. 16, 1870, a State Convention, composed of delegates from each Senatorial and Representative district of the number to which each district is entitled in the Legislature, will meet in the hall of the House of Representatives, at Harrisburg at twelve o'clock, noon, on the 10th day of March, A. D. 1871, to nominate candidates for Auditor General and Surveyor General, and to take action upon the question of Constitutional Reform, and for the transaction of such other business as may be brought before it." This convention has a duty to preform which will be closely scrutinized by the intelligent voters of the Keystone State. The folly of trying to poke all sorts of men upon the people was demonstrated last fall, in several sections if our State, and one instance is so near us that we are all as well acquainted with it as though it had happened among us. We refer to the catastrophe in the 20th Congressional District. Corruption had become so open and shameless, that a lesson was deemed necessary by the people to the would-be leaders of the party, and it was given in a very emphatic manner. Let us see to it that we send men to this convention who have no axes of their own to grind, and whose vote can not be influenced by money or prejudice, and who will do their whole duty by their constituents and the party at large, and when they select men for the above positions we have no fear but that we will elect them. But don't try to make us swallow men whose record will not stand a close examination.

—We find a biographical sketch of Wm. A. Wallace, Senator from this district, and Speaker of the State Senate, in the February number of *Leisure Hours*. Among other very handsome compliments paid Mr. Wallace, occurs the following: "Mr. Wallace's political record is without a blur, blot or blemish." We do not understand, perhaps, what constitutes a "blur, blot or blemish," among Democratic politicians, but judge from the foregoing that furnishing coffee-stained naturalization papers to all foreigners who wish to vote the Democratic ticket, whether they have been in the country five years or five minutes, and inciting armed resistance to the draft, and all that sort of thing is rather considered an honor than otherwise. If coffee-pot Wallace belonged to the Republican party, we should consider him badly "blemished."

—We clip the following from the Titusville *Courier:*

On Tuesday afternoon Chief of Police Rouse and policeman Dougherty arrested Pat Kelley, an old offender in this section, and two of his associates. The two associates were subsequently released, and yesterday Kelley was brought before Justice Strouse on a charge of having, on the 18th of September last, entered the house of Leon Duplanti at two o'clock in the morning, and chloroformed his wife for the purpose of relieving her of $200 which she had in her possession. Kelley is a boiler-maker, and at the time of the attempted robbery had just returned from Meadville, where he had been spending the summer on account of stripping a clothesline of very valuable linen. A few days after he made this bold attempt he fled the country, and had only returned on Tuesday, and was "gobbled" on sight. After a short examination he was remanded to jail to await trial.

A new well was struck on the R. L. Shaw Farm on Thursday last, which is now producing at the rate of forty barrels daily. It is owned by W. P. McIntyre, of Poughkeepsie, N. Y., located on his lease of six acres, on Shaw farm. Mr. M. has leased a considerable amount of territory in the vicinity of Rouseville, and has another well in process of drilling. The territory is all valuable, and its owner has a rich harvest before him. He purchased it about three months since, and immediately commenced putting down a well with the above result.

Mr. Wilson has been in the Senate from Massachusetts sixteen consecutive years, and Mr. Sumner twenty. The longest consecutive number of any other Senator from that State was nine years by Nathanial Silsbee. Daniel Webster was also in the Senate nine years, but at different times.

—A son of Mr. Wm. N. Emery, about ten years old, was run over by the cars at the Jamestown & Franklin Depot on Wednesday. One truck passed over his left ankle, and the leg had to be amputated just below the knee. He was playing on top of a train of freight cars and fell under the wheels of a passing train.—*Spectator.*

—The ice bridge still holds on; and as the weather has turned cold it is believed the rise of water from the late rain, will not be sufficient to carry out the ice.—*Warren Ledger.*

—According to a correspondent, Parker's Landing and Lawrenceburg mustbe hard places to reside in. He writes thus:

This part of the oil region contains some desperate charactors. Yesterday I saw a young man in Lawrenceburg with a handkerchief tied around his hand, and when asked what the trouble was, replied with perfect nochalance, "I lost a finger last night." He was then told that he ought to stop fighting. Says he, "yes I know it is —— bad business, but the hound laughed at me when I had the handcuffs on last week, and, —— him, I took one of his eyes out."—*Pet. Centre Record.*

—From the Greenville *Argus* we learn that a fire broke out in Laird's Block in that place between 12 and 1 o'clock, Wednesday morning resulting in a great loss of property.

The block owned by William Larid, and occupied by R. & A. Manheimer, wholesale liquor dealers; H. Book, shoe store; E. Wasser, market; S. P. Johnson & Co., dry goods, and groceries; J. Richard, bakery Wm. Maxwell, law office, and E. E. Miller, harness shop, was entirely destroyed. Total loss, $30,000; insured for $16,500. Also, B. Henlin's fine brick block was partially destryed. Loss, $3,000; fully insured. The stores of S. W. Manheimer, Mrs. Gilkeson and Masonic Hall were damaged by fired and water. Probable loss, $4,000; all fully insured. Also, the stores of J. E. Hull & S. Hull, E Roney and W. L. Phelon. Loss, about $3,000.

THE CHAMBERLAIN BEQUEST.—From the Meadville *Republican* we learn that the important Chamberlain will case, pending in New York courts for some two years has been decided in favor of the appellants, by the Court of Appeals, the court of last resort in that State. This gives to Allegheny College, in accordance with the will of the late Judge Chamberlain, of Chautauqua county, N. Y., about $100,000. We are sure our citizens generally will be glad to learn that justice has been done, and the benevolent intentions of a good man are to be carried out. There is no appeal from this decision.

The following from the Titusville *Herald:*

FATAL RAILROAD ACCIDENT AT PIONEER.—On Wednesday evening the down train on the O. C. & A. R. R. ran over a man at Pioneer. The train had proceeded about one hundred rods below the water tank, when the engineer discovered a man lying across the track. It was impossible to check the train before three cars had passed over his body, cutting it entirely in two, and otherwise lascerating it in a horrible manner. The unfortunate man was identified as James Hough, who had been in the employ of the railroad company as a section man. He is supposed to have been in the state of helpless intoxication, although there was also a suspicion that he had been foully dealt with and then laid across the track. The remains were placed in charge of railroad employes for interment.

Miss Anna Dickenson will lecture at Rouseville on the third of April next. The gentleman engaging her to come, and who is reponsible for the expenses of the lecture, gives the surplus to the Presbyterian, Episcopalion and Methodist Sabbath Schools of that place.

Miss D. will lecture in this city in the regular course April 4th.

—It is customary for all business men, to render a statement to customers yearly, requesting a settlement of account. This is so common that we thought all understood it. But occasionly we find a man who considers it an offence or insult to have a bill sent to him. No reasonable man has any cause for resentment in such a case, but on the other hand should consider it an accommodaton to be furnished with a statement of his account. Merchants and most business men send bills the first of evey month and require payment immediatly or at least in thirty days If not paid, interest is charged, and the account sent for collection. We see no reason why one should be offended because a printer sends bills to *all* his subscribers who are in arrears. Why should editors allow thousands of dollars to accumulate on their books without sending bills and making an effort to collect it? And why should any one expect his particular name to be excepted when billsare being sent to all?—*Clarion Democrat.*

CONSECRATION.—The new Episcopal Church at Oil City was consecrated on Wednesday of last week, by the Rt. Rev. John B. Kerfoot, D. D., Bishop of Pittsburgh.—There were also present and took part in the ceremonies the Rev. Messrs. Byllesby, Purdon, Rafter, Tollman, Spaulding, Getz, Hilton, Taylor and Scarborough. The consecration sermon was preached by the Rev. John Scarborough, Rector of Trinity Church Pittsburgh, from the words, "The palace is not for man, but for the Lord God."

For a considerable length of time a young man named W. J. Henderson, of Sandycreek township, has bid defiance to the law, and been a terror to good citizens, living in that portion of the county. A short time ago he stole a horse from his father, for which act a warrant was issued and placed in the hands of Constable Foster, of Clinton township. Foster soon found out the whereabouts of Henderson and went to arrest him, but Henderson offered violent resistance, and after a fight succeeded in escaping. Foster then had another warrant issed for Henderson on the charge of resisting an officer. This was placed in the hands of Constable Sutton of Sandycreek, and having learned that Henderson was attending meeting at the Lyons church, he proceeded there to arrest him. Henderson, however, knew what he was after, and as Sutton approached him, he struck him a terrible blow with a slung shot, knocking him down. The members of the congregation come to the assistance of the officer, and after a severe struggle the young desperado was securely bound, hand and foot. He was brought to this city, and placed in jail. Henderson had often said that no officer could arrest him, but we presume he will now have considerable time to himself to think over his past course, and the folly of attempting to violate all law, and the peace of community, with impunity.

—A young lady stepped into one of the street cars the other day, and dropped her handkerchief into a vacant seat as much as to say, "taken," while she advaced to the other end of the car to deposit her fare. Meantime a nicely-dressed young man jumped in and sat down on the handkerchief, without observing it. The young lady, after paying her fare, turned back, discovered to her chagrin her seat was occuped, and sat down opposite, ladies making room for her. But she did not desire to lose her handkerchief, so she looked intently toward the place where she had left it, hesitating whether to ask for it or not. Discovering the direction of her looks, all eyes on the opposite side of the car were soon bent on the young man. Finding himself the object of so much attention, he himself looked and discovered to his horror something white on which he sat, the end peeping out. He mistook its character. To cover it with his hand and to tuck it nicely away, was the work of a few moments. None in the car but the young lady knew that the "something white" was a handkerchief, and hesitating still more to ask him, she lost it.

GROVER & BAKER'S SEWING MACHINES.

The following are selected from thousands of testimonials of similar character, as expressing the reasons for the preference of the Grover & Baker Machines over all others.

* * * "I like the Grover & Baker Machine, in the first place, because if I had any other, I should still want a Grover & Baker; and having a Grover & Baker it answers the purpose of all the rest. It does a greater variety of work and is easier to learn than any other,"—Mrs. J. C. Croly (Jenny June)

* * * "I have had several years' experience with a Grover & Baker Machine, which has given me great satisfaction. I think the Grover & Baker Machine is more easily managed, and less liable to get out of order. I prefer the Grover & Baker decidedly."—Mrs. Dr. Watts, New York.

* * * "I have had one in my family for some two years; and from what I know of its workings, and from the testimony of many of my friends who use the same, I can hardly see how anything could be more complete or give better satisfaction."—Mrs. Gen. Grant.

* * * "I believe it to be the best, all things considered, of any that I have known It is very simple and easily learned; the sewing from the ordinary spools is a great advantage; the stitch is entirely reliable; it does ornamental work beautifully; it is not liable to get out of order.—Mrs. A. M Spooner, 36 Bond St. Brooklyn.

* * "I am acquainted with the work of the principal machines, and I prefer the Grover & Baker to them all, because I consider the stitch more elastic. I have work in the house which was done nine years ago which is still good."—Mrs. Dr. McCready, No. 43 East 23d street, N. Y.

* * "More than two-thirds of all the sewing done in my family for the last two years has been done by Grover & Baker's Machine, and I never had a garment rip or need mending, except those rents which frolicsome boys will make in whole cloth. It is, in my opinion, by far the most valuable of any I have tried."—Mrs. Henry Ward Beecher.

* * "The Grover & Baker Sewing Machine has rendered in every respect, the most perfect satisfaction. It combines so many advantages with beauty of execution and economy in price that it is a necessity in every household."—Mrs. Governor Geary, Harrisburg, Pa.

"I have had the Grover & Baker Machine for ten or twelve years in constant use in my house I have seen and known every kind of Family sewing, both personal and household, accomplished upon the Grover & Baker Machine, to the entire satisfaction of all concerned.—Rev. Stephen H. Tyng.

"I find the Grover & Baker Stitch will wear as long as the garments do—outwear the garment in fact. The stitch will not break on bias seams, when stretched, as others do; and neither does it draw the work."—Mrs. Dr. Whiting, 4 East twenty-fourth street, N. Y.

The Grover and Baker Sewing Machine Company manufacture both the Elastic and Lock Stitch Machines, and offer the public a choice of the best machines of both kinds, at their establishments in all the large cities, and through agencies in nearly all towns throughout the country. Price lists and samples of sewing in both stitches furnished on application to Grover & Baker S. M. Co., 127 Wood Street, Pittsburgh, Pa.

A WATCH, pair of Blankets, Quilt or Shawl, for One Dollar, appears almost impossible, but such may be had, and hundreds of other useful articles, by patronizing GEO. A. PLUMMER & CO.'S "ONE DOLLAR SALE."

Their system of doing business has been examined by the authorities, and a Decision rendered from the Internal Revenue Department, at Washington, dated Nov. 4th, 1868, declaring their business perfectly fair and legitimate, and entirely different from the different gift enterprises. Of course all do not get watches, blankets, &c., for One Dollar, but in every large club, one of these articles are sold for One Dollar, as an extra inducement, and some member of the club has the chance of obtaining it. A new feature introduced by this enterprising firm, is to pay their agents in either cash or merchandise, and to prepay the express charges. No better opportunity can be offered to either ladies or gentlemen having leisure time, to form clubs for this firm.
