Weldon versus Tarboro. — The Northeaster seems to have somewhat stirred up our Weldon neighbors by an allusion in the last issue, suggesting the propriety of holding the District Agricultural Fair in Tarboro.

The *News*, in reply, says: "Now, Biggs, we are bound to concede that as a *place* Tarboro has the advantage over us, as your burg is one of the prettiest in the State, but when we come to the question of *site* for an exhibition of the kind we wish, we won't yield to you one inch. Indeed, M. W. Ransom, in some remarks made by him in a meeting in this place on Thursday, told us to tell you and the Edgecombe people to come up here on the 12th of May next and discuss the question with us fairly and squarely—we will give you two in the start on *locality* and then beat you. Come up, Billy, and bring along all those who feel an interest in the founding of an Association that would undoubtedly do much good in promoting the agricultural interests throughout the Roanoke section of the Old North State."

While we still adhere to the opinion that Tarboro presents superior advantages for the holding of the Fair, we shall most sorrowfully not permit our private notions to interfere with the success of the enterprise, or clog the deliberations of the meeting with any partizan endeavor to bring into view the merits of our place. We propose to be there on the 12th of May next, and, everything will be satisfactorily arranged.

Fatal Shooting of a Woman—Verdict of the Coroner's Inquest, &c.—On Tuesday last, between the hours of 12 and 1 o'clock, an apparently unprovoked murder was committed at the farm of Mr. Wm. Barnett, about a mile from Tarboro.

The author of the double life is James Shirley, colored, and his wife is the victim of his passions.

The circumstances of the tragedy, as developed on the Coroner's inquest, are about as follows:

Julia Ann Moore, daughter of the deceased, was the principal witness, and stated that a quarrel arose between the negroes Shirley and Henry Davis, a colored man living in the same house, and Shirley, as she saw, shot Davis from about 12 paces off. The exposed determination of Shirley to kill Davis, the deceased interposed and endeavored to pacify Shirley, who, becoming bestial in his wrath, turned his pistol upon the woman, and, shooting her in the side, killed her instantly. Shirley ran off in the woods, and has not been heard of since the tragedy, and the supposition is that he committed suicide.

Dr. Zoeller, Special Coroner, and the following verdict rendered: "The said Julia Ann Moore came to her death by being shot with a gun in the hands of James Shirley, and which we believe was done feloniously."

The accused was committed to Edgecombe county Jail to await the action of the Grand Jury at the next term of the Superior Court.

Political — Honor, Carpet-Bagger.—It is stated that A. H. Galloway, Conservative Senator from New Hanover, has resigned from Whitingism to Newbernism.

The *Star* says there has been some speculations as to the cause of the removal. In truth, his constituents are not fully advised as to whether New Hanover or Canova's is home.

We think we can relieve all this suspense by informing the public that Abram has changed his residence to the Western Congressional District for the purpose of running Hon. Heaton for Congress. This intelligence we have from a reliable source, of course, the evidence may be presumptive, but it is to be found out.

Commissioner of Revenue to the U. S. Service, Colonel Galloway, and he is determined to make a desperate effort to allow in the Congressional race.

Well, we must look for some of these gentlemen to be candidates for Congress in districts where the Radical strength is made up almost exclusively of colored voters. And we must look for some of them to be elected, too.

Post Office Affairs.—The following communication has been handed us for publication, and according to request, gives it place in our column, which are always open to the discussion of any legitimate complaint or grievance on the part of any one, white or black:

Tarboro, N. C., March 28th, 1870.

Editor Southerner:—Please give room in your paper of this date. I have called at the Post Office day after day and the Post Master, while sitting in his seat, says there is nothing for me. I have always thought I knew that I could never get answers to my letters, and the other day I requested to get one from home stating that they had written many times but all the letters came back.

I think the Post Master ought to look after colored people's mail by all means. I am a colored man I know, but I wish to be treated like a man.

NATHAN BOYD, Col.

Whether our Post Office Officials are to blame in this instance we very much doubt, as we have nevertheless heard much complaint from other sources.

Grand "Opening" by Mrs. Feildenheimer.—Our lady readers, ever on the lookout for the latest fashions, will, no doubt, be pleased to learn that they will have an opportunity of seeing the same on Tuesday next at the fashionable and popular Millinery establishment of Mrs. R. Feildenheimer. This lady, acknowledged *fait* in all the intricacies and mysteries of the female toilet, has just returned from New York with one of the most magnificent stocks ever brought to Tarboro, and will take especial pleasure in displaying the same to the ladies of Tarboro and surrounding country.

We scarcely think it necessary to add any words of our own to this announcement. Mrs. F. has too long been regarded the "Dearest" of *our* city to require any eulogism as to her taste, &c.

Let all the ladies remember Tuesday next.

I. O. O. F—The Proposed Charades &c.—On Monday night last a large number of the Ladies and Gentlemen of Town met at the Lodge Room of the I. O. O. F. Fraternity, for the purpose of still further facilitating the Charades &c., proposed to be given in aid of the Order, and charitable objects.

We noticed among the Ladies, some of the fairest and most captivating beauties of our place, all of whom entered into the spirit of the enterprise with the same feeling that ever actuates lovely woman in the discharge of the dictates of benevolence and charity.

The Order may well congratulate itself upon securing such valuable auxiliaries, and we are confident that whatever they undertake must prove a great success.

The time of the exhibitions will be announced at an early day. In the meantime the participants are busily engaged in preparing themselves for public inspection.

Where Is Our Night Police?—On Monday night last the store of Henry Mason, col., on Water Street, was broken open and a lot of money stolen.

This portion of the town is under the peculiar charge of Clem Camper, the Night Police of that section. Why was he not on hand to prevent this robbery, or detect the perpetrators? If the present force of policemen prove inefficient, it is clearly the duty of the Commissioners to discharge them and employ others who will prove more faithful.

The Oldest Edgecombe Man.—Edgecombe has long been priding herself upon excellencies in many things, but until now was unaware that she contained within her limits one of the oldest couples of the country.

We have in the county, Mr. D. Gardner, aged 113 years of age, in the full enjoyment of the best health, of sound mind, and wonderful physical activity. His wife, still living, has reached the venerable age of 99.

Hogwash.—The *American Agricultorist* has, for something, been engaged in the laudable work of exposing the numberless humbugs which, under different names and pretensions, have been defrauding an innocent public, and especially those applicable to the South.

Our readers should be careful how they invest their money in irresponsible and spurious concerns. They will soon find all such to be rotten.

New Advertisements.—We publish below the names of parties in several counties from whom the disabilities imposed by the 14th Amendment have been recently removed by Congress.

The entire list is too long for publication.

Edgecombe—Thos. W. Atkinson, J. B. Lindsey, L. B. Bryan.

Nash—Jno. S. Short, Cicero Moseley, H. Bryan, A. Bryan, Jno. Wiggins.

Pitt—Jno. G. Cox, Tom Cox.

Chowan—Wm. B. Baddam.

Halifax—Ed Coughland.

Bankruptcy Proceedings.—Notice has already been given in the Southerner of the introduction in the Legislature of a bill to incorporate the Bank of Tarboro. We are glad to learn that the bill has passed both Houses and is now a law.

The list of incorporators comprise some of the most influential and leading citizens of our place, and the capital, we understand, is backed by one of the wealthiest firms in New York.

We understand the intention of the managers is to commence operations at an early day.

Grand Annual Sight Can Open.—On the 25th of April an exciting contest awaits the sporting community of Columbia, S. C.

Lt. C. S. Arrington, of acknowledged sporting reputation, passed Rocky Mount Tuesday last, on his way to Columbia, where a match will be fought between him and C. B. Franklin of that City.—Main $2,000 and $200 a side. A main of 31 cocks will decide the issue between the two States, and we predict success to all upon our Nash County Champion.

Force Course.—The arrival of Spring goods still continues. Perched in our office looking upon Main street, we often marvel how our merchants manage to clear their shelves of the immense stock that is regularly received at every season.

One of our most successful dealers explains the apparent mystery by attributing his success to the principle "big and small profits and quick returns." This and use of the columns of the Southerner, which we know to be read by the people of Tarboro and surrounding country, will immediately relieve them of this difficulty.

April 1, 1870.—Persons desirous of contracting the ancient and modern styles of Ladies Bonnets should call at the Millinery Establishment of Mrs. Feildenheimer.—The style of 1870 is certainly unique, tasteful and skip-jumping—1870 presents a wonderful difference, diminutive and picturesque.

Street Railway.—The Legislature has passed a bill to incorporate the Tarboro Street Railway Company.

Notwithstanding the incredulity of some, we have every assurance from responsible sources that the enterprise will be certainly and speedily commenced.—Tarboro is a wonderfully lodging-or. A Bank, Street Railway, and Gas to be given us in a short time.

Comforting to Ticket Holders.—A grand drawing of the North Carolina Real and Personal Estate Agency was held in Raleigh on the 15th inst.

It may be encouraging to holders of tickets in Tarboro to learn that $400 was invested by our people in the lottery. Of this amount five dollars only came back in the shape of prizes, Mr. Wm. Howard being the fortunate individual.

Spring Goods.—Pender & Jenkins are now receiving their usual large and well selected stock of Spring goods, all purchased for cash, and will be sold as low as the times will admit. The public are invited to call and examine. No one importuned to purchase against their judgment.

The *Sentinel* recommends Wm. G. Morisey, Esq., of Wayne, as a suitable Conservative candidate for the position of Attorney General, the only officer to be elected by the State at large in the August election.

Don't fail to read the new advertisements in this issue of the Southerner. They will be found well worthy of a careful perusal.

Why is it that our Raleigh exchanges reach us so irregularly? Frequently we receive issues of several days at one time.

[For the Southerner.]

Large and Small Game.

Mr. Editor:—Many newspapers of the State have boasted of the numbers of Robins (not Robbins of the Legislature) killed within a day; and one, of the number of Blackbirds, (not Black Republicans) at a single shot.

Rocky Mount is yet in Edgecombe and sends to you the following facts and figures, and invites competion: Major Jesse Bulluck was sojourning in a tree-top a few days since, and discovered three wild Turkeys approaching him, when within decent range and at fair distance, (*for he won't take advantage*) he fired, killing all. One weighed 22 lbs. another 24 lbs, and the last 19 lbs. In the aggregate, 61 lbs. When ready for the oven, there were 51 lbs. good Turkey, for his family and friends; among the last, he has upon his list, yourself, "J. G" and your devils.

Old Joe F. an experienced Turkey-hunter, says their ages were 5, 4 and 3, judging from beards and spurs; whose dimensions were as follows: Beards 11, 10 1-2 and 9 1-2 inches. Spurs 1 3-4 1 1-2 and 1 1-4 inches.

I am informed by the party who becomes judge of age in this case, that if this shot can be beaten, *he* will carry arms again.

If he should do so, who under the sun can beat old Joe Turkey-hunting?

Our boys hunt large game, and save Blackbirds and small game for the traps and fish-hooks of the rising generation.

R. M

A Card.

In the last issue of the *Carolinian*, a newspaper published in this place, appeared an article in relation to myself, which I hereby pronounce false in every particular.

I am charged with acting in a most brutal manner towards one of my children, and my character as a minister of the Gospel is assailed in a most wanton manner.

It is true that I have chastised the child alluded to, but only to such an extent as is permitted all parents, and I am prepared to prove that my conduct towards my children has never transgressed parental authority.

The editor, no doubt, heard such reports, but I would suggest to him the propriety of hereafter tending to his own business, and cease prying into the family affairs of others.

We have certainly come to a pretty pass when a father cannot whip one of his own children without being paraded in the newspapers and pronounced a "blood" and "hypocrite."

☞ Andrews Forest, col.

The Executive Committee of the N. C. Immigration Association held a meeting in this town on Saturday last. President Dr. S. S. Satchwell, (the President,) Hon. W. F. Bottle, H. Pate, Esq., and the Secretary of the association, Jordan Stokes, Esq.

Organization of N. C. Northern was

Resolved, That Messrs. A. A. Galloway and E. H. Borden be instructed and requested to obtain from Mr. W. Atkinson, the late owner, a full and detailed account current of his transactions with the organization as agent of the association, so that there may be set forth in it a full bill with dates and amounts of all the parties that contributed money either to the association or to Mr. Atkinson personally, for the procuring of Immigrants.

Resolved, That the same gentlemen be requested to obtain from Mr. Atkinson a detailed statement, with names and ages, of all Immigrants brought by him to this State, the cost incurred in bringing such immigrants to New York, expenses while there and the cost of bringing them to Tarboro, and in delivering them to the parties to whom they were assigned or delivered, to which delivered, and what portion of expense incurred was paid by Mr. Atkinson and what portion by the immigrants, so as to find a month that they took, especially association by parties to whom the said immigrants were delivered.—*Tarboro' Mercury.*

H. Morris & Bro.—Among the large number of merchants and business men who have settled within our bills during the past few years, none have acquired a more enviable reputation than the firm of the above firm. A strict attention to business and gentlemanly deportment has always marked them and been the means of securing a flourishing trade.

They appear again in the Southerner this week, announcing the arrival of their new Spring goods and requesting a continuance of public patronage. Read their advertisement, and give them a call.

American Agriculturist.—The April number of this excellent agricultural monthly is upon our table.

We have always regarded the *Agriculturist* as one of the finest publications of the kind in the United States, and the number before us still further sustains this opinion.

Published by Orange Judd & Co., 245 Broadway, New York.

Vanished—Gone!—The illustrious body, so called a Legislature, suspended their labors on Monday last at 12 o'clock.

The "boys" have dispersed. An immense flash up in the pockets of the people is expected for a season.

What a relief!

Many of our citizens have commenced having their lands, lots, &c., surveyed and platted. We can recommend them to Mr. Henry A. Walker, of this place, who will execute the same in the best manner and most approved style.

We have been compelled to omit a large amount of interesting reading matter this week, to make room for new advertisements—the best indication of the high estimation in which the Southerner is held by the public.

Our readers will not fail to read the advertisement of Tyer & Jones, a most deserving firm, who have just received their stock of Spring goods. We can recommend them as every way deserving of patronage.

Hook and Ladder Company.—A meeting of this company will be held at the Court House on next Friday night, at 7½ o'clock. A full attendance is desired.
