We love the little girls and boys,
And like to see them play,
For when we mingle with their joys,
It drives dull care away.

And so our Nursery Studio
Is built to please the tots;
With the toys we get expression,
While we make the good snap-shots.

And this is why the mothers all
Can plainly see and know,
That the place for baby pictures
Is the NURSERY STUDIO.

Judges do not fine lawyers for "contempt of court" as often as Fortune fines laymen for "contempt of Opportunity" in failing to read and to use the want ads.

CLASSIFYING want ads. was one of the biggest steps toward the "simple life."

The merchant who KNOWS that his store is IMPORTANT should be sure that his advertising is "big" enough, and interesting enough to BEFIT and DENOTE an IMPORTANT store!

Non-Medical Healing.

PROF. H. S. D. PARKER, Specialist and Practitioner of the Junod (the French) Method of Enforced Circulation; in extensive and successful use in the hospitals of France and Germany and Bonn University. The French government has directed its use in their hospitals; now presents the same for the favorable consideration of those suffering from locomotor-ataxia, rheumatism, paralysis, Bright's disease, and all ailments of an incurable (so-called) nature; no medicine, knife, or unpleasant examination.

What is the Junod Treatment (enforced circulation)? It is a method of equalizing the circulation—in other words. It opens up congested blood vessels, thus allowing the precious life-giving fluid to reach all parts of the body, thereby affording nourishment and strength to weak and diseased organs and members.

What has it accomplished? It has cured Nervous, Spinal Diseases, Epilepsy, Locomotor-Ataxia, Rheumatism, Neuralgia, Bright's Disease, Painful, Debilitating, and many incurable (so-called) diseases that have by prominent men in the medical profession been pronounced incurable. It will cure that lame back, indigestion, pain in your arms, legs, and any other part of the body. I would be pleased to meet those that believe they have an incurable disease.
