BULLFROG "BOMB" SCARES CITIZEN

Strange Sound From Box Left in Care Frightens a Shoemaker.

NEW YORK, May 31.—Tony Saritella, a prosperous shoemaker, of Belleville, N. J., was badly scared recently by a box which a stranger had asked him to care for.

Three hours after the stranger went away the cobbler heard a strange sound coming from the box and decided that it contained an infernal machine. He ran to the street and summoned Policeman Ferdinand Gilman, who carried the box to the sidewalk, and with the cobbler's hammer knocked off the top.

Out jumped a big, green bullfrog, which sat on its haunches an instant, blinked its large eyes a few times, and then sprang away with several prodigious leaps.

The owner failed to call for the box.

THIEVES GET WIRE.

GLENOLDEN, Pa., May 31.—Wire thieves, emboldened by their success in operations extending over two weeks, in their latest raid got away with 4,800 feet of valuable copper wire belonging to the Keystone Telephone Company. A detail of detectives and special policemen has been working on the case.

COMMERCE SHOWS MARKED ADVANCE

Gradual Improvement in Industry and Traffic Indicated by Government Reports.

A gradual, though not uniform, improvement in the industrial and traffic situation of the country is indicated in the leading commercial movements for April as reported to the Bureau of Statistics of the Department of Commerce and Labor.

The coal, textile, and shoe trades show a considerable upward trend from the depressed condition prevailing in the early part of 1908. Movements of live stock, provision, and grain, on the other hand, suffered a check. Building operations maintained a high record and the traffic situation, as measured by the number of cars handled by various traffic associations, also show a turn for the better, though the April figures for the current year are almost 10 per cent below those reported two years ago.

MORGAN LEADS PARADE.

NEW YORK, May 31.—Postmaster Edward M. Morgan led a parade of 3,000 letter carriers and postal employes today from the City Hall to the Erie ferry, at the foot of Chambers street, on the way to Jersey City, where they attended the New Jersey convention of letter carriers.

SHUBERTS SIGN UP DOUBLE STAR TEAM

Sothern and Marlowe Will Play Shakespearean Roles Under Three-Year Contract.

NEW YORK, May 31.—The Shuberts announced that E. H. Sothern and Julia Marlowe have signed contracts by which they would continue under the Shubert management for the next three years.

By this new arrangement Mr. Sothern and Miss Marlowe will appear together in Shakespearean repertory. For the last few weeks Miss Marlowe has been giving occasional performances with Mr. Sothern out of town. Tonight they will begin a special engagement at the Academy of Music, appearing in Shakespearean productions.

Sothern and Marlowe, under the Shubert direction, will be seen not only in New York, but also throughout the country in the principal cities, including the Belasco theater in Washington.
