DR. SOMMER SENT TO ASYLUM WARD FOR OBSERVATION

Dr. Henry Otto Sommer, forty-one years old, of 411 Second street southeast, arrested yesterday by Policeman Nalley, of the Fifth precinct, on complaint of a lieutenant in the army, is at Washington Asylum Hospital today for mental observation.

Sommer is of German descent, and, according to the police, has made a trip to the Fatherland since the outbreak of the war, having secured passports from the State Department.

The police say Dr. Sommer has lived in Washington nearly all his life and was connected with the Coast and Geodetic Survey until a short time ago, when he was given leave of absence because of ill health.

Just what led Lieut. Leroy Demarest, U. S. A., who is the complainant on the police books, to ask for Dr. Sommer's arrest could not be learned, but after questioning him at headquarters, Inspector Grant, chief of detectives, felt the man should be sent to the hospital for a while.

Dr. Sommer told the police he is unmarried and lived with his father and mother.

HIGH LIVING COST SOLUTION SEEN IN MUNICIPAL MART

The District Commissioners will tell Congress tomorrow that the District must have a municipal market if the cost of living is to be controlled and that the acquisition and control of Center Market by the authorities is the best solution of the problem.

This report to Congress, which will be filed in support of a resolution recently introduced by Senator King for a Congressional investigation of the feasibility of acquiring the Center Market, is one of the most direct steps yet taken by the District authorities to meet the cost of living.

While the details of the Commissioners' report to Congress have not been made public, it is believed that the addition of 50,000 war workers to the city's population within the last few months will be used as an argument in favoring of controlling food prices by the establishment of a municipal market.
