WANTED—SALESMEN

YOUR OPPORTUNITY.

Salesmen: During the past year 50 men were added to our sales force who had prior positions paying not more than an average of $40.00 per week. Today these men, some of whom were engaged in lines other then selling are enjoying steady weekly average incomes of $300. Why? Simply because they walked and talked and told the truth about the earning power of money. Expansion requires an immediate addition of 100 men to our force. The opportunity is opened for you. When applying state address, age, phone number, present occupation and three references. Address BOX 457, Times office.

HELP WANTED—MALE

A NUMBER of young men drop out of radio schools after only a few weeks attendance; others spend months trying to master the course of study, take the Government examination for a radio license, and dismally fail. This is happening every week in this city and there are at least two thousand such men here in Washington. The sole cause was incompetent instruction, on account of which many students become indifferent and give up in disgust. Are you among this number, and do you still desire to be a radio operator? The LOOMIS RADIO SCHOOL, 401-411 Ninth st., is fully qualified to handle your case, has on its staff of instructors the best men in the profession, and has set the highest standard, which will be maintained, of any radio chool in America. A course in this school is a guarantee that one will pass the examination for a first-grade commercial radio license and immediately be placed in a lucrative position. Enter any day. Special attention paid to coaching advanced students. Classes 5 days in week from 7 to 9 p. m. Catalogue on request. LOOMIS RADIO SCHOOL, 401-411 Ninth st. Entrance in lobby of Strand Theater. Phone Main 7839.

AUDITORS—Revenue service; assistant, traveling, resident; special examinations announced; exclusive published courses; personal instruction by former revenue officer. REVENUE AUDITORS TRAINING INSTITUTE, 408-412 Kellogg bldg., 1418 F st. N. W.

ABOUT 16 to 20 weeks is required to complete a wireless course at the Service Radio School. Since Messrs. Sutherland and Glascock graduated and have been placed in positions paying $125 per month with all living expenses, we have graduated William H. Sparks, Henry H. Carlisle, James M. Clark and Harvey A. Lockhart. Mr. Lockhart enrolled January 5th and graduated March 8th, he sailed March 19th from Baltimore to a port in Russia. This man had absolutely no knowledge of radio when he entered the school and in 8 weeks has fitted himself for a position paying $125 plus all living expenses. The Service Radio School at 9th and Penna. avenue is especially equipped and systematically conducted and is constantly graduating students. Why not investigate this fascinating profession or at least come in and look over our establishment. SERVICE RADIO SCHOOL, 900-2 Penna. avenue. Franklin 7514.

AUTOMOBILE MECHANICS—None but first class need apply. See Mr. Post, MOTOR CO. OF WASHINGTON, 24th and M. sts. N. W.

A COMBINATIONAL KNOWLEDGE of land telegraphy and Spanish now offers ambitious young women wonderful opportunities with export and import houses, telegraph and press associations, both in this country and in the Central and South American countries. Women thus qualified can earn as high as $5,000 a year. Growing demand. Learn in three months by our improved method, after office classes or night classes. Either subject may be taken separately. Very fascinating studies. Convenient terms can be arranged. Come in, see what other young ladies are doing and let us show you the road to a big future. NATIONAL RADIO SCHOOLS, 1345 Pa. ave. and 14th and U sts. Phones: Main 2286, North 6868.

ACCOUNTANCY

C. P. A. EXAMINATION QUIZ

Carrying out our idea of SERVICE which dominates every one connected with this organization, the International Accountants' Society is glad to announce that a C. P. A. examination Quiz Class will be started very shortly in the office of the District Manager, 618 Colorado Building.

This class will be limited to forty persons. The fee will be small, and no financial advantage will accrue to the society. The fee is charged to pay for the services of the expert Accountant who will conduct the class.

Any one who desires to brush up on his Accountancy preparatory to taking the next C. P. A. examination will be eligible for this class REGARDLESS OF WHETHER HE IS A STUDENT OR GRADUATE OF THIS INSTITUTION OR NOT. That is merely our idea of service. If you have graduated from some other school, or are attending some other school, you will be welcome to apply for entry into this class, provided you come in before the limit is reached.

And for all of those who enter the class—AS WELL AS ANY PERSON WHO IS INTERESTED IN ACCOUNTANCY—we have a set of the C. P. A. questions used in the last examination. This will be absolutely free and will be given to any one upon request without question and without obligation.

It is this SERVICE idea, among many other notable features, that has made our institution the best of its kind in the country. And it has a considerable amount of bearing on our record of having trained more executive accountants and C. P. A.'s than has any other school or university, resident or extension.

Call or write for full information about this QUIZ CLASS, for information about our advanced course in Accountancy, or for a copy of this set of questions. Office is open until 9 p. m.

INTERNATIONAL ACCOUNTANTS' SOCIETY, Incorporated,
"The Professional School of Accountancy,"

FIFTEEN HUNDRED STUDENTS enrolled last year is ample proof that the National Radio Schools (downtown branch, 1345 Pa. ave. N. W.; uptown branch, 14th and U sts. N. W.) offer more advantages in the study of wireless telegraphy than any other similar institution in America, and that is why young men are coming here from all over the country to take up this fascinating and profitable work. Our course, most complete and thorough, includes practical work (not blackboard theory and buzzer), but actual practice on over $10,000 worth of the latest type transatlantic Marconi wireless telegraph sets and latest De Forest wireless telephone sets. The greatest advantage of our instruction is the fact that National Radio School students get real intercommunication work—that is, the students of our uptown school wireless telegraph and wireless telephone to the students of our downtown school. The National Radio Schools are starting new classes this week to prepare young men for positions as radio operators for the big spring and summer business soon to open in the shipping. This makes the study most interesting and quickly mastered. In addition, our course includes radio compass work, a necessary requirement of every first-grade radio man. A staff of 24 expert instructors are constantly in attendance at our two schools to give the morning, late afternoon and night classes instruction. Men, women and boys with ordinary school education are admitted. Ages, 16 to 45. Positions guaranteed all graduates who qualify. Come in, see our school and be convinced that we can put you in line for a big future.
