Financial.

RECENT events in the financial world have demonstrated that the safest and most stable investments, returning dollar for dollar with the stipulated interest, are first liens of trust notes secured on improved real estate in correct proportion to the market value. We have on hand such investments in sums of $250, $500, $1,000, $5,000, $10,000 and upward, yielding 7 per cent interest per annum, payable semi-annually, with gilt-edge security. We are also prepared to place and furnish much larger sums.

Our experience with this class of investments covers more than 30 years, with uniform success and satisfaction on the part of our investing and borrowing clients.
