HYMENEAL.—But one marriage license was issued by the Recorder last week.

DUEL.—The Cleveland *Herald* says a duel is soon to take place between two members of the West Virginia Legislature. Who are they?

BAPTISMAL CEREMONIES.—At four o'clock yesterday afternoon a number of colored converts were put under the water at Bridgeport. The present warm weather is admirably suited for such business.

BROKE DOWN.—A cart laden with brick, near the top of the hill on Main street, Saturday morning; and a wheeled vehicle, the same day, on the track of the Street Railway near the Island end of the Suspension Bridge.

M'T DE CHANTAL ANNUAL CELEBRATION.—In another column will be found a notice of the annual celebration at M't De Chantal, which commences Tuesday morning at 9 o'clock. Trains will run from the Hempfield Depot.

FOURTH OF JULY.—The Sunday Schools of the North Street, Island and Ritchietown Methodist Episcopal churches, are making preparations to celebrate the "Fourth" in an appropriate manner at Walnut Grove, just above Martinsville.

LOST CHILD.—Main street, near Quincy, was made vocal yesterday evening, a little while before dark, by the wailings of a small child that had strayed away from home and friends. The noise ceased after some time had passed and we presume the wanderer was reclaimed.

ROBBERY—COMMITTED.—Saturday last Oscar Winesburg appropriated the valise of William U. Silvers and walked off with it. The transaction took place at the Baltimore and Ohio Railroad depot. The valise contained valuable clothing and a note for $600. Justice Johnson sent Winesburg up for trial at the October term of the Circuit Court.

THEFT OF DIAMONDS.—It was stated to us yesterday, that Messrs. Partridge and Cook, both photographers, had stolen from them, on Saturday, certain diamonds used for cutting glass. The thief, whose name our informant was not able to give, sold the stone belonging to Partridge, to a citizen for a small sum, and this one was recovered. That belonging to Cook was not discovered.

Y. M. C. A.—We received a telegram yesterday from A. T. McKelvey, Esq., delegate from this city to the Convention of the Y. M. C. A. at Detroit, stating that the Convention had adjourned on Saturday evening, and the Wheeling delegation would go with the excursion to the Michigan University at Ann Harbor to-day, and leave for home to-morrow.

LINDSLEY INSTITUTE.—This institution has now closed for the summer vacation, to resume on the 25th of August. The Principal, T. E. Blakely, is happy to announce that during the next year the Rev. R. V. Dodge, formerly Principal of the Institute and well known to the inhabitants of Wheeling, will be associated with him in the care and management of the Institute.

OFFENSIVE.—Our attention has lately been called to the condition of the public sewers, which, it was remarked, emitted a very offensive odor. Supposing that the rains are not sufficient to keep the sewers clear of noisome substances, would it not be well enough to try the effect of water from the fire-plugs. They might be opened every few days and the water suffered to run through the sewers for an hour or two.

ACCIDENT.—Yesterday evening considerable stir was created on Main street, North Wheeling, by an accident which happened to Mr. Peter Benner, of the Island, and sometime a policeman. Mr. B. had been horseback riding somewhere in the country, and when near Jefferson street, the animal which he bestrode became unruly and succeeded in relieving himself of his load. Benner's head and face were cut somewhat, but, we understood, no material injury was done. Dr. McCoy, formerly health officer, attended to the case.

TRANSFERS OF REAL ESTATE.—The following is a list of the few transfers of real estate admitted to record in the office of the recorder of Ohio county, during the week ending the 27th inst:

DEEDS IN FEE.

A deed made June 18, 1868, by John Heiner to Carl Sauter, for part of lot 52, east side of Main street, Washington township. Admitted June 19, 1868. Price, $250.

A deed made June 20, 1868, by Benoni S. Good, trustee, and H. A. Edgington to Henry Miller, for 3 acres of land, part of the Edgington farm. Admitted June 20, 1868. Price, $200.

A deed made April 7, 1868, by James L. Delaplain and wife to S. S. Jacob, in trust for Florence V. Delaplain, for 248 acres 3 roods and 27 perches of land on Short Creek (the D. Snodgrass farm). Admitted June 22, 1868. Price, $13,750.

A deed made June 24, 1868, by John Monaghan, trustee, and John Reilly and wife to Anthony Manly, for the south half of lot 6, Churchill's addition. Admitted June 26, 1868. Price $450.

A deed made June 22, 1868, by Arthur Bickerton and wife to James Ratcliff for lot 9, square 9, South Wheeling. Admitted June 26, 1868. Price, $950.

DEEDS OF TRUST.

A deed given June 12, 1868, by G. W. Pamphrey and wife to John Mulrine, on lot 208, corner of John and Eighth streets. Admitted June 22, 1868.

A deed given June 16, 1868, by A. G. Robinson and wife to W. P. Hubbard, on 3 acres of land on the Island and on lots 13, 14 and 15, Robinson's addition. Admitted June 24, 1868.

A deed given June 26, 1868, by Anthony Manly and wife to Thomas O'Brien, on the south half of lot 6, Churchill's addition 26, 1868.

GRAND SACRED CONCERT.—We invite attention, this morning, to the advertisement which appears elsewhere, of a concert to be given in St. Mathew's Episcopal Church on Thursday evening next. The music will consist of selections from the best masters and, judging from the tone of the New York papers in regard to concerts given in that city by Prof. Gonzalez, will be rendered in faultless style. We understand the sale of tickets will commence at Sheib's Music Store, Wednesday morning.

POLICE COURT.—The Police Court was more flourishing on Saturday morning than it had been for a good while before. Michael O'Brien, for forestalling the market, was fined $2 and costs; Patrick Mahoney, for disorderly conduct, $10 and costs; Oscar Winesburg, for assault and battery, $20 and costs; Andrew Deal, disorderly conduct, $1 and costs; John Clifford and Mrs. John Clifford, disorderly conduct, $5 and $1 respectively. The fine of Mr. and Mrs. Clifford were remitted by the Mayor. The charge of disorderly conduct against Philip Huffman was dismissed and the costs charged to the city.

WE understand that Partridge intends making Stereoscopic views of the principal streets of this city, and we would advise all to clear away any rubbish in front of their business places, as the appearances of the different points will be examined by thousands who may never see them in any other way.

TRAVELERS, and those too who don't travel, will find Logan's Essence of Jamaica Ginger an elegant tonic, and corrective of pains and disorder in the stomach and bowels, arising from heat and errors in diet. It is equal to any in the market and cheaper.

OIL and Pastel Pictures made in the best style at Partridge's Gallery.

DISCRETION THE BETTER PART OF VALOR.—A discreet man will make his purchases in the way of watches, clocks, jewelry and spectacles at Oxtoby & Duffield's jewelry store, 103 Main street. Everything in this line of business can be found at "103," and we advise our readers to call and see for themselves. The large stock in this well known house must be seen to be appreciated.

IT is well known to many of our first-class physicians, of what *White Pine Compound* is compounded; and is freely recommended by them in diseases of the Throat, Lungs, Chest, and Kidney troubles. As a medicine it acts the part of the Good Samaritan. d&w

IT ALWAYS GIVES SATISFACTION.—This is the testimony of all who have ever used Bocking's Unrivalled Baking Powder. All the hotels and boarding houses, and best families in the city invariably use it. Manufactured by E. Bocking, No. 1 Odd Fellow's Hall. Sold by Bocking & Miller, corner First and Chapline streets, and grocers generally.

THE CHEAPEST ROOF IS THE GRAVEL ROOF.—Mr. George Crumbacker of this city, is fully prepared to put on gravel roofs in the most improved method, and warrants his work to give satisfaction, either in resisting fire or turning water. The tar used is put through a process that frees it from oil and benzole, and no matter how great the heat, it will not run. It is equally efficient in roofs of every conceivable pitch. Mr. Crumbacker keeps on hand roofing cement and cement for tanks and sidewalks of the best quality, and for sale at the lowest rates. This roofing has stood a test of fifteen years in Pittsburgh.

HABITUAL COSTIVENESS OR CONSTIPATION.—From this affliction arises many of the ailings of mankind. In our every-day walks of life we hear people complain of Nervous and Sick Headache, Biliousness, Inactivity of the Liver, Piles, Listlessness, Debility, Loss of Appetite, Choice Pains, Want of Sleep at night, and Drowsiness through the day. Generally the cause of all the train of difficulties can be traced to Costiveness or Constipation of the Bowels, and a remedy for this complaint is what is required; but among the multiplicity of cathartic remedies how shall they choose. We all know that most cathartics, after thorough action on the bowels, leave them in perhaps a worse constipated state than before the remedy was taken. This, however, is not the case with Roback's Blood Pills. They act mildly, yet most effectively, on the liver, causing that organ to throw off the accumulated morbid matter, leaving the stomach and bowels in a perfectly healthy and natural state and not constipated.

Those afflicted in this way would do well, after the treatment above indicated, to have Roback's Stomach Bitters where they could take a dose after each meal; they would aid digestion and strengthen the stomach.

ALLCOCK'S

Porous Plasters.

ESPECIALLY USEFUL IN PAINS OF the breast, sense of weakness and inward sinking, for coughs, colds, asthma, and difficulty of breathing or expression and tightness about the diaphragm. They give much ease in Gout and Rheumatism, weakness of the back, and in affections and pain about the kidneys. In Lumbago they act like a charm. In a few hours a violent cough is relieved by a plaster applied upon the chest. Many persons believe a cold cannot be taken while a plaster is worn upon the chest; this we do know, they greatly assist in the cure of a neglected cold, so often the introducer of Consumption.

No plaster yet made is so entirely free from objections as the POROUS PLASTER. Being a preparation from Frankincense, Rubber and Burgundy pitch, they seem to possess the quality of

Accumulating Electricity

and imparting it to the body, whereby the circulation of the blood becomes equalized upon the part where applied, causing pain and morbid action to cease. The Porous Plasters are flexible, and sound of great help to those who have weak backs, or pain in the side. Especially are they valuable to those who have neglected colds. They are often preventives of Consumption; say they are believed to have often loosened the grasp of this terrible affliction, and been mainly instrumental in effecting a cure. In variable climates they should be worn on the breast or between the shoulders, or over the kidneys, by those who are subject to take cold easily. This simple plan will soon produce a constitutional vigor that will enable it to resist extraordinary changes of temperature. Experience has proved the Porous Plaster to be a blessing to the consumptively inclined, invariably producing the most remarkable abatement of the worst symptoms

$5,000 Worth Sold by One Dealer.

MESSRS. J. Balch & Son, Druggists, of Providence, R. I., write, Nov. 28, 1867:
"We have sold at retail over our counter upward of $5,000 worth of Allcock's Porous Plasters, and in every case they gave satisfaction. They are favorites with physicians because the components and method of making them are known."

Important from a Physician.

HARTFORD, CONN., Nov. 11, 1864.
MESSRS. THOS. ALLCOCK & Co.
Please send, with dispatch, twelve dozen Allcock's Porous Plasters. Our daily experience confirms their very superior excellence. At this moment I writing a woman applicant for one, who, by entanglement in the shaft of machinery, had both his legs broken, spine severely injured, and was for nearly a year entirely helpless. This man found relief very soon by the application of a plaster to his spine. He was soon enabled to work, and now he is born as well as ever. He would cheerfully pay $5 for a single plaster if they could not be had at a lower rate. Knowing the plasters to be scientific, I have no scruples that my sentiments should be known.
J. W. JOHNSON, M. D.

Home Evidence.

SING SING, March 10, 1868.
MESSRS. THOMAS ALLCOCK & Co.
I have suffered greatly from a weak back; at last the pain became so severe I could not get out of my bed. My doctor, S. J. Fisher, of this village, recommended me to apply an Allcock Porous Plaster. I did so, and in two hours the pain began to abate. The spot where the pain was most severe seemed like a coal of fire, and which the plaster appeared to draw out. The day after I applied the plaster I got up, and my trouble was all gone. I wore the plaster for three weeks, and since the second day after applying it, have had as strong and well a back as any one. If I had paid fifty dollars for a plaster I should have considered it cheap.

CLINTON D. HAMMOND.

Affection of the Heart Cured.

GREEN RIDGE P. O., Delaware Co., Pa., March 16, 1868.
MESSRS. THOMAS ALLCOCK & Co.
Having been troubled with heart disease for a long time, and after doctoring with our physician for months and obtaining no relief, I gave up in despair. I was troubled with sharp pains in my chest, and loud sounds about my heart, and often felt that death would be a blessing. At this time I was persuaded to apply one of your Porous Plasters. Within a few hours after placing one on my chest, I felt no more pain, and all throbbing ceased about my heart, and I have felt like a new man. Send me your prices by the quantity.
Yours respectfully,
CHARLES EATTY.

Pain of the Side Cured.

Sore Chest and Cough.

DR. ALLCOCK.
SIR: In May last I was visiting my cousin in Corning, who got me one of your Porous Plasters for my chest. I was so sore through me at the time that I could hardly speak or breathe. It was not more than three hours after I put it on before I felt comfortable. I had suffered very much from soreness of the chest, with cough, and hoarseness, for months; but your Plaster has cured me, and my health is better than it has been for years.

AMERICAN WALTHAM WATCHES.

THE BEST!! THE CHEAPEST!!

THE EXTENSIVE USE OF THESE Watches by Railway Conductors, Engineers, and Expressmen, the most exacting class of watch-wearers, has thoroughly demonstrated the strength, steadiness durability, and accuracy of the Waltham Watch. To satisfy that class in all these respects is to decide the question as to the real value of these timekeepers.

More than 800,000 are speaking for themselves in the pockets of the people.

Imported Watches are made on an expensive system, in small numbers, but by numerous makers, and are placed in the market here by an Importer who first secures a Monopoly of Sale, for some one Manufacture.

To the Manufacturer's profit must be added Cost of Importation.

A Custom-house duty of 25 per cent, payable in Gold.

A profit of at least 25 per cent to the Importer, another profit to the jobber; thus nearly doubling the cost of the imported watch.

At Waltham, Watches are manufactured on a large scale, under one roof and system of supervision and management, thereby saving many of the expenses necessarily incurred in small establishments; hence their great cheapness.

All respectable dealers now sell Waltham Watches, and competition, as all the world knows, is favorable to small profits. The trade is satisfied, because, though the profit on each watch is small, the demand is large and all are salable.

Unscrupulous importers occasionally place a worthless Swiss imitation in the market. To avoid imposition, the purchaser should invariably demand a certificate of genuineness, signed by the treasurer of the American Watch Company—R. E. ROBBINS.

There are different grades of finish in the different varieties of Watches made by the Waltham Company, as there are different sizes and shapes to suit all tastes and means; but every Watch that bears the genuine trade mark of "WALTHAM" is guaranteed to be a good one, and nobody need be afraid to buy it.

Every Watch Fully Warranted.

For sale by all first-class dealers in the United States and British Provinces.

GREAT NEW ENGLAND

White Pine Compound

IS NOW OFFERED TO THE AFFLICTED throughout the country, after having been proved by the test of eleven years, in the New England States, where its merits have become as well known as the tree from which, in part, it derives its virtues.

The White Pine Compound Cures

Sore Throat, Colds, Coughs, Diphtheria, Bronchitis, Spitting of Blood, and Pulmonary Affections generally. It is a remarkable Remedy for Kidney Complaints, Diabetes, difficulty of Voiding Urine, Bleeding from the Kidneys and Bladder, Gravel, and other complaints.

The White Pine Compound.

"It was early in the spring of '67 that this compound was originated. A man her of my family was afflicted with an irritation of the throat accompanied with a disagreeable cough. I had for some months previous thought that a preparation having for its basis the inside bark of white pine might be so compounded as to be very useful in diseases of the throat and lungs. To test the value of it in the case alluded to, I compounded a small quantity of the medicine that I had been planning, and gave it in teaspoonful doses. The result was exceedingly gratifying. Within two days the irritation of the throat was removed; the cough subsided and a speedy cure was effected. Soon after this, I sent some to a lady in Londonderry, N. H., who had been suffering for some weeks from a bad cough, occasioned by a sudden cold, and had raised mucus streaked with blood. She soon found relief and sent for more. She took about ten ounces of it, and got well. J. B. Carlisle, Esq., editor of the Manchester Daily Mirror, made a trial of the same preparation in the case of a severe cold and was cured immediately. He was so highly pleased with the result, and so confident of success attending its sales, if placed before the public, that he finally persuaded me to give it a name, and send it abroad to benefit the suffering. In November, 1865, I first advertised it under the name of White Pine Compound. In two years from that time there had been wholesaled in Manchester alone one hundred dollars worth, where it took the lead of all the cough remedies in the market, and it still maintains that position. There is good reason for this; it is very soothing and healing in its nature; is warming to the stomach and pleasant without to the taste, and is exceedingly prompt.

As a remedy for kidney complaints the White Pine Compound stands unrivaled. It was not originated for that purpose, but a person in using it for a cough was not only cured of the cough, but was also cured of a kidney difficulty of ten years standing. Since that accidental discovery many thousands have used it for the same complaint, and have been completely relieved.

The above was written by Dr. Poland, in 1866. Since then, as in Manchester, the White Compound has taken the lead of all Cough remedies, as well as a preparation for the cure of Kidney difficulties, in every city, town, village and hamlet throughout the New England States.

The remedy is as safe and pleasant to take as it is effectual.
