MEDICAL.

The Cheapest, Purest and Best Family Medicine in the World.

For Dyspepsia, Constipation, Jaundice, Bilious Attacks, Sick Headache, Colic, Depression of Spirits, Sour Stomach, Heart Burn, &c., &c.

This unrivalled Southern Remedy is warranted not to contain a single particle of Mercury, or any injurious mineral substance, but is

PURELY VEGETABLE

Containing those Southern Roots and Herbs, which an all-wise Providence has placed in countries where Liver Diseases most prevail. It will

Cure all Diseases

Caused by Derangement of the Liver and Bowels. The symptoms of Liver complaint are a bitter or bad taste in the mouth; pain in the back, sides or joints, often mistaken for rheumatism; sour stomach; loss of appetite; bowels alternately costive and lax; headache; loss of memory, with a painful sensation of having failed to do something which ought to have been done; debility; low spirits; a thick yellow appearance of the skin and eyes; a dry cough often mistaken for consumption.

Sometimes many of these symptoms attend the disease, at others very few; but the Liver, the largest organ in the body, is generally the seat of the disease, and if not regulated in time, great suffering, wretchedness and Death will ensue.

I can recommend as an efficacious remedy for disease of the Liver, Heartburn and Dyspepsia, Simmons' Liver Regulator. LEWIS G. WUNDER.

"We have tested its virtues, personally and know that for Dyspepsia, Biliousness, and Throbbing Headache, it is the best medicine the world ever saw. We have tried forty other remedies before Simmons' Liver Regulator, but none of them gave us more than temporary relief, but the Regulator not only relieved but cured us."—ED. TO THE PEOPLE!

The best evidence of a physician's success is the testimony of his patients. The increasing demands for my professional services prove that I have dealt honorably and fairly with those who have consulted me. I never use a patient's name without permission, though I have many hundred certificates from those whom I have cured after they had been pronounced incurable. A thorough medical education, with many years hospital experience and familiarity with therapeutic agents, a close observance of temperamental peculiarities and strict attention to hygienic management, insures success, if cure is possible, and I frankly give the patient my opinion.

PROOF!

CANCER.—"Suffered for years with cancer. Had it cut out three times. It returned after each operation. Dr. Smith cured me without knife, caustic or pain." MRS. H. M. ORCUTT

SUFFERED TERRIBLY.—"Nothing seemed to help me; could not get out of bed. Dr. Smith cured me after others failed." LEPT. PHILLIPS, Wheeling, W. Va.

CATARRH AND DEAFNESS.—"Believed myself incurable. Sense of smell gone, fearful discharges, speech affected. Dr. Smith cured me." HARVEY ALEXANDER.

DYSPEPSIA AND ULCERATED STOMACH.—"Treatment for years failed to give me relief. Dr. Smith cured me." THOMAS HOLT, Insurance Agent.

FITS.—"Had them for fourteen years. Dr. Smith cured me." LOUIS F. WASHINGTON.

RHEUMATISM.—"Suffered tortures; joints deformed; treated for years without relief. Dr. Smith cured me." J. H. BROWN.

REV. HENRY S. REDFIELD writes: "Dear Sir:—I can most heartily recommend you to those suffering from Catarrh and Lung Complaints. You have worked wonders in my wife's case."

REV. E. O. LADD, writes:—"Dr. Smith's professional services in my family have been most satisfactory and I commend him to all as a gentleman and a skillful physician."

MRS. MARGARET KOLB says:—"I had been suffering for seven years and treated by many physicians for Dyspepsia. Dr. Smith said I had a tape-worm and in eight hours removed a monster, 100 feet long."

FEMALE COMPLAINTS.—Three years in hospitals for females give me peculiar advantages in such cases.

Persons cured of Consumption, Diseases of Heart, Liver, Stomach, Kidneys, Skin, Blood, Nervous Affections and Weaknesses of Men and Youth, Scrofula and Asthma testify to my success.

STATE LEGISLATURE.

SENATE.

The Senate met at the usual hour yesterday morning and the entire session was taken up with considering and passing several bills of a general nature.

HOUSE OF DELEGATES.

A Busy Day Yesterday—A Whole Slew of Bills Passed.

The session of the House yesterday was opened with prayer by Hon. Selmon Wells, of Tyler county.

Mr. Moffett's resolution fixing the time for the opening of the adjourned session at the second Wednesday in January next instead of the first Wednesday in February, was passed.

Mr. Leonard offered a resolution to pay Assistant Clerk Horner the same per diem for the session as Chief Clerk Peyton, but the House rejected it by a vote of 40 to 14.

Messrs. Moffett, Floyd, Fulkerson and Wayt were added to the Committee on Enrolled Bills.

Senate Bill No. 34 was read and passed. It is a bill in the interests of Sunday papers, and merely enacts that "Any publication authorized or required by any law of this State to be made not more than once a week, in any newspaper, may be published in a newspaper issued on any day of the week."

The House also passed Senate Bill No. 61, to amend and re-enact Sections 1, 21, 23, 24, 26 and 33 of Chapter 121 of the Acts of 1877, passed February 28, 1877, entitled "An Act authorizing the formation of corporations for the purpose of constructing booms or dams for the purpose of stopping and securing boats, rafts, logs, masts, spars and other timber in certain counties of this State.

Senate Bill No. 5 was also passed. It enacts that in the trial of all indictments, informations, complaints and other proceedings against persons charged with the commission of crimes, offenses and misdemeanors, the person so charged shall, at his own request but not otherwise, be a competent witness. And his failure to make such request shall not create any presumption against him, nor shall any reference be made to, nor any comment be made upon such neglect or refusal.

Senate Bill No. 17, "A bill to authorize judges, jurors and officers of courts to act in certain causes."

Senate Bill No. 10, "A bill in relation to the entry of orders, judgements or decrees made by judges of the Circuit Courts in vacation."

Senate Bill No. 53, "A bill to amend and re-enact section 7 of chapter 80 of the Acts of 1877, entitled 'An act to provide free schools for the town of Moundsville.'"

Senate Bill No. 63, "A bill to revoke and repeal the certificate of incorporation issued October 19, 1874, to 'The Livingstone University of America.'"

Senate Bill No. 58, "A bill in relation to the Cumberland road in this State."

Senate Bill No. 64, providing for the annexation of a portion of the county of Preston to the county of Tucker, and providing for an election to test the sense of the people residing in the territory so proposed to be annexed, in relation to such annexation, were rushed though in rapid succession, and after numerous messages from the Senate had been heard, the usual recess was taken.

THE AFTERNOON SESSION

was a very busy one. The first business transacted was the passage of Senate Bill No. 79, a bill to amend and re-enact section 1 of chapter 102 of the Acts of 1872-3, which reads as follows:

Be it enacted by the Legislature of West Virginia:

1. That all suits and proceedings that were pending in this State on the 30th day of December, 1872, in the name of or against the supervisors of any county, or in the name of or for the benefit of any township, and have not been dismissed because such boards were extinct, shall be proceeded in to determination as if such boards were in existence.

The joint resolution offered by Mr. Hubbard the night before was next considered:

Resolved by the Legislature of West Virginia:

First—That in the opinion of the Legislature, the labor of convicts in the penitentiary should not be employed in the manufacture of tobacco and cigars; and the directors of the penitentiary are requested to act in accordance with this opinion as soon as the existing contracts for letting convict labor for such manufacture shall expire.

Second—That in the opinion of the Legislature, the labor of convicts in the Penitentiary should not be employed in the manufacture of wagons, if such labor can be let for any employment which will not compete with any industry of this State, at a price not less than the lowest price for which convict labor has heretofore been let by the directors; and said directors are requested to act in accordance with this opinion as soon as existing contracts for letting convict labor for the manufacture of wagons shall expire.

On motion of Mr. Quarrier the resolution was divided, and the question coming up on the adoption of the first clause it prevailed. The second clause was, however, rejected.

Bills on their first and second readings were then taken up and a large number disposed of.

At 6 o'clock the House took a recess until half past seven.

The night session was devoted to first and second readings of bills.

Paying the Fiddler.

With the beginning of Lent the ball season in New York, and elsewhere for that matter, came to an end. The *Herald* has been estimating the amount of money expended during the past seven weeks of pleasure. It thinks that the sum will exceed $750,000. Leaving out of the estimate the amounts spent by the associations in rentals, decorations, advertisements, printing, music, and the hundred and one trifling expenses which no one but a ball manager ever learns about, the amount spent by the patrons can not fall short of half a million. Take for example, the Arion of this year, which perhaps was the most extravagant affair of the season. There were over 11,000 tickets sold, about an equal number of five dollars and three dollars each, or an average of four dollars apiece. There is $44,000 right away. Every gentleman bought a check for his coat and hat for fifty cents, $2,750. There were 400 cases of wine broached, or 4,800 bottles at $3 50 each, making $16,800. There are no figures to be had as to the amount spent at the bars, the cigar stands, in the supper rooms, given as "tips" to waiters, small sums for masks and larger sums for carriage hire. Suppose of those 11,000 people, 2,000 ate supper—and surely that is not an excessive estimate, and the average expenditure in this direction was $1 50 per head; $3 000 are thus added in. For carriage hire $1,500 is not a far-off estimate, and for the bar and cigar stands, not including wine, $2,000 would be a small sum. Let it stand at that and the gross expenditure reaches near to $70,000 on the part of the patrons alone. The Arion society report that their expenditures were $30 000. Perhaps they were, and if they were it is nobody's business, but for the sake of keeping this estimate within reasonable bounds let it be put down at half that sum and then the money spent reaches as high as $85,000. Now, if there could be added to this the indirect outlay—the money paid to customers for rent of fancy dresses and many, many dollars that were laid out for dresses for the occasion that were not hired, and perhaps the gross expenditures would fall a little short of a pound $100,000. It looks like great deal of money for one night's pleasure, but it will not seem an improbable sum if it is considered as the product of 10,000 persons spending each $10.

BELLAIRE.

It has become such a habit to jump over or wade through the mud where the crossing above Naylor's corner, Belmont street, disappears, that no one grumbles. It is in consistant use and has long needed raising.

Marion Hoffman & Co. will soon start the manufacture of cigars in the rear of their drug store, South Bellaire.

Burglars were abroad in the Fourth ward again Wednesday night. They got into no place that we have heard of, but kept several people awake into the wee sma' hours. Some one will shoot the rascals yet.

Mr. John DuBois has received word of the serious illness of his father, at his home, north of the creek bridge, National road. His father-in-law, John Enlow, of the same neighborhood, is also quite low.

Rev. Tate, on Sunday night, will preach his last sermon in the Conference year. He will probably be reappointed to this charge.

The spring weather is making builders get to work at a lively rate, in all parts of town.

The houses immediately south of the new Globe house, Union street, will be moved back to the alley and new buildings erected on a level with the street, the old high walls being removed.

Rev. Father John M. Jacquet, now of Coshocton, once pastor of the Catholic Church here, is spending a few days with Rev. Father Coll.

The old tannery building, on the creek, is to be torn down at last.

The low place on Belmont street, below the B. & O. tracks, has been designated by Council as the depository for ashes, rubbish, etc. The place will be gradually filled up for use as a street when a crossing is made at the railroad.

G. W. Pollack, of the Western Theological Seminary, Allegheny, will preach in the Presbyterian Church Sunday next, morning and evening. Mr. Pollack preached here some weeks ago.

Rev. B. S. Dean has been confined to his home this week with a severe cold.

The Wheeling wholesale merchants dealing in heavy goods in the present state of the roads ship their goods here by river then send their teams to deliver it.

The Eldorado is found now in the new Bellaire Circle of Druids. Ladies and gentlemen are admitted as members, the gentlemen being Druids.

James Rulong was in Bellaire Wednesday for the first time in fifty years. He built a log house for the Harris family who once owned the ground on which Bellaire is built.

Mrs. Whitaker and R. W. Arkle, of Wheeling, will sing at City Hall St. Patrick's evening. R. C. F.

I Deem it my Duty to Tell the World

what Dr. Swayne's Compound Syrup of Wild Cherry has done for me. I had a violent cough, night sweats, sore throat, great weakness, with severe attacks of hemorrhage, gave up all hope of recovery. I am now cured, a sound and hearty man.

EDWARD H. HAMSON, Engineer at Sweeney's Pottery, 1334 Ridge Avenue, Philadelphia.

Over twenty-five years have elapsed and I still remain a healthy man.

"Many are Suffering from Colds."

Dry, parched, sore throat, losing flesh, bronchial and asthmatic attacks. All these dangerous symptoms are entirely cured by "Dr. Swayne's Compound Syrup of Wild Cherry." The first dose gives relief, and the worst cough and sore lungs yield to its healing properties. Sold by all druggists at 25 cents and $1. The large size is the most economical. MWF&W

"To Enjoy Life, Have Strong Lungs,"

Free from coughs and colds, good appetite, refreshing sleep, use "Dr. Swayne's Compound Syrup of Wild Cherry," the best remedy for weak lungs, bronchial and asthmatic affections ever discovered. Sold by druggists at 25 cents and $1 a bottle. MWF&W.

Wonderful Results.

Robert Subbock, Cedar Rapids, Iowa, writes: "I have used Dr. Thomas' Eclectric Oil both for myself and family for diphtheria, with the best results. I regard it as one of the best remedies for this disease, and would use no other."

Pope & Bitlan, druggists, Cedar Rapids, Iowa, writes: "We have never sold any medicine that gives such satisfaction to the customers and pleasure to the seller of Dr. Thomas' Eclectric Oil." Laughlin Bros & Co., agents.

Oh My Back!!

Jacob Loeckman, 274 Clinton street, Buffalo, New York, says he has been using Dr. Thomas' Eclectric Oil for Rheumatism; he had such a lame back he could not do anything, but one bottle has, to use his own expression, "cured him up." He thinks it the best thing in the market. Laughlin Bros. & Co., agents.

PILES! PILES! PILES!

A Sure Cure Found at Last. No One Need Suffer.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian remedy) called Dr. Williams's Indian Ointment. A single box has cured the worst chronic cases of twenty-five and thirty years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and Electuaries do more harm than good. Williams's Ointment absorbs the tumors, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles, Itching of the private parts, and nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. Williams's Indian Pile Ointment: I have used scores of pile cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. Williams's Indian Pile Ointment.

For sale by all druggists, or mailed on receipt of price, $1 00.

Short Breath.

O. Bortle, of Manchester, Ontario county, New York, writes: "I obtained immediate relief from the use of Dr. Thomas' Eclectric Oil. I have had asthma for eleven years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly all night on a feather bed, which I had not been able to do previous to using the Oil." Laughlin Bros & Co., agents.

FOR UPWARDS OF THIRTY YEARS Mrs. Winslow's Soothing Syrup has been used for children. It corrects acidity of the stomach, relieves wind colic, regulates the bowels, cures dysentery and diarrhœa, whether arising from teething or other causes. An old and well-tried remedy. Twenty-five cents a bottle. DAW

The Best Form.

The best form in which electricity is embodied is Dr. Thomas' Eclectric Oil, a sovereign and highly sanctioned specific for rheumatic pains, and a thoroughly reliable remedy for all affections of the throat and lungs, used externally and internally. Laughlin Bros. & Co., agents.
