MEDICAL

Headache.

This distressing malady is caused by a run-down state of the health, and is often a forerunner of other and more dangerous diseases.

Brown's Iron Bitters

cures headache by removing the cause of it; and this is the way it does it.

It purifies and enriches the blood, quickens the action of the kidneys, the liver and the bowels, and gently and pleasantly stimulates the digestive organs, and in fact thoroughly renovates and tones up the whole system—and you have no more headache. And besides it is pleasant to take, and will not stain the teeth nor cause constipation.

Is this not better than dosing yourself with disagreeable and dangerous drugs, which at the best can do no lasting good?

Don't be deceived by imitations. See the *crossed red lines on the wrapper.* Our book, "How to Live a Hundred Years," tells all about it; should be read by everybody; free for 2c. stamp. 57

LUTHERAN SYNOD.

Report of the Board of Publication and Auditing Committee.

HAGERSTOWN, MD., June 11.—Following is the report of the Board of Publication Society of the Lutheran Evangelical church, read by Secretary S. A. Holman at the Hagerstown conference to-day: While the sales for the year just closed have not yielded as large a result as those of the several years previous, the church and the board, nevertheless, have cause for congratulation for what under providence we have been able to accomplish. Congregations and Sunday schools, in common with the individuals composing them, have experienced, during the year just closed, the effect of "the general business depression," and in consequence have put off purchasing books or periodicals, except such as were strictly necessary.

Since the last biennial report we have earned for and credited to the general synod for royalties on books of worship, common service, catechisms, liturgies and Augsburg songs, $2,073; donated as per resolution of the board as extra discount on periodicals published by the United States to Sunday schools under the care of the Board of Home Missions, $2,365; deducted and charged off from the face value of stereotype plates, under the 10 per cent rule adopted by the board, 1878, $1,520; charged off for "wear and tear" of store and board room fixtures, $143; charged off to profit and loss account for doubtful accounts, $443, making a total of $6,451. While our net profits are reduced by the above amount, it should be a source of gratification to the church that $2,073 of the above, for royalties, has been saved to the treasury of the general synod and $2,336 to the Sunday schools under the care of the Board of Home Missions, a total of $4,409, which, with the $9,000 passed into the treasury of the society, aggregate a saving of $13,459 to the church because she has her own publication house.

The auditing committee reported that they have examined the books and securities of the treasurer, Joseph Stulb. The amount held by him as treasurer is $10,350 57. The net assets of the house are $7,902. This amount added to the $10,353 in the hands of the treasurer gives $108,342 as the total net assets of the society.

The board has decided that the Sunday School Herald cannot support itself as a weekly, and accordingly will make no change in the issue.

SHORT SHRIFT

For Negroes in Florida Who Assault White Women—The Latest Case.

LIVE OAK, FLA., June 11.—Three more negroes have been done to death by Lafayette county citizens for assault upon a white woman. The woman upon whom the outrage was attempted is Miss Jeannette Allen, 18 years old, and the belle of Lafayette county. Friday morning about 3 o'clock Miss Allen was awakened by a noise in her room. As she moved her arm was clutched by a negro, whom she recognized as Bill Collins, one of her father's employes. The negro threatened the girl with death if she made a noise, but Miss Allen gave a scream which alarmed the household.

The negro was chased all Friday and about nightfall was captured. Collins was identified by Miss Allen, but while preparations were being made to lynch him he escaped. All Saturday and Saturday night the negro was pursued. The chase led through the phosphate region, where negroes are numerous, and two of Collins' friends attempted to conceal him. These two negroes were shot by the pursuers and their bodies were placed on the railroad track where they were cut to pieces by passing trains. The mangled remains of these two negroes were discovered Sunday morning. Several trains had passed over the bodies and identification was impossible.

Collins was recaptured by the pursuers early Sunday morning. He was taken to the scene of the attempted outrage and notices sent out for people to gather to aid in lynching him. A great crowd assembled at noon Sunday on the banks of the Suwanee river. There the negro was hanged and his body riddled with bullets. The corpse was then cut down, weighted with stones and thrown into the river. In eight months fourteen negroes have been put to death in Lafayette county for assaults upon white women.

HE CONFESSED.

A Revivalist Living with a Woman not His Wife.

CINCINNATI, O., June 10.—An evening paper prints an interview with Rev. George Sheldrake, the Presbyterian revivalist, who is charged by the Pittsburgh presbytery with living with a woman not his wife. In this interview the reverend gentleman confesses that the woman he is living with as his wife is not his wife; that he separated from his real wife about three years ago, but had not obtained a divorce.

The woman he is living with has been his housekeeper. His real wife, he says, is doing newspaper work in Chicago. He says he made a full confession to the officers of the Presbytery under a solemn pledge that they would keep the matter secret. He charges these officers with violating confidence in divulging this confession.

Silver Convention at Memphis.

MEMPHIS, TENN., June 11.—The silver men will have beautiful weather for their convention which opens to-morrow at the Auditorium, where the sound money convention was held last month. Indications point to a very large attendance, including a number of men prominent in national politics. Delegates are arriving by every train and will continue to come in up to noon to-morrow. There is a noticeably large proportion of men from the country and smaller towns already seen on the streets. It is now thought there will be fully 1,000 delegates in attendance when the gavel falls on the chairman's desk to-morrow. The personnel of the convention will embrace Democrats, Populists and a few Republicans.

Most Youthful Murderer Known.

LAPORTE, IND., June 11.—Indiana has a youthful murderer in Gilbert Bowsher, four years old, who killed Bernice Collins, at Monticello, his victim being a toddling infant. Being angry with the Collins child, he attacked her with stones, and before her piteous cries for help brought relief she was dead. The authorities are puzzled as to what steps are to be taken in dealing with the boy, the annals of the state failing to record a parallel case. Both families are prominent.

Boston—The market for woolens is quiet and it is now between seasons for these goods. The mills are fairly active in getting out spring and fall goods and indications point to a busy season in a few weeks. A large volume of business is being done in dress woolen goods in the factories and orders are placed away ahead in many mills. Manufacturers complain, however, about small profits and the prospect of still smaller margins in view of the probable advance. The flannel market is firm, but trading is small with indication of a brisk trade when buying begins. Men's woolen are dull and the market unsatisfactory and but few orders are yet placed, although mills are fairly busy in anticipation of a brisk trading in spring and fall goods.

Live Stock.

UNION STOCK YARDS, CLARENCE, BALTIMORE, MONDAY, June 10, 1895.

SWINE—There is a rather limited run of hogs this week, the number being more than 2,000 head less than it was last week. And yet trade is reported as being extremely dull, with no change in values since last Thursday. Western hogs sell at $4 20@4 60 and near-by hogs $4 50@4 75 per 100 pounds gross; roughs $3 00@3 50 per 100 pounds gross. Receipts 7,500 head.

SHEEP AND LAMBS—Old sheep are reported as being very dull, but the trade for good lambs is fair; others are slow of sale. Sheep sell at 1½@3c; lambs 4@5½c—rather more at and near the latter figure than last Thursday.

VEAL CALVES—Trade is very slow. Prices 2@4c per pound, a decline on inferior calves of 1c per pound.

Chicago—Only about 3,500 cattle were received and common to choice native steers were in demand at $1 60@5 80. A large share of the cattle sell between $4 30@5 60, and any heifers that sell over $5 60 must be very superior in all respects. Calves were mostly of good quality and sales were largely at $4 50@5 00. Hogs strong all yesterday's quotations. Sheep strong; inferior $1 25@1 50; common at $2 00@3 75; fair to choice $3 80@4 25, clipped lambs at $4 00@4 90; spring lambs $4 00@5 00. Receipts—Cattle 3,500 head; calves 2,000 head; hogs 13,000 head; sheep 7,000 head.

Cincinnati—Hogs steady at $4 02@4 75; receipts 1,800 head; shipments 1,300 head.

Dry Goods.

New York—Although Tuesday is not much of a day for business, with a good number of prominent buyers from out of town markets, considerable inquiry was extended to bleached cotton, cambric muslins, colored cottons, printed fabrics and white goods and for immediate and later wants considerable business was done. There was a better inquiry for 64 square contracts at 2 13-16 cents, but sellers were not free in accepting such business.
