Executive Board of the Edgefield Association.

The regular meeting of the Board was held at Gilgal Church, on Saturday, the 30th of May. There was no special business to transact, except such as related to the Book Depository, and the Sunday School work, within the bounds of the Association.

This Board held its first meeting at Gilgal, in Sept. 1856, and then authorized the establishment of a Depository for Sunday School Books at Edgefield C. H. The increased interest in Sunday Schools, which this instrumentality has promoted, justifies the wisdom of its organization, and encourages its friends to persevere in their labors. About 2200 volumes of various kinds of Sunday School Books, Bibles and Testaments have been put in circulation since Sept. 1856.

The next meeting of the Board will be held at Edgefield C. H., on Saturday before the 5th Sabbath in August.

Pursuant to a Resolution of the Gilgal Church, calling on the different Sunday Schools to confer as to the propriety of forming a Sunday School Union within the Edgefield Association, representatives were in attendance from the following Schools:

Bethlehem, Morgan School House, Big Stevens' Creek, Hammondville, Mt. Lebanon, Science Hill, Republican, Horn's Creek, Edgefield Village, Mountain Creek, Callaham's Mills, Rehoboth, Antioch, Gilgal, Bethany, Olive Branch, Bold Spring and Buffalo.

The meeting was organized by calling Rev. JOHN TRAPP to the Chair, and appointing Dr. J. E. LEWIS, Secretary.

After full discussion, the subject was referred to a Committee, to recommend some definite plan.

On Sabbath morning the Committee submitted the following Report, which was unanimously adopted;

REPORT.

The Committee appointed to consider the propriety of forming a Sunday School Union for the Edgefield Association, beg leave to submit the following report:

We believe that such an organization would stimulate the zeal already manifested in the Sunday School work, and would consecrate to the cause of Christ the talents of Brethren who now remain idle for the want of a suitable field of labor.

We, therefore, recommend:

1st, That a meeting for organizing a Sunday School Union be held, with the consent of the Association, at Horn's Creek Church, on Friday the 11th day of September.

2nd, That all the Sunday Schools within the bounds of the Edgefield Association be invited to send Delegates to this meeting, with letters containing the full statistics of the Schools.

3d, That a Committee of five be appointed to prepare a Constitution and By Laws, to be submitted for consideration at the meeting in September.

Respectfully submitted.

L. R. GWALTNEY, D. D. BRUNSON, J. P. MEALING, } Committee.

Messrs. L. R. Gwaltney, D. D. Brunson, J. P. Mealing, Luke Culbreath, John Lake,—to which the Chairman, J. Trapp, was added—were appointed the Committee to Draft Constitution and By-Laws to be submitted to the Association.

The Sabbath was spent in religious devotions, and Sunday School exercises.

J. TRAPP, Chair.

J. E. LEWIS, Sec'ry.

OBITUARY.

DEPARTED this life, on the 28th of May, 1868, WILSON, infant son of J. A. and FRANCES M. MITCHELL, aged 6 months and 25 days.

O! Cruel Monster—Death! Could'st thou not have spared the tender babe,—must the frail and undeveloped bud,—the embryo of future greatness and goodness, wither before thy relentless grasp? How transient are all our worldly comforts! How short and hasty are our lives! Like the morning dew that quickly passes away before the morning sun; like the vapory cloud, driven by the gentle breeze; like the flower that e'en in blooming dies.

But this tender plant has been removed from earth to the genial clime of Heaven, there to flourish and bloom till the morning of the Resurrection.

Go to thy rest, sweet child,—
Thy Saviour bids thee come;
Bright Angels are in waiting
To waft thy spirit home.

All Ready!

COME AHEAD!

MY MILLS are now in fine trim, being THOROUGHLY REPAIRED IN EVERY PART, and in good condition to promise entire satisfaction to customers.

☞ Days for Grinding may be engaged,—which will be a convenience to all concerned.

☞ Get all the Oats out of Wheat, if possible; which may be done by dissolving salt in water until it will bear up an egg. Then pour in the Wheat slowly, and all the Oats, imperfect Wheat, and nearly all the Cheat, will float. Then pour into clear water and dry it.

☞ Customers are invited to inspect the management of the Mills, and every part of the machinery for Cleaning and Grinding Grain, and report any negligence on the part of employees, and any defect, any where, by which they may possibly sustain any loss.

☞ I have concluded to grind Wheat irrespective of the Oats contained in it, as the crop generally is so full of Oats.

GULLETT'S PATENT

STEEL BRUSH COTTON GINS.

THE ABOVE GIN is superior to any ever used in this country, and has taken many premiums at Agricultural Fairs in the States of Alabama, Mississippi and Louisiana.

In it great advantages are gained, both in quantity and quality of staple cleaned, bringing in price at least one cent per pound more than cotton ginned on the best gins of our country.

We have on hand pamphlets showing the merits of this Gin, and giving certificates from many of the largest planters and cotton factors in the South, which we will furnish to any planter who desires to purchase.

The GULLETT GIN can be seen at our office, corner Reynold and McIntosh streets, Augusta, Georgia.

☞ Every Gin Warranted.
