FOR CONGRESS

TO the Democratic Voters of the Fifth District: I respectfully ask to be renominated and re-elected to Congress from this District, and agree to abide the results of the Democratic Primary Election. I will not be able to spend much time in the District this summer; because of the great amount of important legislation growing out of the war situation, but will attend meetings in the District whenever possible. It is absolutely essential for Congressmen to be at their post at this time.

W. F. STEVENSON.

I hereby announce myself as a candidate for the office of Probate Judge of York county, subject to the choice of the Democratic voters in the Primary Election.

SHERER & QUINN

Your Life Insurance Policy in War Time

From time to time I have had inquiries made of me as to what effect the war would likely have on the life insurance companies. The question of course, is natural. My reply is that so far it has had no effect on the English, French, Italian or Canadian companies, all of which countries have been in the war nearly four years. All the companies have continued to carry out their contracts to the letter, and without any advance in rates, and it goes without saying that the companies of the United States will do equally as well. Please bear in mind that "Life Insurance Companies" means those old, established organizations that operate strictly on the full legal reserve basis—the so-called "old line"—and the only kind that can or will endure permanently either in peace or war times. There appeared in The Saturday Evening Post of April 27, 1918, on page 42, an article entitled "Your Insurance Policy In Wartime." It was written by Albert W. Atwood, who does not claim to be an insurance expert, but is a recognized authority on finance. It answers many questions that have arisen in the "lay" mind since the war started, and many more which will arise. Every individual who has even imagined that there was a possibility of the war affecting his "old line" life insurance will have his mind set entirely at rest by reading the article in the Saturday Evening Post.

WAR SAVINGS STAMPS

ARE YOU TAKING ADVANTAGE OF THIS OPPORTUNITY?

The habit of Systematically Saving is the greatest step to Success, and **War Savings Stamps,** which can be purchased at from 25 Cents up, at the Postoffice or either Bank, is the BEST investment we know of, to say nothing of **Serving Your Country.**

York County stood 13th per capita on April 27th among the counties of this State, with sales amounting to **58 Cents per capita,** or $30,353.00, while Beaufort county, largely a **colored population, stands at the TOP of the list, $2.08 per capita.**

The writer has just returned from New York, where he found on every hand people of all descriptions buying Thrift and War Stamps. We hope every Mail Carrier in York county will present the opportunity of purchasing Stamps to his patrons.

THE TIME FOR STRAW HATS AND ALSO LIGHT UNDERWEAR

YOU might just as well be comfortable as not, especially when to be comfortably dressed doesn't add very much to your cost of living.

The Straw Hat is the most comfortable of all head coverings. And then too, a neat Straw Hat has a dressy appearance all its own and adds considerably to one's personal appearance.

This store is specially well stocked with really good Straw Hats—Panamas, Leghorns, Sennits and Split Straws, and we have your size, style and price right here for you and would be pleased to have you see some of these fashionable and comfortable Hats.

SUMMER UNDERWEAR—

Nowhere will you find a better assortment of real good summer Underwear than here. We have these garments in the Separate Garments and in the modern Union Suits—Short sleeves and knee lengths, in nainsooks, madras and also in knitted goods—balbriggan, if you please. You'll find our prices on these not so very much higher than in other years, and you'll find our qualities ever so good. Yes, to be sure, we have the Scriven Elastic Seam Drawers and Wilson Bros.'s Jersey seam drawers—the same thing under different names—just a shade difference in price.
