A NEW MISSION.—Rev. Mr. T. R. Gaines, appointed by the Southern Baptist Association missionary to the Seventh and Eighth wards of this city, has secured the Mission school of the Young Men's Christian Association, on Spring, near Rutledge street, and will have services there every Sunday morning and night.

A joyous time will be spent. The boat will leaves for Mount Pleasant at 10, 1, 3 and 6 o'clock, the last boat leaving Mount Pleasant at 10 o'clock P. M.

DROWNED.—Early Saturday morning the body of Nicholas Christophel, white, a cook employed on the pilot boat Atlanta, was found floating in Boyce's dock. Coroner Whiting held an inquest and the jury returned a verdict of "accidental drowning," the evidence showing that the deceased had fallen from the gangway plank while going on board of the vessel. The deceased was about twenty years of age. His parents live in this city.

DECORATION OF GRAVES.—This afternoon the graves of the Union soldiers, at Magnolia Cemetery, will be decorated, under the auspices of Shaw Post No. 1, Grand Army of the Republic. Addresses will be delivered by Messrs. D. T. Corbin, D. H. Chamberlain and others. Arrangements have been made with the South Carolina Railroad Company to start a special train from Ann street depot at 2:45 P. M., for Magnolia, and to return to the city at half-past 6 o'clock.

THE BALTIMORE STEAMERS.—Shippers by the Baltimore line will observe the change in the sailing days of the Falcon. She will leave at 8:30 A. M., on Thursday, the 2d of June, instead of Saturdays. The Maryland will be placed on the line, and will follow the Falcon on next Monday or Tuesday, due notice of which will be given to shippers. The large amount of freight offering require the steamers of this line to be run as rapidly as possible. This is a gratifying sign. The Sea Gull will be taken off for a short time to overhaul and increase her freight capacity and passenger accommodations.

ARRIVAL OF STEAMSHIPS—THE LATE NORTHEAST STORM.—Telegrams received from Northern points on Thursday and Friday last, reported strong gales from northeast and east. The steamship Tennessee, Captain Chichester, experienced very rough weather, and did not reach her wharf here until 3 P. M. on Saturday. The agents of the steamship South Carolina have reeeived a dispatch from New York, announcing the safe arrival of Captain Adkins at that pprt, after a succession of violent gales from "northeast" and east. Both these iron steamers have been severely tested as seagoing ships, and stand high in the public estimation.

THE CIRCULAR CHURCH.

Its History—A Move to Rebuild It.

We have before us a "Manual of the Independent or Congregational (Circular) Church, of Charleston, S. C.," from which we collate the following facts connected with the history of this church, whose bare walls and tower stand as a monument of the devastating fire of 1861:

The records of this church were destroyed in the hurricane of 1713, and therefore very little is known of its early history beyond the fact that "it was constituted ten years after the settlement of the city in 1680." The edifice, which was located on the site of the present ruins, in Meeting street, was long known as "The White Meeting," from the color of its exterior. From this it is claimed that Meeting street derived its name. In 1729, the church building, "but forty feet square and slightly built," "having by long time gone to decay," was repaired by one hundred and four contributors, at a cost of a little over eight thousand pounds.

During the Revolutionary war, when the British were in Charleston, they used the church first as a hospital, and afterward as a storehouse for provisions, and when they left "it was but a shell of the time-honored structure." It was repaired at a cost of six thousand dollars, and dedicated anew by Rev. Wm. Hollinshead, on the 11th of December, 1783. Previous to the revolution the increasing numbers of the congregation rendered two houses of worship necessary, and a building was commenced in Archdale street, but was not completed until 1787. Rev. Mr. Keith was settled as co-pastor with Mr. Hollinshead, the two pastors alternating morning and afternoon in the two churches.

On the 13th of February, 1804, it was resolved to build an entirely new brick church (of a circular form, having eighty-eight feet interior diameter,) at an estimated cost of $60,000. By disposing of the pews about $40,000 were raised, which amount with the subscriptions was sufficient to defray the entire expense. On the 25th of May, 1806, the church was dedicated with an appropriate sermon from each of the co-pastors. The two churches on Meeting and Archdale streets, associated for nearly twenty years, separated in July, 1817, by the general consent of those who formerly constituted the one corporation. "The Archdale street Church eventually assumed the name of 'The Unitarian Church,' which it still retains."

In 1838, a lofty and graceful spire was erected, and in 1853 the church was extensively repaired, at a cost of $20,000. In the great fire of 1861 the church was destroyed. The congregation worshipped in the Hibernian Hall, in the lecture-room of the Central Presbyterian Church and in the Orphanhouse Chapel, respectively, until February 11, 1867, when the present lecture-room was ready and dedicated, having been rebuilt by the exertions of fourteen male members. In a few months after the dedication one hundred and seven of the former white members, and more than fifty colored members were regathered into the ancient fold. The congregation hope to rebuild their church, and a subscription to that end has been inaugurated.

The "manual" asserts that this church, though styled Presbyterian by the records above referred to, "was, as it has ever been, undenominational in polity. Apparently from its origin it has united both Congregationalists and Presbyterians. The first three ministers or pastors are supposed to have been Congregationalists; the next two were Presbyterians. In 1731, during the incumbency of the sixth, a Congregationalist, the Presbyterians separating, formed the First Presbyterian Church of Charleston. The White Meeting, however, continued to be called indiscriminately the Presbyterian, Congregational or Independent Church. Its pastors were called from either denomination, but prohibited from modifying or changing the government of the church acting as a congregation."

POSTPONED.—The baptismal ceremonies at the First Baptist Church, and the anniversary exercises of the Sunday-school of this church, announced to take place yesterday, were postponed until Sunday next, on account of the illness of the pastor, Rev. L. H. Shuck.

"WATER, WATER, EVERYWHERE," plenty to drink and wade in, were the cry of our citizens yesterday, who only two or three days before desired and prayed for rain. Well, they secured it. Since Wednesday night there has been scarcely anything else but rain. Saturday afternoon it was accompanied by gusts of wind which blew down signs and trees, twisted off branches, shingles and slates, but did no damage of a serious nature. The sails of a few vessels in the harbor were injured during the squalls. The trees in the City Hall Park sustained more damage than those in any other portion of the city.

GREENBRIER WHITE SULPHUR SPRINGS.—The advertisement of these celebrated Springs appears in THE NEWS to-day. They are now open for the reception of visitors, and are prepared, under the enlarged capacities, to accommodate from fifteen hundred to two thousand guests.

The reputation of the White Sulphur is so extended that little need be said in commendation of it. As the centre of fashion it has no rival in the South, and is fast rising to the popularity of the great resorts of the North. In point of the value of its water and the beauty of its scenery it is far ahead of them, and should attract many of those who are in the habit of spending their summer vacations at Saratoga and Long Branch. They will find more real enjoyment and benefit in Virginia than at those over-crowded places. Now that the railroad is completed to the White Sulphur, and that access is so easy, we expect to see the number of its guests greatly increased and circumscribed only by the capacity to accommodate.

But the enterprise and resource of the Messrs. Peyton are equal to any emergency, and if they havn't room enough for all they will make it. No springs season in Virginia is complete unless it includes a sojourn at the White Sulphur.

THE SAVANNAH REGATTA.—On Friday there were two races between the losing boats of two classes, canoe and shell. For the first the "Irene" and the "Anomyma" were entered. As the former had beaten the latter by fourteen seconds on the previous day, she was generally the favorite, and, as the result proved, the popular anticipation was correct, she winning the race by four and a half seconds. The time was: "Irene," 6:38½; "Anomyma," 6:43. For the second race the "Flirt" and "Aphrodite" were entered. The "Aphrodite" was victorious, the "Flirt," on account of a leak, having to withdraw.

The first race of Saturday, and upon which all the interest seemed to centre, was the grand struggle for the championship of the river, the prize pennant and a purse of two hundred dollars. For this race only those boats were entitled to enter which had previously won a race—they were the "King Cotton," "Aphrodite," "Queen" and "Irene." The "Queen" was the victor. The time was 5:42¾; "King Cotton," 5:45¾; "Aphrodite," 5:47, and the "Irene," 5:52½. Each member of the victorious club was presented with a silver cup. The next race was between ship's boats, distance two miles, and was won by the boat of the ship Atlantic in twenty and a half minutes. After a tub race, won by Mr. Postell, the regatta of 1870 was closed.

CHAMBER OF COMMERCE.—A regular meeting of this body will be held at the Hibernian Hall to-night.

THE COLUMBIA THEOLOGICAL SEMINARY.—The Augusta Constitutionalist says of Rev. Dr. Wilson, of that city, who has been elected by the Presbyterian General Assembly to the chair of pastoral theology in the Columbia (S. C.) Theological Seminary, that his learning and piety peculiarly recommend him to the distinguished position to which he has been chosen.

EXQUISITE CHROMOS.—It is seldom that our citizens have an opportunity of inspecting and buying German and English chromos, equal to those which are to be sold at 11 o'clock to-day, at Quinby & Co's. gallery, King street, by Messrs. Leitch & Bruns. The pictures, nearly two hundred in number, have all been selected with the greatest care, from the finest foreign collections, and even those who may not care to buy will be richly repaid for their trouble by calling in this forenoon and spending an hour admiring these beautiful works of art. The sale will begin punctually at the hour fixed, and those who wish to get a really handsome ornament for their parlor walls ought to be on hand early.

NEW COUNTY TREASURER.—We learn that Governor Scott has removed Fleetwood Lanneau, Esq., from the office of county treasurer, and appointed Mr. John R. Stall, of Summerville, to fill the vacancy. Mr. Lanneau has discharged the duties of the office of county treasurer not only with signal ability, integrity and fidelity, but with the utmost courtesy and satisfaction to the entire tax-paying community. Mr. Stall, the new appointee, belongs to "the party," and it is well understood in Radical circles that the appointment is a sop thrown to the black Cerberus whose recent barking in the columns of the Missionary Record has been so inconvenient and alarming to the Scott Ring. The new county treasurer filed his bonds last week, and it is presumed will enter upon the duties of the office to-day.

☞ THE PIONEER STEAM FIRE COMPANY—TO THE CITIZENS OF CHARLESTON: Would respectfully represent that the present condition of their apparatus and of their finances compel them to make that appeal to your liberality and public spirit, which has never yet been made in vain by the Fire Department of this city.

Our Engine, worn and injured in your service, demands immediate and extensive repairs. Our Hose, after faithful use for five years, is now unequal to the performance of its duty, and there is a balance due for the purchase of the Engine, still remaining unpaid.

The pay from the city has been greatly reduced and can contribute to no more than the current expenditures, and the resources of the Company otherwise are entirely inadequate to meet these necessities, or they would be cheerfully devoted to them without a call upon your aid.

We are willing and anxious to devote to your interest all our zeal and all our service, without recompense, and we only ask you to assist us to do so with that measure of efficiency which the magnitude of that interest demands, by enabling us to keep up our Engine and apparatus in proper order.

The oldest chartered Company in the Department, the Pioneer, in the introduction of steam power for the salvation of your property, ask you to look back upon the long years of its service, and to contribute to that efficiency that it is their pride and your interest to cherish and protect.

The following named gentlemen have been appointed a Committee to wait upon the citizens and solicit contributions to the aggregate sum of Two Thousand Dollars, for the purposes above set forth.

☞ A LUXURY OF THE PERIOD.—Regarded from the economic standpoint, SEA MOSS FARINE appears to overshadow every other vegetable nutrient. It contains, as we are informed on good scientific authority, nearly ninety per cent. of nourishing, fattening gelatine; and of all gelatine substances used in cooking it is said to be the cheapest by over fifty per cent., as well as the most digestive. We give these statements, which are authenticated by the signatures of men of eminent reputation, as vouchers for the opinions we have ventured to express on the economic importance of the new article of diet. As to its deliciousness, the "proof of the pudding is in eating it," and we feel confident that no man or woman who has once eaten of a blanc mange, pudding, custard, cream, Charlotte Russe, or any other delicacy prepared with this marine Godsend, will deny its claim to rank among the table luxuries of the period.

☞ THE POPULAR TONIC OF THE AGE.—The day has gone by when a medicine without merit could command and retain the confidence of the world. Advertising induces the public to try many things, but in this shrewd and thoughtful age, words will not suffice without proofs, and it is by the exercise of their private judgment, men determine the relative value of the various articles recommended to their notice through the business columns of newspapers. HOSTETTER'S STOMACH BITTERS has now been subjected to this searching ordeal for more than eighteen years, and the result is that it stands at the head of the class of remedies to which it belongs. It has distanced and lived down innumerable competitors, and is to-day the Standard Vegetable Tonic of the Western world. The happy effects which have followed its use in cases of dyspepsia, biliousness, nervous affections, intermittent fevers and general debility, and as a constitutional invigorant, have entitled it to universal confidence. Nothing can ever shake its reputation, for it is based on the individual experiences of tens of thousands of witnesses, embracing prominent and well known citizens of every profession, occupation and class. There is not a city, town or settlement in the United States where it is not a medicinal staple. No druggist or general dealer would consider his stock complete without it, and the returns of the internal revenue department show that its sales exceed those of any other proprietary restoratives manufactured on this side of the Atlantic. The beneficial results derived during a long series of years from the use of Hostetter's Bitters, have convinced the whole community that the only true way to restore to health a broken down or debilitated system, or to put the human body on its defence when exposed to unwholesome influences, is to *invigorate, regulate* and *purify* it at one and the same time.
