GEO. R. WENDLING

Will Lecture in Ocala February 10

George R. Wendling is a native of Illinois. He was a brilliant jury lawyer, and one of the most distinguished members of the convention which framed the present consitution of Illinois. He received an invitation from one of the leading bureaus to lecture, and accepted the invitation, intending to remain on the platform only a few weeks. His lectures achieved instant and universal popularity. He has since given a portion of each year to the work; has withdrawn from the practice of law; devotes most of his time to literary labors; lives in Washington, D. C., during the winter, and in the summer at his country place at Charlestown, W. Va. Mr. Wedling filled 130 engagements during his first five months on the platform, and in the seven following years he filled over 1300 engagements—a record not surpassed since the best days of Beecher, Gough and Phillips.

MRS. THOS. J. BARNES, Prop.

WANT IT TO REMAIN WET

Though Temperance People, the Residents of the Orange Lake Region don't Want it to Go Dry

The reasons of the citizens who object to the drainage of Orange Lake are embodied in the following petition:

Hon. B. E. McLin, Commissioner of Agriculture, and the Members of the Board of Internal Improvement—Gentlemen: We, as citizens and property owners around Orange Lake, respectfully petition your honorable board to withdraw your claim, now pending before the department of the interior at Washington, that certain portions of said lake are swamp and marsh lands and should be conveyed to the state of Florida under a certain act of 1850, known as the "Swamp Act," for purposes of drainage, etc. We contend, and the fact is beyond question, that Orange Lake is a very considerable body of navigable water, some five to six miles in width and twelve to fifteen miles in length, with a depth of ten to fifteen feet, upon which several steamboats plied in the days of our orange groves, carrying freight and passengers to the railroads on the east and west sides, and, unless destroyed by some drainage scheme, will no doubt be an important factor for transportation in the future. It is connected by a short slough or creek with Lochloosa, one of the most beautiful lakes in Florida, and with comparatively little expense can be connected with Alachua, Levy, Ledwith and Newnan's Lakes. The effect of these large bodies of water upon atmospheric conditions of the surrounding regions to the benefit of the fruit and vegetable interests, whether theory or fact, should not be subjected to any experimental tests for merely a few hundred acres of marginal so-called "marsh" land, even if it could be proven such, and acquired from the federal government.

The state could not realize more than a few thousand dollars at best from the sale, and that only for some drainage scheme, which could only be accomplished by destroying these lakes for all future purposes of navigation, and perhaps the water protection, thereby depreciating taxable values to the extent of many times overbalancing the receipts from the sale. We therefore respectfully ask that this pending claim be withdrawn by your honorable board and the matter estopped.

SOMETHING THAT WILL DO YOU GOOD

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by Anti-Monopoly Drugstore.

Respectfully,

Jerry Burnett,
Merchant Tailor.

One Door North of Masters'

SPRING PARK

Mrs. J. L. Avery gave a talk in the church Sunday morning to a small but appreciative congregation.

Owing to the change in the management of the turpentine business, Mr. Phelps, the woods rider, and family have moved out of the Dr. Sill cottage and gone to Dunnellon to live.

We made a call upon Mr. and Mrs. E. W. Gillis one day last week and found them enjoying life to the fullest extent. They cannot say too much in praise of the sunny South and its health-giving climate. Mrs. Gillis was in very poor health when they came here to reside a little over one year ago. Now she is perfectly well, does all her housework, works out in the garden and walks to the postoffice and back once during the week, a distance in all of about four miles. Mr. Gillis is making preparations for doing quite an amount of gardening the coming season.

Postmaster A. Y. Strunk has been ill for the past week.

George Sparks has gone to Lake Bryant to stay a month or more.

SHOOTING AT BLITCHTON

Saturday, near Blitchton, George Dinkins, colored, accidentally shot his wife. She is in a critical condition.

WEAK AND LOW-SPIRITED

A Correspondent Thus Describes His Experience

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with distressing mental depressions and low spirits. Herbine must be a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless things, when Herbine is procurable, and so cheap." 50c. a bottle at Anti-Monopoly Drugstore.

TYLER'S MILK

No dairy in the state has the perfected arrangements and equipments to give you clean, pure milk as has Tyler. When you drink it you know you are imbibing the cleanest and best to be had.

CORD AND STOVE WOOD

Any length desired. Prefer orders for hard wood, but will fill all orders for pine if preferred. Address L. O. Booher, Box 56, Ocala, Fla. 20tf

A YOUNG WIFE BURNED TO DEATH

A St. Johns County Woman Runs a Mile with her Clothing on Fire

St. Augustine, Feb. 4.—A deplorable accident occurred at Bakerville, about fifteen miles from here, Sunday last, in which Mrs. Josh Jackson was the unfortunate victim. She was in the yard washing clothes, and a fire was also burning several feet away, on which was placed a huge boiler to boil the clothes. A flying spark ignited her dress, and in a few seconds Mrs. Jackson was a burning mass. She became frenzied with fright, and ran a distance of one mile to the house of Mrs. Thigpin. By the time she arrived at her neighbor's home the fire had about run its course. She was immediately taken in charge. Every possible assistance was given the suffering woman. She was brought to town and placed in the Alicia Hospital, but despite the efforts of the physicians in charge she died at 8 o'clock Monday evening. She was only 17 years of age and leaves a daughter two years old.

FOUNTAIN PENS

Waterman's and Parker's, all prices. Ocala News Co.

PIEDMONT GUANO
