STATE PRESS ASSOCIATION

The editor is back from meeting with the State Press gang at Lake City. The occasion was a fine gathering and a strictly business one. The most important work done by the association was the appointment of a committee to go before the legislature and have our present unjust and unfair libel law changed, and with that end in view appointed the following committee to wrestle with the legislature, namely, Editors L'Engle of the Jacksonville Sun, Wallace Stovall of the Tampa Tribune and Frank Mays of the Pensacola Journal, and appropriated enough money to pay their expenses at Tallahassee for two weeks. The meeting was a great success. The people of Lake City proffered us the glad hand and the open town. The meeting last night at the University, which was a veritable state fair and university symposium, presented an audience that was a delight to look upon. The editor of the Star was among the speakers. Great enthusiasm prevailed. A pleasant incident was the presentation to the retiring president, Tom McBeath, of the East Florida Seminary, and editor of the School Exponent, of a beautiful clock, as an expression of the esteem and love in which he is held by the association. Congressman Frank Clark was one of the eloquent orators. After the meeting refreshments were served in Science Hall and a good social time was had.

DEATH OF MRS. G. L. AUSTIN

A message in this city this morning told of the sudden death early this morning of Mrs. G. L. Austin, the beautiful young wife of one of Dunnellon's most popular and progressive young men. The funeral services will be conducted from the Methodist church in Dunnellon this afternoon by Rev. L. W. Moore, pastor of the Methodist church in this city.

WILL COME BACK TO OCALA

We learn with pleasure that Col. W. B. Conoly, one of South Florida's most extensive naval stores operators, and a lover of fast horses, will soon bring his fine stable of racing horses back to Ocala, with the addition, very likely, of several more. George Sprague, the trainer, will come also, and have charge of the horses. Colonel Conoly will be in Ocala a good portion of his time. The horses have been in Jacksonville for some time past.

BOX SUPPER POSTPONED

The box supper, which was to have been given at Martel on March 30, has been postponed until Friday night, March 31.

WILL CLOSE OUT

Mrs. E. K. Nelson has decided to sell out her millinery business. She has not the time to devote to it.

While in Lake City we had the pleasure of meeting with the Ocala boys at the University, namely, Troy Hall, Sam Teague, Frank Harris, John Pelot and Harry Fausett. All are getting along nicely. Troy Hall has the reputation of being the finest athlete in the University, and as a sprinter has no equal. Maxey Moody has plenty to do at Markham's refreshment palace in Lake City, but said there was no place like Ocala. We also had the pleasure of meeting Miss Mattie Van Fleet and her sister, who are valued teachers in the Lake City high school.

Many of our people know Frank Barrett, who graduated from the typo's case and became an expert telephone mender, and finally became superintendent of a Jacksonville line, is now in charge of the city system, and is greatly pleased with his new position. He desires to be remembered to his Ocala friends.

The Catholic church in New York City contributed last year in private contributions and "Peter's pence" more than $500,000, to the support of the church's expenses.

Senor Don Manuel DeAspiroz, Mexico's first embassador to the United States, died in Washington at 5 o'clock yesterday afternoon.

BOUGHT LAKE CITY LAUNDRY

Mr. P. J. Phillips, bookkeeper for the Commercial Bank, and Mr. J. B. Pardee, bookkeeper for the steam laundry, have bought the Lake City steam laundry and will leave next Saturday for that place to take charge of the business. The laundry is a well equipped one and is doing a fine business.

Both of these young gentlemen are good business men and have made a success in life. We wish them all success.

It is not yet known who will take the places made vacant by the departure of these gentlemen.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." PENSION CLAIMS MUST WAIT FOR FUNDS

Executive Office,
Tallahassee, March 23, 1905.

All claims for pensions are filed in this office and are now awaiting action of the board of pension examiners, but as the money authorized to be raised by the two-mill tax provided by the last legislature is inadequate to meet the demands, the board is awaiting the action of the coming legislature to provide further funds.

Yours Respectfully,
C. H. Dickerson, Secretary.

LIKE FINDING MONEY

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promptly, like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." FINALLY SETTLED

As a result of a remarkable exhibition of scrapping, which occurred last Thursday week at the city market between W. P. Edwards and Watterson Tucker and J. B. Leffingwell, after which Edwards prosecuted the latter for assault and battery, the defendants were found guilty in Judge Waid's court, and this morning were fined as follows: Tucker, $10 and costs; Leffingwell, $2.50 and costs. This case was tried the first part of the week in Judge Waid's court and resulted in a mistrial. R. B. Bullock represented the prosecution and Major Izlar conducted the defense. The jury was composed of the following men: O. M. Goodrich, S. L. Bitting, Geo. C. Pasteur, J. L. Smith, William Phillips and J. M. Neal.

BASEBALL TALK

The baseball fiends of Ocala, with the assistance of many of our prominent business men, have succeeded in getting together a nice bunch of material for a good ball team. The boys are practicing every fair day and are getting themselves in gilt-edged trim for the season's work. The management has arranged a good series of games with the crack teams of the state, and as all games arranged for at present are to be played in this city, Ocala will have the pleasure of witnessing some fine sport on the diamond. All the Ocala players and many of their admirers are now selling advance tickets for the two big games to be played here Tuesday and Wednesday between Ocala and Lake City, and from present indications a large crowd will witness the games. If you happened to be missed by the boys soliciting the sale of tickets, call at either Taylor's, Postoffice Drugstore or the Anti-Monopoly Drugstore, where they are on sale.
