The churches were well filled yesterday morning. Reverends Carroll and Moore preached excellent sermons. In the early evening the pastors of the Methodist and Presbyterian churches changed pulpits. Dr. Lindsay of the Presbyterian church held forth at the Methodist church and preached an exceptionally fine sermon, and Rev. Moore, from 5 to 6 p. m., at the Presbyterian church delivered a fine sermon. The absentees were the losers.

Mr. Felder Lang was very much excited this morning when he heard that it was so cool at Miami that the people had to wear light overcoats; that the mosquito crop was annihilated and the gnats had been swept to the Everglades because of the stiff breeze blowing in from Biscayne Bay; the atmospheric conditions were perfect and "Father" Lang sighed because he could not be there to enjoy the same.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with such treatment, pronounced it incurable. Science has proved Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address F. J. Cheney & Co., Toledo, Ohio.

A NEW INSTITUTION FOR OCALA

The Epworth League free reading and social rooms will soon be opened to the public. It has been decided that for the present and until further notice the open hours will be from 4 to 6 and 7:30 to 10 p. m., each day. Two nice rooms over the Teapot Grocery have been secured and furnished sufficiently for a beginning. The establishment of such a place has long been the desire of this society, and its beginning and permanency is now assured. Look for the opening announcement at an early date. The success of such a movement means much to Ocala and if accorded the support it deserves it may grow into one of the best and most worthy institutions of our city. Is it not worth the effort? Should we not accept, as a sacred obligation, such an opportunity, the grasping of which aims toward the lifting up of our noble young manhood and womanhood to a higher plane in every walk of life. If everyone could feel the earnestness with which our request is extended we would not want for the support of our friends. With earnest thanks for the interest already manifested, we kindly ask for its continuance. Yours in His name,

An Epworth Leaguer.
