HEALTH IS WEALTH

Health of Body is Wealth of Mind.

RADWAY'S

Sarsaparillian Resolvent.

Pure blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your sinews sound, without varicose and your complexion fair, use RADWAY'S SARSAPARILLIAN RESOLVENT.

A Grateful Recognition.

"To cure a chronic or long standing disease is truly a victory in the healing art; that reasoning power that clearly discerns defect and supplies a remedy, that restores step by step—by degrees—the body which has been slowly attacked and weakened by an insidious disease, not only commands our respect but deserves our gratitude. Dr. Radway has furnished mankind with that wonderful remedy, RADWAY'S SARSAPARILLIAN RESOLVENT, which accomplishes this result and suffering humanity, who drag out an existence of pain and disease, through some days and nights, bless him their grateful lips."—*Medical Message.*

False and True.

We extract from Dr. Radway's "Treatise on Disease and Its Cure," as follows:

LIST OF DISEASES CURED BY

Radway's Sarsaparillian Resolvent.

Chronic Skin Diseases, Caries of the Bone, Blotches in the Blood, Mercurial Disease, Rash on Mercurial Rash, of Body, Syphilis and Venereal, Fever Sores, Chronic or Old Ulcers, Salt Rheum, Rickets, White Swelling, Scald Head, Ulcerated Sections, Cancers, Glandular Swellings, Nodes, Wasting and Decay of the body, Pimples and Blotches, Tumors, Dropsy, Kidney and Bladder Diseases, Chronic Rheumatism and Gout, Consumption, Gravel and Calcareous Deposits, and varieties of the above complaints to which vomitories are given specious names. We assert that there is no known remedy that possesses the curative power over these diseases that RADWAY'S RESOLVENT furnishes. It cures step by step, surely, from the foundation, and restores the injured parts to their sound condition. The waste of the body are stopped and healthy blood is supplied to the system, from which new material is formed. This is the first corrective power of RADWAY'S RESOLVENT.

In cases where the system has been salivated, and mercury, quicksilver, corrosive sublimate have accumulated and become deposited in the bones, joints, etc., causing caries of the bones, rickets, spinal curvatures, contractions, white swellings, varicose veins, etc., the SARSAPARILLIAN will resolve away those deposits and exterminate the virus of the disease from the system.

If those who are taking these medicines for the cure of chronic, scrofulous or syphilitic diseases, however slow may be the cure, "feel better," and find their general health improving, their flesh and weight increasing, or even keeping its own, is a sure sign that the cure is progressing. In these diseases the patient either gains flesh or worse—the virus of the disease is not inactive, if not arrested and driven from the blood it will spread and continue to undermine the constitution. As soon as the SARSAPARILLIAN makes the patient "feel better," every hour you will grow better and increase in health, strength and flesh.

OVARIAN TUMORS.

The removal of these tumors by RADWAY'S RESOLVENT is now so clearly established that what was once considered almost miraculous is now a common recognized fact by all parties. Witness the cases of Hannah P. Ample, Mrs. C. Krapf, Mrs. J. H. Jolly and Mrs. P. D. Hendrix, published in our Almanac for 1879; also that of Mrs. C. S. Bibbins, in the present edition of our "False and True."

Space forbids our making particular reference to the various cases of chronic diseases received by our agents for RADWAY'S RESOLVENT. Invalids and their friends must consult our writings if they wish to obtain an idea of the promise and potency of R. R. R. Remedies.

One Dollar Per Bottle.

MINUTE REMEDY.

Only requires minutes, not hours, to relieve pain and cure acute disease.

Radway's Ready Relief.

In from one to twenty minutes, never fails to relieve pain with one thoroughly application. No matter how violent or excruciating the pain the rheumatic, bed-ridden, infirm, crippled, nervous, neuralgic, or prostrated with disease may suffer, RADWAY'S READY RELIEF will afford instant ease.

Inflammation of the Kidneys, Inflammation of the Bladder, Inflammation of the Bowels, Congestion of the Lungs, Sore Throat, Difficult Breathing, Palpitation of the Heart, Hysterics, Croup, Diphtheria, Catarrh, Influenza, Headache, Toothache, Neuralgia, Rheumatism, Cold Chills, Ague Chills, Chill Blains, Frost Bites, Bruises, Summer Complaints, Colics, Colds, Sprains, Pains in the Chest, Back or Limbs, are instantly relieved.

Fever and Ague.

FEVER AND AGUE cured for fifty cents. There is not a remedial agent in this world that will cure Fever and Ague, and all other Malarial, Bilious, Scarlet Typhoid, Yellow and other Fever, added by RADWAY'S PILLS, so quick as RADWAY'S READY RELIEF.

It will in a few moments, when taken according to directions, cure Cramps, Spasms, Sour Stomach, Heartburn, Sick Headache, Diarrhoea, Dysentery, Colic, Wind in the Bowels, and all internal pains.

Travelers should always carry a bottle of Radway's Ready Relief with them. A few drops in water will prevent sickness or pains from change of water. It is better than French brandy as a stimulant.

MINERS AND LUMBERMEN should always be provided with it.

CAUTION.

All remedial agents capable of destroying life by an overdose should be avoided. Morphine, opium, strychnine, aconite, hyoscyamus, and other poisonous medicines, prescribed at certain times, in very small doses, relieve the patient during the reaction in the system, but perhaps are sued afterwards. If relieved, may aggravate and increase the suffering, and another dose cause death. There is no necessity for using these uncertain agents when a positive remedy like Radway's Ready Relief will stop the most excruciating pain quicker, without entailing the least inflicting in either patient or adult.

THE TRUE RELIEF.

RADWAY'S READY RELIEF is the only remedial agent in vogue that will instantly stop pain.

Fifty Cents Per Bottle

DR. RADWAY'S REGULATING PILLS.

Perfect Purgatives, Soothing Aperients, Act Without Pain, Always Reliable and Natural in Their Operation.

VEGETABLE SUBSTITUTE FOR CALOMEL.

ENDORSING

DR. RADWAY'S R. R. R. REMEDIES,

"I Am Using Them Several Years.

NEW YORK, Jan. 4, 1877.

DR. RADWAY: Having for several years used your medicines, doubtingly at first, but experiencing their efficacy with full conviction, it is no less a pleasure than a duty to thankfully acknowledge the advantage we have derived from them. The pills adapted to us often as occasion requires, always with the desired effect. The Ready Relief cannot be better described than by name. We apply the liniment freely, almost invariably finding it a permanent relief. Truly yours,

(Signed) THURLOW WEED.

THURSDAY MORNING, DEC. 11

CITY NEWS.

THE Great Western Stove Works sent a car of stoves to Denver yesterday.

ST. JOSEPH is jubilant over the Missouri Pacific extension to that city.

ARKENATRY BROTHERS shipped a car load of furniture to Denver yesterday.

THERE is trouble in store for the Powder Mills. Our powder went west bound for Colorado yesterday.

All agree that the weather is very, very peculiar for the season, and best belts "loosening limit."

THE Kansas Central continues to increase its business, and confer vast quantities of goods daily.

Two cars of emigrants and their goods went west yesterday.

... mental vigor ... and it finds Mr. Evans, better known as Elder Evans, preaching the Gospel of the Savior with as much power as when he entered the ministry, in the Free Will Baptist denomination, fifty-two years ago.

Two children have been born to the couple—L. F. Evans, now of Helena, Montana, and Mrs. Crittenden, of this county. In turn grand-children have come; children come to them in turn; all of whom have grown up and are growing up as useful members of society and bringing comfort to Elder Evans and his wife in their old age.

The fiftieth anniversary of the marriage of the esteemed couple brought together a number of their relatives and friends at their comfortable home in the south part of the county to fitingly celebrate the ...ions. Those present were as follows: Mr. and Mrs. Crittenden, the latter being a daughter, Mr. and Mrs. Rudel, the latter a granddaughter, and two children, great grandchildren; Mr. Jewett a grandson; Mr. and Mrs. Pence; Mr. and Mrs. Jewett, Mr. and Mrs. S. B. Kenton, Mr. and Mrs. Charles Rodel, of Johnson county; Mr. and Mrs. Holden, and Rev. Wm. Smith, of Dallas, Johnson county; Mr. and Mrs. S. J. Hoddleston, Mr. Ayres, Mrs. Dr. Glover, all of Johnson county; Esquire Harris and wife, of Fairmount; Mr. and Mrs. Henry Harris, Mr. and Mrs. W. H. Kenton, Mr. and Mrs. Miner, Mr. and Mrs. George Brenner, (who celebrated their golden wedding on the 17th of September last), Colonel and Mrs. Baker, Mr. Robert Jaggard, Mr. John Martin, Mrs. Evans, Mr. and Mrs. Thornton, Mrs. Lewis, Sr., Mrs. Louis, Jr., Mr. and Mrs. P. G. Lowe.

Everything passed off in the happiest manner, so much so that words are but little adequate to properly describe.

A note of congratulation from THE TIMES was read, hoping that the Elder might live one hundred years longer, and that his fund of stories for which he is noted might never be exhausted.

The feature of the evening was the presentation of a gold-headed cane to the Elder, inscribed as follows: "Goodwin Evans—1879—From his friends—1829. Golden Wedding." This was presented by Mr. L. Harris and wife, H. H. Harris, and wife, J. J. Rudel and wife, S. H. Gordon and wife, S. B. Kenton and wife, George Brenner and wife, R. Kenton and wife, A. J. Angell and wife, J. Wollman and wife and C. Jaggard, who accompanied the same with a handsome pair of gold spectacles for Mrs. Evans. Mr. and Mrs. James Gow, of Fort Leavenworth, and Mr. and Mrs. P. G. Lowe also presented an arm rocking chair to each and a pair of gold spectacles to Elder Evans. The presentation speech was made by Mr. P. G. Lowe, as follows:

MR. AND MRS. EVANS—We, your neighbors and friends, have called upon you to mingle our joy with yours, upon the fiftieth anniversary of your marriage; an event seldom witnessed, and, through the incidents and accidents of life, one that few ever live to enjoy. But, thanks to your exemplary lives and a kind providence, you have been spared to greet your friends and to receive their congratulations upon this memorable occasion.

Glancing back through the half century since you were wed, viewing step by step your progress through life—the joys of young love, the anxiety of wifehood and motherhood, of the husband and father, the joys and sorrows of the family, (for mind you, all have their sorrows as well as joys), your pride and pleasure, not unmixed with doubts and fears, as you saw those for whom you labored, and whom you loved most dearly, take their places as young husbands and wives; and when the grand children began to accumulate around you and you fondled and loved them as you had in years gone by your own fir t born—though older in years you became young again and watched with a deep interest, born of loving and pure hearts, the progress of those children.

Again the scene changes! again the wedding bells ring out, and the third generation are entering upon the cares and duties of life. And anon you are made glad by other sweet baby faces, and the great grandchildren awaken you to new life and youthful happiness.

O, what an experience!

And now, when long past three score years and ten, to be able to pass your lives in review with the consciousness of having done your duty to yourselves and those dependant upon you; to feel within yourselves that you have not lived in vain, but that the world is better for your having lived in it; to see that the examples of your purity of character, moral and religious, have had a wide-spread influence wherever you have lived and that those examples are now moulding the manhood and womanhood of all around you, is the source and comfort of your declining years.

As friends who have learned from long acquaintance to appreciate you, we have met with some small tokens of our friendship and on behalf of those friends it becomes my pleasant duty to present to you this headed cane; and I here express the hope that you may long lean lightly upon it, that during many years of usefulness it may carry it more for ornament than for use.

We present to each of you a pair of gold spectacles with the hope that your vision may be as bright and beautiful as the day, and that to the leisure of old age, when reading becomes a pastime to be enjoyed in quiet retirement, they may be a constant source of pleasure.

These chairs which we have selected for your aged comfort will also add to the repose which in mature years is so much needed.

These, and other things here presented, are but small tokens of our love, admiration and esteem; and we beg you to accept them from us as such, and not for their intrinsic value, of which they possess very little.

Such lives as yours never perish.

This golden wedding is a reminder of the golden sunset of a well spent life, where, though it seems dark beyond, such as you enter into a new and endless day.

Wishing you the continued enjoyment of that peace on earth to be a consequence of rectitude throughout your long, honorable and pure lives, we extend to you our cordial congratulations.

The parishioners of Elder Evans also remembered him generously with a number of gold pieces of various denominations.

THE TIMES but reiterates its wishes expressed in its letter mentioned above, and all who know the worthy couple join it therein.

KANSAS NEWS.

—Santa Claus is nosing around through the State looking for good children. He has a large stock of presents this season.

Kidnapping.

[Lawrence Journal, 6.]

There was a case of kidnapping over at the Kansas Pacific depot yesterday. It was a little kid sleeping on one of the waiting-room seats.

Getting to Butler County.

[Kinsley Graphic.]

The work on the St. L. & S. F. road is progressing rapidly in the Flint Hills. The next 13 miles in Butler county has also been contracted for.

A New Church at Emporia.

[Ledger, 4.]

The new Congregational church in this city will be built with Cottonwood Falls white stone, and will cost at least $10,000. It will be one of the best designed and handsomest churches in the State.

A Kansas Joke.

[Emporia Ledger, 4.]

A good joke was perpetrated on the Baptist Sunday school last Sabbath by some one dropping a five dollar gold piece in the contribution box. The secretary made strenuous efforts to ascertain who had made the mistake but was unable to find the guilty party.

Leap Year.

[Lawrence Journal, 4.]

1880 will be leap year, girls. The month of February will have five Sundays and twenty-nine days, the month coming to and ending on Sunday. It is stated that the occurence of five Sundays in February will not take place again until the year 1916.

Large Hogs.

[Fort Scott Monitor, 5.]

Mr. Jonathan Davis, of Franklin township, sold yesterday to Gottlieb & Love a bunch of 226 hogs, the average weight of each being 281 pounds. This is the largest single transfer of hogs ever made in the county, while the weight is much above the general average.

A Mad Dog Killed

[Winfield Telegram, 4.]

Mr. J. A. Lee killed a mad dog yesterday morning in our city. He noticed the queer actions of the dog the day before, but as it belonged to his neighbor he paid no further attention to it until yesterday morning it attempted to bite his daughter, when Mr. Lee shot it.

A New Town.

[Walnut Valley Times, 5.]

The town company of Noble has obtained its charter, and at a meeting of the Board of Directors, elected Hon. M. A. Palmer, President; C. Tabine, Vice President; J. King, Secretary; and J. M. Watson, Treasurer, of said company. Mr. Belton has the first house on the town sight.

Good Advice.

[Walnut Valley Times, 5.]

A great many of the small boys around town have got into the habit of carrying a pistol, and I imagine that it makes them big. If one or two of them would get the top of their heads blown off they might change their opinion. It is a bad practice and we advise you to stop it.

A Train Man Hurt.

[Fort Scott Monitor.]

Frank Johnson, a brakeman on Conductor McKinney's train on the Gulf road, while coupling cars yesterday afternoon at Scammon Station, just north of Columbus, had his right hand mashed between the draw bars and will be sent to Kansas City for treatment.

Extension of the ...

[Lawrence ...

Perkins & Fr... City taken a large ... Santa Fe.

[Journal, 5.]

... man, contractors, have contract on the extension of the Fe railroad from Los Vegas to Santa Fe. They sent from here yesterday four car loads of trunks, wagons, teams, etc., and thirty three teams, making scrapers, etc., will be shipped. The men composing the gang are mostly from the vicinity of the City and Ottawa. They will be able to work all winter.

The Wheat Fields.

[Lawrence Tribune, 3.]

The abundant rains have made the wheat fields all over the State put on their best ray, and we do not wonder ... along our railroads ... are enraptured with Kansas, and wax eloquent in her praise after looking out upon the hundreds and thousands of acres of emerald green wheat fields never was their such a prospect for abundant harvests known. No wonder that Jay Gould estimates the next year's crop at fifty million bushels. In many fields the blades after growing six or eight inches in height have fallen over in a perfect mat, covering the ground completely, and protecting the roots like mulching.

Hunting in the Territory.

[Woodson County Post, 4.]

The hunting down in the Territory is excellent, but the game is awful scarce. A hunting party consisting of several of the old-timers, headed by J. H. Wendells started out from this place last Thursday morning for a few days recreation among the hills and dales of the beautiful Indian Territory. They will explore the regions about the "Big Bucks," and if there are any buffaloes or wild game of any kind in that vicinity it had better be hunting for a more genial clime, or the boys go well "heeled," and if their supply of provisions and "cash" don't fail short they will undoubtedly return with a beautiful supply of game.

Railroad Buisness in Butler.

[Augusta Gazette, 4.]

Major Rombauer, Superintendent of the Kansas Division, resigned last Monday, and W. A. Thomas, train dispatcher, was appointed Superintendent. The latter has been in the employ of the St. L. & S. F. R. R. for eight years as dispatcher and station agent, and his many friends will be glad to hear of his promotion.

The Kansas boom is striking the employees of the Missouri division. They are all striking for situations on the new division, and all pleased with the country—are willing to sleep on the floor to get a chance to stay. It is impossible to get lodging anywhere along the line. Both public and private houses are full.

The Labette County Moonshiners.

[Topeka Commonwealth, 5.]

United States Attorney Hallowell returned yesterday from Oswego county, where he went to prosecute the moonshiners arrested Monday.

He says that there are but five members of the gang, of which a man named Harris is the leader. Harris came from Virginia about six years ago, and is said to be a regular moonshiner. One of the members of the gang "squealed," and they were arrested before the still had been in operation forty-eight hours. Besides the seizure of the still, the officers got sixty gallons of whisky.

The people of Labette county are deserving of a great deal of credit for the assistance they have lent the revenue officers in the capture of the parties. The preliminary examination of the prisoners will be had on the 15th instant.

A Kansas Man in a Scrape.

[Cor. Lawrence Journal.]

At a temperance meeting recently held at School House No 2, this county, Mr. Creel made the startling announcement that he had just been informed that Marion Robinson had been sentenced to be hung. Mr. Robinson was a man well known throughout this neighborhood. He made his first trade with Robinson. Robinson then lived on what is known as the Miller farm, south of Washington creek, and about nine miles southwest of Lawrence. While Robinson was a generous and clever man he was a notorious fighter, and always getting into trouble. We are just in receipt of a letter from a relative near our old home in Ohio, which will give some information.

PANTHER CREEK, STARK CO., OHIO, November, 1879.

J. SAUGANCKER—I thought I would have been prepared in this neighborhood. A man by the name of Robinson, who has lived here for some time and came from Kansas, committed the deed. He and his wife had some difficulty, which was very common; but on this occasion her brother interfered, whereupon Robinson drew his revolver and shot his brother-in-law four times, causing almost instant death. The alarm was given, and it was with the greatest difficulty that Robinson was taken prisoner. There was strong talk of lynching him. He is, however, safely lodged in the Greenville Jail and closely guarded. Ben.

This is another strong proof of what whisky will do. The above letter does not say Robinson was under the influence of whisky when he committed the crime, but we take it for granted that was what caused this terrible murder, at least when Robinson lived here he was always under the influence of liquor when he got into a quarrel. We are informed that Mr. Mearce, the expressman at Lawrence, once had a fair pulling with Robinson.

All About the Cooking Club.

[Inland Tribune.]

THE LEAVENWORTH TIMES says that the young ladies of that city have organized a club for the promotion of the art of cookery. It further says that this idea is developing throughout the United States. Why do these women prefer to have the "drudgery of cooking and house work," done by others, it is highly important that every woman, whatever her rank in society may be, should know how to put her house in order with her own hand, and how to cook a decent meal. A little attention to the science of cookery enable every lady to make home pleasant and at the same time work a great saving in household expenses. But very few of the girls who act as domestics in family circles know even the simplest rules of cooking and if left to themselves prepare miserable dishes. If a man's wife knows how to cook it doesn't follow that she will have to make that her business in life. Usually, especially when there are small children in the family, the wife cannot be expected to spend her time in the kitchen, as her other duties are sufficiently burdensome. But it is the duty of every girl before she is qualified for marrying to know how to cook a good, palatable meal. She has some one to cook for her, then she knows how to direct the cook. This is the important point. What is true of the occupations of men is equally true of women. The successful merchant, or business man in any of the great business interests of the country, whether railroads, manufactures or other industries, is the man who, step by step, carved himself up the ladder, learning by practical experience how to manage the business.

The rules of health can be more accurately enforced where the wife knows what should be eaten for breakfast, dinner and supper, and knows exactly how to cook it. No man cares to keep his wife in the kitchen, and if able, will not keep her there; but she adds much to her character and loveliness if she knows how to cook, and, ladies, the young men take this into consideration when they are looking for wives.

We should like to see the girls of Great Bend organize a club for the winter, for the purpose of promoting this very useful art. They could not engage in a more praiseworthy pursuit, and the boys will throw up their hats and cheer for joy in the good work, and will, to encourage the scheme, see you to your club meetings and home again without a murmur.

The Western National Fair Association.

The articles of incorporation for this great fair to be held at Bismarck Grove were filed with the Secretary of the State on Monday That our readers may have the benefit of the entire organization so far, we publish the document in full:

First—The name of the corporation is the "Western National Fair Association."

STATE OF KANSAS, DOUGLAS COUNTY, } ss.

On this 29th day of November, A. D., 1879, before me, a notary public, in and for said county, came N J Cunniff, A H Warren, J S Crew, George Y Johnson, I H Van Hoesen, George Leis, A S Warren, G W Hume, and S Steinburg, to me personally known, who ... of the foregoing instrument, and ... duly acknowledged the execution ... the same.

In testimony whereof, I have hereunto subscribed my name, and affixed my official seal, on the day and year last above written.

J. A. BLISS, Notary Public.

[SEAL]

I, James Smith, Secretary of State, of the State of Kansas, do hereby certify that the foregoing is a true copy of the original instrument of writing filed in my office, Nov. 20, 1879. In testimony whereof I have hereunto subscribed my name and affixed my official seal. Done at Topeka the 1st day of December, A. D., 1879.

[SEAL.] JAMES SMITH, Secretary of State.

A meeting of the directors will be called as soon as possible, when directors and officers for the ensuing year will be elected.

In speaking of the fair Mr. Gould ... recent visit said: "The ... for all the ... in his ... Kansas ... central point ... taw and ... cities of eastern ... others. ... Atchison, Topeka ... every section of ... accessible by rail for ... Barck is the ... this western country. Business is ... point of advantage, and the ... more the ... one. The fair ought to be ... charge ... a State, it should be national in ... and ... Kansas City, too, the business ... railroad center of this country, would probably lend a hand, as Bismarck is almost within her suburbs."

The project starts off with a boom, and it is difficult to conceive how anything but success can attend it. If our own people are only united, and all work together, there is little doubt but we shall have plenty of outside help.

Simmons' Liver Regulator or Medicine,

is eminently a Family Medicine and by being kept ready for immediate resort will save much time and hour of suffering and many a dollar in time and doctor's bills.

After over forty years trial it is still receiving the most unqualified testimonials to its virtues from persons of the highest character and responsibility. Eminent physicians commend it for all diseases of the liver.

AS AN EFFECTUAL SPECIFIC OPINION OF THE CLERGY.

Simmons' Liver Regulator is certainly a specific for that class of complaints which it claims to cure. Many of our fellow beings are suffering from hepatic disorders and have doubts in relation to the efficacy of this popular preparation, we can only offer them the simple and candid testimony of Philip to Nathaniel, "Come and see." Try the proposed remedy and then you can judge for yourselves.—Rev. David Wills, Pastor of Presbyterian Church, Macon, Ga.

Take Simmons' Liver Regulator.

THE SYMPTOMS of liver complaint are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, sometimes alternating with loose. The head is troubled with pain, and dull heavy sensation, considerable loss of memory accompanied with painful sensation of having left something und
