Personal Property in Trumbull County.

Through the politeness of the County Auditor, Chas. R. Hunt, and his assistant, Mr. Bostwick, we have been favored with a copy of the Abstract of Personal Property in this County, as returned by the Township Assessors for the present year. Its study was quite interesting to us, and we extract some items for our readers, presuming it will be equally so to them.

Horses.—The township of Warren has the most horses, 485; average value, $74 55; total value $36,158. Farmington is next, having 449 horses, average value 73 68. Liberty has 448, but of lower value, averaging 59,78. Bloomfield has the smallest number, viz: 226, average value, 67 30.

Cattle.—Bazetta has the largest number of cattle, 2355, average value, 16 63; total value, $39,182. Next in number is Gustavus, with 2325, average value, $15 18; and next is Fowler, 2203, average value, 16 55, exceeding in total value those of Gustavus. Howland has the highest priced cattle, the average value being 18 97 per head. Liberty has the smallest number, 1141, average value, 18 34.

Sheep.—The largest number of sheep are in Brookfield, 4905, and also the highest value, 2 50 per head, total value, $12,238. Next is Liberty, with 4344, average value, 1 03. Farmington has 3606, average value, 1 89, total value, nearly $2000 greater than Liberty.

Swine.—Weathersfield has the largest number, 682, average value, 2 52; but it seems that Warren, with a smaller number, (664,) has greater *hogs*, as the average value is 3 11; but Vernon has greater still, for her 200 swine average 5 25 in value. Bloomfield has 167, average value, 3 47.

Carriages.—Warren has 379 carriages, value $16,450. Farmington has 332, value $10,234.—Weathersfield has 311, value 8,219. Kinsman has 252, value 8,309. Newton has fewer, 236, but better, valued at 8,797. Greene has the smallest number, viz: 59, value 1,936.

Watches.—Warren has 189, Farmington 67, Brookfield and Weathersfield, 57 each, Braceville 53, Mesopotamia 9.

Pianos.—Warren has 31, Kinsman 11, Newton 8, Bloomfield 7, Gustavus 6, Hartford, Vernon, Fowler, Johnston, Greene, Lordstown, Champion and Southington, none.

Merchandize.—Warren has invested in merchandize, $132,478; Newton 16,860; Brookfield 10,838; Howland, none.

Manufacturing.—There is invested in manufacturing, in Warren $29,706; Weathersfield 4,570, Liberty 2,476, Kinsman 2,031, Mecca, nothing.

Money.—Vienna has the most money, $46,288, Gustavus 37,823, Hubbard 31,160, Warren 29,706, Howland 25,773, and strange to say, Brookfield, Bazetia, Mecca and Southington, have *no money*, neither of them having one dollar, taxed.

Credits.—Warren returns $180,338, Gustavus 55,593, Brookfield 52,130, Newton 51,278, Vienna the least, viz: $35.

Total Personal Property.—The largest amount, is taxed in Warren, it being $518,328, and the smallest is Southington, which has $57,274.

We presume that as to the number of Horses, Cattle, Sheep and Hogs, this estimate may be relied upon as tolerably accurate; but so far as the Monies, Credits, amount invested in Merchandize and Manufacturing, are concerned, any man at all conversant with business matters, knows that this statement is ridiculously absurd. We will venture all our reputation for common sense, that there is, to-day, more money in either one of those townships which have not one cent on the tax duplicate, than the largest amount returned by any one township in the county.

The township of Vienna returns thirty-five dollars, of credits. We believe there are fifty men in that township, either one of whom, has more than ten times that amount, which is due to him, this day.

In Manufactures, the discrepancy is less, but still the abstract is very far from being a correct estimate of the amount thus invested.

Concert of Mrs. Deming and Ossian E. Dodge.

Mrs. L. L. Deming and Ossian E. Dodge, gave a Concert at the High School Hall, on Friday evening. It is entirely unnecessary for us to say anything respecting the singing of Mrs. Deming. She is so well known to the music-loving public of Warren, and we have expressed our opinion so often, that it would be only superogation.—Suffice it to say, that she sang, as she always has done, capitally. She is as popular here, as she well can be, not only on account of her charming singing, but her social qualities, and her generosity last year, appropriating the whole proceeds of one of her Concerts for the benefit of the High School Building.

Mr. Dodge appeared here for the first time, and we sincerely hope it will not be the last.—The "Sword of Bunker Hill," was admirably sung, and with great pathos. This was the only piece by Mr. Dodge, which was not comic. His "Unfortunate Man," "I'm so Happy I've Forgotten What I'm Singing," "Who'd o' Tho's o' Seeing You?" were all loudly encored. But of all his songs—the last, and best, was "The Thanksgiving Dinner." This fairly brought down the house.

As a Comic singer, no man has ever sung in this place, within our recollection, who equalled Mr. Dodge. His singing and acting were irresistably comic, and that evening was terribly destructive to buttons.

The Concert was a perfect success.

Wheat Midge.

Several of the farmers in this vicinity, inform us that the midge, (or weevil, as it is sometimes called,) is doing great injury to many of the wheat fields.

The Ashtabula Sentinel says it is making great ravages in that county. We think that the damage is over-estimated, as it usually is, in such cases.

The Weather.

Was excessively warm during last week; the mercury standing at 80 to 87 deg. in the shade, during the greater part of each day. Heavy rains fell in the vicinity, but none here, until Monday and Tuesday of this week, when there fight showers.

Gas Meeting.

A meeting was held at Empire Hall, on Thursday evening last, to take into consideration the policy of erecting Gas Works in this town, and ascertain the sentiments of the citizens in regard to the project. Mr. Goldthorpe, Superintendent of the Gas Works at Allegheny City, Pa., was present, and made a proposition to build Gas Works here, for the sum of $27,000. He also made a short address, giving information respecting the probable profit which would accrue to the stockholders, &c. He said, as every other practical man, who has made himself acquainted with the wants of this place, and its facilities for obtaining cheap coal and lime, its compactness, &c., has said, that there was not a shadow of doubt but that the stock of a Gas Company in this place, would pay large dividends. Mayor McLain, (Chairman of the Meeting,) also made a short address, as did other gentlemen. A Committee of three, L. J. Iddings, H. B. Perkins and J. R. Woods, Esqs., were appointed by the chair to ascertain the amount of stock which could be obtained. We learn that they did not meet with success, and the subject is dropped for the present. Warren can rest in darkness awhile longer, and take a quiet Rip Van Winkle sleep, undisturbed.

Fine Watches.

Just received by the subscriber, a large addition to his stock of Fine Watches; also entirely new styles of Jewelry, such as Cameo, Painted and Coral setts—Breast Pins; Diamond, Garnet, Cornelian, Locket, Solid 18 carat, Plain and Fancy Gold Rings; Silver Spoons, &c. Also, Plated Tea Setts, Plated and Silver Ware, and a full stock of Notions.

He has also made arrangements with a Manufacturing House in Switzerland, by which, he, as Agent for the manufacturers, receives watches direct from Europe. By this arrangement, he is enabled to sell Gold and Silver Watches, of all kinds, as *low* as they can be bought in the *United States*. He has now on hand every variety of Chronometer, Duplex, Lever and Lepine Watches, a large stock of Brittannia Ware, Jewelry and Fancy Goods of every description, and he will receive new supplies, monthly. His intention is to sell a large amount, and he will sell to dealers at a lower rate than ever before.

The Jewelry was also purchased direct from the manufacturers, at Jobbing Prices, and will be sold.

He only asks that purchasers should call and satisfy themselves.

DENTISTRY!

DR. H. W. HOLLOWAY,
AT HOME AGAIN!

IN his old rooms over the New York Store, where he can be found at all hours during the day, (ready to perform all operations on the teeth, at his usual low prices.) The satisfaction that has been given in the past, by his mode of operating, is a sure guaranty, that all persons calling at my rooms will get the best and cheapest work in the county; nothing but the best of Gold used for filling. Teeth from one to an entire set on Gold or Silver plate. I would have say to those desiring a Natural set, I will extract the roots and give them a temporary set of teeth on Gutta Percha, in one week from the time of extracting roots, free without charge.

Mowing and Reaping Machines.
MESSRS. BALDWIN, DEWITT, & Co., of Cleveland, are manufacturing Manny's Patent Mowers and Reapers, also single Mowers, for the State of Ohio, and would call the attention of farmers to this valuable Machine. With it, the farmer can cut all of his products, his Grass of all kinds, and conditions, Wheat, Rye, Oats, Barley, Buckwheat, and Flax, also Clover and Timothy seed as well as it could be in the hands of any other man. Among the advantages this Machine possesses over others, is the lightness of draft, and ease of management, while at work, and being drawn from field to field, or farm to farm, on its own wheels, without being crossed or grain at any desired height, by simply raising a lever, not liable to clog in grass, or grain; either wet or dry; also being a combined Machine, and furnished to purchasers at a little more expense than a single Machine of any other kind. The Reaper Machine, with all the latest improvements, can be had by applying to the undersigned, who are the only Agents for Trumbull county, except the township of Kinsman. All extras for said Machines, will be kept by us, and sold at reasonable rates. Every Machine is warranted to be well made, of good materials, and to cut from ten to fifteen acres of grass or grain per day.

Price of combined Machine, $140; single Mower, $125.

CROCKERY & GLASSWARE!
NEW GOODS AND NEW PRICES
—AT THE—
"Warren Crockery Store,"
No. 4, Main Street, Warren, Ohio.

HARDWARE we expect to buy to the best advantage at the Hardware store, Boots at the Boot store, and Clothing at the Clothing store. Acting on the same principle, sensible folks are every day coming to the "Crockery Store" for Queensware and Glassware. We have no huge piles of dry goods, with a few pieces of ill-assorted ware to fill up the dark, dusty corner with; but our shelves are filled from top to bottom with a choice selection of the most fashionable styles of Crockery. We offer the following inducements to persons to purchase of us: 1st. We have the largest and best stock in the county to select from. 2d. We sell our wares to suit customers, in any quantity from a common tea cup or saucer to the largest sized dinner set. And last, but not least, we will sell by the single piece as cheap as others sell by the set, and by the set cheaper than it can be bought elsewhere in the county. These inducements are worthy of notice, and we mean what we say. If by fair and liberal dealing, and selling our wares at an unusually low price, we can build up a Crockery and Glassware trade in Warren, we are bound to do it, and respectfully ask the public to call and give "Young America" a fair trial.

TO THOSE WHO WANT FARMS.
A FARM WITHIN THE REACH OF EVERY MAN.

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so.

The Farms consist of the best limestone soil of the most superb valley for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west never is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from $3 to $20 per acre, payable by instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for $30.0, payable $6 per month or 12½ acres payable $4 per month. Discount for every sum of $100 and under, paid in advance, a discount of 5 per cent. will be allowed, and for over $100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality this following are presented:

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great prosperity.

Second—It is the centre of the great North West Coal Basin, and is divided equally by one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel the greatest in the Union.) It has five workable veins of the best Bituminous Coal, averaging in aggregate to over 22 feet, which makes 22,000 tons of coal cover each acre. This will make the land of inestimable value.

The eminent state geologist, Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and the limestone.—This report together with maps will be furnished to inquirers.

Fourth—Three railroads are laid out through this property. The Sunbury and Erie Railroad gives us a market for our coal to the lakes—it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been raised—it will soon be finished. The Allegheny Valley Railroad connects us with New York, Boston and Pittsburgh. The Venango Road connects us with the West.

There are already good Turnpike Roads running through the property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate PERFECTLY HEALTHY.

No case of the fever ever having been known to occur in this settlement. It is not like going to the backwoods of the West, among perhaps intolerant people, where there is no society, no schools, no churches, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health, and that of his family. There are in a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills and everything desired. There is a cash market at hand. The lumber trade last year amounted to over ten hundred million feet of lumber. In a short time, owing to the coal it will become still more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively on Mount Penn. Even for those who wish to work for others, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of the land. By this outlay scarcely missed, a substantial provision can be made.

Persons should make early application, apply or write to E. Jeffries, Secretary, No. 135 Walnut Street, below 5th, Philadelphia. Letters carefully answered, giving full information.

Shares of tracts of land can be bought or secured by letters enclosing the first instalment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrantee deeds given. Persons can also purchase from our Agents.

Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by stage to the land. This is a delightful season to visit St. Mary's—the best hotel accommodation is afforded. Enquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's.

To the purchasers of our Pens we present a numbered Ticket, on every dollar's worth purchased, which entitles the holder, by an extra payment of 25 cents on each ticket, to a premium varying in value from $1 to $100. The premiums consist of various articles of Jewelry, viz: Gold and Silver Watches, Gold Pencils, Silver Fruit Baskets, Gold Guard Chains for ladies, Lockets, Bracelets, Gent's Gold Pens and Vest Chains, Thimbles, Breastpins, Ear Drops, Studs, Rings, Crosses, &c. &c., the cost of which is from one to one dollar. Country purchasers may rely on being as fairly dealt with, as regards the prices as if they themselves were present.

We have been in operation for three years and thousands have bought of us, and we have never learned that any one was ever dissatisfied. This plan affords every opportunity of obtaining a gold watch or some article of jewelry, for a trifling sum. All our pens, pencil cases, &c., are manufactured by ourselves with great care, and we offer them at precisely the same prices asked in all other cities in the city.

AGENTS WANTED.

To agents we offer the most advantageous offers, and any energetic person can do well by working for us.—We wish agents in every place in the country, and persons who would like to become such will please to address us, and we will send them printed circulars and terms, free of charge. We have no peddling distribution. The moment a pen is purchased, the purchaser is entitled to receive his premium on the payment of 25 cents extra.

Letters by mail should be addressed

A VALUABLE FARM FOR SALE.
The subscriber offers for sale, his valuable farm situated two miles North East of the Center of Bristol, Trumbull Co., O., containing two hundred and ninety six acres of first rate farming land. It is one of the best grain and grazing farms in the county, either sandy soil, with creeks of living water running through the farm. There are also three never failing springs, one of soft water, which is said to be the best in the county, a good frame house, two story high, nine rooms, surrounded by a beautiful sugar grove of three hundred second growth sugar trees. Also, a young orchard of one hundred and forty select fruit trees, a first rate cider mill, and a good cider press, all of which are within thirty rods of the farm, a grist mill one mile from the premises. There is about one hundred acres under fence. Two public roads are on the farm, and one runs directly through the land, and a school house is on the farm. The Atlantic and Great Western Rail Road passes within forty rods, and the American Central R. R. crosses the former about a mile and a half distant.

For information, inquire of the subscriber, on the premises. The farm will be offered at private sale, until the first of September, and if not sold then, will be offered at public sale on that day. It can be bought now at the low price of thirty dollars per acre.

WEST WARREN STEAM WOOLEN FACTORY.
HAVING added Steam to our establishment, we would say to our patrons, and all others who may favor us with a call, that we are now prepared to do work with despatch, and in a manner that will not fail to give satisfaction, we have also on hand a large stock of goods, which we will exchange for Wool on favorable terms. Wool to work can be left in Warren, in care of Joseph Netterfield, opposite the Post Office, or with Henry Canfield, at Woodman Stalter, by whom it will be received, and a receipt, with whom settlement must be made at the time of taking the same away.
