LOCAL MATTERS.

The Adams Express Company places us daily under obligations to it for the very latest papers from the eastern cities.

The American Express Company has our thanks for its daily favors in the shape of the very latest eastern papers.

No Paper To-Morrow.

This day being set apart by the proclamation of the President of the United States, as a day of Fasting and Prayer, in order to give the different persons connected with the publication of the *Statesman*, an opportunity to observe the day in accordance with the proclamation of the President, and that of the Governor of Ohio, no paper will be issued from this office to-morrow (Friday) morning.

CLOSING OF THE PUBLIC SCHOOLS.—The Board of Education of this city have ordered that the Public Schools be closed to-day (Thursday), and recommend that teachers and scholars observe the day in accordance with the Proclamation of the President of the United States and the Governor of Ohio.

THE POSTOFFICE.—The *Journal* speaks of complaints, in regard, as it says, "to the new regulations instituted by our Postmaster, Mr. GRAHAM, in changing the hour of delivery in the morning from 7 to 7½ o'clock." We believe such has been the regulation for years. We have heard of no complaints of the character to which the *Journal* alludes, though such may nevertheless exist. It is, we believe, the general opinion, that our Postmaster is disposed to accommodate all classes of our citizens to the utmost extent of his power. It is suggested that our neighbor, the *Journal*, may have other reasons for its fling at the Postmaster than merely a benevolent regard for the public convenience.

☞ A Toledo paper says that the renowned philosopher, "J. N. FAIR," has enlisted for the war. If this is so, the rebels had better look out, for "Truth is mighty and will prevail."

☞ Lieut. STRATTON, who it will be remembered, was with a squad of men "sent home in disgrace" from Western Virginia, has just raised a full company, and gone into camp with the Nineteenth Regiment, at Alliance. Lieutenant STRATTON was elected Captain, and Mr. BELL, who was also sent home, was elected Lieutenant.

☞ Capt. JAMES WILSON, with a fine company of one hundred and one men, from McConnelsville and Malta, Morgan county, passed through Zanesville, on Tuesday night, en route for Camp Dennison.

ARRIVED AT CAMP CHASE.—On Tuesday, Capt. JAMES BRIGGS, with 124 men, from Summerfield and Mt. Ephraim, Noble county, and

Capt. CUNNINGHAM, with 50 men, from Liberty, Guernsey county.

Yesterday, Capt. UPDEGRAFF, with part of a company, from Shelby county.

VOLUNTEERS FROM KNOX COUNTY.—The Mt. Vernon *Banner* states that, counting those who have gone into service, the volunteers in camp, and the companies now being raised, between seven hundred and eight hundred from Knox have enrolled themselves in the "army list." In proof it gives the following figures: Captain H. B. Banning's Company, one hundred men; Captain Carpenter's Company, one hundred; Captain Blackston Banning's Company, one hundred; Captain Ryan's Company, sixty from Knox; Homer Company, forty from Knox; Brownsville and Loudonville Company, thirty from Knox; Captain Muscashe's Company, fifty; Captain Roger's Company, one hundred; Alex. Cassell's Company (now forming), forty; forty John Cassell's (now forming), seventy.

NINETEENTH ILLINOIS REGIMENT.—Five hundred men belonging to Col. TAYLOR's regiment started for Louisville on Tuesday night, leaving one hundred and thirty members of that regiment at Camp Dennison.

☞ It is CHARLES G. GODDARD, son of Gen. CHARLES B. GODDARD, of Zanesville, who has been appointed Captain in the 17th Infantry, U. S. Army.

☞ Over two hundred thousand dollars of the Government Loan has been taken in Cincinnati.

CONFISCATED.—The U. S. Court at Cincinnati, on Tuesday, confiscated 1,692 bags of peat, seized by the Collector, while in transit from New York to New Orleans. They will probably be purchased, at a low price, for the city soup house. The Court also confiscated a portable mill and appurtenances, consigned to the same place.

☞ The Fourteenth Regiment, Col. STEADMAN, started for Washington on Tuesday.

RELIGIOUS SERVICES.—Religious services will be held to-day at the following and other places in the city:

Trinity Church, at 11 A. M.—Rev. Mr. GRAMMER, rector.

Congregational Church, at the usual hours, morning and evening—Rev. E. P. GOODWIN, pastor.

Westminster Church, at 11 A. M.—Rev. J. D. SMITH, pastor.

First Presbyterian Church, at the usual hours, morning and evening—Rev. Dr. HOGE officiating.

Second Presbyterian Church, at 11 A. M.—Rev. E. D. MORRIS officiating.

Jewish Synagogue, in SIMKER's building, at the usual hour.

☞ Yesterday morning, Major THOMAS bound WM. JACKSON over to Court, on a charge of assault with intent to murder.

☞ Yesterday, Capt. McCOY, Bloomingburg, Fayette county, arrived at Camp Chase, with 61 men for the Twentieth Regiment. The Captain's company is now full.

☞ DAVID PARRY, yesterday, delivered to the proper officers, over one hundred fine cavalry horses which were immediately taken to Camp Chase.

"KENNEDY'S MEDICAL DISCOVERY."—It can now be said with truth that the great remedy has been found for the "healing of the nations," for during the twelve years that this medicine has been before the public, it has cured enough persons to people a good sized State and a healthy one too, for not a partical of humor would be found in all their veins. There are many persons who to use their own words, are "never well" and yet they will not believe that it may be humor that causes their feelings, because they have not so much as a pimple on their body. All this may be true, and yet the worst of humors be concealed in their veins.—None need remain in suspense on this account however, for a bottle of the Discovery, we can assure them, will make it appear if there is a particle of humor about them.

GREAT CURE.
DR. LELAND'S
ANTI-RHEUMATIC BAND
IS THE ONLY KNOWN REMEDY FOR
Rheumatism, Gout and Neuralgia,
AND A SURE CURE FOR
All Mercurial Diseases.
It is a conveniently arranged Band, containing a medicated compound, to be worn a round the Waist, without delay for the most delicate constitution, about in hours of living is required, and it entirely removes the disease from the system, without producing the injurious effects arising from the use of powerful internal medicines, which weaken and destroy the constitution, and give temporary relief only. By this treatment, the medicinal properties contained in the Band come in contact with the blood and reach the disease, through the pores of the skin, effecting in every instance a perfect cure, and restoring the parts afflicted to a healthy condition. This Band is also a most powerful ANTI-MERCURIAL agent, and will entirely relieve the system from the pernicious effects of Mercury. Moderate cases are cured in a few days, and we are constantly receiving testimonials of its efficacy in aggravated cases of long standing.

Condition of our Wounded at Springfield.

ROLLA, Mo., Sept. 23.—The correspondent of the St. Louis Democrat furnishes the following items:

Last night Mr. Holland, of Springfield, arrived, having left there on Friday last. He is the man who took General Fremont's modification of his proclamation through to Colonel Taylor.

He reports Lieut. Williams, of the 13th Illinois Regiment, on his way with seven wagons loaded with Dr. Davis and about fifty wounded men, which Col. Taylor allowed to come, and will, probably, arrive to-morrow night. This leaves about one hundred and eighty yet in Springfield of our wounded, of which one hundred are able to come to Rolla, if there had only been transportation. Many of the rebel officers oppose our wounded leaving.

Dispatches were read on Thursday last at Springfield to the rebels, that Mulligan had surrendered, without a gun being fired, taking twenty one pieces of artillery, six thousand stand of small arms and four thousand prisoners; Boonville also taken, and Price marching on Jefferson City. This is the way recruits for the secession army are got.

McCulloch and his force of about four thousand disaffected Arkansas and Texas troops was confidently believed to have left the State, going South.

The Killed at Lexington—Communication with Gen. Frémont's Cut Off.

QUINCY, ILL., Sept. 24.—The following is the list of killed at Lexington, as far as heard from: Privates Charles M. White, Samuel G. Hann, Henry G. Nettle, G. W. Davis, Wm. H. McDonald, J. R. Palmer, Cyrus K. Trego, C. Seoville, John Hurley, Daniel Shelby. These all belong to the 1st Illinois Cavalry. Their horses, and all their arms, were retained by Price.

National Loan at Philadelphia.

PHILADELPHIA, Sept. 24.—The subscription to the National Loan, to-day, amounted to $84,000.

The Republicans of New York.

ALBANY, N. Y., Sept. 24.—The Republican State Central Committee met here to-day. The following resolutions were unanimously adopted:

Resolved, That, in the opinion of this Committee, at least 500,000 men should be enrolled for the war at the earliest possible day, and that this State should furnish at least 100,000 of that number.

Resolved, That the Executive Committee be instructed to adopt the most vigorous measures, by public meetings, through the press and otherwise, to arouse the people to the importance of supporting the Government with men and money in the present emergency.

Resolved, That we earnestly recommend to the General Government the propriety of giving to each volunteer hereafter enlisted either twenty dollars of the bounty promised to the soldiers at the termination of the war, or one month's pay in advance at the time of his enlistment.

ST. LOUIS, Sept. 24.—The injunction suppressing the Evening News, has been removed, and Chas. G. Ramsey, proprietor, and D. M. Grissom were released; assurances having been given that they will not, hereafter, publish statements about military matters as facts, without first learning their truth, and that they will not publish anything injurious to the interests of the Government. The News has always been a strong Union paper.

Military men here do not regard the simple capture of Lexington as injurious, but in a military point of view, they think it an advantage.

From Louisville.

LOUISVILLE, Sept. 23.—Rumors prevail of the burning of the Nashville and Louisville Railroad, at Nolin, fifty four miles south of here, and that no Confederate troops are north of that place.

Our pickets are said to be ten miles south of Elizabethtown.

Two officers and five privates of Buckner's command were arrested near Elizabethtown, by a part of General Rousseau's command, and brought here to-day. They are supposed to be spies.

General Anderson issued a proclamation, saying no Kentuckian will be arrested who remains at home attending to his business—who does not take a part, by action or speech, against the General or State Governments, or does not hold correspondence with or give aid to our enemies.

The Democrat publishes a letter from S. B. Buckner to James Guthrie, proposing that Guthrie continues the management of the portion of the Louisville and Nashville Railroad, under the influence of forces under Buckner's command, and if declined, Buckner proposes transferring the rolling stock to such agents as may be appointed by the counties through which the road passes.

The report that lock No. 1, on Green river was destroyed is untrue, and it is doubtful whether No. 3 is destroyed.

Gen Buckner's advice to that effect came too late. The undestroyed locks are now guarded by Union forces.

Many Union men of this city are much disturbed for fear that the Confederates, having nearly consumed the eatables of the State of Virginia, will take advantage of uninterrupted railroad communication from Richmond, Virginia, to Nolin, Kentucky, and come and devour the eatables of Kentucky during the coming autumn.

FRANKFORT, Sept 24.—The Legislative proceedings are unimportant.

The Privateer Sumter at Trinidad—An American War Ship in Pursuit.

NEW YORK, Sept. 25.—The Bermuda Gazette of Sept. 10th, says the mate and crew of the schooner Victoria had arrived at Bermuda with Trinidad dates to July 21st. They stated that the privateer Sumter had arrived there and obtained a supply of coal, and left on the 5th of August.

It is said that the Governor of the Island refused to receive the officer sent on shore from the Sumter, except as a private gentleman, and the same course was pursued by the officers of her Majesty's ship Cadmus, which vessel arrived at Trinidad while the Sumter was there. The officers and men of the Sumter were frequently on shore, and numerous visits were paid by gentlemen of this port of Spain to the steamer, and by them the courtesy and frank kindness of her officers is highly spoken of.

The steamer Keystone arrived a few days after the Sumter left, and after remaining about half an hour, steamed out of the harbor at a rapid rate, to prosecute her search. The hope is expressed by the Port of Spain Gazette that Capt. Scott would soon be able to report that he had carried out his instructions to the letter, as the presence of a vessel like the Sumter in the neighborhood, where the people are so dependent on the Northern States of America for supplies of the necessaries of life, as is Trinidad, is anything but agreeable.

Dispatches from Washington.

WASHINGTON, Sept. 24.—The Cabinet is in session this morning, and it is understood that the disaster to the Federal forces at Lexington is the subject of discussion. The opponents of General Frémont charge that he could have prevented the necessity of Mulligan's surrender by sending timely reinforcements to Lexington. Recent advices received from St. Louis by Frémont's friends, however, state that he had no troops to spare, and that it was entirely impossible for him to strengthen Mulligan's position.

The liveliest discussions of the state of affairs in Missouri, prevail here to-day in all quarters.

Intercepted letters, written by a secessionist member of the Legislature of Maryland, show that the traitor members of that body had formed an elaborate scheme for the passing of a secession ordinance, and an attempt to inaugurate an armed rebellion in the State against the power of the Federal Government. The summary measures of repressing alone saved the State from the horrors of civil war.

It is ascertained that General Patterson's campaign in Virginia cost the Government fully $10,000,000. The sole result was the capture of some twenty fugitive slaves, nearly all of whom were returned to their masters.

The gallantry displayed by Colonel Mulligan is the theme of admiration among the distinguished military men. It was not until late last night, when a telegram was received from Gen. Frémont, that the rumors of the surrender were fully, though reluctantly, credited. The latter, while informing the Department that he was on the eve of starting with a heavy force, expresses the hope that he will be able to dislodge the rebels from the position they now occupy at Lexington.

The deepest interest continues to be everywhere manifested concerning that point.

The War Department has determined to vacate all the offices of all Quartermasters, Commissaries and other officers who fail to respond promptly by filing their bonds and presenting themselves for active service.

WASHINGTON, Sept. 25.—The rebels are throwing up earthworks for the purpose of fortifying Edsil's Hill, seven miles from Alexandria, on the line of the Alexandria and Orange railroad, and two miles this side of Springfield station. There is, however, no large force there.

The Tribune's Washington dispatch says: To my positive knowledge a message was received last Sunday afternoon by a lady in Washington, from the Colonel of the 9th Virginia Regiment, now at or near Munson's Hill. From the nature of the message it would appear that the rebel Generals still hold out the prospect of an attack on Washington to their followers, probably fearing to acknowledge as yet the abandonment of that intention. The Virginia Colonel sent distinct word that he would be in Washington Sunday next, and the circumstances forbid the possibility of his making any announcement without being himself convinced of its truth. This simply shows that officers of considerable rank in the rebel army are still made victims of David and Beauregard's deceptions.

The Herald's correspondence says, a gentleman, who arrived here to-day from Kansas, states the rebels were preparing to make a raid upon the citizens in the southern portion of Kansas. Of their intention they assert that they mean to be avenged for the treatment which the Border Ruffians received during the Kansas difficulties. Proper steps will be taken by the Department of the West

Departure of Mulligan's Command from Lexington.

CHICAGO, Sept. 25.—From reports of some of Mulligan's command, who reached this city last night, we obtain the following additional particulars: The men left Lexington Saturday afternoon; nearly two hours were occupied in ferrying them over the river. At 3 o'clock they started for Hamilton, forty miles distant, under the guidance of several armed secessionists.—The advanced portion reached Hamilton at sundown. At 10 o'clock most of the party took the train for Quincy. Along the route to Hamilton they were in general kindly treated; all the money they could raise was employed to get wagons to carry wounded, though all those severely wounded remained at Lexington. Only one commissioned officer, Lieut. Hollenberg, escaped.

All accounts agree that the rebel loss in killed and dangerously wounded is from nine to twelve hundred.

The Quincy Whig of last night states, on information from an intelligent member of Col. Marshall's regiment, that a leading rebel surgeon conceded their loss to be eleven hundred and thirty-nine. Our loss is one hundred and thirty killed and wounded. Some four hundred horses of Col. Marshall's regiment were killed, it being impossible to shelter them from the enemy's cannon.

After the surrender many of the men killed their horses to prevent them falling into the enemy's hands.

A large sum of money, estimated at half a million dollars, half in specie, was secured by the rebels after being buried by Colonel Mulligan.

Gens. Sigel and Lane at Lexington.

CHICAGO, Sept 25.—A special to the Tribune from Quincy reports by telegraph that General Sigel with a large force, also Generals Lane and Hunter, had arrived at Lexington and attacked Price. An officer in the employ of the Government heard heavy firing while passing Hamilton yesterday, and it was believed that Sigel had Price in the same position Mulligan had been placed in. In regard to General Hunter this cannot be true, as he was at Rolla, two hundred and fifty miles from Lexington, on Saturday.

From Boston.

BOSTON, Sept. 25.—The Deputy U. S. Marshal seized several vessels laying at Buckport, Maine, and said to be owned wholly or in part by the rebels.

The new Irish Regiment, the 23d, now raising here, is to be commanded by Col. Thomas E. Murphey, late of the Montgomery Guards of New York. He has adopted as his rallying cry "*Faugh an Ballagh*"—"Clear the Road." They go into quarters at Camp Cameron as fast as recruited.

Prince Napoleon and suite, visited Lowell and Lawrence, yesterday.

From Fortress Monroe.

FORTRESS MONROE, Sept. 24.—A new arrival from Hatteras Inlet to-day brings the news that all was quiet there, and that an early effort would be made to dislodge the rebels from Roanoke Island.

The sailing frigate Sabine arrived to-day from Portsmouth, and will sail southward to-morrow.

General Wool will probably send no contraband slaves to Washington as the entire force here is required for the use of the Quartermaster.

Ross Winans simply gave his parole of honor and did not take the oath of allegiance.

ST. LOUIS, Sept. 25.—By orders from headquarters, Brig.-Gen. Curtis assumes command at St. Louis and vicinity during the absence of Gen. Frémont.

All drinking saloons and other places of business, except drug stores, will be closed to-morrow, and the day observed as one of fasting and prayer, by order of Gen. Curtis.

The National Fast Day in the New England States.

BOSTON, Sept. 25.—The National Fast Day will be observed to-morrow throughout New England with unusual solemnity.

In Boston business will be entirely suspended, even the closing of the offices of the Ferry and Railroad Corporations. The daily newspapers suspend publication from Thursday morning till Friday noon. Divine services will be held in all the churches.

RISING SUN, IND., Sept. 25.—By a dispatch this morning from Florence, Ind., we learn that a party of about fifty mounted rebels rode into Warsaw, Ky., last night, about ten o'clock, and broke open a building in which there were stored some arms belonging to the State, and carried them off. Six or seven Union men came up just as they were leaving, and were fired upon. The Union men returned the fire, killing one of the rebels and wounding several others. It is supposed they have gone to Marshall's Camp, in Owen county. One of the Union men was wounded in the arm. The Union men had taken the stocks off the guns that were stolen, intending to keep them off until they had organized their company.

The military of Rising Sun have offered their services for the defense of Warsaw.

Accident to the Great Eastern.

NEW YORK, Sept. 25.—The steamship Persia, just arrived, reports seeing the Great Eastern returning to Liverpool with the loss of both her side wheels. All the boats but one on the port side and bulwarks were stove, and the ship rolling heavily.

The Killed and Wounded at Lexington.

JEFFERSON CITY, Sept. 25.—News from Lexington reports Col. Grover, of the Home Guards, killed from a wound in the thigh; also, Lieut.-Col. White, of Stifle's St. Louis Regiment, was killed by a musket ball.

A man named Eldridge, a rebel from Lexington, is here under arrest as a spy. He was sent down by Gen. Price to learn the strength of our forces. Papers found on him state our force at St. Louis at only about four thousand.

McCullough is marching rapidly to form a junction with Price, with a large, well-armed and well-disciplined force, and a good supply of artillery. He is now very near Lexington.

Mulligan's total loss at Lexington was not over one hundred and fifty, and that of the rebels not more than five hundred.

COMMERCIAL MATTERS.

Cincinnati Market.

CINCINNATI, Sept. 25.

WHEAT—Lastto-day, under the Eastern news, some of the improvement which it promptly gained, and must be placed at 3c to 5c higher in quotations. There is some demand at the lower figures, but it is not very expressive. Red, which yesterday could not be bought at less than 95c, is to-day well regarded as worth more than 98c. White will not bring over 10c for prime grades. This shows that the late movements of the market, as heretofore, were induced by the reports from New York, which were followed up too closely here. In order to have a good market throughout the season, it is better that these spasms should be avoided.

CORN—Has come in moderate receipt during the week, and prices are now 1c per bushel better than last Tuesday—the market being firm at 70c.

OATS—Are higher, and sold at 22c readily to-day.

BARLEY—We sold to-day at 42@45 and 48c. The inside figure is the more nearly correct one.

RYE—Is quoted without a market at 30c.

WHISKY—Having gained to 16c, is firm at the figure.

Commercial.

Cleveland Market

CLEVELAND, Sept. 24.

FLOUR—Sales of 80 barrels Indiana white double extra at $4 25.

WHEAT—Market unsettled and lower. One car of white sold on 'change at $1 01 on track, and this is the only transaction reported to-day. Red is not quotable. Offers of buyers on 'Change were at 95c, free on board.

CORN—Sales of 2 cars at 34c.

OATS—Sales of 1 car at 22c, one car at 22c, and two cars at 22½c.

BARBWINE—Sales of 30 bbls at 16c and 50 bbls in poor package at 15c.

BUTTER—Sales of 7 kegs at 7c and 20 kegs good at 8c.

EGGS—Sale of 7 bbls at 7c.

CHILDREN TEETHING
MRS. WINSLOW,
An experienced Nurse and Female Physician, presents to the attention of mothers, her
SOOTHING SYRUP,
FOR CHILDREN TEETHING
which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will kill ALL PAIN and spasmodic action, and is
SURE TO REGULATE THE BOWELS.
Depend upon it, mothers, it will give rest to yourselves and
RELIEF AND HEALTH TO YOUR INFANTS.
We have put up and sold this article for over ten years, and CAN SAY, IN CONFIDENCE AND TRUTH, of it, what we have never been able to say of any other medicine—NEVER HAS IT FAILED, IN A SINGLE INSTANCE, TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after ten years experience AND PLEDGE OUR REPUTATION FOR THE FULILLMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.
This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLFUL NURSES in New England, and has been used with NEVER FAILING SUCCESS in
THOUSANDS OF CASES.
It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve
GRIPING IN THE BOWELS, AND WIND COLIC
and overcome convulsions, which, if not speedily remedied, end in death. We believe it the BEST and SUREST REMEDY IN THE WORLD, in all cases of DYSENTERY and DIARRHŒA IN CHILDREN, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—DO NOT LET YOUR PREJUDICES NOR THE PREJUDICES OF OTHERS stand between you and your suffering child, and the relief that will be SURE—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.
Sold by all Druggists throughout the world.
