SALE OF PERSONAL PROPERTY.—This afternoon at half-past three o'clock, J. Graff & Co. sell at No. 98 Betts-street, an excellent frame-house and lot; also, a good family horse, carriage, buggy and harness. See advertisement.

THIRTY-EIGHT LOTS OF LAND IN PRESLEY KEMPER'S SUBDIVISION AT AUCTION.—This afternoon at two o'clock Cooper & Stokes, auctioneers, sell thirty-eight lots of land in the property laid out by the heirs of Presley Kemper. Persons wishing to attend the sale will meet at Isaac Huffman's brick house, on the Walnut Hills Road, near the property to be sold.

BURGLARY IN FRONT-STREET.—The residence of Michael Schroeffenberger, at No. 40 East Front-street, was feloniously entered night before last and robbed of a silver watch valued at $20. The burglars effected an entrance through the second story window by placing a ladder against the house and passing through a room in which three boarders were sleeping, invaded the one occupied by the keeper of the house, whose wife, hearing their noise, raised an alarm, whereupon they hastily retreated and finally escaped.

BEWARE OF YOUR POCKET-BOOKS.—On Monday last a man went into Mrs. A. Weigler's millinery establishment, on Fifth-street, near Mound, and seeing a leather purse lying on the counter, requested the female in attendance, a daughter of Mrs. W., to show him a bonnet, and, when her back was turned, snatched up the purse, which contained $10, and ran off. The audacity of the thief so astonished and bewildered the girl that she ran up stairs and informed her mother, thus affording the thief ample time to make his escape.

THE LATE FRONT-STREET STABBING AFFRAY.—Last Saturday, Charles Postel, who is a runner for some hotel in the neighborhood of the Little Miami Railway Depot, while conducting some emigrants to the house with which he is connected, was met by a man named Anthony Hendman, who advised the passengers not to accompany Postel, telling them that he was a rogue, and would swindle them. Of course this gave rise to a difficulty between the parties, during which Postel drew a knife and stabbed his opponent, inflicting upon him two or three very painful although not dangerous wounds. Yesterday morning Postel was before the Police Court, upon a charge of stabbing with intent to kill, but after hearing the testimony Judge Lowe dismissed the case, upon the ground that the defendant had acted wholly in self-defense.

THE NEW MARINE HOSPITAL.—The building which, although completed for some time, has never been occupied, is being shamefully neglected by the proper authorities, who deserve the severest censure for the lack of interest they seem to feel in regard to it. During the recent tornado a portion of the roof was blown off, and since that time it has been entirely exposed to the weather. The late rain must, of necessity, have damaged it more or less, and we have no doubt the ceilings, walls, and floors, in the South-western wing, are partially if not entirely ruined by the injury they have sustained. We presume the building is under the charge of the Custom-house Officers, and if so, we respectfully suggest to them the propriety of immediately repairing the roof so as to protect the interior from the semi-hebdomedal rains with which we are favored. The Marine Hospital is admirably adapted to the purpose for which it was originally intended; and if the authorities do not choose to use it as a hotel for invalids, but prefer to have it remain idle, there is certainly no reason why they should not keep it in proper repair.

BOARD OF CITY IMPROVEMENTS.—At the regular semi-weekly session of the Board of City Improvements, yesterday morning, the following contracts for paving were awarded:

To John R. Rodgers, to pave with limestone, Ormsby-alley, from Smith to Rose-street, at 42 cents per square yard.

To J. W. Smith, to pave the sidewalks on Longworth-street, from Stone to Hoadley, at 45 cents per square yard.

On motion of Mr. Kiersted, the ordinance to establish the grade of the Ohio-avenue was taken up, and the Clerk requested to transmit it to the City Council.

The following repairs of accepted bowlder-d streets were ordered:

Butler-street, from Third to Fourth, for $40.

Vine-street, from the Canal to Thirteenth, for $20.

Main-street, from the Canal to Twelfth, for $15.

Walnut-street, from Twelfth to Liberty, for $25.

Crossing at the intersection of Pearl-street, for $10.

A petition was received from the property holders on Budd-street, requesting grade to be made as laid out in the plat which accompanies petition. Referred to the Commissioner of district, in connection with the City Civil Engineer.

A Visit to White Sulphur Springs—Amusements and Improvements at the Paradise of the West—Medicine versus White Sulphur Water.

[The following letter, which was mailed from White Sulphur Springs, last Thursday, through some unaccountable delay, did not reach us until yesterday. It is, however, worthy of perusal, and we commend the experience of our correspondent to all persons who desire to visit a summer-resort, where they may find all the concomitants of a luxurious home.—ED.]

OHIO WHITE SULPHUR SPRINGS, June 14.

To the Editors of the Daily Press:

DEAR SIRS: After a night ride in the sleeping-cars we found ourselves, shortly after daylight, approaching Lewis Center, the railroad station, from whence a good carriage-road diverges through a handsomely-timbered region a few miles to the Springs. The sunrise was truly magnificent—the sheeted gold which glowed and brightened in the East, cast a splendor upon the dark-green foliage of the forest trees, and the fresh, green wheat, bearded barley, young, fluttering corn, and crimson clover, spoke cheeringly for the crops this season. We are informed, and from observation discover, that the prospect for grain this year is exceedingly good in this region—a great contrast to when we saw this part of the country last June, blighted and blackened by the frost.

White Sulphur looks charmingly beautiful now; it is greatly improved in every particular, and especially in the grounds and gardens about the hotel. The trees, shrubbery and vegetation are very thrifty and flourishing in appearance, while the appointments of the watering-place have been improved to a great extent. The springs are in good condition, the bathing arrangements excellent, and the warm sulphur bath is especially refreshing and invigorating.

The opportunity for exercise and amusements is ample; billiard tables, bowling saloons, and bagatelle, amuse part of the guests, while others are driving along the pleasant, shaded roads, which are in fine order; others take strolls through the deep, dense forest hard by, which is one of a massive and magnificent growth—indeed one of the finest and richest growths of timber that we have seen for many a day. Indeed, there is nothing wanting in beauty to the natural scenery of this location, and the artificial additions to its comfort and improvement have been liberally, nay, extravagantly, laid out.

It is, indeed, a watering-place of which Ohio and the West may well be proud. Romantically placed upon the banks of a beautiful stream; surrounded by a fine rolling country, alternated with fields and forest, in a high, healthy region, with an excellent hotel, and a large number of neat cottages, and the amplest accommodation, there is nothing which should prevent this place from becoming the Saratoga of the West—more especially when it is taken into consideration how many varied and valuable mineral waters may be obtained here, whose salutary influences, combined with the pure, fresh and delightful air of this region, not only promote, but preserve health.

Mr. Wilson, proprietor, has left no stone unturned to conduce to the beauty, comfort, and completeness of this establishment; while his assistants—Mr. Sweeney, Mr. Jos Culbertson, Mr. Spain, Mr. Kingsberry, and Mr. Hopple—form a corps of *attaches* whose amenity and attentiveness form a model of useful and devoted application to duty and civility. Indeed, the supervision and superintendence of the whole concern, can not fail to give satisfaction to all visitors; and we, of the West, will be derelict to our own duty and interest, if we do not liberally support and patronize so capital an establishment at home, instead of seeking inferior places elsewhere.

The Medical Convention closed their convention here to-day, with a unanimous resolve to hold all their future meetings at this place. We have rarely seen a more intelligent and gentlemanly body of men in our lives; and from their application to friend Wilson's viands and wines, at dinner, we should think that they took but little of their own medicine. They seem to take to white sulphur water, and "throw physic to the dogs." But the big fiddle is sounding, under the direction of our friend Cook, the leader of the orchestra at the National Theater, and we hear them "dancing in the hall," whither fair forms are wending to "trip it on the light fantastic toe," while the eyes of beauty brighten the night, like the gold of the fire-flies that spangle the darkness

OCCIDENT.

PAINFUL CASE OF DESTITUTION—A CHILD DIES OF STARVATION AT THE MOMENT ITS SISTER IS BORN.—Coroner Carey was called upon yesterday morning to hold an inquest upon the dead body of a male child two years old, son of Barbara Smith, residing at No. 80 Race-street. The investigation developed the following facts:

About two weeks since the husband of Mrs. Smith left her entirely penniless and went to Georgetown, Kentucky, since which time she has been without almost wholly food. She had, and still has, four children—for a girl was born about the time that its youngest brother died—but they were too young to assist her, and her condition was such that it was impossible for her to help herself. She testified that the dead child had had nothing to eat since last Thursday morning, and, although the jury could not agree upon a verdict, it is altogether probable that death was caused by starvation.

The woman, when Dr. Carey visited her, was in the most wretched condition imaginable. Pale and emaciated by want of food, and the suffering which is always the concomitant of maternity; the babes crying about her bed-side for bread, which she was unable to give them, and no one near to attend to any of the wants that are so numerous to females at such times, living in a cold, damp cellar, without any of the necessaries of life, the woman presented the most frightful and distressing picture of poverty and wretchedness, that can readily be conceived.

Cases of this kind, doubtless, often occur, and there seems to be no remedy for them; but the husband who could desert his wife at such a time ought to be brought forcibly back to the city, if for no other purpose but to give him the pleasure of gazing upon the misery he had caused.

PROCEEDINGS OF THE COUNTY COMMISSIONERS. At their regular diurnal session yesterday morning, the County Commissioners passed orders amounting in the aggregate to $1,159 84; of which $425 were paid to Isaiah Rogers, for three month's salary as architect of the new jail; $69 15 to Jacob Jacobs for labor and expenses incurred in removing chain-gang convicts to Lick Run; $42 75 to John Elfin for stores for new jail; $453 93 to Walker & Son for wire-work at Long View Lunatic Asylum; $41 to O. R. Dutton for rent in' full of Lick Run Lunatic Asylum; $126 to P. M. Tully for clothing for lunatics, and $3 to S. Kemper for hauling lumber for Carthage Road. Apart from this, no business of importance was transacted.

MENTER'S BAND IN BALTIMORE.—The Baltimore *Clipper* of a late date pays the following compliment to Menter's Band, which accompanied the Ohio Delegation to the Democratic Convention. The *Clipper* says: "It is one of the finest corps of musicians in the country; since the dissolution of Dodsworth's, Menter's Band is almost unrivaled. The harmony of their music is perfect, and, whether in concert or on parade, they are, unquestionably, hard to beat."

CINCINNATI FEMALE SEMINARY.—The junior and sophomore classes, of the Cincinnati Female Seminary gave their annual exhibition last evening at the Institute, corner of Seventh and Mound. The exercises were largely attended, and the performance of the pupils gave general satisfaction.

CLERICAL ON DIT.—We see it stated in one of the Eastern papers that Rev M. D. Conway, the popular and eloquent pastor of the First Congregational (Unitarian) Church, of this city, is about to take charge of the congregation of the late lamented Theodore Parker.

NOW IS THE TIME.—John H. Deters, No. 53 West Fourth-street, has just received a fine assortment of gentlemen's French boots. They are well made, fit easy and are comfortable to the feet. Drop in and get a pair.

LAW REPORT.

COMMON PLEAS.

John Wolland *vs.* Brann & Co.—Action to recover $215—plaintiff claiming that in being paid a check, he found, on taking the money to Lancaster and having it counted there, it fell short this amount. Case tried before Judge Collins.

DIVORCE.—In the case of David Weaver *vs.* Mary Weaver, Judge Carter allowed a decree of divorce on the ground of fraud in the marriage contract.

CRIMINAL SIDE.—A new trial having been granted to Michael Whitney, who had been convicted some time ago of an assault with intent to kill Daniel Van Matre, the defendant tendered a plea of assault and battery, which was accepted by the State.

Judge Mallon passed sentence of eight days' imprisonment in the dungeon of the County Jail.

August Ferber, convicted on the previous day of adultery, was sentenced to ten days' imprisonment in the dungeon.

Ellen Sadler withdrew a plea of "not guilty," and put in a plea of "guilty" to two indictments for petit larceny, and was sentenced to four months' imprisonment on one charge, and to two months' on the other.

A motion for a new trial was argued and left under advisement, in the case of Andrew Brannon, who was convicted of an assault with intent to kill.

SUPERIOR COURT.

MOTION TO DISSOLVE INJUNCTION IN STREET RAILROAD CASE.—Levassar and others *vs.* the Pendleton and Fifth-street Market Space Railroad Company. This was an application to modify an injunction, which had been heretofore allowed, restraining defendants from laying down a double track on Congress or East Pearl-street.

It was held by Judge Hoadley that the petitioners were not entitled to an injunction, except in relation to such parts of the street, or such squares as their property was situated upon. The injunction was accordingly retained in that part of the street in which the plaintiffs were interested as owners of the real estate, but dissolved as to all other portions of the street.

King and Thompson for petitioners; Worthington and Matthews for the Railroad Company.

PROBATE COURT.

APPLICATION TO DISCHARGE OR REDUCE BAIL.—Judge Hilton heard an application for the discharge of two young men named Robb and Bonner, who, with two others, were required by an examining court to give bail in the sum of $1,000 each, to answer a charge of rape, committed on Sarah Foster. After hearing the evidence of nineteen witnesses, the Judge refused to discharge the parties, but was willing to reduce the bail to $500 each.

Kerr for the State; Boyle for defendants.

LICENSE RECEIPTS AT THE MAYOR'S OFFICE. During the week ending yesterday, the receipts for licenses at the Mayor's Office amounted to $78 50, derived from the following sources:

	$ c.
Express wagons	$ 1 00
Hackney Coaches	19 00
Halls	1 00
Huckesters	66 00
Peddlers	9 00
Total	$76 50

RUNAWAY AND ACCIDENT.—A horse, attached to a huckster wagon, and driven by Mrs. Catharine Fairlaugh, took fright at a street-railway car yesterday morning on Linn-street, near Findlay, and ran off, overturning the vehicle and injured the woman very badly.

COVINGTON NEWS.

RIOT IN CYNTHIANA.—Day before yesterday, one of the *employes* of the Kentucky Central Railroad, committed an assault upon a citizen of Cynthiana, for which offense he was pursued to the depot, where he took refuge on the cars, and the officers were forcibly prevented from arresting him. Yesterday morning three or four hundred persons, well armed, waited for the arrival of train, and uncoupled the engine and threw obstructions on the track, and would have made all the *employes* of the road prisoners, had they not given security for their appearance at the next term of the Circuit Court, on a charge of having resisted the authorities when attempting to arrest a prisoner.

CIRCUIT COURT.—Three or four persons were fined, in the Circuit Court yesterday, for keeping tippling-houses, and one woman, Catharine Baker, fined $25 and costs, for barboring lewd women.

NEWPORT NEWS.

CRICKET MATCH.—The first match game of cricket between two Kentucky Clubs will be played at Maysville, on the 22d inst., by the Newport and Maysville Clubs. The Newport Club will go up the river on the *Boston*, on the 21st.

PUBLIC SCHOOL EXAMINATIONS.—The examinations in the Public Schools will commence to-day. The schools will all close this week.

RIVER NEWS.

The Ohio, opposite this port, continues to recede, having fallen during the twenty-four hours ending last evening nine or ten inches, leaving a channel-depth between here and Louisville of about ten and a half feet. The river is still declining at Pittsburg, and is probably receding all the way to this point, and even to the mouth.

The weather continued very warm and quite sultry yesterday, but still pleasant and moderate in temperature for this season, with occasional cloudy skies, but no more rain.

Business on the Landing continued dull yesterday, but it was an improvement on Monday; boats remaining numerous and freights scarce. Rates were so ridiculous, and there was so much competition among steamboat-masters for what little offered, that we can not give reliable quotations yet.

At Louisville there were four feet eight inches in the canal on Monday night and falling.

The Baltic arrived at Louisville on Tuesday morning with a good trip from New Orleans. She had on deck nearly three hundred deck passengers, principally coal-boatmen. She has made her trip for the season.

On the last trip of the Anna Perret to New Orleans, while the boat was under way, a short distance above Baton Rouge, a man named Lewis Bart jumped overboard. Strange to say, his body did not sink beneath the surface, but floated on the water. In less than five minutes he was got on board again, when life was found to be extinct. He was a carpenter, and had got on board at Washington. As he had been drinking very hard it is supposed that he jumped overboard while under the influence of *delirium tremens*. The body was put on shore at Baton Rouge, where the coroner took charge of it.

Litherbury is building a magnificent hull for Capt. Pres. Ludwick's new packet. It is 220 feet on deck, 40½ feet beam, 38 feet floor, and 6½ feet depth of hold. She will have plenty of power.

Saturday's New Orleans *Delta* informs us:

After all, we did not have any rain last Friday night, though report says that it rained up in Lafayette. The sky looked clear enough yesterday, and the weather was oppressively warm. Business was very moderate and but few boats went out. Arrivals, also, were scarce. The arrivals for the week ending on Friday noon last were forty-five, classified as follows:

Attakapas	1	Louisville	2
Cairo	1	Opelousas	1
Cincinnati	3	Ouachita River	3
Coast, Lower	2	Pittsburg	1
Coast, Upper	2	Red River	6
Cumberland River	1	St. Louis	2
Grand River	1	Vicksburg	3

The receipts of produce by the above packets are rather small. Cotton, especially, shows a heavy decline on the figures of last week. Tobacco almost alone shows an increase, the receipts being over four thousand hogshead. We append our usual weekly recapitulation:

Cotton, bales	2,815	Beef, tcs. and brls	350
Sugar, hds and bls	9,924	Bacon, cks. and bxs	1,236
Molasses, brls	908	Lard, tierces	466
Tobacco, hhds	4,668	Lard, kegs	500
Flour, brls	18,043	Butter, firkins	1,853
Wheat, sacks	561	Cheese, boxes	557
Corn, sacks	42,099	Bagging, pieces	525
Oats, sacks	22,435	Rope, coils	2,853
Pork, brls and tcs	4,346	Whisky, brls	2,807

Yesterday's St. Louis *Republican* observes:

The river here is rising at a very slow rate—say two inches in 24 hours. There is 11½ feet in the channel out to Cairo.

The Illinois river is reported about stationary, with three feet in the channel below Peoria, and 39 inches above that point.

There are very few boats in the Illinois River at present, and very little business is doing in that stream. The Louisville, Sam Young and Desmoines City are still running in the Peoria Line. The Louisville is due this morning.

Monday's New York *Herald* observes:

Nothing has occurred during the week to disturb the superabundance of Money, and rates are unchanged. We quote loans on call 4@5 per cent., with frequent transactions at 4c. Indorsed Paper, six months to run, goes easily at five, and we hear even of single name Paper being done at this rate. First-class short acceptances are very scarce, and are taken eagerly at 6@7 per cent.

There was more activity in the Exchange market than during the previous week, and Sterling Bills have advanced ¼ per cent, under an increased demand. At the close several leading bankers put up their notes to 109⅞, but the principal business of the week has been at 109⅝. The rates on Paris and the Continent remain unaltered.

Messrs. Thompson Brothers, New York, say there is considerable activity in Land Warrants, with a further advance, and quote thus:

120 acres	85	93 ⅞ acre.
