LOCAL AND MISCELLANEOUS.

Acknowledgments.

Hon. WILLIAM HELMICK has our thanks for public documents.

New Goods.

J. MULVANE has commenced receiving his new goods. Look out for bargains.

The Flood.

Great damage was done by the recent rains to railroads. Most of them, however, are all right again. Our road is good as new.

To the Ladies.

Don't fail to read Mrs. WORK'S advertisement. Of course it would be no use for us to tell you to call and see her goods—you will go, sure.

Council Meeting.

At a meeting of the town council on Saturday evening JOSEPH WORK was elected Marshal, and JAMES FRENCH Street Commissioner.

The Laws.

This week we commence the publication of the laws. Our readers will not be much annoyed with them, since we expect to publish all in two or three more issues of our paper.

Religious.

A protracted meeting was recently held at the Presbyterian Church in this place. Some fifteen or twenty joined the Church. The Disciples have just had a meeting and several were added to that Church.

Would You Marry!

Well, young woman, if you would marry wouldn't you do well to call on Mrs. UHLER, whose advertisement appears in to-day's paper, and get a bonnet nicely trimmed. Or, if you don't want to marry, neither want a beau, you surely want a pretty bonnet. A word to the wise is sufficient.

Shot.

A boy some fifteen years of age, whose name we have not learned, on Tuesday last having a spite at J. Bird, a resident of Orrville, shot and severely wounded him with a rifle. It is questionable whether Bird will recover. We have not learned full particulars.

Commissioned.

Esq. JUSTICE has received his commission and will enter upon the duties of the office of Justice of the Peace on Monday next.

In a Few Days.

In a few days our now quiet people will begin to prick up their ears and inquire after the news. It will be but a few days till the result of the great prize fight between HEENAN and SAYERS will be announced here, and although most persons look on it as a disgraceful affair every one is anxious to know who whips. The Charleston Convention will meet on Monday next and every one is anxious to know who will be the nominees. On the 9th of May the Baltimore Convention meets to nominate candidates for President and vice President. On the 16th of May the Black Republican Convention will meet at Chicago. After these events we will have stirring times, and he who don't take the *Farmer* will be nowhere among the whirl and excitement of the coming six months.

Reader, get your neighbor to subscribe for the paper, so that he will not be borrowing yours all summer.

The Coshocton Test.

They have a peculiar method of testing the strength of whiskey at a distillery down in Coshocton county. The operation is as follows:—The distiller administers a dose of the aforesaid whiskey, and directs the man to walk off towards certain test-posts, forty and eighty rods distant. If the man falls dead before reaching the forty rod post, the fluid is considered too strong and is *rejoiced* accordingly, but if he survives and reaches the eighty rod post a live man the inspector pronounces the liquor of good proof, and brands it accordingly. Sometimes eight or ten men are necessarily sacrificed to establish the credit of the distiller, but the citizens generally commend the practice, as they say it is better that one innocent man should suffer than for an entire community to risk the poisonous influences of "tanglefoot" which has not stood the test of the analyzation aforesaid.

We Want to Know.

Now that the political campaign is about to open, we want the *Republican* to speak out on a few questions in which the people are interested. We want to know whether our neighbor sustains or condemns the action of the Legislature and the Supreme Court in giving "bay negroes" the right to vote. We want to know whether he sustains the action of the Black Republican Legislature in electing CHASE to the United States Senate; in appropriating the people's money for a Legislative drunk; appropriating $24,000 out of the Treasury to keep up the Public Works when these works could have been leased for $20,000 and kept in good repair; in appropriating money out of the Treasury that was not in it; in failing to fill the requirements of the Constitution in reference to the payment of the State debt; whether he still justifies Old Brown's raid on Verginia; whether he sustains HELMICK's vote in opposition to the abolition of the franking privilege, and finally whether he is in favor of a slaveholder or an Abolitionist for President. These things will all come up in the coming contest and we want to know how our neighbor stands on them at present.—Speak out and let there be no dodging.

He Cries.

Our neighbor of the *Republican* being surrounded and overwhelmed with proof of his falsehoods in regard to the Democratic nominations got out the following last week:

We have no kind of objections to the Editor of the *Farmer* writing communications for his own paper, abusing us, but we have a right to object to his trying to fasten the authorship of these communications upon a member of a respectable religious body, few of whom will have anything to do with him.

After we have shown him up by his own words, and by other proof much more reliable, and exposed his duplicity, until his political friends blush for him, he whines like a spanked baby and says we are abusing him. We do not chose to name the author of the communication but our readers will bear us witness that we have shown no disposition to be backward in writing what we may think in regard to him or any one else. What the members of the Methodist Church have to do with us, be it much or little, is not a question for newspaper controversy. Some of the members of that church are after our neighbor with a sharp stick—they often take mighty mean men and make decent citizens of them. We seek no personal controversy, but we would gently hint to the wall eyed, blubber sided, pug nosed, blue mouthed, nigger lipped, squakey voiced, soft headed, long eared, shallow brained, snaggle toothed, filthy mouthed, box ankled, pigeon toed, cat's paw footed, long headed, hammer hearted, ill begotten, turkey trotten, half rotten, Black Republican, Abolition editor to attend to his own affairs and let Democrats and Democratic nominations alone or we might be tempted to pitch into him in earnest.

MARRIED.—On the 15th inst., by Rev. G. DAEFKON, Mr. MARTIN HENES and Miss ELIZABETH BOLEPLER.

☞ CROUP.—Children are often seized very suddenly with disease, which, if not promptly relieved, proves fatal. It generally attacks children in the night, after having been much exposed to the damp cold winds through the day. Damp house, wet feet, thin shoes, wet clothes, or anything that obstructs perspiration, may occasion Croup. Mothers! your children are liable to be taken with this direful complaint at a time when you least expect it, but it is not always a doctor can be called or a remedy found, and for this reason we would advise you now, and without a moment's delay, to buy a bottle of Dr. EATON'S INFANTILE CORDIAL. It will cure every case of Croup, if taken in time, and also all complaints attending Teething, Convulsions, Coughs, Colds, etc. It is sold by all respectable druggists. Messrs. CHURCH & DUPONT, New York, are the proprietors, and also sole agents for Dr. BROSSON'S BLOOD FOOD, which for the Consumptive and chronic diseases is a sure remedy. Do not be put off with any other articles. Write to CHURCH & DUPONT, New York, if you cannot get them in your own town. ☞ See advertisement.

If you want to buy your stoves where you can find

The Royal Oak, the very best;
The Fortuner, that beats all the rest;
The Americanist, that can't be beat,
The Welcome, we take to fill out the sheet.

The Uncle Sam, that comes in now;
The Senturian, that we sell low;
The Statesman, that sells tor less;
The Prizes is good we guess.

The Favorite, we know is good;
The Diamond Rock, for coal or wood;
The Imperial we have got;
The May Queen, a fine lot.

The Premium, of all sorts and sizes;
The Box stove big enough to hurt your eyzes;
The Parlor stove, which has no superior;
The Monkey stove which is much querier.

Here you see are sixteen kinds,
Which we have, if we have our minds,
And this is not half; there's a new lot coming,
This we know by the draymens running.

And now you can all see that this
Is the place without a miss
To come for you will always find
Everything that is kept in the tinner's line.

Times are hard we know,
And we have stoves to suit,
Which we will sell low,
Or trade for old ones with a little boot.
