More of it-Defalcation of $12,000 by the Black Republican Treasurer of Vermont.

The Black Republicans boast of their virtues and their fitness to manage the money of the people. But on coming in to power they have run the public treasuries largely into debt.

Look at New York where their corruptions have been astounding. Their corrupt bargaining, and selling of votes, in the Legislature at Albany last winter, was a shocking commentary upon the honest professions.

Massachusetts, New Hampshire, Maine and other States, have been burthened by them in public debts.

Deacon Peck, the Treasurer of Maine, was a defaulter to the amount of $98,000 —$36,000 of which it was shown he expended for party purposes.

The late State Treasurer of Michigan, a Black Republican, is a defaulter to the amount of $110,000.

State Senator Fry, of Worcester, another moral reform Black, has been exposed in forgeries to the amount of 15,000.

Now Henry M. Bates, the Treasurer of Vermont, has absquatulated to Canada, having robbed the Treasury of 42,000!—Vermont is a Black Republican State, where negro philanthropy runs to a high pitch. If they can't keep their public officers there and in Maine from stealing the public treasure, what may we expect in the nation, when their loose hordes are set upon the property of the people?—*Hartford Times.*

An Eventful Life--Return from Van Dieman's Land.

John Bateman arrived in Troy, N. Y., 24th ult., on his way from Canada to Chatham Centre, Columbia county, N. Y. which place he left twenty-four years ago. Being shortly afterwards arrested in the Canadian rebellion of 1837, he has ever since, up to within a brief period, been a convict in Van Dieman's Land. The Troy Times says:

Bateman is now sixtyfour years of age. He says he removed from Chatham Centre to Canada in 1836, where he purchased a quantity of land and engaged in the business of lumbering. The patriot war soon after breaking out, he attended the meetings of the patriots, where he was finally captured, but afterwards released. Sympathizing very ardently with the patriot cause, he removed to the American side, and joined the lodges there. Here he was again captured, and taken to Kingston, where, after a brief trial, he was sentenced to death. Eleven of his companions were executed while he was in confinement. Bateman remained in prison ten months, when his sentence was finally commuted to exile in Van Dieman's Land. In that far-off convict island he worked under government, building roads and bridges, improving land, and at such other employment as the convicts were compelled to engage in. For a period of about twenty years he worked as a convict on the island, until he was recently pardoned by the Queen, and was once again a free man.

WAITING FOR THE MISSISSIPPI TO RUN DRY.—The Vicksburg *Whig* is responsible for this running commentary on the simplicity of some of the interior residents:

A family of emigrants, westward bound, and hailing from Scott county, in this State, have been "camped out" in what is known as the "bottom," in the lower part of the city, for several days. A day or two ago, one of the family approached a lady living near by, and innocently inquired how long it would be before the river would run dry, so that they could drive their teams over. The lady, of course, replied that while the leaves were in the forest, or foam on the ocean, there was a probability of the Mississippi still wending its way toward the gulf, which surprised the family very much, and they concluded that it would be best to pack up and pay their way over on the ferry boat. At the Big Black they said they waited two days for that stream to run dry, but at the end of that time they found that it contained as much water as ever; and concluded to cross on the ferry, thinking the roads would be in a bad condition to travel if the remained there much longer.

"A NICE LITTLE ARRANGEMENT."—On Thursday evening last, a couple of young folks called on Esquire F. and, after considerable hesitation, requested to be united in the "holy bonds of matrimony," which request the 'Squire at once proceeded to comply with. The bride, from the lateness of the hour and the peculiar nature of the call thought some explanation necessary, and so very innocently remarked:—"We came from Columbia county to attend the fair, but finding the taverns all full, and no place for Alex. to sleep, we concluded to get married so he could sleep with me!"—*Madison (Wis.) Patriot.*

A YOUNG man in this city, says the Rochester Express, who is very fond of playing euchre, and also very fond of the daughter of a pillar of one of our popular churches, was taking tea at the house of his adored a few evening since, and had some fruit cake offered him. Being somewhat confused on account of his situation as the cake was held out, he cried out, "I pass." The father hearing him, and having played some in his younger days, was horrorstruck at his infatuation for the game, thought he would teach him a lesson. He spoke bluntly: "You *pass*, do you? then I order you up and there's the door."

IT is said that the Chinese of San Francisco have a legalized custom of wife stealing, to which it is understood that if a wife be once fairly carried off, that seems to be the end of the matter, the bereaved husband's only chance of solace being confined to his hopes of carrying off somebody else's wife. We suppose that a Celestial, who was desirous of retaining the partner he already possessed, would be likely to feed her up to the best of his ability.

DRESSING FOR SALAD, OF ANY KIND.—Mixing the yolk of an egg, boiled hard, with a large tea-spoonful of mustard prepared, a pinch of salt and sugar, and two tablespoonfuls of melted butter or olive oil; when smooth, add as much vinegar as oil; stir it well together; pour it over the salad. Cabbage, lettuce, &c., are much improved by this dressing. Slice the white of the egg in rings over the top of the salad.

Novelty in the Art World.

PHOTOGRAPH UPON PORCELAIN.

Secured by letters patent in the United States, England, France and Belgium.

THE AMERICAN PHOTOGRAPHIC PORCELAIN CO.

No 781 Broadway New York,

having secured their novel and ingenious invention for American and European patents, are fully prepared to execute all orders for

Miniture Likenesses of Persons on China,

presenting all the attractive and advantageous features of ordinary photographs, the full fancy and finish of a water color drawing, and a hitherto unattained quality of durability, by being rendered as imperishable as the natural properties of the articles upon which they are transferred.

As the patented process of the Company enables the reproduction of Photographs, not only on plain surfaces but upon such as are round or of any degree of irregularity—portraits can be reproduced with faithless accuracy, and delicacy of delineation, upon Porcelain wares of any description and discription used as articles of luxury or of household utility, such as

Urns, Vases, Breakfast Cups, Toilet Articles, &c.

thereby securing faithful portraits and furnishing a unique and exquisite style of ornamentation of articles in domestic use.

In order to furnish facilities for the gratification of the popular taste, and to meet the wants of those patrons of the Fine Arts desirous of having Portraits on Porcelain, the Company have imported from Europe a collection of superior porcelain goods, manufactured to their own order which they sell at cost prices.

As the American Company are owners of the patent right and consequently the only persons authorized to use the process, they have determined, in order

MRS. WINSLOW,

AN EXPERIENCED Nurse and Female Physician, presents to the attention of Mothers, her

Soothing Syrup.

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers it will give rest to yourselves & RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine, never has it failed, in a single instance when timely used, to effect a cure, nor did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of the highest commendation of its magical effects and medical virtues. We speak in this matter "OF WHAT WE DO KNOW," after ten years experience, AND PLEDGE OUR REPUTATION FOR THE FULFILMENT OF WHAT WE HERE DECLARE. In almost every instance where the infant is suffering from pain and exhaustion, the syrup is administered.

MRS. WINSLOW'S SOOTHING SYRUP.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILFUL NURSES in New Eng and, and has been used with never failing success in THOUSANDS OF CASES.

It not relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND CHOLIC, and overcome convulsions, which if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhœa in children whether it arises from teething or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, ABSOLUTELY SURE—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

GREAT IMPROVEMENTS

IN THE ART,

WILLIAM McKEE,

Would take pleasure in announcing to the citizens of Millersburg, that he has taken the rooms over Dr Boling's office, where he has an excellent SKY-LIGHT, and with his experience in the Art, having had the advantage of being instructed in one of the largest and best Photograph Galleries in the East, he feels justified in saying that he will make

PHOTOGRAPHS, AMBROTYPES

And all the popular pictures of the day attaining the highest perfection in the Art.

He defies competition, and claims that he will make better pictures, on an average, than have ever been made west of the Mississippi. My results are certain.

He would also call attention to the artistic and graceful position in which his subjects will be seated. It is unnecessary to remind the enlightened citizens of this vicinity of the inestimable value of a fine and life-like picture of a departed friend. Suffice it to say that safest way is to improve the present, for the past is yours, and the future you cannot command.

COME ONE! COME ALL!!

To see and get better pictures than have ever been made West, if they do cost but fifty cents each, neatly enclosed in good morocco case. ☞ Bring in your children. He claims not to be excelled in making child like and fine pictures of children. Bring them in the forenoon.☜

Mr. M. is not one who has the name of a traveling Artist. There is no humbug about this circular.

Perfect satisfaction guaranteed.
