# FINANCE AND COMMERCE

### Wall Street.

New York, April 7.—It would be difficult to extract any broadly significant conclusions from the meager happenings in the stock market today. Absolute idleness is the only term to describe the market at times. From one to two o'clock only 8,000 shares were dealt in. There were numerous intervals of five minutes or upward when not a single transaction was made on the floor of the exchange. The waiting attitude of the speculation is pronounced.

Of the repressive facts the shadow of a possible supreme court decision in the American Tobacco case looms in the prospect with such approach of Monday.

The London speculation in rubber shares is contemplated with anxiety in all the world's financial centers and with a common conviction that a collapse must ultimately result. Reports today that the excitement in these shares is spreading to the Paris market, added to the interest of the subject.

Expectation that the March statistics of the copper producers association may prove unfavorable had a depressing influence on the copper industrials. Predictions of an increase in the United States Steel dividend persisted but were partly neutralized by the tone of reserve in the reviews of the steel trade organs. The threat of a strike on the Delaware, Lackawanna & Western received consideration of the wide prevalence of labor trouble. Western Union was depressed specifically by the official announcement of a policy of re-investment of earnings in improvements. Closing stocks:

# RUNAWAY NEGRO IS CAPTURED NEAR COLORADO

Morris Porter, Aggressor in Saloon Fight Here Election Night, Arrested in Vicinity of Raton.

Morris Porter, the negro janitor and porter, who shot "Tex," also a negro and likewise a porter, through the mouth with a 45 caliber revolver last Tuesday night, and who escaped in the excitement that followed, was captured yesterday afternoon near the Raton tunnel, according to a dispatch received from the Gate City by the police department.

Porter and "Tex" mixed in a post-election argument in the rear of the Redlight saloon Tuesday night. The argument developed into a fight and Porter took a shot at "Tex." "Tex" secured the gun in the melee and chased Porter for a block taking two shots at the fast disappearing negro. Porter evidently kept on going as he was almost over the territorial line and into Colorado when he was arrested yesterday. The negro will be brought back to Albuquerque this morning by Lieutenant Collier of the New Mexico mounted police.

Porter was captured by Special Santa Fe Officer Hubbard.

# ARE MICROBES IN YOUR SCALP?

### It Has Been Proved That Microbes Cause Baldness.

Professor Unna of Hamburg, Germany, and Dr. Sabourand, the leading French dermatologist, discovered that a microbe causes baldness. Their theory has time and again been amply verified through research experiments carried on under the observation of eminent scientists. This microbe lodges in the Sebur, which is the natural hair oil, and when permitted to flourish it destroys the hair follicles and in time the pores entirely close, and the scalp gradually takes on a shiny appearance. When this happens there is no hope of the growth of hair being revived.

Dandruff is a contagious disease, which is largely due to a destructive microbe, which when left to pursue its course causes itching scalp, falling hair and baldness. Dandruff is caused by the microbe affecting the glands which produce the sebaceous matter, which latter then unnaturally dries up and scales off.

We have a remedy which will, we honestly believe, remove dandruff, exterminate the microbe, promote good circulation in the scalp and around the hair roots, tighten and revitalize the hair roots and overcome baldness, so long as there is any life left in the hair roots.

We back up this statement with our own personal guarantee that this remedy called Rexall "93" Hair Tonic will be supplied free of all cost to the user if it fails to do as we state.

It will frequently restore gray and faded hair to its original color, providing loss of color has been caused by disease; yet it is in no sense a dye. Rexall "93" Hair Tonic accomplishes these results by making every hair root, follicle and pigment gland strong and active, and by stimulating a natural flow of coloring pigment throughout the hair cells.

Rexall "93" Hair Tonic is entirely free from grease or sediment, is exceedingly pleasant to use and will not gum the hair or permanently soil the clothing or pillows.

We exact no obligations or promises—we simply ask you to give it a thorough trial and if not satisfied tell us and we will refund the money you paid us for it. Two sizes, prices 50 cents and $1.00. Remember you can obtain it in Albuquerque only at our store—The Rexall Store. J. H. O'Reilly.

# FORMER ALBUQUERQUEAN AFTER RE-ELECTION

### Tom D. Fennessy, of Typographical Union, Making Energetic Campaign On Pacific Coast.

Thomas D. Fennessy, formerly an employe on the Albuquerque Morning Journal, for some time past a trustee of the Union Printer's Home, is making an energetic campaign on the Pacific coast for re-election to that position. Mr. Fennessy is now living in Los Angeles, where he is well known as a labor union leader. Local members of the Typographical Union have received a pamphlet bearing the names of a committee of one hundred members of the Union on the coast, testifying that Mr. Fennessy has given splendid service in the office of trustee for three years and asking that he be re-elected. Fennessy was a member of Roosevelt's Rough Riders during the Spanish war and was with him during the entire campaign.

### One Conductor Who Was Cured.

Mr. Wilford Adams is his name, and he writes about it.—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., street railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. J.
