"Me for 'GETS-IT' When I Have Corns"

Simple As Saying It: Never Fails.

It does your heart good to see how easily and quickly any corn comes out when you put "GETS-IT" on! And then when you're gone along for

years trying everything, when you've sat up nights wrapping up your toes in bandages, smearing on salves that rub off or swell up the corn, pasting on cotton plasters that make corns bed-ridden, slaughtering your toes with razors, jabbing them with knives and pecking in the quick with scissors—and then you put on 2 drops of "GETS-IT" and see your corn fall right off—why, it just looks like a miracle. Just try it. "GETS-IT" never fails. No pain, no trouble. Use it for any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

SANTA FE SHOPS EMPLOYE ASKS DAMAGES FOR INJURY

Alleging that he was permanently injured while working in the Santa Fe railway shops, W. H. Beatty yesterday brought suit against the railway company, asking judgment for $3,000.

Beatty was a blacksmith's helper. He alleges Henry Baca, blacksmith, threw an engine driver off an anvil and that it fell on his foot, breaking two bones. The accident occurred January 29, he says. Judge W. C. Hracock is his attorney.

GAMBLE COMPANY TO GIVE CONCERT AT AUDITORIUM

The Ernest Gamble company, of Pittsburgh, is the next attraction to be offered by the Santa Fe reading rooms for the benefit of the railroad employes and their families. The company will give a concert at the high school auditorium tomorrow night. The doors open to employes at 7:45 o'clock and to the public at 8:15.

In announcing this attraction Superintendent Busser says:

"All lovers of music, comprising master works, are familiar with the accomplishments of this truly great company.

"The influence of these people on the home and social life of our employes has been so decidedly uplifting, and their program opening so many windows of hope and good will, that I am willing to accept them whenever they offer to come; and they are so taken with the Santa Fe service and so in love with Santa Fe employes, and their cordial appreciation of their work has so fascinated them as public entertainers, that they feel they have lost a month out of their lives if they are unable to make the trip.

"In other words, it is as much a pleasure for them to come, as it is for me to bring them. In fact our season's work would not be complete without the Gamble Concert party.

"I am stating a fact when I say our employes will go a long distance to hear them. By hard work and a very rich endowment of nature, Miss Page has become a virtuoso, and by connoisseurs is ranked with Kreisler. Dear Shonnert cannot continue with them on account of ill health, but Miss Kuhn is considered the only one who could become his substitute.

"Of Mr. Gamble, whose renditions always point a moral and whose love is personality, as well as his magnificent voice, are always introductory to higher and fairer realms—he has not abated one jot or tittle of the force benign nature has endowed him with. The big event of the season."

ABO HIGHWAY IS MADE STATE ROAD BY LEGISLATURE

Newly Formed Association Gets Guaranty From Great East-and-west Highway Similar to Camino Real.

The Rev. R. E. Farley of Mountainair, brought the news from Santa Fe last night that both houses of the legislature yesterday had declared the Abo highway a state road. Mr. Farley is secretary of the Abo Highway association which was organized a short time ago at Vaughn. Col. D. K. B. Sellers is a vice president.

The Abo highway runs from Albuquerque through Abo pass in the Manzano mountains south of here to Mountainair. It runs from Mountainair east to Clovis, through every town on the Santa Fe railway's Belen "cut-off," parallel to the line. It is said very little work will have to be done to put the route in good condition.

A strong argument advanced by the association in favor of the state's declaring the Abo highway a state road was the fact that it was the only trans-state route entering Albuquerque from the east that has been open all winter. The National Old Trails route, coming from the northeast, was blocked by snow and travel over the Panhandle-Pacific was cut off by deep snow in Tijeras canyon for a time, necessitating a detour by incoming tourists through Abo pass.

Would Extend to K. C.

The "cut-off" towns, knowing it was the plan of the state highway commission, to open an east-and-west highway through New Mexico corresponding to the north-and-south Camino Real, decided to get busy. They called a meeting to be held at Vaughn and there started the agitation for the state highway paralleling the Santa Fe's "cut-off." The movement was organized but a short time ago and the backers already have achieved the greater part of their plans.

Mr. Farley was in Santa Fe a week in the interest of the Abo association. He was on his way home last night. While here he learned from the president of the association that arrangements were being made to extend the road from Clovis to Amarillo, Tex., thence to Kansas City through St. Louis to Indianapolis, Ind.

BROTHER OF MURDERED WOMAN ARRESTED AFTER PROBE INTO LYNCHING

That the Santa Fe county grand jury has been investigating the lynching of Adolfo Padilla became known here when Sheriff Charles Closson, of Santa Fe, directed Sheriff Jesus Romero to arrest Nicolas Blea here, charged with implication in the affair. Sheriff Romero nabbed Blea and locked him in the county jail to await the arrival of an officer from Santa Fe county.

Padilla was arrested after the murder of his wife. Soon afterward several men entered the jail early in the morning, held the jailer at bay, and took Padilla from his cell. He was found later on the street not far from the jail, dying from several knife wounds. Blea was a brother of Padilla's wife.

MURPHEY CASE IS SET FOR HEARING BY JUDGE CRAIG

The hearing of the Murphey case was postponed yesterday until tomorrow afternoon at 2 o'clock. Police Judge George E. Craig will preside. City Attorney Thomas N. Wilkerson, assisted by George S. Klock and Judge W. C. Hcacock, will represent the prosecution.

Dr. E. S. Spindler of the federal bureau of animal industry, a neighbor of Dr. W. T. Murphey, signed the complaint, which Judge Craig received Sunday. Chief McMillin served the warrant, citing Murphey to appear before the police magistrate. Dr. Murphey is charged with infringment upon the city ordinance against the building of tubercular sanatoriums within certain limits.

KLEINSCHMIDT ARCTIC PICTURES TO BE SEEN AT CRYSTAL TOMORROW

The pictures taken last summer known as Capt. F. C. E. Kleinschmidt's Arctic hunt will be placed on view at the Crystal theater Wednesday and Thursday, March 10 and 11.

Capt. F. E. Kleinschmidt, intrepid Arctic big game hunter and naturalist, who commanded the expedition, took a cienematograph with him in his quest for specimens, and devoted much time and labor to securing a permanent record of the habits of the polar bear, walrus, sea lion, seal, moose and caribou, mountain sheep and other wild life of land and sea, as well as the birds of the northland in their native habit. The Eskimo came in for his full share of attention, and his home life in the igloo, his sports and pastimes, and his fearless chase of the big game which provide for his every need, have all been preserved in the form of moving pictures, replete with thrilling and amusing scenes.

Aside from the educational and scientific value of the pictures, they are rich in human interest and afford an unique and wholesome entertainment. The monsters of the deep are shown in their annual struggle for their mates, which often approximates a war of extermination. Polar bears were encountered in large numbers and at close range, a picture showing in detail the "roping" of a cub from the deck of the pursuing power boat, and the rescue effected by the mother after a ferocious battle with the captors, is one of the most remarkable ever secured by a camera man.

McDonald & Mugglay have moved their real estate office to 108 South Third street.

ART EXHIBIT TO BEGIN IN CITY HALL THURSDAY

Famous Paintings Brought Down From State Museum at Santa Fe for Benefit of School Children.

The art exhibit of fifty famous paintings loaned by the Museum of New Mexico, which has been arranged by a number of public-spirited Albuquerque women for the benefit of the school children of this city, will be open to the public Thursday afternoon at 2:30 o'clock and will continue for five days, closing Monday afternoon.

The exhibit will be open every afternoon from 2:30 until 5:30 o'clock, and on Friday, Saturday and Monday it will be open in the morning from 10 to 12 o'clock. The pictures are being hung in the city hall, and the assistance of Robert Cairns Dobson, a well known eastern artist who is now in Albuquerque, has been enlisted in the arrangement and grouping of the various canvases.

The collection that will be exhibited in the city hall comprises the work of some of the most famous American artists, and will be well worth the inspection of the most critical art connoisseur. The subjects for the most part are New Mexico scenes and types, and the paintings are part of a collection that has attracted attention all over the United States and that has been one of the best advertisements that the state, and especially Santa Fe and the museum, have ever had.

It is the idea of the ladies in charge of the exhibit that Saturday is to be specially set aside for the school children, and it is expected that the youngsters and their teachers in large numbers will avail themselves of an opportunity such as is rarely afforded to the people of this city. The exhibit will be free to the children, and a charge of 25 cents will be made to the grown-ups in order to defray the expenses of bringing the collection of paintings from Santa Fe to Albuquerque.

Every Man Read This

This treatment is said to have acquired a wonderful reputation throughout the East, owing to its peculiar propensity to fortify the nerve force and generate health and a consequent personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a blessing to those who are physically impaired, gloomy, despondent, nervous or who have trembling of the limbs, dizziness, heart palpitation cold hands and feet, insomnia, fear without cause, timidity in venturing and general inability to act rationally as others do. Also of vast benefit to writers, professional men, office workers and the victims of society's late hours and over-indulgence in wines, liquors, etc.

By obtaining the treatment at some well stocked pharmacy, no one need know of another's trouble while the treatment has been widely prescribed and dispensed heretofore by physicians and pharmacists, the grain tablets are so prepared with full directions for self administration that it is wholly unnecessary to pay a physician for prescribing them. Just ask for three-grain Cadomene tablets, begin their use and soon all the joy of a healthy body, sound nerves and strength will be felt.
