[SPECIAL CORRESPONDENCE TO MORNING JOURNAL]

Roswell, N. M., May 16.—Interest in the Roswell Rifle club has increased within the last week. There was a large turnout for the regular Sunday practice. The new range just established west of the city is proving popular and is an improvement over the one which was located north of the city. The Roswell Gun club will hold a registered shoot at the traps at Haynes park beginning Wednesday. Big preparations have been made for this and it is expected that there will be a large number of out-of-town participants. Among those who have notified the club that they will be here are W. F. Cobb, Albuquerque, Luther Wade of Dallas and W. F. Bowman of Denver. One of the features of the tournament will be a match between teams of five from Amarillo, Roswell and the lower Pecos valley. Handsome prizes have been offered in the different events.

An offer to go to Australia, made by Tom Andrews, nearly upset the fight at Albuquerque, but Billy McCarney, by raising Conner's guaranteed purse, held him in line and secured a forfeit for his appearance. GOOD SUM REALIZED BY SALE OF TICKETS TO RED CROSS BALL

The first day's sale of tickets to the Red Cross ball to be given Friday night at the armory resulted in a substantial sum being raised, and the ladies in charge of the ball are greatly encouraged at the prospect that the affair will be a complete financial success. Only about half the committees that went to work yesterday selling tickets had reported last night, so that it was impossible to ascertain the exact amount realized, but from the figures turned in by those that did report it is known that the first day's sale exceeded expectations.

In addition to the donations for the ball already announced, it was stated yesterday that several gallons of ice cream had been given for the occasion by various dealers of the city. This will be sold in cones, and is expected to bring in quite a tidy sum for the Red Cross fund.

Following are the officers of the local Red Cross chapter: Miss Louise Croft Boyd, chairman; Mrs. Margaret Medler, vice chairman; Mrs. Roy Stromo, secretary; Guy Rogers, treasurer; Dr. Evelyn Frisbie, chairman supply committee; Mrs. Julia Brown, chairman membership committee.

RECRUITS FOR BATTERY A AND COMPANY K HERE ON WAY TO COLUMBUS

More than thirty recruits passed through Albuquerque last night on the way to Columbus. Seventeen came from Roswell. They will join Battery A. Sixteen more came from Santa Fe under charge of Corporal Antonio Rivera. They enlisted for Company E, First New Mexico infantry.

Lieut. Jack Gfeller, in charge of recruiting here, expects to send a squad of ten men tonight to join Companies G and L, First infantry, on the border. Four men enlisted yesterday—Gordon Vick, C. L. Miller and L. Newstead for Company G, and George Baca for Company L. They will go tonight with others who will enlist today. Recruits are reporting to Lieutenant Gfeller steadily and the chances for filling Companies G and L to war strength are growing brighter.

GRADING FOR DOUBLE TRACKING TO HAHN HAS BEEN COMMENCED

Grading for the double track between Albuquerque and Hahn, four miles to the north, has been started at Hahn. With eastbound and westbound tracks between here and Hahn and with the completed relaying of the upper Albuquerque yard completed the facilities of the local yard force for handling trains at times of congestion will be greatly increased. One more passenger track and two more freight tracks are to be laid in the yard east of the station and Alvarado hotel.

Confidence

—and what it means to Owl smokers

LOTS of smokers choose the OWL because they've smoked it year after year and they *know* it's a good smoke.

You can take their word for its goodness, if you want to. Many of our best customers got acquainted in just that way — through a "mutual friend."

But perhaps you're a man who likes to select cigars for himself.

Then you'll want to know something more about the OWL—something definite. About the blend, and how it's made, and why it's mellow, and all that.

Knowledge like that gives you *real* confidence in the OWL. And that's what we want.

Suppose you read the OWL ads in this paper for the next few weeks. You'll learn a very great deal about this particular cigar.

Will you trust the OWL then? We have confidence that you will.

United States 'Chain' Tread Tires

Thick Rubber Anti-Skid Chains for Long Service

These rubber chains and the perfected United States Tire carcass construction are what make the 'Chain' Tread the most efficient, moderate priced anti-skid tire made today.

The thickness of the two chains of rubber running around the tread is what gives the extra wear of 'Chain' Treads.

The position of these rubber chains on the tread gives the remarkable traction and anti-skid qualities and additional wear, for which 'Chain' Treads are famous.

The 'Chain' is one of five United States 'Balanced' Tires which meet every motoring condition of price and use.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to find the particular tire to suit your needs.
