MISS SEARS WINNER OF FIRST ROUND IN TENNIS TOURNAMENT

(BY MORNING JOURNAL SPECIAL LEASED WIRE)

Philadelphia, June 5.—Miss Evelyn Sears, of Boston, who was runner-up in the Pennsylvania and eastern states tennis championship tournament here last week, won the first match in the opening of the women's national championship tournament today, defeating Miss Florence Sheldon, Mont Clair, N. J., 6-2, 6-3.

First round summaries:

Miss Margaret Moss, of Washington, defeated Mrs. C. C. Parsons, of New York, 6-2, 6-3. Miss Miriam Steever, of Chicago, defeated Miss Edna Wildey, Plainfield, N. J., 6-0, 6-2.

Miss Dorothy Dieston, of Philadelphia, defeated Mrs. Robert Leroy, of New York, 6-1, 6-4.

MEETING OF KNIGHTS OF COLUMBUS WILL BE HELD

The meeting of Albuquerque Council No. 641, Knights of Columbus, tonight is to be one of especial importance to every member. Plans for an exemplification of the first three degrees some time within the next thirty or sixty days are well under way. Every Sir Knight, who has applications to present should attend tonight's meeting, and have them read, so that no delay may be necessary at the last moment. Other items of interest and importance will be acted upon, therefore a large attendance is requested by the officers of the council. The meeting will be at the parochial school hall, promptly at 8:15 o'clock.

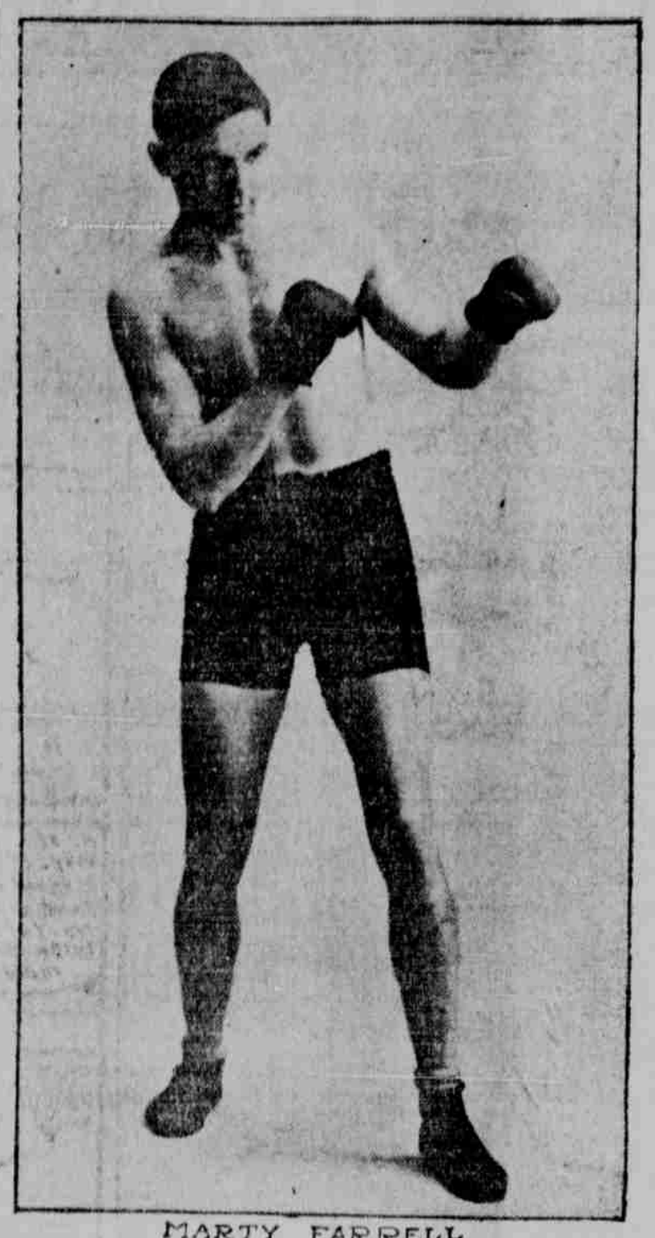
Gibbons Has Protege for Welter Crown



MARTY FARRELL

Mike Gibbons, whose chances for the welterweight crown glimmered out when he failed to make a showing against Ted Kid Lewis in New York recently, has a protege, who Mike says, will be welterweight champion inside of six months. He refers to Marty Farrell a New York boy he has been grooming for some time. Gibbons is a bit optimistic concerning Farrell, according to those who have seen Marty in action, but there is some basis for the bright hopes which Gibbons holds forth. Farrell has developed into a clever two handed boxer and Gibbons has taught him much of his own cleverness. Farrell's manager, Billy Newman, believes that his charge has sufficient experience to try conclusions with either Jack Britton or Ted Kid Lewis.

SOIL PROBLEM MOST IMPORTANT, DECLARES LLOYD

Department of Agriculture Expert in Charge of County Agent Work in 33 States Spends Day in County.

W. A. Lloyd, in charge of the county agent work in thirty-three northern and western states, under the direction of the department of agriculture, with headquarters in Washington, D. C., spent yesterday in Albuquerque and Bernalillo county, with H. C. Stewart, county agent. Mr. Lloyd is visiting the various counties in New Mexico and is on the last leg of a tour of the western states. After inspecting the country north and south of Albuquerque yesterday, Mr. Lloyd declared the soil problem to be in his opinion, the most important standing in the way of agricultural development in the country.

"As I see local conditions," said Mr. Lloyd, "is it absolutely necessary that the lands be drained of surplus water and alkali before anything can be accomplished toward real and permanent agricultural development. If this first improvement is made your county will go ahead.

Mr. Lloyd spent Saturday in Dona Ana county and visited the state agricultural college, which directs the county agent work in New Mexico in co-operation with the federal government.

TRIUMPH OF RESTA SHOWS THE STAYING QUALITY OF TIRES

"The unexpected happened at the Indianapolis races," says a Goodrich official, "Resta, the favorite, in a Peugeot, equipped with Silvertown tires, won the 300-mile Speedway sweepstakes, with plenty to spare.

"Aside from Resta's wonderful driving and the unusual mechanical perfection of the Peugeot car, the feature of the great race was the stamina and staying qualities of Silvertown tires.

"Seventeen out of twenty-two entries were Silvertowns. The first three cars at the finish were Silvertown equipped, and each car only made one stop in 300 miles. Resta and Mulford Loth said that it was not necessary for them to make the one tire change, but that, having stopped for other reasons, they took the time and precaution of changing one tire.

"Resta said after the 300-mile drive that races used to be a battle of tires, and the driver who was fortunate enough to go through with but few tire changes won the race. But now with the time-tested Silvertowns, tire troubles and blowouts have been practically eliminated. The Goodrich company has made it possible for cars to develop 100 miles or more per hour with safety.

"D'Alene, who was second in his Duesenberg, was enthusiastic over Silvertown tire service. 'You cannot make my endorsement of Silvertowns for road driving or racing too strong,' he said. 'The race today shows there never was a better tire made than Silvertowns.' Ralph Mulford, who was third in his Peugeot, said, 'I have always been a Silvertown booster. Last year I went through the Chicago 300-mile race without a tire change. Recently I broke the world's twenty-four-hour record with but one tire change in 1,800 miles, with the Hudson Super-Six with Silvertowns all around. Silvertowns give your car more speed with less motor power, save gasoline, and eliminate all ordinary tire trouble.'

"Mrs. Dario Resta attended the races in her Premier equipped with the classy Black Tread Silvertowns. 'Besides giving better service,' Mrs. Resta said, 'Silvertowns give my car a classy appearance, and make it ride easier.'

"The drivers before and after the races, commented on the sportsmanship offer made by the B. F. Goodrich company, of $10,000 prizes to the champion drivers of America. 'At first we thought it was necessary for us to use Silvertowns in order to be eligible for the prize,' said one of the drivers, 'but we find that the Goodrich company will give the prize to the best driver, regardless of the tires used.' From the comments made as a result of the great showing made by Silvertowns yesterday, the drivers think it will be many a day before a tire is made that will equal the Silvertown for all around road and track efficiency. Most of the drivers with their cars left Tuesday night to tune up their cars for the Chicago 300-mile Speedway race, June 10."

"Fake Remedies" Advertised

No doubt some of the medicines advertised are fakes, but these never have any lasting success. They stand in striking contrast to the good old standard, dependable remedies, like Lydia E. Pinkham's Vegetable Compound, which has stood the test of time and for more than forty years has been alleviating the suffering of womankind. Such medcines are a blessing to the community and will continue their good work from one generation to another.

ARNO HUNING GAINS 'SHADOW OF VICTORY' IN DISTRICT COURT

The district court yesterday gave Arno Huning, of the Huning Electrical company, judgment against George Roslington, as receiver for the Albuquerque Traction company but found that there was no property or funds in the hands of the defendant as receiver. All property was sold and the proceeds were distributed under order of the court.

The court found that there was due Huning on account of services rendered $82.90 and gave him judgment for that amount plus costs. The court held, however, that the lien claimed by the plaintiff was subsequent and inferior to the mortgage given to secure $116,000 bonds.

EARNING OF CITY JAIL PRISONERS ON STREETS REPORTED BY GALUSHA

City prisoners earned $89.30 by working on the streets, in excess of the cost of feeding them in May, according to Chief J. R. Galusha's report for the month.

The prisoners put in 1,327 hours of labor at street work in May. Chief Galusha values this work at 17½ cents an hour, making a total of $231.23 that the city would have had to pay in wages for this amount of work. The chief reports that 747 meals were served in the city jail, which, at 19 cents a meal, cost the city $141.93. Of these total 747 meals, eighteen were given to "lodgers."

In May, 1915, 502 meals were served at the city jail. Sixty-two of the 502 were given as charity meals.

DOESN'T OBJECT TO FREEING GUARDS WHEN FEDERAL SERVICE ENDS

Adjutant Gen. Harry T. Herring has no objection to discharging men who do not desire to remain in the New Mexico national guard after they are released from federal service. This is the effect of a telegram which came to Maj. E. Ruppe from the adjutant general yesterday.

Thirteen recruits for the national guard from Wagon Mound, N. M., passed through Albuquerque last night on the way to Columbus, N. M.

T. A. WHITTEN DIES AFTER LONG ILLNESS

News was received in Albuquerque yesterday of the death in Reno, Nev., of T. A. Whitten, for many years a resident of Albuquerque and a pioneer business man of this city. Mr. Whitten, who for some years past had been a resident of Santa Cruz, Cal., had been in failing health for some time. Heart failure was the immediate cause of death.

The deceased is survived by a widow and one son, Frank Whitten, who attained distinction as an officer in the United States navy, having been appointed a cadet at the naval academy by the late Congressman H. B. Ferguson.

BUILDING TILE IS HERE FOR GROSS-KELLY

Three carloads of Santa Fe building tile, believed to be the first of its kind to be used in construction work in Albuquerque, arrived yesterday and will be used in the Gross, Kelly & Co. building. The three-car shipment is only a part of the number of carloads contracted for the Gross-Kelly job. It is believed the Santa Fe product will be ideal for local building conditions.
