COSTLY ERRORS ALLOW DETROIT TO TAKE THIRD

Myers' Unsteady Pitching Helps Tigers to Annex Another to String of Victories; Yanks Beat Indians.

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

Detroit, June 17.—Detroit made it three straight from Philadelphia today, Myers unsteady pitching and six costly errors behind him, aiding the Tigers to a 7 to 3 victory. Score:

Tennis Star Still Defeats All Comers

PHOTO BY INTL. FILM SERVICE

New York, June 17.—Miss Molla Bjurstedt, the sturdy Norwegian girl who proved to be the tennis sensation last year, and who won the national as well as a number of other championships, bids fair to retain all her honors through the coming season and to annex new ones. In the two early season tournaments in which she has participated this year, Miss Bjurstedt has completely mastered her opponents.

CITY JAIL NOW HAS A SHOWER FOR PRISONERS

An improvement in the city care of prisoners was brought about by the placing of a shower bath in the jail in the basement of the city hall. The bath was placed in the lavatory, built at the time the city hall was put up, between the men's and women's wards of the jail. Building inspector Earl Howdich, who is a plumber, and Acting City Engineer A. E. Hutchinson put in the shower.

Help protect the border by enlisting in Company G, First regiment. Come to the armory any time after 9 a. m. Sunday or Monday.

NOTICE

Bond Call, Bernalillo County, New Mexico.

The holders of the following designated bonds of Bernalillo county, New Mexico, dated August 2, 1897, known as funding bonds, maturing July 1, 1917, and optional after ten years from the date thereof, viz: Bonds numbered 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29 and 30, of the denomination of five hundred dollars each, are hereby notified that the above designated bonds will now be paid on presentation by the legal holders thereof at the office of the treasurer of said Bernalillo county, and that on and after July 1, 1916, each and all of said above mentioned bonds will cease to bear interest.

M. MANDELL,
Treasurer and ex-Officio Collector of Bernalillo County, New Mexico.

SYRACUSE CAPTURES PRINCIPAL EVENTS IN POUGHKEEPSIE RACES

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

Poughkeepsie, N. Y., June 17.—Syracuse university eight-oared crews won the two principal events of the intercollegiate regatta here late today. The freshman race was postponed until Monday.

In both the four-mile varsity and the junior two-mile contest, Coach Ten Eyck's oarsmen took command shortly after the start and were never headed. They swept across the finish line in perfect form with plenty of power apprently in reserve.

Cornell was second in each race and if it had not been for Coach Courtney's pupils, the regatta would have been devoid of excitement and interest, for neither Columbia nor Pennsylvania could give the Syracuse or Cornell eights a real battle in the twenty-second annual regatta of the Intercollegiate Rowing association.

All four crews rowed gamely but the Syracuse combination had both the rowing technique and the physical strength to stave off the other contenders.

Syracuse's varsity won the feature race of the day, defeating Cornell by a little more than a length, with Columbia about seven lengths behind the New York oarsmen. The official times of the four miles were: Syracuse, 20:15 2-5; Cornell, 20:22 4-5; Columbia, 20:41 1-5; Pennsylvania, 20:52 4-5.

In the junior varsity two-mile race Syracuse finished one and a quarter lengths ahead of Cornell, with Columbia five lengths in the rear of Coach Rice's eight, and the latter some fifteen lengths ahead of Pennsylvania. The times were: Syracuse, 11:13 2-5; Cornell, 11:20 3-5; Columbia, 11:32, and Pennsylvania, 12:06 1-5.

DODGE IS WINNER OF THIRTY-THIRD RENEWAL OF LATONIA DERBY

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

Cincinnati, O., June 17.—Weber and Ward's great horse, Dodge, with Murphy up, won the thirty-third renewal of the classic Latonia derby at the Latonia (Kentucky) race track today. George Smith, the winner of the Kentucky derby at Louisville, finished second, and Dick Williams third. Dodge's time was 2:37.

A perfect day greeted the large attendance, but after the running of the first race, heavy rain fell, turning the track from good to sloppy. Seven horses came from the paddock for the derby event. When the field was sent away it was to a good start. Gypsy George immediately went to the front and opened up a gap of five lengths. Dodge was second, with George Smith running easy three lengths back. They ran in this position until the far turn was reached, the balance of the field being strung out almost the entire race. Here Dick Williams moved up strongly, with Gypsy George tired badly and dropped out of the contention. Dodge then immediately went to the front and won easing up. George held on gamely for the place, stalling off the determined rush of Dick Williams through the stretch. The other starters were Big Smoke, Votary and Ellison.

King Gorin, Franklin and Captain Rees were scratched just before post time.

In the pari mutuels Dodge paid $5.80 on a $2 ticket to win, $3.10 to place and $2.60 to show. George Smith paid $5 for a $2 ticket for place and $2.30 to show. Dick Williams paid $3.20 to show.

TIRE PRICES ONLY A FRACTION WHAT THEY WERE YEARS AGO

Although there has been a slight advance in tire prices, the motorist may find consolation in the thought that tires now cost only about one-third as much and give about ten times as much mileage as they did a decade ago. The present advance is only a drop in the bucket—a step backward, if you will, but certainly not to be compared to the rough and tumble prices of gasoline that we all see every year.

The tire that costs you $20 now used to cost $60. You can safely expect anywhere from 5,000 to 10,000 miles from it. In the old days you were lucky if you got 500 to 1,000 miles.

The first American tire on the market was the Diamond in 1899. There were no precedents established, no experience to go by except what had been learned in making bicycle tires and garden hose. Hence the first automobile tire was a single tube affair.

Punctures were a constant bugaboo and frantic efforts were made to find a substitute for the pneumatic rubber automobile tire.

There hasn't been ay substitute and from present indications there never will be, for rubber has been found to outwear steel in grinding on the road.

Rubber compounds are now a certainty. The double tube tire makes the old single tube look foolish. The carrying capacity of different sizes is absolutely known. Non-skid treads have been developed and in fact every element of utility has been so thoroughly incorporated in the modern automobile tire that the makers have actually had time to make it look handsome.

Take, for instance, the final touch of color. The Diamond has a black Squeegee tread with red side walls. The subdued but elegant finishings on the modern car now find their complement in the Diamond black and red tire.

CHALMERS BREAK ALL RECORDS BETWEEN CHICAGO-NEW YORK

Driving Chalmers, 3,400 R. P. M. Six-30 roadster, B. F. Durham, of Detroit, shattered all records for Chicago-New York the other day, making the trip in thirty-one hours flat. Total distance, 1,047 miles.

The old record for the distance, held by E. C. Patterson, of Collier's Weekly, was made on July 15, 1915. Patterson drove a Packard Six-38 and his time was 35 hours, 13 minutes.

Durham drove a stock roadster model, carrying full equipment, including fenders. From Celeveland to Elmira, he was relieved by A. E. Walden. The run from Chicago to New York was practically continuous; no stops were made save for gasoline, oil and water. The drive from Chicago to Cleveland, a distance of 375 miles, was made by Durham in 11 hours and 4 minutes. The drive from Cleveland to New York City was made in a steady downpour of rain, slowing up the car and making the constant use of chains necessary.

Many narrow escapes from accidents were encountered by the drivers, especially when crossing the Alleghenies by night. Frequent detours for torn-up roads, steep grades and narrow trails made night traveling extremely hazardous.

Marvin S. Hatch, editor of Motor Age, checked the car out of of Chicago and upon arrival at 129th street, New York, the time was taken by F. E. Spooner, of The Automobile.

During the entire trip the high speed of the 3,400 R. P. M. motor in the Chalmers car never faltered and every grade was made on the high gear. The average speed over 1,047 miles of rough country road and mountain trails was 33.7 miles per hour.

The record of the Chalmers Six-30 under adverse conditions is considered one of the most phenomenal records every made by a motor car of American manufacture.

TOO LATE TO CLASSIFY.

LOST—Tail lamp of an automobile, No. 124. Return to Nash Electrical Supply Co. and receive reward.

GOING TO SELL—Two properties for sale; must sell quick; splendid bargain. Enquire 911 West Copper avenue.
