# CITY COUNCIL OF ROSWELL IN FACTION FIGHT

## Mayor Contests Councilman A. W. McWhirt's Right to Participate in the Meeting's Deliberations.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL)

Roswell, N. M., Oct. 8.—When is a councilman not a councilman, or who has the right to represent the Fourth ward is still the chief topic of discussion at each session of the city council. In the minds of the voters the matter has long ago passed from the interesting to the ridiculous, and there is a strong sentiment in favor of making a test case in the courts. When the roll call was finished at last night's meeting, J. A. Aiken, one of the aldermen fighting the mayor, innocently inquired why the name of A. W. McWhirt was not called. He declared that Mr. McWhirt had been duly elected, was there ready and anxious to participate in the deliberations.

In no uncertain terms it was pointed out to Mr. Aiken that nominations to fill vacancies must come from the mayor, and there was a very strong belief that Mayor Mullis had not nominated one McWhirt. The mayor then recited a little history, telling of the numerous business men he had nominated, all of whom had been turned down by the opposition. He said further that the voters in the Fourth ward had petitioned council for the right to hold a special election, the council had agreed to stand by the election, and that after 150 of the 170 voters selected Willis Ford, the council had still refused to confirm. City Attorney J. E. Clayton then gently informed the council that until the court ordered Mr. McWhirt seated his name would not appear on the roll, because he thought the procedure was all illegal.

### Report Starts Row.

The row ceased long enough to transact some routine business, and things were moving along rather smoothly until the mayor called for reports from special committees. Councilman Aiken then offered a motion that the council transact no further business until Mr. McWhirt was seated, and the motion was seconded by Dr. O. R. Haymaker. A motion to adjourn was made but a compromise was finally accepted by which the council recessed, subject to the call of the mayor.

Since the whole fight is for the control of the city government and is in reality a fight between the two factions of the democratic party, it seems likely that nothing will be accomplished until after the general election in November, unless it is taken to the courts. It is thought that after the political heat cools some after the election the two factions will be able to get together. The bull moose wing of the party, represented by the opposition to Mayor Mullis, is in control of the county, and they made a strenuous fight to carry the city election. However, Mayor Mullis won by twenty-three votes, over R. D. Bowers.

The two factions are waging a merry war against each other in the county, the present center of controversy being in the commissioners' district No. 3., C. W. Curry and J. N. Moore tied in the primaries, and a special primary was held to run off the tie for the nomination of commissioner. According to the returns Moore won. At the August meeting of the central committee a protest was offered alleging irregularities. A committee went into the matter and upheld the nomination of Moore. At the September meeting another protest was offered and a committee declared Mr. Curry the nominee, and owing to the short time intervening between now and the election it seems likely that Mr. Curry will remain the nominee. Naturally the friends of Mr. Moore are up in arms.

### Women Return From Convention.

Santa Fe, Oct. 8.—The nineteen Santa Fe women who attended the state federation meeting of women's clubs at Las Vegas during the week, returned home last evening, loud in their praises of Las Vegas hospitality, the entertainment they received in Las Vegas homes and the fine courtesy shown them on every side. It was declared by far the best attended and most successful federation meeting ever held.

### GENTLE—BUT SURE.

A powerful cathartic sometimes does as much harm as good. Foley Cathartic Tablets are mild and gentle, but sure in action. They are a wholesome physic that thoroughly cleanses the bowels, sweeten the stomach and benefit the liver. For indigestion, biliousness, bad breath, bloating, gas or constipation, no remedy is more highly recommended. They cause no griping, pain or nausea. Stout persons recommend them because of the light feeling they bring, everywhere.
