TEUTONS CALL ON POLES TO FIGHT AGAINST RUSSIA

Austro-German Proclamation Tells What Is to Be Done for Country When War Is Finally Ended.

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

Berlin, Nov. 12 (via wireless to Sayville)—An Austro-German proclamation to the Poles calling upon them to volunteer for the new Polish army, which will serve in intimate association with the armies of the central powers, has been published at Warsaw and Lublin. The text of the proclamation, which is signed by Governor General Reseler and General Kuk, is quoted by the Overseas News agency as follows:

"The rulers of the allied powers of Austria-Hungary and Germany have given notification of their resolution in form of the Polish land delivered from Russian tyranny the new autonomous kingdom of Poland. Your most ardent desire, entertained in vain during more than a century, is thus fulfilled.

"The importance and danger of this war time, and regard for our army's standing before the enemy, oblige us for the present to keep the administration of your new state still in our hands. Readily, however, we will give, with your aid, to the new Poland, by decrees, those public institutions which guarantee her consolidation, development and safety. Of these the Polish army is the most important.

"The struggle with Russia is not yet determined. You desire to join it. Therefore, step to our sides as volunteers in order to help complete our victories over your oppressor. Brave! and with high distinction your brothers of the Polish legion fought on our side. New bodies of troops, which together with the legions shall form the Polish army that will consolidate your new state and guarantee its interior and exterior security.

"You shall protect your country under your own colors and flag, cherished by you above all. We know your courage and your ardent patriotism, and call you to arms at our side. Rise, you valiant men, and follow the example set by the brave Polish legion and in common work with the German and Austrian armies lay the foundation for a Polish army, reviving the glorious traditions of your war history by the faith and bravery of your warriors."

Villoen Not a Mexican.

Santa Fe, Nov. 12.—Gen. B. J. Villoen, the Boer general, writes from La Mesa, Dona Ana county: At the polling booth here on election day, an ambitious electioneering agent made the statement that I was a Mexican citizen and that he would contest my vote. I am not a Mexican citizen. I did during President Madero's time contemplate settling in Mexico, and did take steps to become a citizen of Mexico. Conditions changed and I decided to remain in the United States, and to remain an American citizen. Everything I did in this connection is on record, including withdrawal of my application for Mexican citizenship."

Chicken Gets Renehan in Trouble.

Santa Fe, Nov. 12.—A. B. Renehan is carrying his left arm in a plaster cast and a sling. It is the result of his hankering for a chicken dinner. He saw a farmer and wagon proceeding up East Palace avenue and from the rear of the wagon protruded a box from which came the sound of cackling and crowing. Renehan stepped off the curb to investigate the weight and appearance of the fowls but miscalculated the height of the curb and tripped into the gutter with the result of having his left arm sprained so badly that it will be useless for some weeks to come.

GUARDSMEN GET NO FAVORS FROM WAR SECRETARY

Not to Be Discharged From Federal Service for Any Reason Other Than Interest of the Government.

[BY MORNING JOURNAL SPECIAL LEASED WIRE]

San Antonio, Tex., Nov. 12.—National guardsmen are not to be discharged from the federal service for any reason other than the "interest of the government," according to new instructions from Secretary of War Baker to southern department headquarters. It was admitted by officers here tonight that this ruling practically closes the door to members of the national guard who are desirous of leaving the service for various reasons.

The information also was given that it was impossible for the war department to say definitely when the various organizations or any particular organization of the national guard will be returned to their home stations.

Included in the order was the explanation that "the granting of all the numerous applications of business and professional men for discharge from the national guard would disorganize many militia units and seriously impair the efficiency of the service, and favorable action on any individual application would be a manifest discrimination against many other soldiers similarly circumstanced and equally deserving of favorable consideration."
