Berkin, Barnes and Chandler, are the commissioners, beyond doubt.

S. S. Holson, of Utica, shipped 30 cars of cattle from Billings November 2nd.

Father Baudini will hold Catholic service in the school house, on Sunday the 14th inst.

Several new buildings will be erected yet this fall, to accommodate the new county officers.

After much deliberation and repeated promises, Jake, the barber, has gone to Chicago.

S. G. Sharpless will soon occupy his new barber shop. It will be the finest in eastern Montana.

Go to N. T. Dinsmore for clothing, gents' furnishing goods, boots and shoes, hats, caps, etc.

You can buy a nobby suit of clothes for $12.50 at N. T. Dinsmore's, corner Main and Montana streets. †

"Hogging Clubs" are popular in the South. The great drawback in Montana is the scarcity of raw material.

Mr. Humphrey of the IJ ranch went out after the snow storm of last week and killed nine deer in one day's hunt.

Lay aside your razor and patronize the barber occasionally. Mr. Sharpless merits the patronage of the community.

Polls were not opened at Musselshell postoffice. There were not enough qualified electors for judges of election.

Mr. Harmon has the contract for putting in the foundation to the Catholic church. He will commence the work at once.

That old chestnut "gone up salt river" is heard occasionally. Give us something fresh, like "snowed under," for instance.

T. C. Power & Co. and Broadwater, McNamara & Co. are purchasing all the oats they can get hold off, paying 2 cts. per lb.

Mr. Opheim, of Opheim and Teigen, and Mr. Hodges, manager of the Ulm sheep ranch, McDonald creek, were in town last night.

A few soldiers under Lieut. Macdonald, passed through town last night en route to Ubet, where another Indian scare is reported.

The commissioners chosen at the recent election will have to bestir themselves and secure some building suitable for county offices.

Mr. C. S. Fell moved his family and household effects down from Maiden the first of the week. They will be located at Reedsfort.

The steamer Rosebud reached Rocky Point from Bismarck, on the 3d inst. with 80 tons of freight. This is the last boat of the season.

Out west they have discovered a jaw over four feet long and they are now looking for the woman's shoe.—Fall River Advance. You mean thing!

Hold on! Wait till you hear from Wareham. Postpone all rip-roaring receptions and vain-glorious boasting until this precinct yields up.

Oats are in good demand at two cents. T. C. Power and Brother and Broadwater, McNamara & Co. are both paying that price delivered in Lewistown.

Between Count von Tobel's dog and the process of weaning calves, there is anything but quiet "brooding o'er the still and pulseless world" these nights.

A man named Goodrich was arrested by Sheriff King for illegal voting. He was a stranger here and voted a full ticket, after taking the usual oath.—Gazette.

It is said that Agent Williamson has granted a number of Yellowstone and Musselshell entlemen permission to range their herds on the Crow reservation for the winter, at fifty cents per head.—Gazette.

There should be a bridge built across the creek on the Maiden road. Think of horses wading lengthways of a creek with the thermometer below thirty.

Dorman Jackson, who bought the ranch of Weideman & Sears, last summer, passed through town a few days since with a band of cattle destined for his ranch.

Mel. J. Keith left for Helena on yesterday morning's coach. He went via White Sulphur Springs and Townsend. Mr. Keith expects to be absent until the holidays.

Thanksgiving day Nov. 25. We simply mention this as a matter of news not as a hint. People who have been eating crow should not change their diet too abruptly.

At Forest Grove precinct the sentiment of the people on justice of the peace and constable was taken. Out of 19 votes cast T. J. Frost received 13 for justice and J. E. Frye 13 for constable.

C. J. McNamara was in town last week, feeling pretty lucky over the result of the election. Mc is a cyclone with a hailstorm attachment when he turns loose. He did good work for William H. Kelly.

T. C. Gray, manager of Mr. Cruse's Flat Willow ranch, passed through town for the Springs last Thursday. He was accompanied from here by Geo. Herendeen, who has been in town some weeks.

J. H. Caldwell of Benton, was in town Saturday night. He was on his way home from Rocky Point (Wilder's Landing), where he went to solidify Toole's majority. He said everything was on the square.

A meeting of the Lewistown Literary Society will be held next Tuesday evening for the election of officers. A literary program may be expected, also. Let every one interested in this winter's amusement and entertainment be present.

From a private letter we learn that the following officers in Meagher county are certainly elected: Rader, sheriff; Rotwitt, clerk and recorder; Folsom, treasurer; Badger, probate judge; and Miss Ford, superintendent of schools; all republicans.

The majority of our county officers are young men. W. H. Kelly, clerk and recorder and Frank E. Smith, county attorney, are not over 25 years of age, while Mr. Wright, treasurer, is under 30. John Beck is not too old to run a foot race or play a good game of ball.

Now that election is over, the young folks are talking of a dancing club in conjunction with Cottonwood. The reading club and the literary society will also be reorganized soon. Let everybody take a hand in making the winter season pleasant and profitable.

T. C. Power and Bros'. fleet of prairie schooners arrived from Benton Saturday, and are loading up freight for that point. The fact that merchandise is freighted from Billings to Benton by bull trains, is an evidence that a railroad over the same route would be highly appreciated.—Gazette.

Settlers in Fergus county desiring to make final proof on homestead or pre-emption claims, should remember that they can do so before the Probate Judge of Fergus county after Dec. 1st, and thus save much of the expense heretofore incident to making final proof.

Wareham precinct was provided with blanks from this office, but have not been returned. We learn that the result was sent us the day following election. The courier probably got full before he reached the postoffice, and is now carrying the returns around in his pistol pocket. We will hear from Wareham before Spring.

One incident of the voting today, says the Billings Gazette, was the voting of So Ho Joe, a full fledged American citizen of Mongolian birth, who walked up arm in arm with Mr. Sam Wildy, and voted the Democratic ticket, with the exception of treasurer. "He no like Douglass, cause he make too big place on lumbah." So Ho was admitted to citizenship by Judge Conger, in Miles City some years ago.

W. F. Miller has resigned his position with T. C. Power & Bro. and engaged with Broadwater, McNamara & Co., of the post. He went to Maginnis first of the week. He takes the place of W. H. Kelly, elected county recorder. Mr. Miller is one of the old timers in Lewistown, and has a host of friends and no enemies. We are sorry to lose him from our midst, but wish him all success in his new location.

The following Bummer's Lament may now be heard throughout the land:

The melancholy days have come,
The saddest of the year:
The candidates no more will treat
To whisky, grub, or beer.
—New Northwest.

But the holidays are coming,
It gives us joy to think,
When we'll "sasha" up to the bar
And take our regular drink.
—Jim, the Bird.

Daniel Brereton and J. M. Vrooman are the champion hunters of Lewistown. They make frequent trips up the river with their trusty breech-loaders, and up to date have brought in one duck and one chicken. They have been very unfortunate in having nearly all the game they kill fall into the river and soon float beyond their reach. There is some talk among the boys of building a boom across the river near the bridge, and thus rescue the game these expert hunters kill.

A gentleman from Bull mountains, while examining our bottle of petroleum from the No Wood oil region this morning, said he is satisfied there is petroleum in the Bull mountains, as he has frequently noticed a greenish yellow oil floating on streams in that section. It is very likely that his surmises are correct. The formation in the Bull mountains is characterized by fossilliferous deposits and beds of lignite like those of the No Wood country and other western oil regions. There is undoubtedly petroleum on the Crow reservation, near Pryor mountains, and it is very probable that both oil and gas will be struck in many parts of the country tributary to Billings.—Gazette.

Mr. E. B. Treutlen, postoffice inspector, arrived in Lewistown, Monday, by private conveyance from Stanford. Mr. Treutlen was a passenger on the Helena & Benton coach when it capsized last week, and still wears a bandage around his head as a memento of the accident. Mr. Treutlen received a cut on the forehead two inches long and quarter of an inch deep, and but for a stiff hat which he wore at the time, would have lost his life. The hat was mashed flatter than the pocket book of a defeated candidate. Mr. Treutlen says the driver was too full of election liquor to be safe, and in attempting to put his foot on the brake, made a miss and fell off from the coach. The team whirled around, overturned the coach containing over twelve passengers, all of whom were badly shaken up. Among others severely hurt were: Mrs Thomas Bryant, Teeth knocked out and otherwise injured; Mrs. Lyons, Grand Forks, D. T., arm broken; Wm. Sprague, Sun River, spine injured. Mrs. Lyons was on her way to Great Falls to see her son who was sick at that place. Mr. Treutlen carries an accident policy, but says he and others of the injured will sue for damages.

The last Husbandman contains the following in relation to the fire on the Springs and Townsend stage road: "A disastrous fire occurred at Thomas Kinney's stage station on Sheep creek Wednesday evening last, which resulted in the loss of one of the stables, about twenty tons of hay and six head of horses. About two o'clock in the morning John Flannigan and his partners, who were stopping over night at the station, were aroused by the whining of their dog, but quieting him they dozed off to sleep again, only to be aroused a second time by the dog jumping on them. Not understanding this piece of canine sagacity, they got up to examine into the cause and discovered the stable and hay ricks on fire. Arousing all hands a rush was made to rescue the horses, but in vain. The stable was full of fire and smoke and some of the horses had already suffocated, and to reach the others was impossible. By a heroic effort the flames were kept from communicating to another stable that stood close by, by carrying water from the creek and by cutting down the ricks of hay, fully one-half in the yards was saved. Two of the horses lost belonged to Flannigan Bros., two to Anderson & Sherman's stage line and two to another party. The fire is said to have been the work of an incendiary, it having occurred so late at night and the stable and hay fire having no connection. The hay rick is also said to have been fired in several places, but went out."

Items from the Husbandman.

Ten inches of snow fell on the Neihart range during the recent storm.

We had a pleasant call last week from Joseph King, of the Judith, who called in to wish us well. He was en route for the Missouri valley.

The Hudson Mining company means business. It has recently levied an assessment of 65 per cent and is pushing operations to the uttermost.

Mr. and Mrs. Sweetland and Mrs. Thomas Cooper, of the Judith valley, passed through town this week for Helena. Mr. and Mrs. Sweetland were en route for Santa Rosa, California.

Arthur Fowler rolled in Friday last with 4,000 feet of flooring and finishing lumber from Joseph C. Walker's mill on the Judith for our new building. It is splendid lumber, very dry and free from knots.

John C. E. Barker, who was in town this week, purchased Arthur Fowler's tenmule team for $1,500 and employed Mr. Fowler to drive it. So the outfit did not lay off a single day but loaded up for Neihart forthwith.

At the public meeting last Saturday evening W. H. Sutherlin, in referring to the extravagance of the county administration, was mistaken in his allusion to the sheriff's office. The sheriff has had a very small allowance of deputies. We are certain that no personal reflection was aimed at Sheriff Kumpe.

We are indebted to Mr. and Mrs. A. W. Sias, of Puente, California, for an invitation to be present at the opening of the Hotel Roland which occurred on the evening of October 22d. Mr. Sias is a model hotel man, and Montanians expecting to visit the orange groves of Southern California this winter will do well to give him a call. His location is only fifteen minutes' run from Los Angeles and is a most beautiful place.

During a heavy wind storm last week the front of P. Saunders' livery stable was blown down.

Pike Landusky was over from the Little Rockies the first of the week. He reports but little activity there at present.

Henry Williams and Jos. Belanger left on the eastern coach last Monday. The former goes to New York, and the latter to Montreal.

N. T. Dinsmore has just received the best assortment of cassimere and blue flannel overshirts, red and blue California, and fancy knit underwear. †

A cow-boy just arrived from Rocky Point reports large numbers of cattle being drowned at the crossing. One outfit lost fifty head at one time.

Stephen Hodgens, an old timer in this camp died at the International hotel Tuesday forenoon after a few days sickness brought on by exposure.

We regret that the pressing business of Mr. C. S. Fell at the county seat necessitated the removal of his family from our midst. The host of friends whom they made while in Maiden are unanimous in wishing them success in their new home.

NEW LIFE WEAK, NERVOUS AND DEBILITATED MEN and WOMEN!

TAMAR TREATMENT! The great restorative and tonic, especially prepared for men, young and middle-aged, who have, by their indiscretions or excessive indulgence, brought upon themselves nervous prostration, debility, nervous and physical weakness, producing some of the following effects: Nervousness, Debility, Dimness of Sight, Defective Memory, Pimples on the Face, Aversion to Society, Want of Ambition, Melancholy, Dyspepsia, Biliousness, Loss of Power, Pains in the Back, etc., etc.; for all such derangements a permanent cure is guaranteed by the Use of TAMAR TREATMENT.

Tamar Treatment Prescribed by the Leading Physicians. Read What They say:

St. Louis, Mo., Feb. 16th 1886.

"For more than three years I have used **Tamar Treatment** with the best results. I recall now several cases of seminal weakness and debility with all its evil consequences I have treated during the past year, which have been cured by the use of the **Treatment**, and several of these cases were in the last stages. The composition of the different medicines contained in the **Treatment** indicate, and its effects prove it to be a specific restorative of nerve and sexual power. You are at liberty to use my letter in any way that will contribute to your success or profit. There are so many nearly worthless proprietary medicines of this kind on the market and every day is adding to their number, that when one is found to be really valuable I think it the duty of the profession to make it known. Respectfully, J. Z. HALL, M. D."
707 Walnut St., St. Louis, Mo.

Tamar Treatment is prescribed daily for all forms of nervous debility in both sexes as well as for checking the unnatural secret losses which cause so much loss of vitality. The medicines are prompt in action, and permanently restore those weakened by early indiscretion, excesses or overwork of the brain. A number of physicians have discarded all the hypophosphites, Damiana and phosphorus formulas, and invariably prescribe **Tamar Treatment** with the best results.

Tamar Treatment is composed of medicines most agreeable to the taste and well tolerated by the stomach.

Tamar Treatment is sold on its merits. Each package contains all medicines necessary for over one month's home treatment, with full and complete instructions how to exercise, diet, bathe, etc. Price, **Tamar Treatment**, per package $2.00; three packages $5.00; sent prepaid and securely sealed on receipt of price.

Tamar Treatment having been used so successfully in private practice and in the hospitals of St. Louis for the past fifteen years, and knowing, as we do, its wonderful curative effects, we will give the following guarantee: With each order for 4 packages of 4 months' treatment, enclosing $8, we will send our written guarantee to refund the money if the **Treatment** does not effect a cure. Packages sent C. O. D. on receipt of $1, as security against loss. Send money by express, P. O. Money Order, or registered letter, at our risk. Address: F. L. BLAKE & CO., sole Proprietors, S. W. Cor. 6th and Market Streets, St. Louis, Mo.
