☞ Carl. A. Goodwin and James F. Gookins will form a company for the 43d Regiment, to serve during the war. Both these men have had several years experience as drill masters, and will make excellent officers.

GOOD FOR OWEN COUNTY.—By the special dispatch from Col. Hascall, to Gov. Morton, published in yesterday's Express, it will be seen that to Owen county belongs the honor of having killed Col. John A. Washington of the Rebel army, near Cheat Mountain.

LOST.—On Friday or Saturday last, an old leather Pocket Book, containing about Eighteen dollars in bills and some papers.

A suitable reward will be paid any one who will return it to this office.

Sept. 16 tf.

☞ A correspondent of the Vincennes *Gazette*, writing from Cheat Mountain, under date of the first of this month, says: "A young man in company F. from Terre Haute, by the name of Fox, died a day or two since."

PICTORIALS.—Gus. Arnold has received his usual weekly supply of Harpers Weekly and other Pictorials. Harper contains a magnificent photograph of Major Gen. McClellan and his noble war horse.

PERSONAL.—Gov. Morton, accompanied by Col. R. N. Hudson, Aid-de-camp to Major General Fremont, and Berry S. Sulgrove, editor of the Indianapolis *Journal*, passed through this city yesterday morning *en route* to St. Louis. A large number of the friends of Col. Hudson having learned of his coming, met him at the Railroad Station to congratulate him in view of his new title. He is in excellent health and spirits—being confident that this most wicked rebellion will soon be crushed out. Gov. Morton is also in fine health and hopeful.

Post Master General Blair and Quartermaster General Meigs, U. S. A., came in on the evening train from the West yesterday, *en route* for Washington City.

The train from the West having been detained by a slight accident to the engine, failed to make connection, but the officers of the Terre Haute & Richmond, with their proverbial enterprise and liberality, promptly placed an extra train on the road and sent the passengers forward with but a few minutes delay, and without extra charge.

Gen. Meigs is a fine looking soldierly man in the prime of life, and the piercing glance of his bright, black eyes, indicate that he is brave, honest and intelligent.

Postmaster General Blair is a fine specimen of the Southern gentleman, affable, polished and polite, bearing a strong family resemblance to his brother, Col. Frank P. Blair, of Missouri.

THREE REGIMENTS ON THE MOVE.—Saturday afternoon the 7th regiment, Col. Dumont, struck tents at their camp near the Lafayette Freight Depot, Indianapolis, and in a few minutes had their equipage taken in army wagons to the freight depot of the Indianapolis & Cincinnati Railroad. At 7 o'clock at night the entire regiment departed, taking the route through Cincinnati for Western Virginia. Their destination is Cheat Mountain Pass.

On the same evening, at 5 o'clock the 17th regiment, Col. Colgrove, left over the Bellefontaine Road by Union station and Columbus for Washington City. The regiment drew its arms on Saturday, but subsequently returned them to the Armory and went away with orders to draw arms at Washington. The field officers of this regiment are Silas Colgrove, Colonel, Archibald I. Harrison, Lieutenant Colonel, John Mehringer, Major.

The 9th regiment, Col. Milroy, left Laporte on Saturday at 10 o'clock, going direct to Western Virginia, with Cheat Mountain Gap in view as a destination. This and the 7th regiment were both completely armed and equipped, and are finely drilled and disciplined. The field officers of the 9th regiment are R. H. Milroy, Colonel; Gideon C. Moody, Lieutenant Colonel; William H. Blake, Major.

DISPATCHES BY THE WESTERN UNION LINE.

Noon Dispatches.

Important Movements on the Southern Coast—The Confederate Flag to be Recognized by the English Navy.

NEW YORK, Sept. 16th.—The Tribune of this morning, makes the following statement:

We commit no impropriety in announcing that the preparations for two important movements against the Southern coast, are rapidly going forward, so that the expeditions will be ready to set sail within a very few weeks.

In one of them the land forces will probably be under Maj. Gen. Butler, and the other under Brig. Gen. Sherman, who is now in command of the important camp at Hempstead, Long Island.

We believe that the number of troops of all arms employed in the two will be about twenty five thousand men, with Naval forces of proportionate strength.

The Tribune's Washington dispatches contain the following which was received at the Navy Department this morning, the 14th:

UNITED STATES SHIP RICHMOND, AT SEA, August 22, 1861.

SIR: The following is a portion of a conversation that occurred this morning between Capt. Morris, of the Royal Navy and myself, during my visit to the guard ship at Port Royal: "I suppose," he remarked, "you are in search of those privateers. We are ordered to observe a strict neutrality, and if the Sumter were to come in to-morrow, she would receive the same attention and assistance that you have—we can make no difference." I asked, "Is that observing a neutrality? Is it not recognizing—is that the meaning of Her Majesty's proclamation?" "I understand," I added, "neutrality to mean that her subjects must not meddle in this affair, you can recognize no flag." "Yes," he replied, "I have received a copy of the flag. I will show you the letter." He showed me the flag and read me an extract from a letter from the Lord's Commissioners of the Admiralty in which the seceded States are styled the Confederate States. It says in the event of any vessel bearing the flag of the Confederate States you are to observe a strict neutrality. The flag is described, and the letter adds that the number of stars will be increased in case new States should join the Confederation. This is, as near as I can remember, the substance of that portion of our conversation.

I am respectfully, your obedient servant,
A. B. CUMMINGS, Lieut. U. S. N.
To Capt. JOHN POPE.

Washington Items.

WASHINGTON, Sept. 16.—The Post Office Department has answered all the letters, asking for information in regard to the N. Y. Evening Day-Book, and all other newspapers excluded from the mails. It appears from the correspondence that not only Postmasters, but all other postal agents, are prevented in anywise from aiding in their circulation.

Notwithstanding the explanation made by the Spanish Minister to Mr. Seward on Saturday, the reported proclamation of the Captain-General of Cuba, concerning vessels carrying the rebel flag, occupies the attention of the State Department to-day.

The following official dispatch was received at Gen. McClellan's Head-quarters to-day:

DEARNSTOWN, MD., Sept. 15.—This afternoon at half past three o'clock, about 450 rebels attacked the extreme right of my pickets about three miles above this place opposite Pritchard's Mill. The affair was a spirited one, lasting about two hours. The enemy was driven from every house and breastworks they occupied; 8 or 10 of them are said to be killed and several wounded. Our loss was one killed. Our victory was complete. The troops behaved admirably. Our cannon were indispensable and rendered good service in the action. (Signed,)
J. W. GEARY, Col.

From Fortress Monroe.

FORT MONROE, Sept. 15.—Fourteen contrabands escaped last night from near Sewall's Point and came over to the Fortress in a canoe. They represent provisions very scarce in Princess Anne county.

There are some 500 rebels at Sewall's Point. The force there is constantly changing.

The vessels composing the blockade fleet previous to the Hatteras expedition are again returning to Old Point.

The St. Lawrence has been off Savannah but brings no news.

We learn from a Frenchman who deserted from the Yorktown, that she is iron-plated to protect her sides and upper machinery.

From the West.

ST. LOUIS, Sept. 15.—Monday night last, while a Government steamer, name unknown, was conveying a number of prisoners from Lexington to Fort Leavenworth, for better security, she broke her rudder between —— and Kansas City, and was obliged to land. Shortly after reaching shore a company of Jackson county Secessionists seized the boat, released the prisoners and secured some forty Federal soldiers as captives.

Running the Blockade—Distress in Texas.

BOSTON, Sept. 16th.—The bark Illinois from Boston, was at Vera Cruz, on the 3d inst., discharging her cargo. She was to sail for Minitillan on the 7th.

A letter from Capt. Lovejoy, states that a schooner, then in port, had run the blockade with sugar, and was bound back again with a cargo of coffee. The Captain of the schooner reported the greatest distress prevailing throughout Texas.

Later accounts from Minitillan, report that a privateer, mounting four 6-pounders, arrived at that port.

The Illinois is well armed, having three 6-pounders, one of which is rifled.

Arrest of F. P. Blair.

ST. LOUIS, Sept. 16.—Col. F. P. Blair, jr., was ordered, yesterday, by the Provost Marshal, to report himself under arrest, on a general charge of using disrespectful language, when attending superior officers, with reference to the removal of Gen. Fremont.

The Privateer Sumter.

BOSTON, Sept. 16.—A letter from Surinam states the privateer Sumter remained there, August 31st, destitute of coal and provisions, and that Capt. Semmes had threatened to fire on the town unless he was supplied.

Night Dispatches.

A Yankee Schooner at Hatteras Inlet—Light Houses Blown up and Abandoned by the Rebels—Vessels Seized and Secessionists Arrested—Lodged in Ft. Lafayette—Fire Zouaves Discharged from the Service.

NEW YORK, Sept. 16.—It is stated that one of the schooners lately captured at Hatteras Inlet was from Boston, with a cargo of boots and shoes.

The Light House on Body Island has been blown up, and that on Oregon Inlet abandoned by the rebels.

The schooners Brewer, schooners Mary E. Hopkins, T. H. Russell and Julia A. Rich were seized to-day.

Seven Southerners were arrested aboard the City of Manchester, this morning, who have been profusely expressing secession sentiments on the voyage. Their baggage was inspected, but nothing treasonable being found they were released.

Abbe McMasters, late editor of the Freeman's Journal, took up compulsory lodging in the classic shades of Fort Lafayette to-day.

The Ellsworth Fire Zouaves are to be mustered out of service. Their insubordination has rendered them unfit for service.

The Flag of Truce from Springfield—Gen. Fremont Explains his Proclamation.

ST. LOUIS, Sept. 16.—The following letter which will be published to-morrow, reveals the mission of Capt. Kidd, who arrived some days since with a flag of truce from the rebel camp at Springfield:

HEADQUARTERS, DEPARTMENT WEST,
September 16, 1861.

Col. L. L. Taylor, Commanding at Springfield:

SIR: Yours of the 8th inst., containing an erroneous construction of my proclamation of the 30th, has had my attention. I understand the object of your note to be to inquire whether it was my intention to shoot the wounded who might be made prisoners by forces under my command. The following paragraph, extracted from the proclamation, will be strictly enforced within the lines prescribed against the class of offenders for whom it was intended, viz: All persons who shall be taken with arms in their hands, within the lines, shall be tried by Court Martial, and if found guilty will be shot.—The lines are expressly declared to be those of the army in the military occupation of this State. You have wholly misapprehended the meaning of the proclamation. Without undertaking to determine the condition of any man engaged in this rebellion, I desire it to be clearly understood, that the proclamation is intended distinctly to recognize the usual rights of an open enemy in the field, and to be in all respects strictly conformable to the usages of war. It is hardly necessary for me to say thrt it was not prepared with any purpose to ignore the ordinary rights of humanity with respect to wounded men, or to those who are humanely engaged in alleviating their sufferings.

(Signed) J. C. FREMONT,
Major General commanding.

ARRIVAL OF THE ANGLO SAXON.

FARTHER POINT, Sept. 16.—The steamer Anglo Saxon arrived off this port this evening. She left Liverpool at 11 o'clock a. m. of the 5th, and Londonderry on the 6th.

The Nova Scotian reached Londonderry on the evening of the 4th. The political news is unimportant.

GREAT BRITAIN.—The London Times says the impression seemed to be very general in Liverpool that passengers to or from the United States are required to be cautioned at the present juncture against any ready expression of opinion on the civil war.

The policy of working a short time as a precaution against the contingencies of the Cotton supply and of the glutted state of a market for manufactured goods continued to progress in Lancashire.

The Times, in an editorial on the present aspect of American affairs, argues that enough has transpired to show that the subjugation of the South is next to impossible and submission in the highest degree improbable. All incidents of the war, thus far, having been favorable to the South. It says the establishment of passports, to the suspension of habeas corpus, and other kindred measures, all of which are unavoidable, make travelers find themselves more at liberty in Venice than in New York. The Times doubts much whether the Americans, after the war is ended, will return to the old form of government. It thinks there must be two governments. That they will be less Democratic, and that the North bears a resemblance to the lost Republic.

It was reported that Austria and Spain had addressed notes expressing their intention, in the event of the French troops being withdrawn from Rome, to each place some regiments at the disposal of the Papal Government.

FRANCE.—The French steam frigate, which was at Halifax, received orders on the 18th of August, to proceed to Vera Cruz. The Patrie says this measure is attributable to difficulties which have recently been between the French representative and the Mexican Confederation.

No Important Movements South of the Potomac—Fejats Expected—Officers Returning Fugitive Slaves—Rumored Resignation of Gen. Fremont—Mayor Berrett Proposes to Resign.

SPECIAL TO THE POST.

WASHINGTON, Sept. 16th.—There are no important movemsnts on the other side of the Potomac; but military authorities expect important feints to be made at different points along the line.

It is understood that several of our army officers are busily engaged in returning fugitive slaves to their masters.

There are rumors, this morning, that Gen. Fremont has resigned his command, and that this action has been taken in consequence of the restrictions placed upon his proclamation by the letter of the President.

Mayor Berrett, of this city, proposes to resign the office of Mayoralty.

STIRRINIG EVENTS EXPECTED IN MISSOURI—PRICE, RAINS AND JACKSON ADVANCING NORTH EAST—THE FIGHT AT GLASGOW.

JEFFERSON CITY, Sept. 16.—The correspondent of the St. Louis Democrat writes as follows: You may prepare yourselves for stirring tidings the present week.

Gen. Price reinforced by Rains with 15,000 to 20,000 men, and Claib Jackson in their midst to give a color of legality to their proceedings, is advancing upon our lines. Wherever he goes, the Secessionists flock to meet him, and are rapidly swelling his ranks.

In the affair of the steamer Sioux City at Glasgow, a day or two since, ten rebels were seen to tumble out of their saddles from the effects of shots fired by the troops on the steamer.

Carriers just from Georgetown, announce that Gen. Parsons with 4,000 men is posted just out of the town to prevent the passage of reinforcements to Lexington.

The Battle at Dearnstown—Gallant Conduct of the Federal Troops—Cool Action of Governor Geary—Esprit d Corps.

PHILADELPHIA, Sept. 16.—The Baltimore American, of this morning, has a letter from Point of Rocks, dated Sunday, giving additional particulars of the Dearnstown engagement. Col. Geary commanded in person.—Our loss is one killed and a few slightly wounded. Our troops behaved like veterans.

Companies B, D and F, of the 28th Pennsylvania Regiment, and two companies of 13th Massachusetts Regiment, comprised our force.

During the fight a rebel was seen taking aim at Col. Geary, when the Colonel grasped the rifle from a soldier and shot the rebel on the spot.

Our troops are in fine spirits.

THE CAICAGO PRESS ON THE PRESIDENT'S LETTER TO FREMONT.

CHICAGO, Sept. 16.—The Tribune of this morning, contains a severe article on President Lincoln's letter to Gen. Fremont, saying, it takes away the penalty of rebellion and leaves the war a mere scheme for mutual assassination. The Post (independent) also condemns the letter, saying it will have a bad effect in Missouri, and that backward steps now will lead to no good result.

GEN. PRICE ATTACKS LEXINGTON—RESULT UNKNOWN.

SPECIAL TO THE ST. LOUIS REPUBLICAN.

WEST PLAINS CITY, Sept. 16.—Gen. Price, at the head of fifteen to twenty thousand men, attacked Lexington Thursday, but we have no particulars of the battle, nor do we know the result. The troops at Lexington were strongly entrenched.

Gen Pope, at last accounts, was at Hamilton with six to eight thousand troops.

THE BODY OF COL. WASHINGTON—THREE TENNESSEE REGIMENTS DISPERSED—FIFTEEN THOUSAND REBELS REPULSED—THE ENEMY RETIRE EIGHT OR TEN MILES—THE HOOSIERS STILL VICTORIOUS.

ELK WATER, VA., Sept. 16.—The body of Col. Jno. A. Washington was sent over to the enemy yesterday, under a flag of truce, while on its way it was met by a similar flag coming from the enemy for the purpose of obtaining information as to his condition.

On the 19th inst. a detachment of three hundred men from the 14th Indiana, and 24th and 25th Ohio regiments, dispersed three regiments under Gen. Anderson, on the west side of Cheat Mountain, completely routing them, killing eight and obtaining the most of their equipments. Our loss was eight killed.

The enemy made an advance on Elk Water on the same, with a force supposed to be fifteen thousand, but were driven back by detachments from the 15th Indiana and 3d and 5th Ohio, and shells from Loomes' battery. They have retired some eight or ten miles.

A strong force of Arkansas, Tennessee and Virginia troops also threatened the east side of Cheat Mountain, but have not yet had a general engagement. A shell was thrown from one of Loomis' guns into the enemys camp, a distance of two miles, killing ten and wounding four.

The 13th Indiana had a severe skirmish with superior numbers of the enemy on the 12th, and killed ten or twelve, with a trifling loss on our side.

As the enemy advanced on Elk Water the column was handsomely checked by detachments of the 17th Indiana.

Lieut. Morrill, of the Topographical Engineers, was taken prisoner by the rebels while on his way to Cheat Mountain.

THE FIGHT BETWEEN RAINS AND MONTGOMERY—NEGROES FREED UNDER FREMONTS PROCLAMATION—REGULARS FROM LARIMIE.

ST. LOUIS, Sept. 16.—Leavenworth papers of the 11th give the following account of the late engagement between Rains and Montgomery:

On the 2d inst. six hundred rebels under Rains approached Fort Scott and seized eighty mules belonging to the Government, and killing the teamsters.

A messenger was dispatched to Montgomery, who had five hundred men. He pursued Rains eleven miles, killing several of his men, and when coming upon the main body of the enemy a battle commenced, the rebels having five cannon and Montgomery one howitzer only. The fight lasted two hours, when Montgomery slowly retreated, keeping up a running fight until nightfall.

The enemys force is reputed, by prisoners, from two to three thousand.

Twenty-three negroes have been declared free under Fremont's proclamation, being property of leading rebels.

Col. Cook, with eighteen hundred regulars, left Fort Laramie on the 2d for Leavenworth.

PRIZE BROUGHT IN—ACCIDENT AT THE CONTINENTAL THEATER.

PHILADELPHIA, Sept. 16.—The schooner Mary Wood, from West Indies, owned in North Carolina, arrived here to-day, in charge of a prize master. The cre wconsists principally of members of Gen. Butler's Naval Brigade. Her cargo is salt, sugar and molasses. She was captured at Cape Hatteras.

The Coroner's inquest on the victims of the late accident at the Continental Theater, six in number rendered a verdict exonorating manager Wheatly from all blame, he having used all precautions to prevent the accident. The disaster has excited extensive sympathy.

All the principal theaters have tendered benefits for the families of the deceased.

To-morrow will be celebrated in this city as the anniversary of the Federal Constitution, by a parade of home guards and an oration by Hon. Geo. M. Dallas, at Independance Square, and a general suspension of business.

Why Col. Blair Was Arrested.

ST. LOUIS, Sept. 16.—Post Master General Blair and Quartermaster General Meigs left for Washington this morning.

It is understood that the precise charge on which Col. Blair was arrested is insubordination in communicating, while a military officer, with the authorities at Washington, making complaints against and using disrespectful language towards Gen. Fremont, with a view of effecting his removal.

It is stated that letters written by Colonel Blair are now in possession of Gen. Fremont.

Death of Barclay Coppic.

☞ We would call the particular attention of every reader to the advertisement of McLean' Strengthening Cordial and Volcanic Oil Liniment.—They are too well known in this community to require recommendations. But there are many of our readers who are suffering from a derangement of the digestive organs, without the slightest idea of the real cause, giving rise to symptoms such as despondency, nervous unpleasant feeling, indecision, lack of energy, making existence a burden. To all who may be afflicted, try this Cordial; it will give immediate relief. To all who may be afflicted with Sores or Pains of any kind, try the Liniment. She the advertisement in another column. HOW DOES PERUVIAN SYRUP

CURE SO MANY DISEASES

APPARENTLY DISSIMILAR?

Whenever the mind is taxed more than the body, the penalty is Dyspepsia, the most convenient name for a legion of complaints, beginning with impaired digestion, and generally ending in CONSUMPTION, and all originating in a deterioration of the blood.

[From the Rev. Dr. GREENLEAF.]

CINCINNATI, October 12, 1859.

I have derived so much personal benefit from the "Peruvian Syrup," that I do not hesitate to recommend its use to all that large class of cases, where Iron is the efficient remedy. To clergymen, especially, and persons whose occupations tax heavily the nervious energies, or to sufferers from the debilitating effects of summer heats, I believe this to be an invaluable remedial agent.

Brandreth's Pills

Are growing more in favor with the public. It is now conceded they are the best purgative you can put forth from the world of medicine. The time will surely arrive when they will supercede all other purgatives whatever. The ingredients of which they are composed can scarcely be obtained by druggists or the makers of other pills. Dr. Brandreth has them grown and prepared without regard to the expense. And this care to make a popular purgative is appreciated, as the sales indicate. Other purgatives are dragging a flickering existence. And yet they may have some merit. But Brandreth's Pills are safe and sure—safe, because they operate solely on impure humors. No valuable fluid is touched; only effete or worn-out material, which, when taken out of the body, leaves it stronger.—They as pleasant as a truly effective medicine can be. To say that they will not sometimes give pain would be true, but the pain they give is only because they remove those crude and bad humors from the blood which are the occasion of disease. They open nature's avenues, and this cannot always be done pleasantly.
