CANCERS.

DR. W. C. COUDEN,
Formerly of Cincinnati, has located permanently in
Terre Haute,
Rooms over Coe's Drug Store.
Dr. Couden
Will devote special attention to the treatment of Cancers and Cutaneous affections.
In calling attention to my Cancer antidote, I am convinced for Cancer merits me to say that it is the most wonderful discovery ever made in Medicine. It is the great desideratum so long sought for by the Medical Profession and the afflicted with cancer, it destroys the cancer without a parallel, and is the only known antidote to cancer, and all cutaneous affections; the media especially of the antidote is separately by entering into the chemical composition of the cancer, cancerous, malignant or unhealthy growth, thereby removing all life and vitality, entirely destroying and destroying the cancer, every particle of it, and thus belonging to it, without pain or the use of the knife, without caustic eating or cutting, without the loss of blood, or in the least affecting the general health. It can be applied to the delicate eye or the most sensitive, and yet perfectly harmless. By this means large cancers can be removed in vital parts, the eye, large breast cancers, &c., where no other treatment could possibly be used. In doing so we feel secured of making permanent cures where other treatment has failed to cull and will enlist a number of cases of cancers that have been removed and pronounced, and if desired will refer to citizens of this city and throughout the country.
Immediately after the extirpation of cancers that have been removed, treated by inhalation, or otherwise. Particular attention paid to all diseases of the Eye and Ear, such as partial blindness or deafness, either acute or chronic. I am in possession of a most valuable remedy for Fits and Spasmodic Diseases.
SCROFULA, RHEUMATISM AND LIVER COMPLAINT.
Treated with success. Eruptive diseases, such as tetter, piles and tumors, scald head, ringworm, syphilitic affections, mercurial diseases, dyspepsia and indigestion, enlarged spleen, or swell, back, and all affections of the Kidneys and Spine will receive due attention.
Also a new and successful remedy for removing Tape Worm; and all other varieties of worm found. The public and regular profession are invited to call and examine my specimens of cancer.

DR. SEELYE'S
LIQUID
CATARRH
REMEDY.
Cure warranted if Directions are followed.
Hundreds of Citizens of Chicago have been Permanently Cured by this Medicine.
CALL FOR A CIRCULAR DESCRIBING ALL SYMPTOMS.
DR. D. H. SEELYE & CO.,
SOLE PROPRIETORS
Office—Masonic Temple,
ROOM NO. 11.
CHICAGO.....ILLINOIS.
Symptoms.
The symptoms of Catarrh at first generally appear are at first very slight. Persons find they have frequent attacks, and are more sensitive to the changes of temperature. In this condition the nose may be dry, or a slight discharge, thin and acrid, is forward becoming thick and adhesive.—As the disease becomes chronic, the discharges are increased in quantity and changed in quality, they are now thick and heavy, and are hawked or coughed off. The secretions are offensive, causing a bad breath; the voice is thick and nasal; the eyes are weak; the sense of the smell is lessened or destroyed; deafness frequently takes place. Another common and important symptom of Catarrh is, that the person is obliged to clear his throat in the morning of a thick or slimy mucous, which has fallen down from the head during the night. When this takes place the person may be sure that his disease is on his way to the lungs, and should lose no time in arresting it.
The above are but few of the many Catarrh Symptoms.
A Single Bottle will last a month—to be used three times a Day.
TESTIMONIALS.
From Hon. Thos. J. Turner, Ex-Member of Congress, from Illinois, late Speaker of Illinois House of Representatives, and Grand Master of A. F. & A. M. of the State of Illinois.
PEKIN, Oct. 21, 1863.
DR. D. H. SEELYE,
Dear Sir: In reply to your notice of the 17th inst I would say that I was severely afflicted with Catarrh for years, when I became acquainted with you and bought two bottles of your liquid Catarrh Remedy. Before I had used one bottle I was sensibly improved, and before the second bottle was finished, was completely cured. I can recommend the medicine to all afflicted with Catarrh.
Respectfully Yours,
THOS. J. TURNER.
This is to certify that to the use of Dr. Seelye's Catarrh Remedy, I experienced much relief and have heard many speak of it as being invaluable for the cure of Catarrh.
Yours, &c.,
Chicago, May 13, 1864. EDWARD ELY.

FURNACE.

PETER MARTIN'S
PATENT IMPROVED
Warm Air Furnaces,
For Public and Private Use.
For Wood or Coal.
I. L. FRANKEN, Indianapolis,
AGENT.
THE attention of the public is called to the above Furnaces, as they combine ventilating with heating qualities.
The inventor has, after years of experiments, succeeded in perfecting what he claims to be the best Furnace now in use. Among the many advantages over the ordinary furnaces, are:
The small amount of fuel required to keep it in operation.
Keeping the rooms constantly supplied with pure, fresh air, drawn from doors in exhausting a sufficient quantity, which, by a recent improvement, purifies, thereby avoiding all dust.
Large Air Chambers, avoiding the confinement of heat in heated walls and hot-metal chambers.
Improved Water Chambers, which keep up a steady supply of moisture, which overcomes the great objection to ordinary Hot Air Furnaces.
The castings are heavy, and strongly bolted together, guaranteeing durability under any degree of heat.
Particular attention is called to the self regulating Arrangement of this Furnace, which has been pronounced by business men to be the
BEST EVER MADE.
Every Furnace warranted to give entire satisfaction.
REFERENCES.
By permission, I refer to the following parties, where the Furnaces are in operation:
CINCINNATI, April 18 1864.
Martin's Patent Furnace, manufactured by Peter Martin, of this city, I have no hesitancy in pronouncing the best I have ever observed. He was employed to put one in the church I now serve, last fall. We have great cause for trial, and the whole Society unite in praising it as indisputable superior in any thing we had ever seen. Recommend men of my congregation to use his Furnace in their private residences, and in every case are perfectly satisfied. I can not take time sufficiently to describe this Furnace. I will just say that it burns less coal, and gives a greater volume of heat, than any furnace I am acquainted with, and is free from smoke, dust and impure air.

Mr. Martin: This is to certify that we tried the Furnace you built for us, and are satisfied with it. Our rooms are amply heated. Yours, respectfully,
SISTERS NOTRE DAME.

Having tried the experiment of warming our place of business by means of a Hot Air Furnace, and to our satisfactory results, we erected the apparatus last fall, and had what we supposed to be a good Hot Air Furnace put in the place, but was still unable to warm it so as to be comfortable. Upon a more thorough foresight into the whole subject of house warming, we ordered the furnace to be removed and one of the Admirable Purifying Warm air Furnaces, manufactured by Peter Martin, Esq., put in the place, and we find that in the coldest weather inside it to our entire satisfaction we have had no difficulty in keeping every part of our rooms warm and comfortable. We would advise our friends to profit by our experience, and save themselves great inconvenience and expense by ordering there invaluable furnaces direct from the inventor and manufacturer.

CINCINNATI, April, 1864.
I regard the Warm Air Furnace invented and manufactured by Peter Martin, Esq., of this city, as far superior to any other house warming apparatus with which I am acquainted. It will produce a greater quantity of heat from a given amount of fuel, than any other I know of. A bucket half full of coal with some ashes from the cooking range, will keep the house warm a whole day.

I have used for two winters Mr. Peter Martin's Hot Air Furnace in my dwelling, and am well satisfied with its operation.

Having used, during the past winter, the new Air Furnace recently secured and put up by Mr. Peter Martin, I willingly testify to the very general satisfaction it has given me.

The Warm Air Furnace recently secured and put in St. Anthony's Church, on Sixth St., near Cass, by Peter Martin, Esq., does all we expected it would. It affords a full supply of warm air, does not throw out any dust, gas, or smoke; is safe, and costs but little.
