DELINQUENT TAX LIST FOR YEAR 1909

TREASURER'S OFFICE, Delaware County, Nov. 11, 1909.

Notice is hereby given, that the real estate hereinafter described will be offered for sale at the treasurer's office in Manchester, Delaware county, Iowa, at 10 o'clock a. m., on Monday, December 6, 1909, according to the provisions of the statute in such cases made and provided, for the payment of the delinquent taxes, interest and costs, levied and accrued against each of the several parcels described, for the year 1908, subject, however, to any lien the school fund may have upon any of the real estate described.

GEO. A. NEWMAN,
Treasurer, Delaware County, Iowa.

OH, WHAT A CHANCE!

NO MERE APOLOGY WILL BE ACCEPTED

President Zelaya Must Give Better Satisfaction.

MARINES WILL BE LANDED

Recognition of Nicaraguan Insurgents as Belligerents by United States May Result in Dictator's Execution.

Washington, Nov. 22.—With formidable fleets of light draught United States gunboats and with rapid fire rifles moving on Nicaragua on both the Atlantic and Pacific sides, startling developments are looked for within the next few days, if not hours.

No mere apology and compensation will be accepted from President Zelaya as satisfaction for the shooting of two Americans by the president's orders. This information comes from the state department through an official who knows what he is talking about. It is probably safe to predict that the force of marines will be landed in President Zelaya's domain inside of a day or two and that there will be some real fighting for the government of Nicaragua to engage in.

Zelaya May Be Executed.

The insurgent forces in Nicaragua may be recognized as belligerents as the first move and within a few hours. This would put Zelaya in a sorry predicament, as such a step would carry with it the support for the insurgents of the American forces. This could have only one result—the triumph of the insurgents and the capture of Zelaya, with the fate of Emperor Maximillian of Mexico awaiting him.

The gunboat Vicksburg arrived off Corinto, on the Pacific coast of Nicaragua, and the Buffalo with 500 marines will reach there before Thursday. The cruiser Des Moines has arrived at Port Limon on the Atlantic side.

The gunboats Dubuque and Paducah also have been ordered to the Caribbean sea.

400 Marines Ordered Out.

Preparations are being made for 400 marines to sail from Philadelphia Saturday. This force will land in Nicaragua, if developments in the situation there within the next day or two require such a course. All will depend upon the action to be taken by the state department, which is marking time pending the receipt of additional details of the killing of Groce and Cannon, the two Americans.

The departure of the marines comes as a result of rush orders sent to the League island navy yards after the state department received the preliminary report of the slaying by President Zelaya's orders of the two men. It had been intended to send the marines to Panama to relieve about 350 marines now on duty there. By working night and day the League island force will be able to finish repairs on the ships by November 27, and the date has been set for the sailing of the marines.

New York Nov. 23.—"Work on the Panama canal has progressed so far that its opening seems to be reckoned in days. It will be finished ahead of the time set—1915."

This was the optimistic view taken by Senator Frank M. Brandegee of Connecticut, a member of the joint congressional committee which has been inspecting the isthmian waterway, when he arrived here on the Panama line steamer Colon. "The progress on the canal is magnificent," said the senator, "and it is all due to the perfect organization. Every man is in harmony with the government which in turn is working harmoniously with every man."

NEW YORK ELECTION COSTLY

$400,000 Is Spent—Millionaires, Judges and Business Men Contribute.

Albany, N. Y., Nov. 23.—Multimillionaires, judges, lawyers, doctors, merchants and politicians of high and low degree figure in the election expense statements of the Republican county committee of New York, Tammany hall and the Business Men's Municipal association for the last campaign filed yesterday. The three committees had an aggregate fund of nearly $400,000. To the Republican committee $214,766 was contributed. All of this was spent with the exception of $207.70. Tammany hall had a fund of $140,126. The balance left is $1,458.36. The Business Men's Municipal association received $30,307.72, all of which was spent.

The heaviest contributor to the Republican fund was J. Pierpont Morgan, who gave $7,000 in two installments. Tammany hall's list of contributors is headed by James B. Regan of the Hotel Knickerbocker, who gave $3,000.

W. E. Dodge was the largest contributor to the Business Men's Municipal association fund, giving $2,365.

Cousin of Mrs. Lincoln Is Dead.

Kansas City, Mo., Nov. 23.—Mrs. Julia Orna Gaugh, who was a cousin of Abraham Lincoln's wife, and who, when she was a girl of nine years was kissed by the French general Lafayette, died at her daughter's home at the age of 94 years.

Altar Jilt to Pay $3,700.

Storm Lake, Ia., Nov. 23.—Failure to appear at the church on his wedding day cost George Slade, a wealthy old bachelor, $3,700. Miss Emily Hampton brought suit against him for breach of promise, and the jury awarded her that amount.

COL. ASTOR'S YACHT IS STILL MISSING

Persistent Search for Nourmahal Continues Unabated.

CAPTAIN IS SURE IT'S SAFE

Report of Master of Liner Caracas Relieves Millionaire's Friends of Anxiety—San Juan Yet Unheard From.

New York, Nov. 23.—One of the most persistent searches ever made on the seas, that which is being conducted in an endeavor to ascertain the whereabouts of Col. John Jacob Astor and his yacht Nourmahal, continued unabated.

The latest and most positive report came from Caracas, when the captain of the Red D liner Caracas reasserted with certainty that it was the Astor yacht he had seen safely at anchor in San Juan, Porto Rico, November 15—or after the hurricane had passed.

He said the yacht appeared to have suffered no damage.

Confident Yacht Is Safe.

William A. Dobbyn, secretary of the Astor estate and Douglas Robinson and Nicholas Biddle, trustees, are confident this report is correct and it has served to relieve their anxiety. They are still making every effort to get into communication with San Juan, however.

Although Key West succeeded in getting messages through to San Juan, no reply confirming the presence of the Nourmahal had been received and it is possible, although it is but mere speculation, that the yacht has put out again for a cruise, the storm having subsided, and that the party aboard is still ignorant of the anxiety felt here for their safety.

Leaves Santo Domingo in Hurricane.

San Domingo, Nov. 23.—The Nourmahal arrived here November 10 and departed early on the morning of the 12th, her destination being San Juan. While anchored in the harbor the hurricane sprang up and the Nourmahal slipped her anchor in order to get away quickly.

Steamship Herrera Missing.

New York, Nov. 23.—Cable dispatches received from Havana set forth that the Cuban steamship Maria Herrera of the Herrera line is missing and may have been lost in the hurricane that swept over the West Indies a fortnight ago. The Maria Herrera is engaged in inter-insular traffic. She is 278 feet long and registers 1,341 tons net.

CANAL TO COST $400,000,000

Panama Waterway Will Be Much More Expensive Than Was First Estimated.

Washington, Nov. 23.—The cost of completing the Panama canal will be nearly $400,000,000, instead of the $150,0000,000 reported to congress in 1902, when the work of digging the great waterway from the Atlantic to the Pacific was authorized.

Latest estimates by the canal commission and ready for the sanction of congress were made public by the war department. They are included in the annual report signed by Chief Engineer Goethals and Secretary Dickinson.

Fire Damp Burns Six.

Martins Ferry, O., Nov. 23.—By the explosion of fire damp in the Florence mine of the Youhrogheny and Ohio Coal Company, near this city, six miners were fatally burned and the mine badly damaged. The men were rescued by comrades, but will die.

Cobb Fined for Assault.

Cleveland, O., Nov. 22.—Ty Cobb, outfielder on the Detroit baseball team, was fined $100 and costs for assaulting George Stanfield, a night watchman in a hotel on the occasion of the Detroit team's last visit to Cleveland.

STANDARD OIL WILL APPEAL

ARCHBOLD EXPECTS REPEAL OF SHERMAN LAW.

Says Anti-Trust Statute Is Too Drastic—Impossible to Do Business Under It.

New York, Nov. 23.—Conferences of officials and leading counsel of the Standard Oil Company were held to begin outlining the company's course following the court's decision that the trust must be dissolved. Thirty days are allowed before the decree takes effect. Within that time the appeal which the corporation announced that it would take to the United States supreme court will be perfected.

"I believe that the decision will result in legislation looking toward the repeal of the Sherman anti-trust act," said John D. Archbold, vice-president. "For under that law it is not only impossible for practically any corporation to transact business, but even copartnerships may be attacked. I believe that the officials at Washington are coming to the view that the law is too drastic and that even Mr. Roosevelt himself shares in that opinion."

Standard Oil stock was again affected on the curb market by the court's decision. After a fairly quiet opening there was a general outburst of liquidation. Prices in many active issues fell one to three points.

Amalgamated Copper sold off three points, while a heavy volume of selling orders in United States Steel common sent that stock off two and one-half.

After a decline of 40 points in Standard Oil, the stock was quoted at $640 bid and $650 asked.

Railway Must Fix Roadbed.

Topeka, Kan., Nov. 23.—Gov. W. R. Stubbs served notice on the officers of the Missouri Pacific railway system that he will instruct the attorney general to bring action to place the Central branch, which runs through a rich farming community in central northern Kansas, into the hands of a receiver unless the roadbed is repaired at once.

Army Officer Poisoned by Plotter.

Vienna, Nov. 23.—Capt. Mader of the army died from taking a sample of pills sent to him by mail. Several other officers received samples, which were found were made of cyanide of potassium.

TWO MEN KILLED AT DANCE

Alabama Girl's Refusal to Associate with Man Leads to Bloodshed.

Point Clear, Ala., Nov. 23.—Two men were killed and four wounded in a fight at a dance here. The daughter of Simon Nelson, at whose house the dance was held, refused to dance with a young man because she said he had been drinking. He began cursing, and the fight started. Mack McKenzie was beaten to death and Bert Pierce shot to death.

LIABILITY LAWS ARE NEEDED

PRESIDENT GOMPERS SCORES LAWYERS AS OBSTRUCTIONISTS.

Argues for Legislation to Provide Adequate Compensation for Injured Employes.

New York, Nov. 23.—Samuel Gompers, president of the American Federation of Labor, paid his respects to the legal profession at the opening session of the National Civic federation's annual meeting.

He was discussing the need in this country of new laws to cover the subject of employers' liability and to provide adequate compensation to wage earners injured by accident.

"The lawyers will prevent our getting the best and the wisest laws in this matter," he said. "They will have little difficulty in finding almost insurmountable constitutional objection, for the resources of our constitutional lawyers for interpretation are limitless, particularly when they are superinduced by the opportunity for well-earned fees.

"All we can hope for is a little progress. We must go on with our work of spreading the light. For the present let us be satisfied with establishing some semblance of the justice which is demanded by such disasters as this most recent one at Cherry, Ill."

John Mitchell also spoke, saying the natural conditions of mining in this country are more safe than in Europe, but that nearly five men out of every 1,000 employes are killed annually, whereas in Belgium, England and Germany the average is about one to 1,000. He said the laws should aim to protect workers more adequately.

$30,000,000 FOR IRRIGATION

Senator Borah Says Committee Will Recommend That Congress Make the Appropriation.

Washington, Nov. 23. — Senator Borah of Idaho, member of the senate committee on irrigation, called at the White House. The committee, he says, has decided to recommend to congress a bond issue of from $30,000,000 to $40,000,000 for the immediate completion of at least 32 projects.

Jumps from Train; Is Killed.

New York, Nov. 23.—Jumping from the St. Louis express train, Thomas Petoasi was ground to pieces. The discovery of a man's hand on the baggage platform revealed the body lying on the tracks opposite the depot.

O. R. Fyler Dead.

Torrington, Conn., Nov. 23.—Orasmus R. Fyler, member of the state railroad commission, and formerly chairman of the Republican state central committee, died at his home here.

Three Die in Auto Accident.

Cuthbert, Ga., Nov. 23.—Three persons are dead and two probably fatally injured as the result of an automobile accident here.

Await Coming of Messiah.

Winnipeg, Man., Nov. 23.—Pentecostal saints from all parts of Canada and northern United States are in convention here. They believe the coming of Christ is close at hand.

Children Cry
FOR FLETCHER'S
CASTORIA

One Misses, After All.

I am sure it is a great mistake always to know enough to go in when it rains. One may keep snug and dry by such knowledge, but one misses a world of loveliness.—Adeline Knapp.

Adventure in a Cyclone.

"Yes, said the Billville story-teller, "the cyclone carried his house into the next county and set it down there as comfortable as you please, and as he stepped out to the door to survey the country the man who owned the land notified him of suit for trespass, and the tax collector handed him a bill for taxes!"—Atlanta Constitution.

Greece Large Importer of Oil.

Greece is a large consumer of edible oil. Her population of about 2,500,000 uses annually 20,000 to 25,000 tons of oil, or eight to ten kilos per capita.

The Peacock.

Little Ethel had been taken to Eastlake park to see the beautiful birds and animals, and upon her return described them to her mother. "The peacock made a profound impression upon her, and she told her mother about it in this way: "It is a beautiful bird, mother, with electric lights all through the ferns and a turkey under it."—Los Angeles Herald.

No Risks in Philadelphia.

Rising in a street car to give his seat to a woman, a St. Louis man broke his collar bone. Did you ever observe the risks taken by men in Philadelphia street cars?—Philadelphia Times.

Perfect Coating for Hams.

"Mraslin" is the name of a substance that is used in Bohemia to coat hams. It is as pliable as rubber, tasteless and harmless, and keeps the hams—also meats, eggs, etc., perfectly fresh almost indefinitely. The mraslin can be peeled from the ham almost as easily as the skin from a banana.

Keep Ginseng at Home.

Making, selling or exporting of red ginseng in or from Korea is now forbidden, under fines of from $50 to $500 and confiscation of equipment to all parties except the Korean government or firms specially authorized by it. It is highly valued in the orient for medicinal use.

Our Hearts.

The faint image of Eden which is stamped upon our hearts in childhood chafes and rubs in our rough struggles with the world, and soon wears away; too often to leave nothing but a mournful blank remaining.—Dickens.

BAGGED BY MR. ROOSEVELT

Singing Topi, Bohor and Kob Added to Game Bag—Party All Well.

Nairobi, British East Africa, Nov. 23.—Reports received from the American hunting expedition are to the effect that all the members of the party are well and will return to Londianai November 30.

During the hunting on the Guas Inghisu plateau Col. Roosevelt and Kermit Roosevelt, in company with the African explorer, Carl E. Akeley, killed four elephants for the American Museum of Natural History at New York.

Mr. Roosevelt has decided to give one of the elephants killed earlier to the museum of the University of California.

The party took many other trophies, including five horned giraffes, a leopard, a roan bush buck, a Jackson's hartebeest, an oribi, a singing topi, a bohor and a kob.

SALINAS, CAL., IS SHAKEN

Heaviest Shock Since 1906 Rocks City and People Flee from Their Homes.

Salinas, Cal., Nov. 23.—The heaviest earthquake recorded here since the shock of April 16, 1906, was felt in this city. Buildings rocked and cracked for 15 seconds and people rushed into the streets for safety. So far as has been ascertained no damage resulted from the shock.

Hookworm Commission to Meet.

Key West, Fla., Nov. 23.—The Sanfeller commission for the eradication of the hookworm disease will attend in a body the first national conference for the study of this disease, to be held here January 18 and 19.

Observe, and Be Happy.

The chief secret of comfort lies in not suffering trifles to vex us, and in prudently cultivating our undergrowth of small pleasures.—Archbishop Sharp.

City of Mosques.

In Constantinople there are more than 800 mosques or temples.

Clubbing Offers!

The following are a few of the clubbing offers which are available to all subscribers of this paper.

The prices quoted are the yearly rates for the publications named.

Democrat and Chicago Daily Journal	$2.85
Democrat and Chicago Examiner	3.60
