THE GAZETTE.

WEDNESDAY EVENING, JUNE 8.

MISCELLANEOUS ITEMS.—The steamer City of Boston, which left New York on January 25th, and Halifax on January 27th, and has not been heard of since, has at last been given up as lost by the Inman Company, to which she belonged. Mr. Inman has written a letter to the secretary of the marine department of the board of trade of London, stating that he feels bound to report officially to the department the loss of the City of Boston. Mr. Inman thinks that the City of Boston was crushed in the ice-fields, which had suddenly broken up.

The New Orleans papers record the death of James W. Zacharie, a native of Baltimore, but who had resided in New Orleans since 1803, and was fortunate enough to witness the interesting ceremonies of the transfer of the vast territory of Louisiana from Spain to France, and thence from France to the U. S. He also participated in the battle of New Orleans under Gen. Jackson. Since 1815 he had been an active merchant, and acquired a large fortune.

The North Missouri railroad has purchased two thousand tons of cast-steel rails, all to be delivered during the present year. It is the intention of the directors of this road to substitute steel rails for the iron ones now down throughout its entire length of four hundred miles as rapidly as possible.

H. Potter Palmer is to commence the building of a hotel in Chicago, to be the largest in the country; eight stories high, 750 rooms, and to cost, including the ground, two and a half million of dollars.

Mr. Voorhees made an able political speech at Terre Haute, Ind., yesterday, in opposition to radicalism. He is to be a candidate for re-election to Congress.

The Northern railroads are reducing their passsenger fares between Chicago and New York.

LOAN
—OF THE—
CHESAPEAKE & OHIO RAILROAD.

THE CHESAPEAKE AND OHIO RAILROAD
Is completed and running from RICHMOND, Va., to the celebrated WHITE SULPHUR SPRINGS, in West Va., 227 miles. It is being rapidly extended to the Ohio river, 200 miles further, making in all 427 miles.
In its progress Westward, it penetrates and opens up to market the WONDERFUL COAL DEPOSITS of the Kanawha Region in West Virginia. And thus brings the superior and abundant Coals of that section into communication with the IRON ORES of Virgini and Ohio, and the Western, Southwestern as Eastern markets.
When completed it will connect the splendid harbor facilities of the Chesapeake B y with reliable navigation on the Ohio river, and thus with the entire system of Railroad and Water Transportation of the great West and Southwest.
It will make a short, easy, cheap and favorable route from the West to the Sea, and will command a large share of the enormous freights seeking transportation to the coast.
It will thus become one of the most important and profitable East and West Trunk Lines of Railroad in the country, and command a trade of immense value.
The completed portion of the Road is doing a profitable and increasing business, and is fully equal in value to the whole amount of the mortgage upon the entire line—$15,000,000.
The loan of the Chesapeake and Ohio Railroad Company, being a First Mortgage upon the entire line, property and equipments, worth when completed at least $30,000,000, is therefore one of the most substantial, conservative, and reliable Railroad Loans ever offered in the market, and is peculiarly adapted to the wants of
INVESTORS AND CAPITALISTS,
who desire to make their investments with the most satisfactory assurance of positive and undoubted security.
The Bonds are in denominations of
$1,000, $500 and $100,
and may be had COUPON or REGISTERED.
Interest six per cent per annum, payable MAY and NOVEMBER 1st.
PRINCIPAL AND INTEREST PAYABLE IN GOLD in the City of New York.
Price 90 and accrued interest in currency, at which price they pay nearly seven per cent in gold on their cost.
All Government Bonds and other Securities dealt in at the Stock Exchange, received in exchange, at their full market value, and Bonds sent to all parts of the country, free of express charges.
