LOCAL MATTERS.

WEATHER PROBABILITIES, *Sept'r. 4, 1879.* For the Middle Atlantic States cooler, clear or partly cloudy weather, southeast, veering to northwest winds, and rising barometer.

SERENADE.—Last night was the regular drill night of the Alexandria Light Infantry, and a large number of the members of that company assembled at the armory. After the usual exercises, the guns were replaced in the racks, and the members present, preceded by Carkson's band and accompanied by a large crowd of citizens, marched to the residence of their Captain, E. L. Smith, who was yesterday nominated for State Senator. After the band had discoursed some good music, Captain Smith came forward and thanked his comrades for the compliment paid him. He expressed his pride in being a member of their organization and said that it could not be surpassed by the pride arising from any political preferment. Captain Smith alluded in terms of high praise to the excellence in drill and discipline attained by the company in so short a time, and regarded it as a proof of what unity of purpose could accomplish. He had received the nomination and felt that gratification which all men feel at political success, but he did not regard the compliment as personal to himself, but rather as one to the city of Alexandria which he represented. This was the first convention for years, to which Alexandria had sent a united delegation, and as it always the case where unity exists they succeeded. Capt. Smith emphatically denied the report that if elected Senator he would resign the command of the company. He should feel false to himself if he did so. This declaration was received with loud applause.

Captain Smith's remarks were well received and frequently applauded. More music followed and then brief speeches were made by ex-Mayor Kemper, Mr. E. E. Meredith, of Prince William, Auditor Brockett, Mr. E. M. Lowe and Judge James Saunder, of Fairfax, Mr. W. E. Fendall and others, all highly eulogistic of Captain Smith, and containing many handsome allusions to the Light Infantry. Cheers were given for Captain Smith, Fairfax, Prince William, Judge Saunder and ex-Mayor Kemper.

The line was then reformed and marched back to the armory where it was dismissed.

THE WEATHER.—Speaking of the sultry weather of the past few days the Baltimore American says:

"The temperature was not above 80 degrees yesterday, but the excessive humidity of the air was such that it could absorb little or no moisture from the perspiring human body, and consequently there was produced that sweltering and sticky sensation which can only be compared to a mackinaw worn both with vest and coat on. One consolation is that it can't last much longer. About the 10th or 15th of September in this latitude the cool northern winds set in and the autumn really begins, and just then also the sanguinary mosquito stabs his last victim under his wing and dreams himself away into nothingness."

THE PUBLIC SCHOOLS.—Permits for admitting pupils to enter the public schools with white children expired this evening, and to-morrow and Saturday permits will be issued to colored children only. It is earnestly hoped by the school authorities that the parents of these children will come forward at once and get their permits, and thus allow the schools to be properly organized at the beginning of the session. Last year the clerk's office was thronged every Monday for a month during his office hour by parties wanting permits, much to the prejudice of other business and to the arrangement of the schools.

At the close of business this evening permits had been issued to 330 boys and 301 girls; total 631. Last year at the same period there had been issued to 376 boys and 254 girls; total 630.

SORA.—The fearful slaughter made on the birds on the first two days of this month seems to have either exterminated them or frightened them off. A large number of sportsmen were out yesterday, but did not average five birds each.

The season for shooting sora or rail in Maryland does not commence until to-morrow, and those of our sportsmen who have been shooting in the marshes across the river have been violating the law. Mr. Kubler, of the Washington Sunday Herald, who went out as a hunt with some friends on Monday, was arrested by the Maryland officers, fined $5 and costs, and had his gun confiscated.

BOARD OF HEALTH.—The board of health met last night at the treasurer's office. The two alleys on either side of Pitt street, between Cameron and King, and the alley north of Queen street, between Washington and St. Asaph, were condemned as nuisances, and the property owners ordered to have them repaved.

The board recommended to the City Council the appointment of an inspector of milk, it being represented that a large portion of the milk brought to this city is adulterated, and contains substances highly deleterious to health.

The general sanitary condition of the city was represented as highly satisfactory.

NEW CHURCH.—The committee appointed by the German Lutheran congregation of this city concluded a contract, on Tuesday night, with Mr. John Powell for the erection of a chapel on the lot heretofore occupied by them, on the northeast corner of Cameron and Alfred streets. The building, which will probably be commenced next week, will be a frame one, 24x40 feet, one story in height, and surmounted by a cross. The object of the congregation is to make it plain, neat, and comfortable. The church will probably cost about $800, and will add much to the appearance of the neighborhood.

IRON WORKS.—In another column will be found two articles reciting the increasing briskness in the steel and iron trade. Everywhere business is brisk, in fact so much so that even Government work, which pays well and promptly, goes a begging for bidders. If Alexandria had iron works, as she should have, the valuable contracts for the new departments, mentioned in one of the articles alluded to, might easily be obtained for this city, and employment be furnished to a larger number of men. Who will be the first to stare the ball in motion?

PERSONAL.—The Warrenton South says: "Col. Herbert, the old commanding officer of the famous 17th Virginia, was here on Tuesday."

Mr. A. C. Harmon, President of the Commercial Exchange, who has been on a visit to his democratic relatives, away up in Maine, has returned.

DEATH OF A RIVER MAN.—Jackson McCabe, for 25 or 30 years the steward of the steamer Columbia, running between this port and Baltimore, died in the latter city yesterday of apoplexy. He had been suffering for several months with softening of the brain which brought on the disease with which he died.

ALEXANDRIAN IN TROUBLE.—Richard Burke, who was arrested with the "crooked whiskey" men in Washington, on Tuesday, was formerly a resident of this city and kept a grocery store on Fairfax street and one at the canal basin.

ANOTHER INDUSTRY.—The property at the corner of Queen street dock and Union street has been rented to Mr. Merrill, of Vermont, who will use it as a factory for preparing hoops, staves &c., for exportation.

LECTURE.—Rev. Mr. Hartwell, a missionary to China, will deliver a lecture before the congregation of the Baptist Church, on Washington street, to-morrow night at 7.30 o'clock.

CORPORATION COURT—*Judge Charles E. Stuart presiding*—Louis Tresder, Stephen Dunlington, and Thomas Waddey were exonerated from the payment of capitation tax on account of bodily infirmity.

Lindsey vs. Lindsey; in chancery; order for alimony pendite lite, and for counsel fees and costs.

Dulany vs. Bayne et. als; in chancery; cause revived in name of D. W. Rozelle et. als., complainants, and H. O. Claughton appointed commissioner to make deed of real estate.

Douglass & Bro. vs. Graham et. als; in chancery; order for sale of real estate.

Collier and wife vs. Atwell et. als; in chancery; order for conveyances of real estate.

Court adjourned until the court in course.

FIGHT.—A fight occurred this evening about 3:30 o'clock, on the schooner Agnes, of Baltimore, lying at Lambert's wharf, between two sailors, named Frank Grover and William F. Kelley. Kelly knocked Grover, down kicked him on the face and neck, and finally threw him overboard. Grover clung to the gunwale of the vessel, when Kelley attempted to loosen his hold by kicking him on the hands. Some bystanders interfered, and sent for Constable Gray, who arrested both men and carried them to the station house. Another sailor, accused of complicity, was also locked up.

THE STRIKE.—The strike at the Cumberland coal mines continues, and seems likely to prove a lengthy one. The miners are determined in their attitude, and the coal companies reiterate that they cannot afford to pay an advance of wages.

A mass meeting of miners not members of the "Knights of Labor," and who were not present at the meeting of that organization, will be held at Lonaconing to-morrow.

FINES REMITTED.—Mayor Smith this morning reheard the case of Daniel Williamson and Mrs. Elizabeth Howard, who were fined a few days since for infraction of the market regulations, and having found, upon examination, that the law was silent on the subject, he remitted the fine. Mr. J. M. Johnson was counsel for the parties. The City Council will be requested to legalize the market regulations when they meet.

MEETING AT PURCELLVILLE.—A very large number of negroes from all parts of Loudoun county assembled at Purcellville to day to hear an address from U. S. Marshal Fred. Douglass, of Washington. The meeting was in progress when the train passed that point.

EXCURSION.—There was a large excursion of negroes from this city and Washington to Warrenton to day. A large number, who came down from Washington about two o'clock were too late for the train.

LOCAL BREVITIES.

The work on Messrs. Janney & Co's. new drug store, on King street, near St. Asaph, was commenced this morning.

A sail boat, containing two young men, was capsized off King street last night. Two occupants escaped without damage.

The U. S. steamer Tallapoosa passed down this evening.

Match.

BOSTON, Sept. 4.—The Massachusetts rifle club yesterday shot the twentieth and concluding competition of the Spirit of the Times match at Walnut Hill range—Dietzner's 800, 900 and 1,000 yards. I. O. Sumner won the match, having made a score of 221, equaling his former record at Creedmoor, which never before had been done. William Gerrish scored 215, J. F. Brown 214 and W. H. Jackson 210.

Mrs. Sprague

NEW YORK, Sept. 4.—The World's special from Kingston, R. I., says:

"Mrs. Sprague has arrived safely at Jamestown, where some cousins of her's, who live in Boston, are spending the summer. Mr. Sprague will not at present take any proceedings for the recovery of his children."

Removed.

NEW YORK, Sept. 4.—A Times special from Syracuse says that Gov. Robinson has removed Hon. A. C. Powell from the office of Superintendent of the Onondaga Salt Works, and appointed by the late Gov. John A. Dix. It is alleged that Gov. Robinson last week examined the charges made against him several months ago, and finding him guilty removed him.

Fatal Accident.

PROVIDENCE, R. I., September 4.—Robert Hunter was fatally hurt yesterday by the fall of a telegraph pole, which he was engaged in putting up for the American Union Telegraph Company, and died this morning. He was a native of Livingston, Ala., where his relatives reside.

Ashore.

FREEPORT, L. I., Sept. 4.—The bark Chelsion, from Boston, bound to Perth Amboy, in ballast, came ashore on Long Beach, opposite here, this morning. Life saving crew No 32 went to her relief and took off twelve persons—the captain, his wife and the crew. The bark lies in a bad position.

☞ THE PRODUCTS OF INDIGESTION.—Inability of the stomach to act upon the food is productive of serious and speedy mischief to the entire bodily economy. The circulation languishes and grows poor; leanness, pallor, and a loss of muscular and organic power supervene; but, worse than this, the functions associated with and dependent upon digestion, such as evacuation and the secretion of bile, grow irregular, and the organs, whose business it is to discharge these functions, become badly disordered. This disastrous state of things is more readily and thoroughly rectified with Hostetter's Stomach Bitters than any known medicinal agent. The stomach being invigorated, the life giving principles of the blood are increased, the system properly nourished, leanness and debility overcome, and the bowels and liver thoroughly and promptly regulated.
