Young Men's Christian Association.—Service of song and prayer meeting in the M. P. Church, at 4 p. m. Jail at 2 p. m. Alms House at 2½ p. m.

MANUFACTORIES.—The announcement in the Gazette that the cotton factory, with its thousands of spindles was to go into operation again, to-day being dull, suggested the idea to look at some of the business places of the city. The starting of the cotton factory will give employment to numbers of skilled operatives, who have been almost out of employment for several years. The other day, in passing along Union street, between 12 and 1 o'clock, a number of men and boys were seen engaged in playing base ball, when the shrill scream of a steam whistle was heard, and the crowd dispersed, to enter the workshops of Aitcheson & Bro. In the yard of this establishment, under the sheds, the large saws and planers are located, where the lumber in its rough state is sawed out and dressed. On the inside it is planed smooth and manufactured into spokes, felloes, &c. In the upper story is the pattern shop. In addition to the large amount of heavy lumber used in furnishing material, flooring, &c., they have within the last six months used over one hundred thousand feet of poplar lumber alone in the manufacture of their patent boxes, and orders are pouring in from all parts of the country as fast as they can be filled. W. S. Moore, one of the best machinists in the country, adjacent, with his hands all busy in repairing and manufacturing steam engines, &c., while his brass and iron foundry is in full blast on the corner above. Gorman & Pettitt, known far and wide for their high reputation as boiler makers beside doing nearly all the work for the boats on the river, do a great amount of work for the Government. Their boilers of iron or steel are said to be unequaled. Union street is beginning to put on again the business appearance of the days of yore. On the extreme northern end the American Coal Company have thousands of tons of coal from Cumberland to be shipped away. Next comes W. A. Smoot with his immense coal and plaster business. On the right of Union we find Lee & Cox's barytes mill, and Leatherland's foundry. On the left Nalls & Co's. grist and plaster mill, the Hampshire Coal Company's works and Reed & Co's shook factory and hoop shipping establishment. On Fayette alley we find Herbert Bryant's large bone mill and fertilizer manufactory. Next to the Merchants' Exchange is Gilbert & Son's machine shops. After passing Fitch's, Atcheson's and Moore's on the wharf is Rosenthal's spoke and sumac factory. Next comes Agnew & Co's extensive coal shipping works, in addition to which is a bloomery with steam hammer of immense weight, yet so perfect is the machinery that you can crack a filbert with it or crush a ton of iron. We next come to the boat yard of Speake & Hoofman, where all kinds of small sailing vessels and boats are built. Next is the Alexandria Marine Railway and Ship-building Company. The company is now building a first class vessel of one thousand tons burthen. This company has all the most improved machinery for getting out and dressing timber. One of the largest planing machines is always in full operation, and besides repairing vessels of the largest class, they are always busy in repairing steam and sailing vessels. So much for Union street manufactories, and at another time other large business establishments will be noticed.

BROTHERS AND SISTERS OF MOSES.—This order for late has attracted some attention. Ever since the Legislature passed the act incorporating the Sons and Daughters and Brothers and Sisters of Moses, they (the Brothers and Sisters) have been in a squabble. A few days ago Nathaniel Matthews the leaders of one faction appeared at the office of Justice O. C. Whitely and sworn out a warrant against Ruffin and other leaders of the other side for the recovery of certain books. Yesterday the case came up, and the plaintiffs, coming to the conclusion that they were not quite ready for the contest, requested that the case be dismissed, which Justice consented to very readily. The sisters and brothers, and sons and daughters then departed, with the understanding that they would come again next week. Rev. Fields Peck also presided at the public meeting of the order on Wednesday night by special request, says that he desires it to be understood that he is not a Brother, Sister, Son or Daughter, or in any way connected with Moses the institution.

ALEXANDRIA REFORM CLUB.—A large portion of the Alexandria Reform Club was present in their hall, on Fairfax street, last night, Mr. W. Henderson in the chair, and George W. Maxwell, secretary.

After transacting a good deal of routine business, about the head of the good of the order, speeches were made by Rev. Mr. Pierce, Rev. Mr. Peck, and Mr. Lewis McKenzie.

Mr. Wadsworth, of Boston, Mass., was announced to speak at the temperance meeting, which takes place to-morrow afternoon, at half past three o'clock. If the storm should continue the meeting will be held at the club room. The most much was announced, and the [illegible] d.

Some steps will soon be taken towards the erection of the proposed building for the use of the club, the drawings of which are now on exhibition in the store window of Mr. Joseph Bates, on Fairfax street.

PROPOSED PURCHASE OF THE ALEXANDRIA AQUEDUCT BRIDGE.—The Washington Star of yesterday evening says:

At the regular meeting of the Senate District Committee next Monday morning members of the Alexandria Canal Company and the present lessees of the aqueduct bridge will be given a hearing on the subject of the purchase by the Government of the bridge. The committee are ready to report the bill for the purchase and lease of the bridge, but the lessees of the canal have stated that unless they can obtain guaranty that the aqueduct will not be removed after the government shall acquire the property. It is understood that they will be given this guaranty, and that will remove the only obstacle now known to the purchase. The bill will then be reported and passed as early as practicable."

IN SEARCH OF LABORERS.—Mr. Smith, agent for Messrs. John Satterlee & Co., contractors on the Shenandoah Valley Railroad, was in this city yesterday, in search of hands to work on that road, and notwithstanding good wages were offered he succeeding in inducing only about fifty colored people to leave Alexandria, they preferring to stay here and beg and steal, rather than go to the country and earn an honest living. Mr. Lewis McKenzie at the meeting of the Alexandria Reform Club, last night, stated that Mr. H. L. Lacy, who has the contract for building the bridges on the Shenandoah Valley road, will, in a short time, want a large number of hands, and thought there would be a good opening for a large number of unemployed carpenters.

HEBREW CONFIRMATION.—Albert Stein and Louis Eichberg, sons of two well known and most respected Hebrew citizens and business men of this city—Messrs. Louis Stein and Isaac Eichberg—entered the Hebrew congregation this morning, according to ancient custom. There was quite a large congregation present at the Synagogue, of which Rev. M. Sessler is rabbi. The candidates for confirmation were brought before the altar, and a parchment being taken from the ark of the covenant, they pronounced Hebrew prayers over the five books of Moses. The parchment was then rolled up by the candidates and returned to its place in the ark, after which an address in German was delivered by each one of the candidates. The addresses, which reflected credit on the young gentlemen delivering them, and on their teacher, Rev. M. Sessler, consisted of a recital of the duties these who take upon themselves the solemn obligation of a Hebrew owe to their God, their parents, their neighbors and their State.—Among those present were Mr. Joseph Seliger and Mrs. Seliger, of Baltimore, grand father and grand mother of Albert Stein, and Mrs. Newman, of Baltimore, and Mrs. Lilienthal, of New York, his aunts.

THE PROTECTION OF FISH.—The bill to protect fish in the Potomac river has been reported favorably to the Senate. It provides that it shall not be lawful to fish with fyke net, pound net, stake net, weir, float net, gill net, haul seine, or any other contrivance, stationary or floating, in the water of the Potomac river, within the District of Columbia, after the 30th day of May in any year. That during the fishing season—from January 1 to May 30 of each year, a closed season beginning at sundown Saturday evening and ending Sunday night, shall be observed each week, during which time haul seines, etc., shall not be laid out, and all stake nets, weirs, &c., shall be raised so as to give unobstructed passage to the fish. Black bass and salmon shall only be taken by angling or with the outline. A fine of not less than $10 nor more than $100, and the forfeit of all fishing apparatus is the penalty for violation of the act, and $10 is allowed each informer.

THE MARKET.—The market to day was poorly attended, in consequence of the inclemency of the weather. Prices were a little higher than last Saturday. There were but four turkeys in market and they were not the best. Chickens sold at from 75c to $1.00 per pair. Meats were in demand, roast beef, best, brought 12 to 18c per pound, pork 8 to 10c. Apples 40 to 50c per peck. Sweet potatoes 40, and Irish potatoes 25c. per peck; spring onions 5c. per bunch, kale 25c. per peck, lettuce 5c. per head; strawberries, about two dozen in a box, 25c. Butter was very scarce at 30 and 35c. per pound; eggs 12½c. per dozen. What few fish there were sold high—shad $1.50 per pair, rock 40c. apiece, winter shad 25c. per bunch, common fish 20c. per bunch.

THE SHIPYARD.—Everything was quiet at the shipyard to day in consequence of the weather being too bad for the men to work.—Mr. Mitchell has been awarded the contract for planking and ceiling the new schooner now being built there, and Mr. T. J. Chew, of Thoroughfare station, has received the contract for furnishing logs to the yard. The steam tug Belle Haven is on the ways there undergoing repairs. The steamer Lady of the Lake left the yard this morning having been thoroughly repaired and painted, and put in first class order. That steamer will resume her trips between this city and Norfolk on Monday next. The war between the two steamers Lake and Leary has already commenced, the former reducing her rates one half.

A COMPLIMENT TO AN ALEX'A. MERCHANT.—A committee consisting of the commissioned officers of the East Washington Light Guard, visited this city yesterday, and informing Mr. Joseph L. Grigg that the company expected in a short while to purchase new uniforms, requested him to put in a bid. The committee stated that they were so well pleased with the beauty and fit of the uniform of the Alexandria Light Infantry that they were anxious that their company should adopt the same, and so urge him to make it.

PARSON MASSIE.—J. E. Massie, Auditor of the State, who is announced to speak at Sarepta Hall to night, arrived in this city this afternoon from Richmond on the Alexandria and Fredericksburg train. He was met at the depot with a carriage by Judge A. W. Chilton, R. Henry Simpson, I. C. O'Neal, and D. W. Whitlaw, and escorted to the residence of Mr. D. R. Windsor. From here he will go to Fairfax Court House.

REPRESENTATIVE ELECTED.—Mr. M. Ruben, has been elected by Osceola Tribe, No. 1, representative to the Grand Council of the Order, which meets in Richmond next May.

If your liver or Stomach is out of order—if you are troubled with Dyspepsia, Headache, Costiveness or Nervousness—you will save many a dollar by using J. M. Lacoque's Anti-Bilious Bitters, manufactured by W. E. Thorne, Baltimore, Md., and for sale by all druggists at 25c a package, or at $1 a bottle.

Old and young, rich and poor, all unite in testifying to the true merit of Dr. Bull's Cough Syrup. For over a quarter of a century it has proven itself a true, tried and trusted friend. Price 25c.

BALTIMORE, Feb. 28, 1879.

P. Warren, esq—Having used your English Condition Powders on my horses, I wish to say it has far exceeded my expectations. The fact of its being one third cheaper than all others made me skeptical in using it, but I have found it superior to any others I ever used, and cheerfully recommend it to my friends and the public in general as being purer, better and cheaper than anything of the kind in the market. [Signed]

WM. R. McCOY, Coal Merchant,
mn 11-3t cor. Bond and Lombard sts.

LOCAL BREVITIES.

Parson Massey, Auditor of the State, will speak at Sarepta Hall to night.

John Seaton, colored, formerly of this city but now of New York, is here on a visit.

We are requested to state that the late Mr. Jefferson Tacey came to this country in 1849, and not 1851, as stated at the time of his death.

The steam hammer at the bloomary of Messrs. John P. Agnew & Co., was tried to-day for the first time, and worked in a very satisfactory manner.

Mr. Frank C. Vashon, of Washington, D. C., was married in Leesburg on Tuesday last by Rev. J. F. Cannon to Miss Sarah C. Gray, of that place.

Wm. Diggs, the old colored man who fell from a tree yesterday and broke his neck, will be buried to-morrow afternoon, at two o'clock, from Roberts' Chapel, on Washington st.

The steamer Jane Moseley was detained at her wharf in this city until twelve o'clock last night in consequence of the heavy snow storm prevailing.

Office James Coleman, on his rounds last night discovered a negro shanty on south Royal street on fire, which he, with the assistance of other officers, extinguished.

The snow storm which commenced yesterday morning continued all day and nearly all night. To day was certainly as disagreeable as it could well be both overhead and underfoot. Not much of the beautiful Spring about this, and those fellows who wouldn't die in Spring time could have shuffled off tolerably comfortable either yesterday or to day.

AUCTION SALES.

VIRGINIA MIDLAND R. R.

FOR SALE AT PUBLIC AUCTION.

By virtue of and in obedience to a decree rendered by the Circuit Court for the city of Alexandria in the chancery cause of *John C. Graham vs. the Washington City, Virginia Midland and Great Southern Rail Road Company and others*, on the 13th day of February, 1880, I shall, in front of the Market Building, on Royal street, in the city of Alexandria, in the State of Virginia, at twelve (12) o'clock m., on THURSDAY, the 13th day of May, 1880, sell at public auction to the highest bidder the following described property:

The entire line of railroad known as the Washington City, Virginia Midland and Great Southern Rail Road, lying between the city of Alexandria and the city of Danville, and from the town of Manassas, in the county of Prince William, on the aforesaid main line, to the town of Harrisonburg, in the county of Rockingham, together with all the branches thereof as they now exist, with all appurtenances and equipment, rights, privileges, franchises, properties, real and personal, and works to the said railroad and branches respectively belonging, or in anywise appertaining, including the roadway and tracks, rails and roadbed, side tracks, bridges, viaducts, trestles, fences, stations, depots, machine shops, and all other buildings and structures, docks and wharves, sand and gravel pits and deposits of materials and all other things belonging to, or used, or designed to be used, for or in connection with the said railroad or branch railroads respectively, together with all locomotives and tenders, freight and passenger cars, and all other cars, and all other rolling stock or equipment whatsoever, machinery, tools, and all materials for the use of said railroad or any of its branches and all other personal property thereunto belonging, including all property and things whatsoever of any such nature or description as is above mentioned. The said line of railway and branches extends a total distance of 316 miles.

The purchaser of said road and property above described will also be substituted to the rights and assume the responsibilities of said defendant company under a contract between said company and the Baltimore and Ohio Rail Road Company, dated on the 20th day of August, 1878, whereby the said Baltimore and Ohio Rail Road Company leases from said defendant company so much of the said road as lies between Strasburg and Harrisonburg, and so much of said road as lies between said points will be sold subject to said lease.

The said purchaser will further take said road and other property subject to the contracts made under orders of the Circuit Court for the city of Alexandria by the Receiver in said suit with the Charlottesville and Rapidan Rail Road Company, and the Franklin and Pittsylvania Rail Road Company—and subject to all other contracts of the Receiver in regard to said property, whether made under order of the Court or not, and will assume all his liabilities thereunder. Should the purchaser not comply with the terms of sale, there will be a resale at his costs and risk.

Terms: The terms upon which said Commissioner shall sell said property as set forth in the said decree are, cash as to a sum of money equal to the principal and interest of all bonds secured by deeds of trust on said property or any part thereof, except those secured by the deed of trust of the defendant corporation, dated on the 1st of May, 1873, in which D. H. Miller, Robert Garrett and John W. Burke, are Trustees, and for a further amount of cash equal to the past due interest on the debt secured by that deed; as to a sum equal to the principal of the debt which has been heretofore ascertained to be due under said deed, on such credit as will meet the amount of said debt at maturity, taking care that as to such deferred payments provision be made for the purchaser to so pay interest on the purchase money in instalments that the interest to be paid by him shall meet the coupons for interest yet to fall due on said principal—as to residue of the purchase money on a credit of one, two and three years, with interest from date of sale.

For the deferred payments as above provided the Commissioner shall take the obligations of the purchaser and return them with his report of sale, when the Court will direct how the payment of the same shall be secured by some satisfactory lien on the premises sold.

Of the cash, which it is herein provided shall be required on the sale of said property, two hundred thousand dollars [$200,000.00] shall be paid to the Commissioner within five days after said sale, and the residue shall be paid by the purchaser upon the confirmation of said sale in such manner as the Court in the decree of confirmation may direct.

The fourth instalment of the now world famous GEM PUZZLE—13—15—14.

Lawyers play it, ministers play it, bankers play it, everybody plays it. At first sight the victim feels little or no interest, but if he stops for a single moment to try it the mania seizes him. Business, home, friends, family, social and civic duty all are forgotten, while he slides the fifteen blocks around and figures and calculates, gives it up, "swears off" and begins again. Children cry for it, philosophers try it, the academies of science discuss it. "Fifteen" is a puzzle of seeming simplicity, but it is constructed with diabolical cunning. Four styles on hand; price 10 and 15c.

Demorest's Portfolio for the Spring and Summer of 1880; 15c.

READ AND THEN ACT.
All persons having BEER BOTTLES of any brand coming from our store will please send them or notify us at once and we will call for them. We desire to balance our bottle account with the Brewery, and must have the bottles returned in order to do it.
feb 10 GEO. McBURNEY & SON.

TO CITY TAX PAYERS.
Collectors' Office, Room 6,
Royal street wing Market Building.
There who are still in arrears for taxes are hereby respectfully notified that in a few days they will again be called upon for a settlement of the bills remaining in our hands. We hope they may all be prepared to pay without further delay, as otherwise we will be compelled to enforce the collections, however unpleasant such a duty may be.

REAL HAIR GOODS! REAL HAIR GOODS!
We have a very large stock of Hair Goods, bought at old prices. Ladies wishing anything in this line would do well to call and examine our stock at once. As we sell a great deal of these at wholesale, we are enabled to give our customers real bargains. By the new patent process we are enabled to straighten the roots of hair combings all one way. A braid or switch made in this manner is much superior for looks and wear. FERGUSON & BRO.
jan 20 Hair Manufactory, 96 King st.
