## LOCAL MATTERS.

WEATHER PROBABILITIES, July 30, 1880.—For the Middle Atlantic States clear or partly cloudy weather, northerly, veering in the latter part to southeasterly winds, nearly stationary temperature and stationary or higher barometer.

POLITICAL.—Alexandria is certainly a city of flag poles, flags and banners. Besides democratic flag poles in every ward of the city, nearly every house boasts a pole and a Hancock and English flag, and now the republicans have commenced to display their enthusiasm for their candidates. Workmen were engaged this morning in preparing a Garfield and Arthur pole, to be raised in the Fourth ward immediately, and the city republican club will throw to the breeze on Monday night next, from their headquarters, on King street, a banner bearing the names of the candidates of the party. This state of affairs is probably brought about by a circular from the republican State committee, addressed to the party in Virginia, urging the organization of clubs, and appealing to all republicans to stand firm in this the hour of triumph. "There is," says the circular, "in the present condition of affairs in Virginia, every inducement for the republican party to make an earnest effort to achieve a victory here. Four at least out of the nine Congressional Districts are within our grasp if we will stretch out our hands to take them; nor is it at all certain, with the apparently irreconcilable differences that now distract the so called conservative party of the state they can defeat our republican electoral ticket. There is, therefore, just ground for us to hope and to work to contribute Virginia's vote towards the election of Garfield and Arthur. And when you consider the fact that the issues in this canvass are almost the same that were the issues of 1861, no republican can doubt the absolute necessity for the safety of the country that the republican should win this year, and that the vote of the South should not be solid."

The democratic readjuster club met last night rather late on King street, and decided not to attempt an independent parade previous to the conservative mass meeting on the night of the 12th of August, and proceeded to perfect arrangements for participation in that demonstration. After the election of some new members, the club adjourned and a majority of the members proceeded in a body to the Third ward pole, where a large and enthusiastic meeting of the newly organized Hancock and English club for that ward was in progress, presided over by Capt. Wm. H. Smith. Patrick Hayes was elected 1st vice-president of the club and Robt. Crook corresponding secretary. The executive committee was appointed as follows: Thos. Radd, James W. Stuart, A. N. Hurtle, James Javins, Jas. C. Minter, Robert Crook, George Sullivan, and George Bantz. Short addresses were then made by Judge Chas. E. Stuart, M.J. Elgar L. Brockett, president of the democratic readjuster club, and J. C. Minter, after which the meeting adjourned.

The Mahone readjuster club also held a meeting last night and appointed committees to make arrangements for the meeting to be held on the night of the 7th of August, in front of the City Hall, at which addresses will be made by Col. Cameron, of Petersburg, and N. R. Meade, of Culpeper, and at which an invitation will be extended to the conservative speakers to counteract the independent readjuster arguments. After some remarks by R. Henry Simpson and D. W. Whiting, favoring the independent electoral ticket, the meeting adjourned.

THE STEAMBOAT WAR.—The case of Banks and others, charged with malicious trespass in removing certain piles at the 7th street wharf, Washington, put in place by the Potomac Steamboat Company, and removed it is alleged, by direction of the Upper Potomac Steamboat Company, was called in the police court, of that city yesterday, and the Judge intimated that after examining the decision in the case of the Potomac S. B. Co. agt. the Upper S. B. Co. he would have to dismiss the case, for it was clear by that decision that a party had a right to use the navigable waters of the river for wharfing purposes without a license from the United States, and the defendants had at least an equal right with the complainants, but at the instance of the counsel of the Potomac company, the case was continued until next Thursday, to allow time for the presentation of the law points in the case. The case of B. F. Dodd, the agent of the Corse Lars, charged with threats of personal violence to Thomas Banks, of the Upper Potomac Steamboat Company, was dismissed.

PERSONAL.—Miss Lila S. Washington, the young and daughter of the late Colonel J. A. Washington, of Mount Vernon is in the city, visiting friends.

Mr. George A. Fetbarger, formerly of this city, but now of Baltimore, and who will be remembered by many of the old firemen as a most enthusiastic co-laborer in bygone days was here yesterday on a visit to his old friends.

Mr. Fred. R. Windsor, the popular Treasurer of Alexandria county, has been for the past ten days, and is still, dangerously ill at his residence, in Arlington District, with rheumatic gout.

Mr. John A. Marshall and family are summering in lower Fairfax county.

Governor Holliday arrived in this city this morning from Old Point, and, after spending a few hours with his friend and private secretary, Charles S. Taylor, esq., left for his home in Winchester.

AN ALLEGED MURDERER ARRESTED.—Henry Lewis alias Jesse Dancefield, is held in Washington, on suspicion of murdering a colored man named Henry Williams at Bowling Green, Va., on the night of the 16th instant. The alleged murderer was arrested on information from a colored woman named Ella Johnson, who went from Washington on the morning of the 17th instant to Bowling Green to visit her uncle, when she was surprised to learn that he had been murdered the night before. On returning to Washington on the John W. Thompson the Johnson woman discovered that the fugitive murderer was on the same boat with her. As soon as she arrived in that city, she notified the police authorities, and the man was immediately arrested.

THIRTY DAYS IN JAIL.—Ella Randolph, the colored woman who was transferred to the Washington police authorities yesterday morning by the authorities of this city, was yesterday afternoon sentenced to jail for thirty days for stealing $30 from a countryman named Thomas Jackson, whom she had induced to accompany her to her home in "Hooker's Division," and who, in turn, had $15 of the $30 stolen from her by Jerry Willis and Charles Richards, two Alexandria colored men while on an excursion, which left this city Tuesday night last. The two men are now in jail awaiting the action of the U. S. authorities, and Ella is looking through the bars of the Washington jail, showing what a countryman's $30 are capable of doing.

M. P. CAMP MEETING.—The Methodist Protestant camp meeting at Jackson Woods, about twenty five miles from Washington, on the B. & P. R. R., will open on the 5th day of August, continuing until the 17th, embracing two Sundays. The religious services will be under the supervision of Revs. Duckhouse, Kinzer and Murray, while Rev. Dr. D. Wilson, of Washington, and Rev. W. G. Floyd, of Baltimore, have other portions of the work in charge. The camp will be somewhat larger than last year, and will include tenters from the churches of this city, Washington, Baltimore and the Eastern Shore—about 75 in all.

NEW ENGINES.—Two handsome new engines from the Baldwin locomotive works, at Philadelphia, passed through this city last night, over the Virginia Midland railroad, for the East Tennessee, Georgia and Virginia Railroad Company.

THE STRIKE ON THE CANAL.—The question of freight rates on the canal remained unsettled yesterday and few shipments were made. The boatmen appear to be in a better humor, and several, it is reported, have expressed themselves as willing to leave Cumberland for Georgetown at $1 per ton. A representative coal man says that so far as he is concerned the boats may stay in for three weeks, as the companies apparently are not anxious to ship, and will not ship at higher rates. The Consolidation company made several shipments from Cumberland Wednesday, the Borden and Blaen Avon one or two apiece and the American one. Many of the boats loaded within the past few days are lying in the basin.

RECITATIONS TO NIGHT.—Prof. Wm. Mason Evans, at the request of numerous citizens, who were so well pleased with the recitations of this gentleman on Tuesday night last, will, under the auspices of the Alexandria Reform club give another entertainment at Sarepta Hall to night. The programme is an interesting one, consisting of selections from Shakspeare, Dickens, Carlton, Macaulay, Mark Twain and others, and those who are fortunate enough to be present will no doubt spend a very pleasant evening. Mr. Evans is said to have won special renown in the eastern cities for his masterly delineation of English life and character as drawn by Charles Dickens.

POLICE ITEMS.—There was not a case at police headquarters this morning.

Dave Lomax, colored, fined by the Mayor yesterday, for being drunk and disorderly in the streets, and in default of payment sent to the chain gang, was released to day.

Anthony Lewis, colored, was fined $2.50 for an assault on Isaac Epps, also colored, this morning, by Justice Thompson. Lewis was held for payment of the fine.

John Ashby, colored, for an assault on Eugene Heisley, was fined $2.50, by Justice Thompson this afternoon.

MEETING AT SALEM TO MORROW.—Mr. S. C. Neale will speak at Salem, Fauquier county, to morrow. There will be a flag raising and the banner of Hancock and English thrown to the breeze. Quite a number of gentlemen will go up from this city and there will doubtless be a large and enthusiastic meeting, as Salem has the reputation of being the headquarters of the upper end of the county, and the home of the wife of Vice President English. She was a Miss Jackson, and one of the most beautiful women that section ever produced.

A BEGGAR'S TRICK.—A woman, supposed to be from Washington, was travelling about the streets yesterday, accompanied by a small boy, who she sent into several King street stores with the following note:

"Have you some thing you would give me for a sick person it makes no difference if its only a piece of Bread she cannot eat what she has home she wants some thing strange try and oblige me. MISS MELTON."

DEAD.—Mr. Wm. Smith, an esteemed citizen of Fairfax county, and well known in this city, having held a bench in the market here for many years, died at his residence, on the Telegraph road, yesterday evening of consumption. His wife died just twenty one days before him. The remains were brought to Alexandria this morning and interred in the Methodist Protestant cemetery.

### *LOCAL BREVITIES.*

Mr. Oscar Barrett will have at his stall in the market to-morrow some very fine lamb.

Mr. John Slater, who has been on a two months visit to England, returned home yesterday.

Jane Middleton, colored, was attacked with a fit at the upper end of King street, this morning supposed to have been caused by strong drink.

The alarm of fire last night about 9 o'clock, which succeeded in breaking out the Fire Department, was caused by the noise made by a crowd of boys on King street.

A colored man named George Lane fell overboard at Mr. J. H. D. Smoot's wharf yesterday and would have been drowned but for the speedy assistance of Mr. French Smoot, who hauled him out of the water, after he had twice sunk.

REMOVAL.—MESSRS. STANSBURY & BRO., manufacturers and dealers in stoves and hollow ware, have REMOVED THEIR STOVE AND WORK SHOPS TO THE SOUTHWEST CORNER KING AND WASHINGTON STREETS, (in the McBurney Building,) where they will be pleased to see all their old customers and the public generally. jy28

## TO-DAY'S TELEGRAPH NEWS

### Afghanistan.

LONDON, July 30.—The St. Petersburg Golos says: With the cession of Abdurrahman Khan as Ameer a phase of Afghan events terminates. Two powerful neighbors of Afghanistan have stretched out to each other the hand of reconciliation on the grounds which had become a matter of dispute only, in consequence of the inexorable Russophobism of Lord Beaconsfield. The new Ameer owes his present position quite as much to Russia as to England.

The Times this morning says: Ayoub Khan's victory will have the effect of bringing him forward as an active participator in the settlement of events in Eastern Afghanistan, and in the entire settlement of the country. His role will necessarily be an important one.

### Figure Head of the Atalanta.

NEW YORK, July 30.—A special from Saint Johns, N. F., says: The British barkentine Girt of Devon arrived here Thursday morning from Plymouth, England, after a passage of 27 days. She brought in with her a large white painted figure head which the captain affirms to be unmistakably the head of the illstarred training ship Atlanta. One noticeable feature about the figure head is the evidence of great violence either by collision with ice or with floating wreckage. The large metal bolts that fastened it to the cut water are ruddily bent and broken, indicating the application of a tremendous shock to the bows of the ship and the lower part of the figure is broken and splintered, which tends to strengthen the theory of collision.

### Bequests.

BOSTON, July 30.—The will of Amelia Frances Wood, who died recently directs her executors to pay to the Channing Home, in Boston, $3,000, and to the Massachusetts Homeopathic Hospital, the Young Men's Christian Union, the Free Hospital for Women, the Children's Mission to the Children of the Destitute, the American Unitarian Association, the Children's Hospital, and the Humane Society, $1,000 each. To the Society for the Prevention of Cruelty to Animals $500 is bequeathed.

### Dr. Tanner.

NEW YORK, July 30.—Dr. Tanner has greatly improved to day. At 3 o'clock this morning he vomited a small quantity of mucus; he then drank 1½ ounces of carbonic acid gas water. He sat up most of the morning. A letter from Mary J. Feendah, of Milwaukee, offering the doctor her hand and heart greatly amused him. He walked 25 laps around the enclosure in the hall, about two-thirds of a mile, in 18 minutes. His gait was free and steady. At 7 o'clock he was talking to the visitors in a lively strain.

### Horrible Accident.

JERSEY CITY, N. J., July 30.—Thomas Nagle, aged 38 years, living in this city, and employed in the freight house of the New York, Lake Erie and Western railroad, was struck to day by a train backing down upon him, which cut off his arm and leg. He was taken to St. Francis' Hospital, where he died shortly after his arrival.

### Child Murder.

FLUSHING, L. I., July 30.—Emma Barnes, living in the alley, near Creedmoor, gave birth to a child 5 weeks ago. It having been recently discovered that she had secretly buried the child, shortly afterward detectives were set to work and found evidence leading to the conclusion that the child was murdered. The woman was arrested this morning.

### Drowned.

PROVIDENCE, R. I., July 31.—James L. Hoor, who has a fish market in Bristol, was found drowned in the dock, near his shop this morning. He probably fell in while getting a bucket of water.

WATERTOWN, July 30.—George Demarsh, aged 11 was drowned in Black river last night, while bathing.

### Relieved.

FORTRESS MONROE, VA., July 30.—Capt. James Gillis, assistant quartermaster U. S. A., arrived here this morning from Cheyenne. He relieves Capt. Campbell, now on duty here on August 15th, the latter going to Texas to build a new post on the Rio Grande.

### No Change in Prices.

PHILADELPHIA, July 30.—The committee of the Lehigh and Schuylkill coal exchanges met here this afternoon and agreed to recommend that no change be made in the present circular rates for the line and city and market trade during the month of August.

### The Earthquake at Smyrna.

SMYRNA, July 30.—The earthquake which occurred here yesterday demolished four or five houses and damaged many others. Two persons were killed and five or six injured. Much damage was done in the adjacent country.

### Fire.

WESTFIELD, Mass., July 30.—About midnight a fire broke out in the 3 story of a building owned by the Water Power Co., damaging the building to the amount of $5,000; insured for $3,000.

### Cattle Plague.

Old and Middle Aged Men who have kept late hours and have been imprudent and *violated the laws of health and nature* and the *vigor of life is gone* and you are prostrated mentally and physically and unfitted to attend to your business or *duties of life* take Dr. Dodd's Powders and you will feel yourself manly again.

Young Men and Women with *pale and haggard faces, thin in flesh,* broken down in *mind and body* with a *shattered* nervous system, take OLD DR. DODD'S NERVINE TONIC POWDERS, and *stop that loss* which brings on *Melancholy, Fits, Insanity, Consumption* and an early *death.* They will give you health and strength, and *increase the flesh* and bring the bloom of youth to the cheeks, tranquility to the mind, *and produce sound and refreshing sleep.*

Men and Women who are slaves to the use of Tobacco, Liquor, Opium or Morphine, take Dr. Dodd's Powders; they act as an *antidote* and will destroy the appetite or taste for the use of the above stimulants, which is ruinous to the nervous system.
