THE 22D OF FEBRUARY CELEBRATION.—A meeting of the Executive Committee, appointed Wednesday night last, was held in the chamber of the Board of Aldermen last night for the purpose of making arrangements for the parade on the 22d inst. Mayor Smith presided and Chr. Tessmar, M. B. Harlow acted as Secretary.

A motion to reinstate an election for chief marshal was carried, and Courtland H. Smith, esq., was unanimously elected with power to select his aids.

Mayor Courtland H. Smith (Auditor Brockett in the chair) offered the following resolution, which was adopted:

In view of the fact that the celebration of the 22d day of February is an occasion in which the feelings of all patriotic citizens are enlisted, and in order that the good feeling which exists between the sections may be conspicuously shown to the country, be it therefore

Resolved, That an invitation be extended to the Hon. Alexander Ramsey, Secretary of War, for a company of U. S. troops to join in our parade, and participate with us in honoring the birth day of America's greatest and purest citizens.

Mr. R. T. Lucas moved that the thanks of the committee be tendered to Mr. Phillips, Superintendent of the Potomac Ferry Company, for his kind offer to transport free all uniformed organizations invited by the committee.—Adopted.

On motion of Mr. R. T. Lucas, the manufacturing, mechanical and mercantile interests of the city were invited to participate in the parade.

Auditor Brockett offered the following resolution:

Resolved, That an invitation be extended to the Washington Light Infantry and National Rifles, of Washington, to participate with us in our parade on the 22d instant. Adopted.

On motion of Lieut. F. F. Marbury the East Washington Light Guard, Capt. McCatharin commanding, was invited to take part in the parade.

The following committee on programme was appointed: Courtland H. Smith, Wm. F. Clarke, F. L. Bracken, A. F. Ramsay, E. R. Carlin, Thos. W. Robinson.

An invitation was extended to the tournament riders of Fairfax county, to participate in the parade.

Mayor Smith offered the following resolution:

Resolved, That the city government and the city officers be cordially invited to participate in the parade. Adopted.

On motion, S. G. Brent, E. R. Carlin, R. E. Lee, F. F. Marbury and B. F. Penn were appointed a committee to enquire into the expediency of having a ball on the evening of February, the 22d, and report to the Executive Committee on Tuesday evening next, and, on motion of Mayor Smith, Hon. Frank Hurd, of Ohio, was selected as the orator and Wm. F. Clarke, esq., of this city, as the reader on the 22d instant. Messrs. S. G. Brent and C. H. Smith were appointed a committee to wait on the gentlemen named and request their acceptance of the invitation.

Mr. Wm. Murtaugh stated that the Friendship Fire Company had accepted the invitation of the committee provided music be furnished.

Wm. H. Marbury, esq., was elected treasurer of the committee.

The committee then adjourned till Tuesday evening next.

At a meeting of the Relief Hook and Ladder Co. last night, Messrs. G. B. Carlin, Edgar Warfield and W. G. Rodgers were appointed to make the necessary arrangements for the participation of the company in the parade on the 22d. Mr. E. R. Carlin was elected Marshal of the Company for the occasion.

THE FISH QUESTION.—The Committee on Public Property, Alderman Risheil chairman, and Mr. B. F. Peake, member of the Common Council from the Fourth Ward, with Auditor Brockett visited Washington yesterday and had a conference with Prof. Baird, of the Smithsonian Institute, and Col. Marshall McDonald, Fish Commissioner for the State of Virginia, with a view to ask the advice of these gentlemen as to the propriety of throwing into the Potomac the fish offal which accumulates at Fishtown during the fishing season. They were most courteously received. Both gentlemen agreed that the fish offal should be carted away as it accumulates and not put into the river. They state that it furnished food for the eel and other fish, the enemy of the young shad and herring; so for breeding fish by this means they ridiculed the idea, as the spawn dies with the fish and it would be much better to use the offal for fertilizing purposes. Prof. Baird said during the present year there would be put into the Potomac 50,000,000 of young shad. Large quantities of these will be put in the upper waters of the Potomac and to enable them to return, fish ways forty feet in breadth will be placed at the Great Falls above Georgetown. These fish ways are the invention of Colonel McDonald and were exhibited and explained to the committee. Prof. Baird said he was glad the city of Alexandria was taking so lively an interest in the production of fish. The committee will act upon the advice obtained and rent the fish wharf for the ensuing spring season, allowing the renter to dispose of the offal to farmers for fertilizing purposes and by this means add to the value of the wharf property some three or four hundred dollars annually. In 1870 the catch of of shad in the Potomac was 1,200,000, since that year it ran down as low as 300,000, until last year when it reached about 700,000, and this year Prof. Baird and Col. McDonald expect an increased production over 1880, the elements not interfering.

ALEXANDRIA REFORM CLUB.—At the meeting of the Alexandria Reform Club last night, Rev. Mr. Penick of the Baptist Church, delivered an interesting address. At the conclusion of the address, Rev. Mr. Boyle reported the action of the City Council on the bills providing for the better observance of Sunday in this city.

Rev. Mr. Sharp, of Grace Church, was invited to address the Club at some time convenient to himself, and the meeting adjourned.

Monday next is St. Valentine's Day.

THE BREAKING UP OF THE ICE—REPORTED DAMAGE TO THE LONG BRIDGE.—The bright, warm weather of the past few days was succeeded last night by a heavy southeast rain, which commenced about 11 o'clock, and continued off and on until this morning, when the ice in the river was found to be running at a rapid, threatening rate.—Large numbers of people gathered on the wharves to witness the scene, which was a grand one. The ice banked up to a considerable height on the Maryland side of the river and gorged just below the ship yard, but it soon found an outlet and passed off with a rush without causing any damage to property along the wharves. The steamer City of Alexandria, which was lying at her wharf in this city, had her rudder chain broken. The damage which was slight, was soon repaired, but an attempt to make a trip to Washington, notwithstanding a large number of people were anxious to get to their places of business in that city, was out of the question. All travel between this city and Washington, whether by rail or water, was suspended, to the great inconvenience of many citizens. The cables of the Western Union Telegraph Company crossing the river at the draw of the long bridge being washed out by the swift current and carried away by the ice, caused for a time a suspension of telegraphic communication between the two cities, but the damage was soon repaired by connecting the wires over the draw.

The train which left here over the Washington and Alexandria Railroad this morning for Washington was unable to proceed farther than within a mile of the Long Bridge, as the road bed and causeway of the bridge was found to be submerged in water to a considerable depth. The telegraph operator at the Long Bridge, finding that the water was rapidly rising, left his post last night. The passengers over all the roads entering this city, for the north, have been detained here all day. Several parties have visited Washington over the aqueduct bridge, which is in good condition. A portion of the causeway of the Long Bridge has been washed away, and it was reported here this afternoon that the abutments of the bridge on both sides of the river were showing signs of giving away. The railings of the bridge were washed away this morning, but the real damage to the bridge cannot yet be ascertained. A colored man living in a house in the hollow, near the Long Bridge, was washed out by the rising waters. There is no damage yet reported along the line of the Virginia Midland Railway, although all of the mountain streams are greatly swollen. A gentleman, coming in from the county this morning, reports that streams that could almost be stepped across a few days ago, are hardly fordable now by a horse.

A large number of people who had purchased tickets for the last performance of Joe Jefferson, in Washington, were much disappointed this afternoon to find that the play would have to go on without their presence.

River men and boys, notwithstanding the swift current, have been engaged all day in catching drift wood and timber. Stacks of fodder, horses, cattle, sheep, hogs, frame work, large logs, bridge timber, &c., have been floating by the city all day, giving evidence of damage somewhere.

ASSIGNEE'S SALE.—Messrs. O'Neal & Lucas sold to day for Mr. A. W. Armstrong, assignee of the late firm of Jamieson & Collins, bankrupts, the following property: All the notes, books, accounts, judements, &c., to Jamieson & Collins, for $127; five lots of ground in Huntington, Md., to the same, for 55 cents, and two assignments of interest on patents for improvements in car couplings, to the same, for 80 cents.

THE MARKET.—The market early this morning was very poorly supplied, and there were but few buyers present. Shortly after the rain ceased falling, however, the scene changed, and the usual Saturday appearance was presented. Eggs sold at 20 cents per dozen. Prices for other articles were unchanged.

REPUBLICAN MEETING.—A meeting of the Third Ward Republican Club was held at the old Courthouse last night, at which it was decided to elect, at a meeting to be held on the 5th of March next, delegates to a convention of colored people called to meet in Petersburg on the 14th of next month.

LOCAL BREVITIES.

There were no cases at police headquarters this morning.

The Corporation Court, after a short session, adjourned to-day till Monday.

The shed on King street wharf, recently rebuilt, was blown down by the wind this morning.

Rev. E. Whittlesey, an able and interesting preacher, will occupy the pulpit of the First Presbyterian Church tomorrow, both morning and afternoon.

The storm of wind and rain which commenced last night ceased this morning about nine o'clock and the remainder of the day has been bright and beautiful.

Rev. J. T. Michael, of the Free Methodist Church, will deliver an address to morrow afternoon at the corner of King and Fairfax sts. Subject: "False teachers now and False teachers in the time of Christ.

STEAM VS. MUSCLE.—Two things absolutely necessary to make perfect roasted coffee is uniformity of heat and regularity of motion; *these can only be obtained by use of steam.* The opposite is clearly shown in hand roasted Coffees *by its many imperfections.* All choice grades of Coffees will swell when subjected to a uniform heat. McBurney's Steam Roasted Coffees are alway the choicest grades. *Their daily increased sales is a good proof of superiority of their Steam Roasted Coffees over that roasted by the hand machine and muscle.*
