LOCAL MATTERS.

Weather Probabilities, March 31, 1881.—For the middle Atlantic States cloudy weather, with light snow or rain, northwesterly winds, high along the coast, higher barometer and stationary or lower temperature.

CONSERVATIVE READJUSTER CLUB—NOMINATIONS OF CANDIDATES TO BE SUPPORTED IN THE PRIMARY ELECTION.—A meeting of the conservative readjuster club, was held at their hall last night, with J. T. Sweeney, President, in the chair.

In accordance with a resolution adopted at the last meeting, an election for candidates to be supported in the primary election, was gone into, with the following result:

Superintent of Gas, J. E. Norris; Clerk of Gas, R. T. Cook; Superintenden of Police, J. F. Coleman; Clerk of the Market, J. W. Simpson; Collector of Taxes, northern district, John E. Hill; Collector of Taxes, southern district, Wesley Avery; Measurer of Wood and Bark, Wesley Mckeley; Measurers of Lumber, James Adams and Mortimer Cook; Board of Aldermen, Third Ward, Elgar L. Brockett; City Council, First Ward, Dr. A. F. Cox and Geo. A. Nowland; Third Ward, J. W. Shinn, and Robt. Ballinger; Fourth Ward, J. T. Sweeney and B. F. Dudley; Constable for the Third Ward, Charles Hardey.

Other candidates for the Board of Aldermen and City Council, not named last night, and nominees for the first, second and fourth Wards will be nominated at the next meeting.

No nominations will be made, it is understood, by the club for Mayor, Auditor and City Treasurer.

A motion to endorse for Mayor a gentleman outside of the club was lost.

A vote of thanks was tendered the ladies of Alexandria for their floral offering representing the ship of State to Senator Ben Hill, of Georgia, for his able speech, in the U. S. Senate, in defence of Virginia's honor.

The meeting then adjourned.

RYLAND CHAPEL.—The unpleasantness among the membership of Ryland Chapel, in Washington, growing out of the appointment of Rev. Dr. J. S. Dealy to the pastorate, still continues. The Washington Star says: "The objectors seem determined in case some satisfactory arrangements are not made this week to keep up a church organization, and already some of them have selected a site on which to erect a church. It is pretty certain that should they succeed in return to Ryland a new church will be built with a membership adhering to the Methodist doctrine, but independent of the government of the church, something like that of some of the Independent churches in Baltimore, or perhaps with a somewhat broader platform. There are yet hopes that this separation may be averted, and that some arrangements may be made whereby Dr. Pearce, of Alexandria, or some other minister, will exchange with Dr. Dealy. The objectors to Dr. Dealy keep up their organization and meet frequently, but their proceedings have not been made public. There is among them a feeling of sympathy for Dr. Dealy, and some say that Rev. B. Pearce Brown is the cause of the whole dissatisfaction." Bishop Simpson, of the Methodist Conference, has referred the matter to Bishop Andrew, of the Virginia Conference, which Rev. Mr. Pearce is a member.

U. S. COURTS.—Both the United States Court, Circuit and District, Judge R. W. Hughes, presiding, met again in this city at ten o'clock this morning.

CIRCUIT COURT.—Stephen F. and David Dowling vs. E. M. Willi; motion to abate an attachment. Argued by Judge W. Willoughby for Dowling, and Judge Charles E. Stuart and John M. Johnson, esq., for Willi; motion overruled, and exceptions taken; same upon petition of Messrs. Bush & Son, claiming prior lien upon the property attached by the marshal in the hands of said E. M. Willi; Dowling's counsel denying all the allegations in the petition, order was entered for the sale of the said property, and he was ordered to hold it until the 24th of May, 1881.

DISTRICT COURT.—In the matter of Charles E. Tyler, bankrupt; order confirming assignee's report, and directing him to pay certain taxes.

In the matter of Henry Clark, bankrupt; order authorizing assignee to sell certain debts due the estate.

In the matter of Enoch Grayson, bankrupt; order authorizing assignee to sell an interest in real estate belonging to said bankrupt.

Both Courts adjourned till May 24, 1881.

THE WEATHER.—The weather continued most disagreeable to-day—cold and damp, with occasional "spurs" of snow. The storm of yesterday extended all over this section of country. From along the lines of Virginia Midland and Washington & Ohio railroads, reports come of heavy snow falls. Snow fell to a depth of five inches at Manassas; four inches at "The Plains," and between six and seven inches at Round Hill, in Loudoun county. At Danville the storm of rain and wind, accompanied by heavy thunder and sharp lightning, was very severe, breaking up in confusion a colored revival meeting.

MARINE ITEMS.—The schooner Moses Walker, Capt. C. W. Rhoades, which was expected, and reported as having arrived at this port from Baltimore, to Mr. F. A. Reed, to load cooperage for Cuba, Monday last, did not reach here until Tuesday night, having been out nearly four four days. The vessel in tow of the steam tug Carolina, from Baltimore, ran ashore just below the Kettle Bottoms, which was the cause of her delay.

The schooner Vatic, which arrived here yesterday from Philadelphia, with coal, to T. J. Mehaffy & Co., made the trip in five days, which is considered remarkably good time.

POLICE ITEMS.—Mr. Gilbert Simpson was taken before the Mayor this morning charged with opening a shop on Royal street for the purpose of retailing fresh fish in violation of the law in regard to the matter. The case was continued until 3 o'clock this afternoon, when Mr. Simpson was fined two dollars. The collection of the fine was suspended until Monday next. The law prohibiting the retail of fish anywhere but in the market square will then be tested before the Corporation Judge.

Thomas Dudley was fined this morning for beating his wife, Jennie Dudley, and locked up for the non payment of self fine.

THE FISH QUESTION AGAIN.—Mr. Gilbert Simpson was before Mayor Smith this afternoon charged with selling fresh fish by retail outside of the Market square, contrary to law. After hearing the views of Mr. Edmund Burke, who appeared for the defence, the Mayor said, unpleasant as the duty was, he was compelled to impose upon Mr. Simpson the penalty ($2) fixed by law for such offences. The collection of the fine was suspended until Monday, when the matter will be tested before the Corporation Court. In response to a question the Mayor stated that it was a violation of the law regulating the sale of fish to sell fish by retail at Fishtown.

FOREPAUGH'S CIRCUS.—Forepaugh's great show, in its 17th annual tour of the United States, is to be in Washington Monday and Tuesday next. At each performance, among other things, a human being is fired from a cannon. George Loyal, known as the human cannon ball, is blown from a cannon, which is loaded with powder in the presence of the audience and fired. He is caught in his progress skyward by a lady who is hanging head downward from a high trapeze.

PERSONAL.—The many friends of Mr. W. W. McVeigh, jr., will regret to learn that he met with a painful, although not a serious accident, yesterday morning, necessitating the services of Dr. Lewis. Mr. McVeigh was standing on a ladder in his greenhouse, arranging some flowers, when the ladder broke throwing him backwards and striking his head, causing him to be confined to his bed.

ARREST OF A SAMPLE MERCHANT.—Isaac Snyder, a sample merchant from Washington, was arrested in this city to-day by officer James Smith, for selling goods without a license, contrary to law. Snyder was taken before Mayor Smith, who fined him $200, in default of the payment of which fine he was sent on to the grand jury. Upon giving bond in a sum sufficient to cover the fine, with Messrs. Charles King and M. Schuler as his sureties, he was released for his appearance at the grand jury term of the Corporation Court.

RECEIVED A CALL.—Rev. W. S. Penick, of the First Baptist Church of this city, has received a flattering call to the pastorate of the High-street Baptist Church of Baltimore. Rev. Mr. Penick, who is held in high esteem by the members of his church and citizens generally, will not decide whether or not he will accept the call until the close of the interesting revival services now in progress in his church.

COLORED READJUSTERS.—A colored Mahone readjuster club for the Third Ward with a membership of fifteen was organized at the Mahone headquarters on Royal street last night, by the election of Thomas Allen, President; Alfred Greenhill, Vice President; J. McK. Ware, Secretary.

FISH PRICES.—A lot of fish arrived at Fishtown to day, from Bellmont Bay, and sold as follows: Shad, $27 per hundred; herring, $14 per thousand; rock, 46 cents per bunch; white perch, 25 to 30 cents per bunch; yellow perch, 15 to 19 cents per bunch.

FLOUR INSPECTOR'S REPORT.—Mr. John S. Taylor, Flour Inspector, reports that he inspected during the quarter, ending to day, 5,712 barrels of flour of all grades.

CIGARETTES.—The latest novelty in tobacco is the "Opera Puff" cigarette, manufactured by Messrs. Allen & Ginter, at Richmond, and sold by Mr. John A. Field, at his store, No. 71 King street. This cigarette is made of delightfully flavored tobacco, is amber tipped, and saliva proof, and will not stick to the lips.

LOCAL BREVITIES.

The Alexandria Light Infantry will hold a court martial to-morrow night.

Capt. P. H. Hoos is repairing his wharf, foot of Prince street.

William Wright, a well known colored Baptist preacher, died in this city last night, after an illness of several weeks.

The Conservative Committee will meet Monday sixth next for the purpose of fixing the time for the holding of the primary election.

The sale of the steamer Harry Lodor, advertised to take place to-day, was postponed on account of the unfavorable weather until Saturday April 2.

A small frame house on Alfred street, between Duke and Wolf, occupied by a colored family, caught fire from the chimney yesterday morning, but the flames were extinguished by the neighbors before much damage was caused. No alarm was sounded.

Mr. Mathew Hobsin complained to the Mayor to day, that there was a case of small pox at the corner of Duke and Alfred streets. The matter was investigated, and the Doctor attending the family pronounced the report without the slightest foundation.

THE FLORAL SHIP.—In writing of the beautiful floral offering sent from this city to Senator Hill, yesterday, the Washington correspondent of the Richmond Dispatch says:

"Nothing in the way of a floral tribute was ever seen in the Senate superior to that placed on the desk of Senator Hill, of Georgia, to-day by a committee from Alexandria. It was a beautiful ship, full rigged, and three feet high, and covered with rare and beautiful flowers. It sat in a mammoth basin of flowers, which in quality and arrangement could not have been surpassed. Senators of both parties examined and admired it until it was removed to the democratic cloak room, and subsequently to the quarters of the Georgia Senator. As one remarked, it would attract attention at the wedding of a crown prince."

SNOW AND FLOODS.—Snow, varying in depth from four to twelve inches, was reported yesterday from Dubuque, Chicago, Cincinnati and Columbus. There is considerable obstruction to railroad traffic. The floods in Nebraska washed away over fifty per cent. of the bridges in the State, and numerous grist mills were destroyed. At Fort Pierre, Dakota, it is estimated that $50,000 worth of property has been destroyed, and it is feared that the officers and crew of the steamer Far West, which was frozen in the ice, are lost. In the Platte Valley the damage is counted by hundreds and thousands of dollars to stock and property of all kinds. It is known that three persons have been drowned, and it is deemed probable that many more have perished.

LEARNING TO SEW.—To be handy with the needle, is one of the sterling accomplishments of every educated woman. To be able to take the "stitch in time," is worth all the time and trouble that are required to learn them. Like walking, reading, and many other things which we come to do without special thought, the learning to sew is a slow process, and should be begun while the child is quite young. The girl should naturally have the use of thread, needle and patchwork, for her to learn how to take the stitches, turn the corners, and do various things connected with the needle work. We are not excluding the boys in our remarks, because they need to learn to thread a needle, and do general sewing. Men are many times so situated that they must depend upon themselves for their necessary sewing. Even if it is an age of sewing machines, it is best that all children should learn to use the simple, common old fashioned kind, which can never be wholly superseded. The amusement and occupation the sewing furnishes little folk afford sufficient reason why all mothers should see that their girls, and boys too, learn to sew—but the very practical use of the needle in after life is the principal reason, after all.

SALE OF FISH.

The fish question so far as this season is concerned, having been finally settled by Council at its adjourned meeting on Friday night last, I deem it highly proper that I should construe the law regulating the retail of fish in order that all parties may be informed as to the bearing of our city ordinances on the subject.

On February 8, I sent a message to Council recommending that the law regulating the retail of fish be amended, which said message read as follows:

"I would also recommend to your honorable bodies such a change in the law regulating the retailing of fish that fish may be sold in any part of our city by retail, and thus enable our poorer class of people to eke out a subsistance during the summer months."

This part of my message was referred to the Commissioners of the Sinking Fund, whose sole duty and province in the matter was to rent the fish benches as directed by law.

Council having failed to amend the law it is my duty to construe the existing ordinance.

The retail market for fish is in the Market Square and no fish except those caught by parties themselves will be allowed to be sold outside of the Market Square.
