Alexandria Gazette and Virginia Advertiser

LOCAL MATTERS.

Weather Probabilities, April 29 1881.—For the Middle Atlantic States local rains, followed by clearing weather, winds shifting to slightly cooler north to west and higher barometer.

TEMPERANCE MASS MEETING—A. C. HARMON NOMINATED FOR MAYOR.—Pursuant to a call issued by somebody, about two hundred so-called friends of temperance, assembled at Harmonia Hall last night "to take such action as they might deem proper in reference to the coming election."

The meeting was called to order by W. L. Pean, who nominated A. W. Armstrong for permanent chairman.

Mr. Armstrong was elected, and returned thanks for the honor conferred.

W. L. Pean then offered the following preamble and resolutions:

Whereas great and untiring efforts have been made by the friends of temperance, reform and humanity for months past in Alexandria to reclaim men from the path of intemperance into the ways of sobriety, and

Whereas by the blessings of God these efforts have not been in vain, so that hundreds who were addicted to habits of intemperance which rendered themselves and their families unhappy and miserable, are now, through these efforts, sober and happy men, surrounded by happy families, who still look to the friends of temperance for protection from the encroachments of the fell destroyer, and

Whereas repeated and respectful efforts have been made to induce those in authority to extend these efforts towards reform, but in vain, even an effort to have laws passed to close the saloons on the Sabbath day have utterly failed, and those who have advocated them have been branded as mad men by the execration of the respectable other sinners, nay, therefore,

Be it Resolved, That we, the temperance men of Alexandria, having tried to make their influence felt at the hands of our lawmakers, shall expect to be left at the ballot box, and as there is no prospect that any ticket will be put forth by political parties as now constituted, the leading party and the new party, having marked out their choice, we shall therefore vote the temperance ticket, and

Resolved, That we, the temperance men of Alexandria, feel it due to ourselves and our cause to take many independent nominations, after proper consideration, in this town and elsewhere, and in this town we invite the advice and cooperation of all who are interested in the temperance reform, so that, whatever course may be decided upon, we shall act as one of the promise our cause, if properly and cooperative.

Resolved, That the committee appointed to confer with other parties be instructed to report at the ward meetings, whether it will be expedient to put a temperance ticket in the field, and if so whether it shall be a full ticket for all the corporation offices to be voted for, or if not, if so, whether the office of mayor is to be proper to nominate candidates.

H. W. Beadle said he was a great many years in Alexandria, and he was known as a temperance man. He thought it would be better to have a temperance organization before they took the course contemplated in the resolutions. There were at present many religious and temperance organizations in the city which he desired to continue in a temperance alliance. He offered as a substitute to the resolutions that a committee be appointed to present a plan for the organization of such an alliance.

W. L. Pean opposed the substitute on the ground that it superseded the object for which the meeting was called. This was not a meeting of the Alexandria Reform Club, but a meeting of the friends of temperance, who had generally advised of the object of the meeting. He had independence enough to support the resolutions if he stood alone.

H. M. Foltz said he had independence enough to support the resolutions. He was there prepared to nominate candidates for Mayor and the City Council. He was not willing to wait further than this. The little petty offices of emolument had nothing to do with temperance. The Superintendent of Gas and Police had nothing to do with the execution of the laws. If the temperance party intended to fight over the little pay offices, it had better give up at once.

A vote, being taken, the substitute offered by H. W. Beadle was lost.

H. M. Foltz then moved to lay the resolutions on the table. The motion was adopted.

H. M. Foltz said he hoped that none but temperance men would be allowed to take part in the meeting, as he had been informed that there were some in the hall who were there for the purpose of breaking the meeting up.

Dr. A. F. Cox moved that a committee of twelve from each ward be appointed to present candidates for the City Council at an adjourned meeting.

An individual took the floor in opposition to any nominations.

He was called to order by Henry Stern, who declared that he, the individual, was no temperance man.

The same individual continued to speak, and was again called to order by H. M. Foltz on the ground that he was not speaking to the motion.

Dr. Cox's motion was adopted, and the chair appointed the following as the committee: 1st ward, A. F. Cox and J. W. Nalls; 2d ward, H. C. Bell and C. B. Shirley; 3d ward, H. W. Beadle and G. H. Lyles; 4th ward, Wm. Arnold and W. B. Brown.

Wm. Arnold did not think there was any idea of going into the democratic primary. They did not want political men for candidates. They wanted temperance men. They must maintain an independent stand. They had to meet men who defeated the temperance cause last year, and they must meet them squarely or not at all.

Dr. Cox said if they were not going into the primary election they would have to nominate a temperance ticket.

H. M. Foltz was there as a temperance man. He moved, to get the sense of the meeting, that they nominate a ticket for Mayor and the City Council be nominated. Adopted.

The chair declared that the presentation of nominees from which to select a candidate for Mayor was in order.

The following were nominated: By George Herman, W. L. Pulsett; by C. B. Shirley, A. C. Harmon; by Thomas Herbert, William A. Murphy; Thomas Buckingham, E. S. Leadbeater; by J. W. Nalls, J. T. Beckham.

H. M. Foltz said Mr. Leadbeater had declined to serve.

A. W. Armstrong said Mr. Beckham, in a conversation, had said that he had always favored temperance, and that should he be elected Mayor he would rigidly enforce any temperance law that might be enacted.

Dr. Cox spoke in favor of Mr. Beckham.

H. M. Foltz said he liked Mr. Beckham personally, but he was not a man he could trust like Mr. Harmon. Mr. Beckham last year was opposed to local option, and was one of the men who voted against the people on that question.

H. W. Beadle said his views had not been adopted by the meeting, but as long as it had resolved for a temperance ticket, he was in for a square fight, and Mr. Harmon was the man to go into the fight with. They could afford to be defeated, but they could not afford to go back on their principles.

All the candidates were withdrawn except Mr. Harmon.

The chair ruled that those who voted in the meeting for Mr. Harmon would be in honor bound to support him at the polls.

George German said he wished it to be distinctly understood that he would not support Mr. Harmon for mayor. (cries of put him out.)

E. C. O'Neal said every man had a right to express his opinion. He hoped no attempt would be made to silence any man.

Tellers were then appointed and a vote taken. Forty eight votes passed between the tellers in favor of Mr. Harmon. Mr. Harmon was then declared the temperance candidate for mayor. Messrs. H. M. Foltz and H. W. Beadle were appointed a committee to inform Mr. Harmon of his nomination, and the meeting adjourned subject to the call of the committee appointed to present candidates for City Council.

PERILS OF INFANCY.—It is an ancient observation that "every season has its perils," and it applied to the innocent babe, nothing could be truer. After escaping the summer scourge, the fall diphtheria and membranous croup of winter, they are destined to run the gauntlet or fall victims to another scourge as spring approaches. This new danger is in the shape of heavy base balls which are being hurled in all directions in the streets of the city by refractory boys who pay no attention to the expostulations of citizens or passers by. It seems hard that after being cooped up during the past winter, as soon as mild weather sets in, and they are allowed to their carriages by fond mothers and sent out for a ride in the mild sunlight that they are to be compelled to run the risk of being stunned—probably killed—by rude urchins. Much complaint is made of this intolerable nuisance, and no doubt the police will set to work at once and make examples of some of these juvenile law-breakers.

POLICE NEWS.—The Mayor presided at police headquarters to-day and fined a young man $5 for being drunk and disorderly on the streets.

James Kelsen, from Washington, for being drunk and disorderly on the street, was also fined $5.

Henry Monson, colored, charged with carrying concealed weapons, was dismissed as the evidence was not sufficient to convict.

John Wesley, colored, was locked up this afternoon on suspicion of lunacy.

Theresa Johnson, colored, charged with assaulting Matilda Johnson, also colored, in a church society meeting, was before Justice Richard H. Stanton yesterday afternoon. The sisters were present in full force, and the trial was an interesting one. The justice concluding that "free speech" was one of the fundamental principles of a republican form of government, dismissed the case at complainant's cost.

MR. HARMON'S NOMINATION.—Mr. Allen C. Harmon, having been nominated as the temperance candidate for Mayor at the mass meeting last night, the question to day has been will he accept. Mr. Harmon has not as yet received official notification of his nomination, but it is understood, from good authority, that when he is officially notified he will accept. If Mr. Harmon does remain in the field he will certainly be supported by the republican party, the executive committee of which decided, a short time ago, not to make any nominations for the offices to be voted for at the election in May. The regular democratic party has a clear majority of about 250 in this city, and it remains to be seen whether a sufficient number of temperance men can be induced to unite with the republicans to overcome this majority.

MARRIAGE LICENSES.—Marriage licenses were issued in Washington yesterday to Chas. L. Bazell, of Washington, and Marian Meane, of Alexandria county, Va.; Patrick Crowel, of Fairfax county, Va., and Ellen Hurlbert, of Washington; David Powell, of Washington, and Minnie Orange, of this city; W. J. Throckwood, of Norfolk, Va., and Ada F. Willett, of Washington; J. B. Marmaduke, of Fredericksburg, Va., and Alice M. Sandy, of Essex county, Va.; Hannibal Hall, of Annapolis, D. C., and Rhoda Holmes, of Charlottesville, Va. A Washington paper characterizes the large number of marriage licenses issued in that city yesterday as "The Spring Crop."

NAVY NEWS.—The flag ship Tennessee and the steamer Kearsarge, from this city, arrived in Hampton Roads yesterday afternoon. The U. S. training ship Saratoga, of the North Atlantic fleet, Commander H. C. Taylor, which has been at the Washington navy yard for some time past, anchored off Gosport Point yesterday. She will sail for Hampton Roads Monday next.

The school master of the U. S. ship Portsmouth was in the city to-day looking up sailor boys who were absent from the ship without permission.

MARRIAGE.—Mr. Robert Beverly, of Loudoun county, was married last night, at Memorial P. E. Church, in Baltimore, to Miss Julia Durant, a well known society lady of that city. The wedding was a large one, and the church was packed. Rev. Wm. Dame, formerly of this city, officiated, and after the nuptials the happy couple left for the North.

SUDDEN DEATH OF A HORSE.—A fine sorrel mare, belonging to Mr. M. Bassett, dropped dead in the corner of Queen and Pitt streets this morning. When the mare, attached to a wagon, left Mr. Bassett's establishment, she was apparently in perfect health. It is supposed that the sudden death was caused from heart disease.

BASE BALL.—A match game of base ball was played yesterday afternoon on the grounds near the Episcopal High School between the Howard Club of that school and a picked nine of this city, Mr. Leonard Marbury captain, resulting in a victory for the Howards by the following score: Howards, 25; picked nine, 9.

ALUMNI MEETING.—A meeting of the alumni of Georgetown University, residing in Alexandria and adjoining counties, will be held at the office of S. C. Neale, esq., 120 Duke street, on Saturday next at 8 o'clock, for the purpose of organizing an alumni association.

FISH REPORT.—One hundred and fifty thousand herring and two thousand shad arrived at Fishtown to-day, and sold as follows: Shad $7 to $9 per hundred, herring $3 to $3 50 per thousand.

Beauty, health, and happiness for ladies in "WINE OF CARDUI."

For sale by E. S. Leadbeater & Bro.

MONETARY AND COMMERCIAL

Business has somewhat improved during the week, the warm weather having started the spring trade. Most of our merchants have gotten in large stocks of goods and expect a fair business in their respective branches. There is no scarcity of money, and it is thought that the high prices for good securities and the low rates of interest which they bear will force lenders to invest in manufacturing and other business enterprises, which will greatly benefit the localities in which they may be established. The banks still continue to hold large deposits, and there is no trouble in getting money on good collaterals at the usual rates.

In New York as stated in the Gazette, U. S. bonds reached their highest point yesterday. Money is plentiful there, and loans are quoted at 3@4 per cent.

In Baltimore the local money market is easy, without any decided pressure. The stock market was more active and generally firmer yesterday, the speculative securities being most in demand. Virginias toned up and sold at 80½@80¾ for consols and 51½@51¾ for 10-40s; the supply of both being quite moderate. Tax coupons were also firmer, closing 96¼@96¾. In railway bonds there were sales of 100 shares Richmond & Danville at 98¼, but the chief activity was in Norfolk & Western preferred, which sold to the extent of 710 shares at from 55¾ up to 56¾, and back again to 56¼. For other local stocks we quote:

The market closes quiet and easy, with but light transactions. Flour holds at quotations. No Lancaster Wheat was offered to-day, nor was there any choice Fulta, and the only sales reported were at 110 and 115. Corn brought 54 for white and 55 for yellow. One lot of Rye sold at 108 and one of Oats at 50. Country produce is a shade lower. Bacon is quiet and unchanged.

RICHMOND MARKET, April 28.—Flour is quiet at last quotations, viz: $3@$7 50 for fine to fancy family brands. But little Wheat was offered which sold at 110@125; 1500 bushels of Corn were offered only part of which was sold at 55@57. One small lot of Rye brought 93. No Oats reported.

LYNCHBURG MARKET, April 28.—Flour is firm with an upward tendency, good brands of extra scarce; sales at 4@$7 50 as to quality. Wheat, receipts light and wanted by the millers at 100@125. Corn is less active, and prices not so strong with sales at 53@54. Oats nominal, very little offering and we quote at 45@47. No Rye reported. Receipts of tobacco were less the past week than the week previous. Lugs are lower, medium and cutting grades of Brights also dull. Fine shipping scarce and active. Fine brights are a little higher but prices remain unchanged.

FREDERICKSBURG MARKET, April 28.—Flour is quiet at 4@$7 25 for fine to fancy brands. Wheat sold at 110@130 for poor to choice. Corn brought 48@50. But little Rye or Oats are coming in which sold at 90@95 for the former and 40@45 for the latter.

BALTIMORE SUGAR AND COFFEE MARKET.—Sugars—The New York market for raw sugars is dull at 6¾@7¼ for common to good refining. Centrifugal Sugar is quoted 7½@8½. For refined sugars the market is steady and we quote as follows: Cut loaf 10c; crushed 10¼; powdered 9½; granulated 9¼; standard A 9¼ and yellows 7¼ to 8¼.

Coffee—The market continues very dull and weak the tendency of prices being downward. We note sales since our last report at 10½c. The stock in first hands to date is 34,313 bags, and the total stock in the United States is 145,501 bags. We quote invoices as follows: Ordinary 9½; fair 11@11¼, good 12@12¼, and prime 12¾@13.

NEW YORK CATTLE MARKET, April 28.—Beeves—No receipts. Dressed beef appeared to have a good demand at 7@9½ per lb for sides.

Calves—The supply was too large for the demand, and trade was dull at lower figures. Milk veals ranged from 4.@6c per lb; buttermilk calves from 3@4½.

Sheep and Lambs—Good stock ruled a shade stronger, and dealers expected to make a clearance. Sheep sold at 6@7c per lb for unshorn, and at 6@6½ for clipped. Yearling lambs ranged from 6@7½ for unshorn and at 6@6½ for clipped.

Hogs—Live Hogs were in demand at 6 25@$6 50 per 100 lbs, with a car load of Ohio corn fed, 104 lbs average, sold at $6 50.

BALTIMORE CATTLE MARKET, April 28.—Beef Cattle—The New York market on Monday was brisk at an advance of ½c per lb for the through stock and yesterday it was unchanged except for light stock, which showed a slight advance.

Sheep and Lambs—The market is inactive at Monday's prices.

Hogs—Trade is very slow. We quote at 7¼@7½c per lb net, with a very few a shade higher, but not many even at 8¼.

CHICAGO CATTLE MARKET, April 28.—Hogs—Market active and firmer; light 6 90@$6 15; mixed packing 5 65@$6 10; choice heavy at 6 20@$6 50. Cattle—Market quiet and 5@10c lower; common to fair shipping 4 60@$5 25; good to choice 5 40@$5 80. Sheep—Market strong fair to good 5@$5 50, good to choice 5 70@$6 70.

CINCINNATI HOG MARKET, April 28.—Hogs quiet; common and light 4 50@$6 10; packing and butchers' 5 50@$6 40.

PROFESSIONAL CARDS.

A CARD—It should be generally known that persons so unfortunate as to lose one or more of their teeth need not wait weeks and months for artificial substitutes and endure inconvenience, disagreeable changes in voice, facial expression, &c., but may have artificial teeth made before and inserted immediately after extraction of their natural teeth. By this mode a better adaptation, a more pleasant expression and a nearer approach toward preserving the natural harmony of the features are secured, and very much of the pain and difficulty experienced in learning to use teeth are also avoided. I have practiced this mode successfully for seven years, and having introduced it here, would be glad to refer any one interested to patients who know of it from experience. In treating the natural teeth my object is to preserve every one that time, patience and modern methods of treatment can save. The use of arsenic in destroying exposed nerves is condemned by the more enlightened of the dental profession on account of its turning teeth dark, inducing abscess and finally the loss of the teeth. The nerve pulp, which is the source of life to the tooth, should always be treated, when exposed, with a view to its restoration to health. I use no cheap alloys for filling; my fees are more less than are usually charged for the same class of work. Gold filling from $1 50 up; other work at proportionately low rates.

W. DONNALLY, D. D. S.,
Graduate Dental Deprt.,
Univ. of Michigan.
Office: 1321 F street, northwest, Washington, D. C. ap4-3m
