TEMPERANCE MEETING—DR. POULSON'S FIRST SPEECH IN ALEXANDRIA.—The temperance meeting in the hall of the Alexandria Reform Club, last night, was attended by a large crowd; the hall was packed to its utmost capacity. Rev. E. Poulson, the new pastor of the M. E. Church in this city, who was introduced, made his first speech before an Alexandria audience. He is a man of fine appearance, and a fine speaker. His speech last night sparkled with wit and humor. He holds advanced temperance views and believes in aggressive measures. That traffic in intoxicating liquors, he alleged injuriously every material interest of the country, and therefore, the temperance question was one that could not be forced to a back ground. A man drank liquor to satisfy appetite, or to comply with the social customs of the community. A man sold liquor because it was profitable; because he made money thereby. The motives of the liquor seller were widely different from the motives of the liquor drinker, and just as the motives differed methods must be adopted to abolish the evil to each motive differ. The drinking man must be met by the pledge laid down in God's word and moral suasion; but the liquor seller must be driven out of the business. By the march of intellect whiskey had been almost entirely driven from the homes of Christian families, the Church of Christ. He did not believe a drunkard could be found in the liquor traffic who was by the love of Christ and truth, and desired to be saved. In Philadelphia nearly every one American had been driven out of the traffic and the business had passed into the hands of foreigners. The criminal statistics of city now had control of the rum traffic in five of Berkeley Law. An attempt had been made, not by the friends of temperance, to make the sale of intoxicating liquors, in which just as liable to regulate lager, that, murder and other crimes that were radically wrong. The license system already prohibited one out of every 50 from selling liquor; the temperance people contended for what? the 50th man where the 49 are. The Christ organ to be a great moral law; a quarantine ship to prevent the income of disease into the city. This crusade a home for the oppressed of all nations; he, the speaker, was one of those who wished all foreigners here, but when a man came from Germany for the purpose of breaking down our institutions and desecrating our church, then something must be done to prevent establishment of the customs of the old on this side of the Atlantic.

Dr. Poulson followed by Mrs. McClelan Brown, of Philadelphia, who advocated the absolute abolition the sale of intoxicating liquors as a happy means of the ballot.

After a short address by Thomas B. Marche, Grand Chief Templar of Washington, the meeting closed.

CITY SCHOOL BOARD.—The regular monthly meeting was held last evening: S. C. Neale, esq., chairman; Messrs. Bosch, Cross, Fendall, Leadbeater, G. McLean, Mahoney, Whittington and Gray, trustees, and the superintendent present. The minutes of the last meeting read and approved.

Mr. Bosch, the Committee on Complaints and Grievances, reported that the appeal of R. T. Pitcher settled by the consent of the teacher the return of his son to school.

Mr. Bosch, for Committee on Finance and Accounts, reported the following bills which were ordered to be paid, viz:

S. Cuvilier, for water pipes in Peabody building, $4; A. Hutchison, cleaning stoves in West building, $3 50; Jas. Powell, work at Jefferson building, $8 25; McLean & Gaines, brushes, &c., $2 25.

The gas bills referred to the Committee heretofore and to petition Council for their remission.

On motion of Mr. Gray, the clerk was authorized to take one year policies of insurance thereafter.

A proposition of Powell to do certain work at the Lee was referred to the Committee on Schools and Furniture, with authority to have work done and similar work at the Shiloh.

On motion of the Superintendent of Schools, the following rules were unanimously adopted, viz:

Resolved, That in the opinion of this Board, it is the duty of teachers in its employ to adopt every means of improvement they may find that they ought, therefore, to attend the Institutes to be held during the coming.

Resolved, That it is the duty of them to do so without the sacrifice of their salaries, the schools of all teachers who engage to attend those Normal Institutes closed on Friday, the 17th of June, the teachers who do not go continuing in school Friday, July 1st.

The applications of Geo. Zwerger and W. C. Davis for tuition for their children, who had left the school returned, were received and read, action of the Superintendent, the Clerk prepared to issue such permits.

Mr. Stephen Kincaid, collector for the southern district, reported the Board the payment to him of for rent of a house on Prince street, used by Custis school it having based with Mr. W. N. McVeigh, the owner of the property, that it was to be paid for thereon, and on motion of Mr. Carpenter was referred to the Committee on Finance and Accounts, with authority to have necessary warrants issued.

The Board then adjourned.

TEACHERS' INSTITUTE.—The Teachers' Institute for the city met at the Peabody School Building 10 o'clock this morning, with the rest of teachers present.

The Superintendent communication from the State Superintendent, Dr. Ruffner, in which he urged upon Superintendent Carne the necessity of having teachers within his jurisdiction attend the Normal School, which will be held at Front Royal, for the white teachers, during four weeks, commencing August 24, and for the colored teachers at Hampton, commencing May 22, and continuing three weeks, under the direction of Gen. S. C. Armstrong.

Superintendent Carne then spoke to the teachers at some length and earnestly appealed to them to exert every means possible to attend, and that he, as Superintendent would do all in his power to assist them in availing themselves of the opportunity of attending, and thereby securing the great advantage of the instructions to be gained by teachers from those very efficient sources, the State Normal Schools. Mr. Carne then announced the 28th day of May as the time for the next meeting of the Institute, and "The plan of grading schools" as the subject to be discussed.

The Institute then adjourned.

After the session of the Institute, the teachers of the county were met at the office of the Superintendent by the very efficient Deputy Treasurer of the county, Mr. W. C. Wibert, and paid off for the month of April.

THE DISAFFECTION AMONG THE MAHONITES.—A call was issued a few days ago for the Fourth Ward Mahone readjuster club to assemble at the colored Odd Fellow's Hall last night. Only two members, Magnus Robinson and Robert Gaines, put in an appearance and no meeting was held, but in a talk with some outsiders who had collected to see what was going on, Magnus Robinson said that the executive committee of the Mahone party in this city was to be reorganized next week; that Silas Medella, John Sailer, George Lash, William Hammerdinger, Samuel Wimsatt and Jacob Hensley were to be expelled from the said committee and others elected in their places. Robert Gaines signified his intention of calling a public meeting for the purpose of giving H. L. Harris, Wm. Miller, Chas. Seales and others an opportunity to "rip the Mahonites up the back."

POLICE NEWS.—Mayor Smith presided at police headquarters this morning, and disposed of the following cases:

John Wesley, colored, arrested on suspicion of larceny, was committed to jail for medical treatment.

Philip Taylor, colored, for fighting, was fined five dollars.

Jennie West and Betsy Brown, for fighting, were fined five dollars each, and in default of the payment of said fine locked up.

Tom Henderson and Fannie Chapman, charged with disorderly conduct, were discharged.

Ed Meades, Geo. Lucas and Jennie Lucas, white, and the colored wife of Geo. Lucas, for drunkenness and fighting on the streets, were locked up.

FISH AND FISHERMEN.—One hundred and twenty-five thousand herring and two thousand five hundred shad arrived at Fishtown to day and sold as follows: Shad $6 to $8 per hundred, herring $2 to $4 per thousand.

Capt. Jerry Robbins quit fishing the "Gums" shore yesterday, and his hands arrived at Fishtown to-day. They made things lively there for a time with dancing and singing, the fish cutters on the wharf joining in the jubilee. Capt. Robbins will commence fishing at Sandy Bar next week.

Shad are being caught in large numbers at Sandy Bar by seiners from this city.

THE MARKET.—The market this morning was largely attended and well supplied with all kinds of vegetables. The prices for many articles have declined since last Saturday. Cabbage sprouts sold at 15 to 20c per peck; early York cutting 20c per peck; kale 10c per peck; onions and radishes three bunches for 5c; rhubarb 5c a bunch. In the meat market there was a small supply of spring lamb, which sold rapidly at 20c per lb. The fish prices were: For shad 20 to 50c per pair; herring 12c per dozen; white perch 25c per bunch. Several benches were adorned with a rare collection of beautiful flowers.

FIRE.—The alarm of fire about 9:30 o'clock this morning was caused by the burning of a small frame house in an alley on Queen street, between Henry and Fayette, occupied by a colored family. At the time of the fire, which is supposed to have originated from the stove, three young children were in the house alone. The fire department was promptly on the ground, but the flames were extinguished by the neighbors with buckets of water. The damage was slight.

CORPORATION COURT.—The April term of the Corporation Court will commence in this city Monday next, Judge S. Bassett French, of Manchester, by invitation of Judge Chilton, who continues to be much indisposed to transact any business, presiding. All persons desiring to sell liquor of any kind, and who have not yet obtained their license, are required to present their applications on the first day of the court.

ROBBERY, LIKE MURDER, WILL OUT.—James Lewis, a well to do colored man of this city, was committed to jail to day for further examination, charged with entering and robbing the store of Mr. Wm. H. Palmer, in Fairfax county, five years ago. Lewis' partner in the crime is said to have been a negro named Lee, who is now serving out a term in the penitentiary.

FIRE AT CHARLOTTESVILLE.—A large boarding house, conducted by Mr. Thomas Camp, was destroyed by fire at Charlottesville early this morning. Very little of the furniture of the establishment could be saved, owing to the rapid spread of the flames. Mr. William Grigg, of this city, lost a fine suit of clothes.

ACCEPTED THE NOMINATION.—Mr. A. C. Harmon was last night officially notified of his selection by the mass meeting held in Harmonia Hall Thursday night as the temperance candidate for Mayor. He accepted the nomination, and informed the committee that he would place his acceptance in writing.

PROFESSIONAL CARDS.

A CARD—It should be generally known that persons so unfortunate as to lose one or more of their teeth need not wait weeks and months for artificial substitutes and endure inconvenience, disagreeable changes in voice, facial expression, &c., but may have artificial teeth made before and inserted immediately after extraction of their natural teeth. By this mode a better adaptation, a more pleasant expression and a nearer approach to art preserving the natural harmony of the features are secured, and very much of the pain and difficulty experienced in learning to use teeth are also avoided. I have practiced this mode successfully for seven years, and having introduced it here, would be glad to refer any one interested to patients who know of it from experience. In treating the natural teeth my object is to preserve every one that time, patience and modern methods of treatment can save. The use of arsenic in destroying exposed nerves is condemned by the more enlightened of the dental profession on account of its turning teeth dark, inducing abscess and finally the loss of the teeth. The nerve pulp, which is the source of life to the tooth, should always be treated, when exposed, with a view to its restoration to health. I use no cheap alloys for filling; my fees are much less than are usually charged for the same class of work. Gold filling from $1 50 up; other work at proportionately low rates. W. DONNALLY, D. D.
