The Weather Probabilities. May 14, 1881.—For the Middle Atlantic States slightly warmer, east to south winds, partly cloudy weather and local rains, and falling barometer in the northern portion.

THE FIGHTING MAHONITES.—The efforts made by the two factions of the Mahone readjuster party in this city yesterday resulted in a number of disorderly meetings last night, at which delegates to the Mahone convention, which meets in Richmond June 2nd, were elected. Democrats, republicans and all others who desired were permitted to participate in the meetings. Men of all shades of political opinion, and men of no political opinion at all, were urged all day yesterday by both the Cameron and Groener factions to attend the meetings and help them out. The consequence was, the meetings were attended by mixed crowds, and the mixture caused a good deal of confusion.

In the first ward Charles Dearborn, white, and Ben Corum, colored, were elected delegates to the convention. Resolutions endorsing Col. Cameron, of Petersburg, for Governor, were adopted.

In the Second Ward S. J. Wimsatt was elected delegate and Henry Lewis, colored, alternate.

There were two meetings in the Third Ward. The first meeting was called to order by Wm. Hammerdinger. Geo. Bush was elected chairman and E. M. Hooe, secretary, and, after some dispute between Hammerdinger and Chas. Simms, colored, in regard to the payment of the rent for the meeting room, Geo. Thompson and Michael Riley were chosen delegates, and Wm. Hammerdinger and Geo. W. Lee alternates. The lights were then extinguished and the crowd dispersed, but immediately the Cameron men assembled and elected R. A. Winsor and Thomas Allen delegates to the convention.

Geo. Brown, white, and Silas Madella, colored, were elected delegates by the Fourth Ward meeting. Judge Chilton was nominated and received one vote.

The delegates elected last night stand: Groener 5 Cameron 2!

A letter was received in this city to day from Gen. Mahone, stating that he had no favorite candidate for Governor; all he desired was that the Convention should nominate the strongest man, and despite what he had authorized any one to state in a paper to the effect that he intended to give two hundred Alexandria colored men work on Washington at $2 per day. The paper alluded to was circulated in this city last Wednesday by a colored man named Geo. Preston, who informed the colored people that all that was necessary to receive the work was for them to vote for Cameron delegates.

A BOLD AND SUCCESSFUL ROBBERY.—Mr. R. S. Carter, a commission merchant on the third lot this piece of business about 5:30 o'clock yesterday evening. During his absence his clerk, Mr. John Scott, and Mr. Carter's son, locked the establishment up, and went home. Mr. Carter returned to business about 6:30, and found the door locked, but upon entering was surprised to find that the door leading to his office was standing open, and a number of papers scattered on the floor. Upon examination he discovered that his office had been entered by some unknown thief, and robbed of $162 in money, and some negotiable notes, amounting in all to $200. There is no clue to the perpetrator of the robbery, but it is supposed that when the two young gentlemen, Mr. Scott and Mr. Carter's son, left the store they locked the door in order that the office could only be opened from the inside. Capt. Webster was informed of the robbery, and the police now have the matter in charge.

BADLY INJURED BY THE EXPLOSION OF A GUN.—Two small colored boys, George Jackson and Robert Wilkerson, armed with a gun, started out this morning on a snake shooting excursion. They arrived safely at Jones' Point and laid the gun on the ground to scare up the snakes. Snakes being scarce at that point, they determined to look elsewhere. Jackson picked the gun up, and placing it under his right arm, started off, when the weapon exploded, locking its contents, a load of large shot, in his right side, inflicting a terrible and painful wound. The injured boy was removed to the house of his parents, on Gibbon street, between Fairfax and Royal, where he was attended by Drs. Powell and Gibson. The boy is great sufferer, and it is thought he cannot live, as many of the shot are embedded in his side.

DELINQUENT TAX BILLS.—Auditor Brockett has for the past two months been engaged in the preparation, and has nearly completed, an entire series of new account books covering the delinquent bills annually returned by the collectors of taxes for the past twenty years. When fully completed the entire record, covering 250 pages, will contain an alphabetical index most complete and comprehensive, which will be of great value not only to the corporation in a financial way, but to property holders and those intending to purchase, as by a glance, the amount due for taxes on property can be readily ascertained, a thing heretofore under the old system a matter of very great difficulty.

THE MARKET.—The market this morning was well supplied with vegetables and other articles. The prices, except for the several articles named below, were about the same as last Saturday. Best cuts of beef 25c. per pound, lamb 20@25c. per pound, green peas 60c. per peck, tomatoes 25c. per box, York cabbages 10 and 12c. per head, asparagus 3x per bunch, strawberries 50c. per box, and oranges 40@60 per dozen. Fish—Shad 50c. per pair, rock 35c. per bunch, single rock 1@$1 50 apiece, and herring 10c. a dozen. There was a profusion of beautiful flowers on sale, which sold readily at good prices.

FISH REPORT.—One hundred thousand herring and one thousand shad arrived at Fishtown to day and sold as follows: Shad $6 to $7 per hundred, and herring at $1 to $2 per thousand. Mr. Wm. Knight, of Washington, who has been fishing the Stony Point shore, got out a few days ago. The season will close in about ten days.

CALLED MEETING OF THE COUNCIL.—A called meeting of the City Council will be held to-night at 8:30 o'clock to elect proxies to represent the city in the meeting of the Stockholders of the Alexandria Canal Company to take place Monday next at 12 o'clock.

LOCAL BREVITIES.

The steamer Mary Washington commences her Sunday excursions to-morrow to Occoquan.

The new schedule of the Va. Midland railway goes into effect to-morrow.

Old Dominion Commandery meets on Monday night next.

All the employees of the Virginia Midland Railway Co. were paid off to-day.

The colored republicans of the 3d ward held an exciting meeting last night.

Bishop Keane will preach in St. Mary's Church to-morrow morning.

The Sunday laws will go into effect to-morrow.

The thermometer—83 degrees in the shade to-day.

The steamer Excelsior will stop at her wharf in this city on her way down the river to-morrow.

Mr. Joseph Hopkins has declined to serve as a member of the Conservative Committee from the First Ward.

The first strawberries of the season grown in this neighborhood were offered in market to day by Mr. W. H. Snowden.

The pump at the corner of Washington and Franklin streets has been put in good condition and the people of that neighborhood are now happy.

Mr. A. J. Bowen, of Washington, delivered an interesting temperance address at the Reform Club meeting last night. A temperance revival will be commenced in this city next week.

There was a gathering of the candidates for the several offices to be voted for at the primary election Tuesday next on Colross commons last night, where several speeches were made, and a good deal of lager beer consumed.

Rev. James Henderson Smith, of Rockbridge county, Va., who arrived at the Mansion House, last night, on his way to Leesburg to preach to-morrow, was taken suddenly sick, and had to telegraph his inability to fill his appointment. Mr. Smith was much better to-day.

The ladies fair for the benefit of Oseola Tribe of Red Men will be opened on Monday night next. No pains will be spared by the ladies having the fair in charge to make those who attend have a pleasant time. Judge C. E. Stuart will deliver the opening address.

The choice of lots on which the Mt. Vernon Building Association purposes erecting four dwellings was sold Thursday night last. The first choice was purchased by Mr. A. A. Wardald at a premium of $72; the second by Mr. H. L. Service at $30, and the third by Mr. E. H. O'Brien at $25. The contract for building will be awarded next week, and as it is one of considerable magnitude the bidding for it will doubtless be spirited.

Mrs. Wm. Owens, while sitting at the front door of her residence, on Duke street last night, was quite badly injured by being struck in the eye with a stone, thrown by a boy on the opposite corner. Throwing stones in the streets is a dangerous practice, and the boys indulging in it ought to be punished. A short time ago a Mrs. Meeks was severely injured, while standing in the yard of her residence, on Union street, by being struck on the head with a brick, thrown by a boy on the opposite side of the street.

DEMOCRATIC READJUSTERS.—The following are the resolutions adopted at the last meeting of the democratic readjuster club of this city:

1st. We affirm our devotion to democratic principles.

2d. That the lamp of readjusterism that was lit by us three years ago has burned with a steady lustre ever since, and by its light we still travel our onward and progressive path.

3d. That the State debt must be adjusted; not only in justice to the bondholders, but most emphatically in justice to the people of Virginia.

4th. That while we admire the brilliant war record of General Mahone, and feel proud of the services he has done Virginia in days gone by, yet we now condemn his political course as prejudicial to the best interest of the State, morally, financial and socially.

5th. That in the coming contest, we favor as our standard bearers, only men of liberal ideas, that would be most likely to harmonize all past differences in the conservative ranks.

6th. That the members of this club pledge themselves to vote solid on all men and measures referring to our State politics.

McBURNEY & SON have just received from the MILL PARK VINEYARDS twenty five cases of ROSE OF VIRGINIA and NORTON'S SEEDLING CLARET WINES. These wines are so celebrated for *their fine flavor and purity* that comment is unnecessary. Quart and pint bottles.

☞ IT is earnestly hoped that Mr. James R. Caton, the efficient and popular secretary, will reconsider his determination to retire from the conservative committee and consent to the use of his name. He has rendered the party valuable services, and in the fall campaign it would be difficult to supply his place. We hope he will permit the use of his name for the good of the party, this being no time for efficiency to give way to inexperience.

WONDERS OF THE MICROSCOPE.—A thousand wonders in nature are lost to the human eye, and only revealed to us through the microscope. Think of dividing a single spider's web into a thousand strands, or counting the arteries and nerves in the wing of a gossamer moth. Yet, by aid of the powerful lens of a microscope, it is found there are more than 4,000 muscles in a caterpillar. The eye of a drone contains 14,000 mirrors, and the body of every little spider is furnished with four little lumps, pierced with tiny holes, from each of which issues a single thread, and when a thousand of these from each lump are joined together, they make the silk line of which the spider spins its web, and which we call a spider's thread. Spiders have been seen as small as a grain of sand, and these spin a thread so fine that it takes 4,000 of them, put together, to equal in size a single hair.—*Church Union.*

A Card.

Upperville P. O. Faugnier Co., Va., May 10th, 1881.

To the Editor of the Alexandria Gazette:

I see by a Washington paper that the colored man to be arrested on warrant from Upperville, was not on the Washington train. This is a mistake. I telegraphed the police at Alexandria to arrest the man "on train from Leesburg to Washington," and giving his description. The man was on the train, but the Alexandria police are probably not aware that the Leesburg and Washington train does not go to Alexandria, for if they knew, did not take the trouble to meet the train at Junction.

Yours truly, R. NEVILLE.

SPECIAL NOTICE.

NOTICE TO CITY TAX PAYERS.

The time allowed for the collection of city taxes for the year 1880 expires May 31st, 1881. Those persons who have not paid are urgently requested to come forward at once and settle. All in arrears have been frequently called on and statements rendered. The Collectors in the settlement of their accounts for the years 1878 and 1879 were made to pay a very large number of bills then on hand. To do this or have suit instituted against their bond was the only alternative. The bills this year must be paid, and it is hoped that this notice may be, as it is, a final one.

PROFESSIONAL CARDS.

A CARD—It should be generally known that persons so unfortunate as to lose one or more of their teeth need not wait weeks and months for artificial substitutes and endure inconvenience, disagreeable changes in voice, facial expression, &c., but may have artificial teeth made before and inserted immediately after extraction of their natural teeth. By this mode a better adaptation, a more pleasant expression and a nearer approach toward preserving the natural harmony of the features are secured, and very much of the pain and difficulty experienced in learning to use teeth are also avoided. I have practiced this mode successfully for seven years, and having introduced it here, would be glad to refer any one interested to patients who know of it from experience. In treating the natural teeth my object is to preserve every one that time, patience and modern methods of treatment can save. The use of arsenic in destroying exposed nerves is condemned by the more enlightened of the dental profession on account of its turning teeth dark, inducing abscess and finally the loss of the teeth. The nerve pulp, which is the source of life to the tooth, should always be treated, when exposed, with a view to its restoration to health. I use no *cheap* alloys for filling; my fees are much less than are usually charged for the same class of work. Gold filling from $1.50 up; other work at proportionately low rates.

NOTICE—"It shall be the duty of the Mayor on the first day of May in every year to give public notice for thirty days that all persons owning or intending to keep any animal of the dog or canine species to come forward and take out a license for the same from the Auditor. After the expiration of the time in said notice mentioned, all persons found with a dog or dogs or harboring one or more dogs on his, her or their premises without the required license, shall be fined by the Mayor five dollars for every dog so owned or harbored, and one dollar of said fine shall be paid to the officer making the complaint, and in case of the refusal or omission to pay said fine, the Mayor may commit the offender to the work house for not less than ten nor more than ninety days."
