THE WAY TO LOOK AT IT.—In all labor there is poetry, if we can but find it, containing its deepest meaning and its truest realities. One mechanic sees nothing beyond his tools and their daily use; another beholds the civilization and refinement which his work is daily spreading. One merchant measures his business only by his yearly account of profit and loss; another sees it in the extension of commerce, the employment given to labor, the triumph of honest principles. One physician looks at his profession only as a ladder for his own advancement and popularity; another beholds suffering assuaged, disease overcome, sanitary habits enforced, healthful living secured, happiness increased. One woman sees in her house only an arena for hard work and physical comfort; another sees exquisite pictures of the possible happiness, honor, development and value which may be cherished within it, and may issue from it to bless society and strengthen the nation. It is only as these higher truths of labor become vividly pictured in the imagination that labor itself can rise to its true position. Its poetry is its best reality and ennobles all its prose of hard work or dry details.

"WHITE BLACKBERRIES."—It would be a matter of interest to some readers to know that there is a berry in this locality known as the white blackberry; it is similar to the blackberry, both in shape and flavor, growing upon a very similar bush. The color is a creamy white, clear almost to transparency, and when served in a glass bowl on a table is an ornamental and, with the addition of cream and sugar, as palatable as any berry raised in this country. They are rare with us and so seldom seen that but few of our oldest citizens have ever seen them. The writer has them planted in his garden, and finds that they can be easily transplanted and spread rapidly.—*Louisville Courier Journal.*

CAPON SPRINGS AND BATH, (ALKALINE LITHIA WATER) HAMPSHIRE COUNTY, WEST VIRGINIA. Also Chalybeate Waters, rich in iron, and a fine White Sulphur Spring in the neighborhood. Open on June 1st to October 1st. The company will justify Unequaled by any mineral waters in America for the cure of acid dyspepsia, kidney and bladder troubles, uterine ailments, gout, diseases of the skin, esthetic affections, rheumatism and functional heart troubles. IT IS AN UNFAILING SOLVENT OF CALCULI. These waters have proved of great value in many other diseases, but can be more confidently relied on in the above named than any other mineral springs in this country. I guarantee a cure if curable by mineral waters. The baths—hot, cold and shower—are unexcelled anywhere. The new and elegant swimming pool of alkaline water, the largest in the United States, if not in the world, is especially attractive. ☞ No safer or better place for ladies or children to learn to swim. Plenty to fill their stomach and *new beds to rest them on.* Best mountain roads in Virginia; *one hundred dollars to the mile* expended upon them this spring. The air of this elevated region is pure and delicious. Capon being nearer to all the cities north of the Potomac than any of the Virginia springs of note by an average of a hundred and fifty miles, claims a large patronage on that score. For pleasure or health the traveler need not go further. Board, by the month, $12, $10 and $8, according to location. Send for pamphlets direct, or call on W. S. THOMPSON, 703 15th st. Washington, D.
