HYDRAULION STEAM FIRE COMPANY.—A regular monthly meeting of the Hydraulion Steam Fire Engine Company was held last night with Benjamin Barton, President, in the chair, and Samuel Tennesson Secretary pro tem.

The minutes of the last regular meeting were laid on the table until the next regular meeting for approval.

The chairman of the committee appointed to confer with similar committees from the other companies in regard to the visiting firemen, reported progress. The report was adopted, and a committee, consisting of John Lannon, M. J. Waterman and Samuel Tennesson, was appointed to make final arrangements for the entertainment of the visitors.

E. L. Entwisle and J. Frank Taylor were appointed a committee on decorations.

A motion by J. F. Taylor that the parade hat of the foreman of the company be a white helmet, being adopted, O. N. Kirby presented, on behalf of the company, in a neat speech, to Samuel Tennesson, the foreman, a very handsome white leather helmet, with gold trimmings. The present was received by Mr. Tennesson in a few remarks, in which he thanked the members of the company for this evidence of their appreciation of his services, and promised to endeavor to discharge the duties of foreman in the future even more faithfully than he had done in the past.

J. F. Taylor moved that a vote of thanks be tendered Henry Strause, esq., for the active part he had taken towards having the square on Royal, between Cameron and King streets repaved. The motion was unanimously adopted.

The meeting being informed that the newly elected Chief Engineer of the Fire Department, Mr. E. H. O'Brien, was in waiting outside, Wm. G. Simpson and J. N. Byrne, were appointed a committee to invite him in the hall. Upon entering the hall the Chief Engineer, after being received by the President, made a short, appropriate speech, stating that he had only called to become acquainted with the members of the company, and as they had endorsed him for the position of Chief Engineer he asked their hearty co-operation and assistance in the discharge of the duties of the office.

Mr. Charles Yoke, who entered the meeting during the remarks of the Chief Engineer, upon invitation to make some remarks, said that his only object in being present was to urge the company to appoint a committee to make final arrangements for the entertainment of the visiting firemen from Allentown, Pa., the latter part of this month. He was informed by the chair that such a committee had been appointed. The meeting then adjourned subject to the call of the said committee.

A RADICAL MEASURE.—Most all the readers of the Gazette have read of the itinerant barber of Bagdad who, upon being called in to shave a young man quickly who had an appointment with the Cadi's daughter while that worthy was at prayer, and who after lathering the face of the impatient youth, slowly opened his case and instead of producing a razor and proceeding with his work, deliberately took out an astrolabe and slowly sauntered out into the yard to take the height of the sun. On his return he commenced a long harangue on astronomy, and eventually so irritated his customer that he was compelled to run him out of the house, and fill his engagement with an unshaven face. The barber followed him, however, and so harassed him in divers ways as to be the cause of the young man falling and impaling himself for life. As a natural consequence this man forever after entertained the greatest horror of barbers—for that one at least. Now an Alexandria tonsorial artist is fast becoming as unpopular with his customers—the delinquent portion we mean—as this oriental brother "chin" rendered himself on the above occasion. He has carefully prepared a list of all who are in arrears to a certain amount, and has posted them prominently in his shop under the caption of "dead beats," and positively refuses to erase names until all arrearages are paid. It is said that imprecations loud and deep are constantly poured upon him—so much so that the more irate seem at a loss to coin new "cuss words."

THE BECKHAM PRIZE.—The prize offered by Mayor Beckham, of this city, to the team making the best score at the Glymont shooting match, and which match resulted in a tie between the Washington Light Infantry and the National Rifles, is still the subject of controversy. It is said that the reason that Mr. Beckham's patience has been so severely taxed in the matter of the report of the National Rifle Association is that he addressed his letter of inquiry to Judge Gildersleeve, the former president, who is now in Europe. The letter has been forwarded. On its receipt it will probably be referred to Gen. Hancock, the present head of the association, and by him sent to the secretary for a reply. The latter official has already given, it is claimed, the bearing of the rules on the tie. The referee of the Washington Light Infantry is reported as saying he is still in official ignorance of any action having been taken looking to a new match. At a meeting of the National Rifles, in Washington, last night, the action of the referee of the company in declining to consent to a new match for the prize was sustained by a unanimous vote.

The time for the shooting off of the "tie" has been fixed by the Alexandria Light Infantry, for the 24th of August.

PLENTY OF WORK.—The proprietors of the different establishments around the wharf report plenty of work on hand—Mr. Wm. S. Moore, machinist, is overhauling the engine of the New York steamer John Gibson; he is also engaged in overhauling and putting in position the machinery of the Potomac Manufacturing Company, at the establishment of the company, foot of Wolfe street. The other machine shops are also busy. Messrs. Gorman & Pettit, boiler makers, are building a new boiler for the shops of the Washington and Ohio Railroad depot. They are also overhauling a large boiler for A. R. Parrish, of Washington, Rappahannock county, Va. At the shipyard, business continues brisk. The schooner F. H. Osborne, was lightered from the ways at the yard yesterday, and the steamer Arlington, was hauled up this morning for repairs. The steam tug Mary Lewis, which has been undergoing repairs at the yard for several days past, was launched from the small ways this evening.

POLICE NEWS.—The Mayor presided at police headquarters this morning, and fined Jennie Rye, white, $5, for being drunk and disorderly on the streets last night. Jennie, not having the five dollars necessary to procure her freedom, was sent to the work house for ninety days.

George Bryan, colored, sent to jail yesterday for the non payment of a fine assessed against him for being drunk and disorderly on the streets, was released to day, he having liquidated his indebtedness to the Corporation.

"Press" Greenwood, an old citizen, whose mind has been affected for a long time, was granted a permit to enter the Alms House, where he will be kindly cared for both by the manager of the Institution, and his friends in the city.

DELEGATES TO THE STATE CONVENTION.—Judge Charles E. Stuart, and Messrs. S. C. Neale, James E. Waddey, James W. Shinn, and J. T. Sweeney, of the Alexandria delegation, and a large number of delegates from Fairfax and Loudoun counties left here this morning, some over the Virginia Midland Railway, and others on the steamer Excelsior, for Richmond, to attend the Democratic State Convention, which meets in that city at 12 o'clock to morrow. Hon. John S. Barbour also left here this morning for Richmond. Capt. K. Kemper, chairman of the Alexandria delegation, and B. H. Lambert and others will leave here this evening for Richmond. Reports are to the effect that the convention will be one of the largest and most influential assemblies of the kind ever held in the State.

REPUBLICAN CONVENTION—A "SPLIT.—Forty five delegates from the city and county of Alexandria met at the colored Odd Fellows' Hall, in this city, to day to elect three delegates to the Republican State Convention, which meets in Lynchburg on the 10th of August, and were called to order by Wm. A. Rowe, of the county. H. L. Harris, of the city, was elected temporary secretary.

A permanent organization was effected by the election of Benjamin Austin chairman of the convention and Geo. Griffin secretary.

At this point a portion of the city delegation of the Mahone readjuster persuasion withdrew from the hall, and repaired to an upper room in the building.

The straightout convention then proceeded to the election of delegates to the State Convention, with the following result: Delegates, A. W. Armstrong and George Hobday, from the city, and W. A. Rowe, from the county; alternates, Judge W. Willoughby and R. F. Fencil, from the city, and Benjamin Austin, from the county.

Benjamin Austin, T. B. Pinn and Wm. Miller then made speeches, declaring that the boast of the Mahone readjuster leaders that they had captured the republicans of the city and county of Alexandria was false in every particular.

A city and county committee, with G. A. Lumpkins as chairman, was then elected and the convention adjourned.

The bolting delegates—thirteen in number—organized in the upper room of the building to which they had repaired, by the election of J. McK. Ware, chairman, and Thos. Allen, secretary; and elected J. McK. Ware and George T. Preston, delegates, and Robert Gaines and John Fields, alternates, all Mahone Readjuster Republicans, to the Lynchburg convention.

A city committee with Travers' Ross, chairman, was then elected and the convention adjourned.

Both conventions, notwithstanding the "split," transacted the business before them in a quiet and orderly manner.

CONTRACT AWARDED.—The Committee on Streets of the City Council met at the Auditor's office this afternoon, and awarded the contract for deepening and cleaning out the Tan Yard Ditch, from Henry street beginning, to Hunting Creek, to Geo. B. Taylor, for $64. The only other bid received was that of Geo. Bagget, $125.

OFFICERS ELECTED.—The Uniformed Patriarchs, I. O. O. F., at a meeting Monday night last, elected the following officers: Chief Captain, W. W. Sherwood; Subordinate Captain, Samuel A. Mackin; Junior Captain, Benoni F. Nalls; Scribe, Charles Goodrich; Treasurer, W. E. Latham. The association drills every Monday night.

EXCELLENT MUSIC.—The Alexandria Musical Association gave another of their open air musical concerts in the Post office yard last night. A large crowd was present, and the excellent music rendered was greatly enjoyed. Two policemen were present, and good order prevailed throughout the evening.

PERSONAL.—Mrs. Belle Lennon left this morning to join her husband Rev. Joseph G. Lennon, of the M. E. Church South, in Bedford county, Va.

Miss Effie Crump and Miss Clara Padgett are visiting friends in Lynchburg.

ILLNESS OF AN ESTEEMED LADY.—Miss Betsy Lee, an old and esteemed lady, is seriously ill at the residence of her nephew, Judge James Sangster, in Fairfax county. Miss Lee is in the 90th year of her age, and is not expected to recover.

LEAK REPAIRED.—The leak in the Alexandria canal at Four Mile Run, reported to Clerk Samuel Monroe last night was repaired to day and boats are passing that point as usual.
