HOW GENERAL MAHONE WAS RECEIVED IN ALEXANDRIA.—General Mahone, a member of the United States Senate from Virginia, must have felt mortified at the reception he met with in this, a Virginia city, last night. He arrived here on the steamer Excelsior, from Quantico, about half past ten o'clock, accompanied by several of his followers, who went down the river in the afternoon to meet him. As soon as the "*great*" leader of the "*great* readjuster liberal party" made his appearance upon the wharf, one of his Alexandria friends proposed "three cheers for General Mahone." This was responded to, as near as could be counted, by six white men, a one-legged colored man, and a small colored boy. Six colored men, each with a dilapidated brass horn swung across his shoulder, then came forward and played, in a most heartrending, torturing style, "Hail to the Chief." When that Apache or Sioux "band,"—of music—presented itself before the General, he must have mentally exclaimed, "Save me from my friends!" The line being formed, the procession moved up the street in the following order: Dick Dogan, colored, with a lighted torch; General Mahone, escorted by Messrs. D. A. Windsor and Fillmore Arnold, followed by Captain Riddleberger, J. D. Brady, Col. T. W. Ashby, E. J. Lloyd, and four more of the "seventeen and a half club," who have as yet attained to no notoriety—in politics. The negro band (a mere comical looking set (if negroes could not be found) was sent off up the back streets. This novel procession as it wended its solemn way along the route received large additions—of boys—attracted by that solitary, flickering torch held aloft by Dogan, whose countenance showed that he felt the honor of his position. He looked exactly like the fellow represented in the pictures as ascending the hill of Fame, or something else, crying out as he advances, "Excelsior." Arriving at the residence of Mr. Windsor, the General and his escort passed in, and the doors and windows were closed. Dogan stood outside with his torch, and had to patiently submit to the taunts of the "bad boys," who had huddled together in flocks under the shade trees which surround the house. These boys, getting tired of wasting their breath on Dogan, commenced to yell for "Billy Mahone," "Billy the Kid," &c., &c. They imitated the bleating of a goat, and made other unearthly noises that only boys can make. Every body who made his appearance on the steps of the residence was applauded and called on for a speech. This conduct was continued till the band arrived, when the young savages were soothed to silence by "Hold the Fort." After a second piece by this band—said to be a "base" horn solo—Senator Mahone made his appearance, and spoke about as follows: "My friends, I am not before you for the purpose of making a speech. I thank you for this compliment, and feel sure that your hearts will rejoice when I tell you, in all confidence, that the great liberal movement is progressing, and the *cause of the people* is bound to become victorious. Good night." [Slight applause.] The "band"—of torturers—then played "Carry me Back," and the crowd dispersed.

This morning Gen. Mahone, Capt. Riddleberger, J. D. Brady, and a number of Alexandria readjusters left for Fairfax Courthouse, where a political demonstration took place today.

THE IRON WORKS.—Capt. J. B. Archer, of the Potomac Manufacturing Company, was at the works of the company in this city, foot of Wolfe street, this morning. When asked what was the prospect for an early commencement of operations, he said: "The company is pushing things ahead as fast as possible; everything is working satisfactorily, but of course it takes time to lay the foundation for an establishment of any kind. We will be turning out iron in a short time; less, probably, than two weeks." Pointing to the new vager full furnace, which has just been completed, Capt. Archer said, "that furnace will turn out more iron in one week than eight or nine ordinary furnaces will in ten days. We can work off a heat in seventeen minutes." Being asked what improvements were proposed, he said the company was considering plans for many changes, among them the raising of the Wolfe street building a story, and widening and lengthening it. The building will be extended about forty feet, and made over ten feet wider, to accommodate the other furnaces to be erected. The work of making the building wider has already been commenced.

EXCITEMENT ON THE WHARF.—There was more excitement on the wharf this morning than has been seen there for months past. The first thing to attract a crowd and create considerable amusement was a dog fight. This fight was hardly over before the manager of the steamer Virginia, which plies between this city and the Maryland shore, and the manager of an opposition line of foot boats, came together. The he was passed and a scuffle ensued in which both men were badly bruised about the face. The fight continued until officer Thomas Hayes appeared on the scene and put both combatants under arrest. When the case came up for a hearing, at the station house, the Mayor, at the request of one of the parties, continued the examination until to morrow morning. Things had not more than quieted down, when a second dog fight took place, lasting for some time. Quiet, however, was finally restored, and affairs sailed along smoothly the remainder of the day.

THE MAYOR'S COURT THIS MORNING.—This morning the Mayor had before him two men, for fighting on the wharf, and a First Ward female abusive language case. The case of the two men for fighting was continued till to morrow morning. The abusive language case, in which a large number of women were engaged, was dismissed.

A woman named Wright, for doing business on the wharf without a license, was fined and required to take out the necessary license.

The Mayor informed Major Brock, chief of the Washington police, this morning, by telegram, that Burnett, the man who was arrested in that city yesterday, for an assault upon an ex constable, and who stated that he was a detective from Alexandria, Va., was in no manner connected with the police force of this city.

COUNTY SCHOOLS.—Superintendent of Schools Adams has commenced his arrangements for the opening of the public schools in the county this year at the usual time. The school trustees of Arlington district have elected Miss Minnie Belle Wibert, sister of Treasurer Wibert, at $40 per month, and Miss Reed at $30 per month teachers of the white schools, and Miss Gray at $30 per month, and the present male incumbent at Arlington, teachers of colored schools. Miss Wibert takes the place of Mr. Jas. E. Clements. Other teachers for county schools will be elected shortly.

AT THE SHIP YARD.—A diver arrived here this morning from Norfolk, and went to the ship yard, where he commenced diving for the chain which jumped the shackle of the large ways of the yard Friday last. He succeeded in replacing the chain in position this morning and it is thought that the repairs to the ways will be completed to night when the steam tug Mary Lewis will be hauled up. The diving for the chain was witnessed by a large number of spectators.

THE CANAL.—There have been no arrivals of canal boats here for the past two or three days. It appears that after dam No. 6 was repaired, the boats were delayed from some cause at the Fourteen mile level. The present delay is caused by low water at Georgetown level. The mills in operation there were ordered to shut down this morning, and boats are expected to reach this city to night.

The schooner, which was at anchor, was struck forward of the main rigging amidships and cut into below the water's edge, causing her to fill rapidly. She was taken in tow by two tugs and taken over to the flats off Red Hook, where she sunk. The bark had her stern damaged, and returned and anchored off Bedloe's Island.

☞ We are glad to see such men as Geo. Mason, of Fairfax, called on to represent his people in the Legislature of Virginia. A man who has firm integrity of purpose, no personal or private ends to subserve, no ambition to gratify, but only the happiness and good government of his people. Such men, and only such men are fit representatives of any people. * * *.

AN ACT to amend and re-enact section 1 of chapter xi, of the corporation code.

Be it enacted by the City Council of Alexandria, That section 1 of chapter xi, of the corporation code be amended and re enacted so as to read as follows:

It shall be the duty of the Mayor on the 10th day of July in every two years or as soon thereafter as practicable, to advertise for bids for removing the night soil of the city of Alexandria for two years from the first day of August thence ensuing. The contract for the removal of such night soil shall be awarded to the highest responsible bidder, who will use in such work the improved apparatus known as the odorless excavating machine, giving preference to any responsible resident of this city who shall offer to introduce the same whether his bid shall be the highest or not; and if no person shall offer to use the same, then the contract shall be given to the highest responsible bidder. The person to whom the contract is awarded shall in all respects comply with the laws of the corporation, and shall be subject to a fine of $10 for every violation thereof. The Mayor shall proceed under the law immediately upon its passage.

This act shall be in force from its passage.

In compliance with the above act which passed the city Council August 16, and approved August 17, 1881, I will receive sealed proposals at my office 27 King street until the 25th day of August 1881, at 12 o'clock m., at which time I will award the contract. I will require bond and security in the sum of five hundred dollars for the faithful performance of duty, and reserve the right to reject any and all bids. The successful contractor will "this year" enter upon his duties on the 1st day of September, 1881, and hold the position until the 1st day of August 1882.

Wicked for Clergymen.

Rev. ——, Washington, D. C, writes: I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article made of valuable remedies known to all, that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them."—*New York Baptist Weekly.*

DR. BENSON'S CELERY AND CHAMOMILE PILLS

THEIR EFFICACY IN SICK AND NERVOUS HEADACHE.

HEADACHE, NEURALGIA, NERVOUSNESS, INDIGESTION, SLEEPLESSNESS AND PARALYSIS

Is a fully Established Fact, based on Actual Experience, and there is no kind of doubt but that they will cure these diseases.

Dr. Benson's Celery and Chamomile Pills are prepared expressly to cure Sick Headache, Nervous Headache, Neuralgia, Nervousness, Paralysis, Sleeplessness, and Indigestion or Dyspepsia, and will cure any case, no matter how obstinate, if properly used. They are not a cure-all, but only for these special diseases. They contain no opium, morphine or quinine, and are not a purgative, but regulate the bowels and cure constipation by curing or removing the causes of it. They have a charming effect upon the skin, and a lovely, quieting effect upon the nervous system simply by feeding its ten thousand hungry, yet, in some cases, starving absorbents. They make or create nerve matter and give power, force and buoyancy to the nerves, and in that way increase mental force, endurance and brilliancy of mind. Nobody who has a nervous system should neglect to take them two or three month's in each year, simply as a nerve food, if for no other purpose. Price, 50 cents a box, or 6 boxes for $2.50, postage free. Sold by all druggists.
