COLUMBIA DEMOCRAT.

ALEM B. TATE, LOCAL EDITOR.

Saturday Morning, May 23, 1857

☞ ANOTHER PHYSICIAN.—ROBERT H. BROWN, M. D., of Bloomsburg, is about locating at New Columbus, in Luzerne co., for the purpose of engaging in the Practice of Medicine. Doctor Brown is a regular graduate of the Pennsylvania College, in Philadelphia, where he passed a critical and creditable examination and obtained a full Diploma. He enters upon the arduous duties of his high profession with bright prospects and has the entire wishes of this community—where he has been reared—for his complete success.

☞ WILSON'S CARRIAGE REPOSITORY.—We had the pleasure a few day since of visiting the Carriage Establishment of Mr. S. A. WILSON, on Main street, Bloomsburg, who has on hand a large stock of vehicles, of the most approved manufacture, for sale at prices which cannot be but satisfactory to the purchaser. Long experience in the business, and a knowledge of the wants of the trade, enable him to furnish substantial, well finished, and modern styled vehicles at the lowest possible figures. Read his advertisement, and then examine his stock.

☞ THE WEST.—If at the entrance of the 'West' a great placard could be posted, on which be pencilled the experiences and consequent reflection of the thousands who have given up cheerful, comfortable homes at the East for the untired privations and sorrows of a home in a new country, hosts who are now greedily pressing towards the setting sun would return to their old farms and firesides, vowing hereafter to follow but one rule—"Let well enough alone."

☞ To those who desire bargains in the purchase of ornaments for the person, such as jewelry or adornments for rooms, such as paintings, or amusement for an hour, such as lively books afford, we would say that a large variety of these are on exhibition and for sale at Mrs. CLARK'S Book-store, in the Exchange Block.

☞ AGRICULTURAL MEETING.—The call for a meeting of the Columbia County Agriculture Society, which appears in our columns of to-day, for a meeting in the Court House this afternoon, at 2 o'clock, we hope the farmers of our county will attend as business of importance is to be transacted by the Society.

☞ MAP OF COLUMBIA & MONTOUR COUNTIES.—Mr. J. A. J. Cummings, intends publishing the coming Summer, a large and ornamental Map of the counties above mentioned, assisted by Mr. James Kelly, one of the most competent and experienced surveyors of the State. See advertisement in another column.

☞ VOCAL CONCERT.—The Herman Brothers, gave two of their vocal and instrumental Concerts in this place on Wednesday and Thursday evening last. Their singing was highly satisfactory to their audience.

☞ The Susquehanna river is again rising. There is no lack of water this spring to enable the hardy people of the upper counties to get their vast amount of lumber to market.

☞ Arrangements have been made by the Cattawissa railroad company for filling up the great ravines over which it passes. The work has already been commenced.

☞ The production of Maple Sugar, this year will reach full seventy million pounds, worth nearly twelve million dollars, the season has been peculiarly favorable for the production.

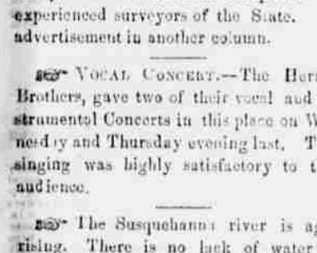
☞ That great Comet is said to be distinctly visible between 2 and 3 o'clock every morning. It is very brilliant, and has a bright lengthy appendage.

☞ An interesting communication appears on our first page this week from the pen of our excellent young friend, the Rev. GEORGE HUNTER, of Hagerstown, Md,

☞ Beautiful are those colored, life-like, soft, rich-toned Ambrotypes taken daily by GINTER, at his rooms in the Exchange Block.

☞ The communication signed 'KATE, is received, but unless the writer will leave her name at our office, we cannot notice the same.

☞ PUZZLE.—



☞ We like fine writing when it is properly applied—so we appreciate the following burst of eloquence in one of our exchanges:—"as the ostrich uses both legs and wings when the Arabian courser bounds in her rear—as the winged lightning leap from the heavens when the thunderbolts are loosed—as does a little negro run when a big dog is after him."

Special Notices.

The Bitters all they are represented to be.—DEAR SIR—I have used your German Bitters, and find them all they are represented to be, and cheerfully commend them to the public as an excellent medicine.

Respectfully, yours, W. P. FAULKNER.

See advertisement.

A FACT.—Dr. Hurley's Sarsaparilla, now almost of world wide renown, is firmly established the best and only genuine medicine of that class. The cures it has effected are without parallel, and will be a standard remedy when all other Sarsaparilla are buried in merited obscurity.

☞ When Machaon, the Greek Physician was slain, Homer said of him "a good Physician is worth as much as a whole army." Then a good medicine like *Ayer's Cathartic Pills*, is worth a great deal more, because it cures as well, works wider and lasts longer. The circle of the best Physician's labor must be narrow, whilst such a remedy is available to all—can be had by every body, and is worth having.

THE VITAL FLUID enters every organ of the body through the circulation, distributes the auritive principle to every texture and the source of every secretion. In a word, it is the life of man. How important, then, that it should be kept in a pure and healthy condition. *Hurley's Sarsaparilla* is known to possess properties which become assimilated with the blood, disinfecting it of disease, and restoring exhausted nature to pristine vigor.—*Columbia (Texas) Herald.*

☞ THE DEMOCRATIC NOMINEE FOR GOVERNOR.—A correspondent writes that as soon as Gen. Packer heard that he had been nominated for Governor by the Democratic Convention at Harrisburg, he declared himself overjoyed, and avowed his determination to make the stump at an early day in an irresistible suit of clothing from the magnificent establishment of GRANVILLE STORES, No. 607 (late 209) Chestnut street above 6th, Philadelphia.

☞ *The State Savings Fund*, 83 Dock street, next door to the Post Office.—Sums, large and small are received on deposite, and returned at any time, with five per cent. interest. The office is open daily, and every Monday evening.

☞ *The Five Per Cent. Saving Fund* of the National safety Company, Walnut street, southwest corner of Third street, Philadelphia, now has more than One Million of Dollars, all in MORTGAGE GROUND RENTS, and other first class securities, to the benefit of depositors.

☞ THOMAS W. MATTSON, Receives the Prize Medal at the World's Fair in London, 1851, for TRUNKS, CARPET BAGS, Boots, Shoes and Gums.—Great inducements are now offered to purchasers of the above articles. This is much the largest stock of trunks, Carpet Bags, Valises, &c., in Philadelphia very cheap, at cash. Manufactories: 130 Market Street, S. W. corner and 128 Market street, S. E. corner of Fourth.

"WOODLAND CREAM."—*A pomade for beautifying the Hair*—highly perfumed, superior to any French a that imported, and for half the price. It removes dandruff, always giving the Hair the appearance of being fresh shampooed. Price only fifty cents. None genuine unless signed

Also, a large stock of piece goods on hand, of the latest style and best qualities, which will be made to order, in the most fashionable and best manner, 25 per cent. below credit prices.

ONE PRICE ONLY!

LIPPINCOTT & CO'S, Cash Clothing Warehouse, South West corner of Fourth and Market streets, Philadelphia. *The only One Price Clothing Store in America*

Cash purchasers of Men's or boy's Clothing, a wholesale and retail, can here, make their selection from an immense stock of fashionably cut and well made clothing, got up with a view to give satisfaction to all, and at the very lowest possible selling price as marked in plain figures on every garment, all buy at the same price, and whether they are judges of goods or not, they cannot be deceived. One uniform low price to ask and take, is strictly observed, with the usual mode of asking two prices, and taking all that can be got, suits nobody, and cheats three-fourths; for instance a man asks $15, for a coat, and after much argument to take $10, and it is equally certain, that he would have taken $15, if he could have got it, and thus actually cheat he purchaser out of five dollars. To remedy this evil and establish confidence in the trade, LIPPINCOTT & CO., 8 a uniform low price on all their goods, (very much below the usual rates,) and will never vary one cent under any circumstances.

SALAMANDER FIRE AND THIEF PROOF SAFES.

THE LARGEST ASSORTMENT in the United States—Warranted to be equal to any now made, and will be sold on as good terms, as can be obtained from any other house in the country, at

TRUTH IS MIGHTY AND WILL PREVAIL!

Report of the Committee, appointed to examine the Burning of the Iron Safes, at Reading, February 27, 1857.

READING, March 4, 1857.

The undersigned, members of the Committee, do respectfully report, that we saw the safes, originally agreed upon by Farrels & Herring and Evans & Watson, placed side by side in a room adjoining the paymaster of the Philadelphia and Reading Railroad Company, in the presence of a large concourse of citizens of the Reading, in which the safe manufactured by Farrels & Herring was put to the test of a severe fire, for the space of one hour, and when the safe was cool, was opened in the presence of the Committee, and found to be entirely free from injury, the interior of the safe being as good as when first put into the fire, the paper and books being in a state of perfect preservation. The safe manufactured by Evans & Watson, was then placed in the same fire, in the same position, and in the same time, and when cool, was opened in the presence of the Committee, and found to be so injured by the fire as to render the contents, books and papers, valueless. The safe was then opened, and the books and papers taken out, the Committee being present, and were found to be in a state of complete destruction. The safe was then closed, and left in the fire for the space of two hours, when it was opened in the presence of the Committee, and found to be in the same state as first examined, the interior of the safe being as good as when first put into the fire, the paper and books being in a state of perfect preservation. The safe manufactured by Farrels & Herring, was then placed in the fire, in the presence of the Committee, and in the same position, and in the same time, and when cool, was opened in the presence of the Committee, and found to be so injured by the fire as to render the contents, books and papers, valueless. The safe was then opened, and the books and papers taken out, the Committee being present, and were found to be in a state of complete destruction. The safe was then closed, and left in the fire for the space of two hours, when it was opened in the presence of the Committee, and found to be in the same state as first examined, the interior of the safe being as good as when first put into the fire, the paper and books being in a state of perfect preservation. The safe manufactured by Evans & Watson, was then placed in a room in the Reading Railroad Company, in his use by the paymaster of the Reading Railroad Company, in his manufactured by Farrels & Herring in his store, manufactured by Evans & Watson, and put in books and papers, closely alike.

The fire was started at 8½ o'clock, A. M., and kept up until four cords of green hickory, two cords of oak and half chestnut top wood were entirely consumed, the whole under the superintendence of the subscribers, members of the Committee. The Safes were then cooled off with water, after which they were opened, and the books and papers taken out, the Committee and sent to B. A. Lantz's store for public examination and marked by the Committee.—The books and papers taken from the Safe, manufactured by Farrels & Herrings were, in our judgment, damaged fully fifteen per cent, more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the respective qualities of both Safes.

JACOB H. DYSHER,
DANIEL S. HUNTER.

Having been absent during the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Safes.
