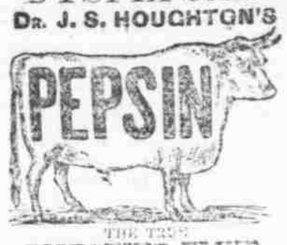
Another Scientific Wonder!
GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S



THE TRUE
DIGESTIVE FLUID,
OR, GASTRIC JUICE.

PREPARED from RENNET, or from the Fourth Stomach of an OX, after directions of Professor Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility. Curing after Nature's own method, by Nature's own agent, the Gastric Juice.

☞ Half a teaspoonful to Pleasure instead into water will digest or dissolve Five Pounds of food. Test in about two hours, out of the Stomach!

Pepsin is the chief element of Gastric Digestive Principle of the Gastric Juice—the solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox thus forming an artificial Digestive Fluid, precisely like the Natural Gastric Juice in its Chemical powers, and purchasing a complete and perfect substitute for it. By the aid of it a preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspepsia, curing cases of Debility, Elevation Nervous Debility, and Dyspeptic Consumption. Supposed to be on the verge of the grave. The Symptoms of Evil set upon which it is found, is in the highest degree Curious and Remarkable.

Scientific Testimony.—Baron Liebig, the celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid may be prepared from the mucous membrane of the stomach of the Ox, in which it exists in the form of food, such as meat and eggs will be solubilized, changed, and digested, just in the same manner as they would be in the Human Stomach."

Dr. Dunglison, in his various writings on the "Theology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia" and he states that "he changed half professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author, of the famous work upon "Vegetable Diet," says: "It is a remarkable fact in Physiology, that the stomachs of Animals, unaccustomed to wines, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of Artificial Digestion of them in no wise different from the natural digestive process."

☞ Call on the Agent, and get a Descriptive Circular, containing giving a large amount of Scientific Evidence, similar to the above, together with reports of Remarkable Cures, from all parts of the United States.

AS A DYSPEPSIA CURE, Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in many cases of Dyspepsia, Hypochondria, Nervous Debility, and Dyspeptic Consumption. It is impossible to give the details of cures in this advertisement, but testimonials have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful in tendency to Bilious Disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and for two-fold use of ardent spirits. It almost recognizes Health with Immortality.

Dr. Houghton's Pepsin is sold by nearly all the dealers in the Drugs and popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Description Vials for the ease of Physicians.

Descriptive Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the testimonies upon which the claims to this remedy are based. His new and secret remedy, no objections can be raised against it by Physicians as respectable and long and regular practice. Price, 50c. Dollars per Bottle.

Genuine Pepsin.—Every bottle of of the Genuine Pepsin bears the Written signature of Dr. Houghton, and the Proprietor, Philadelphia, Pa. Unsigned and Trade Mark neglected. Sold by all Druggists and Dealers in Medicines.

Liver Complaint!

JAUNDICE, Dyspepsia, Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach, such as constipation, inward piles, fullness or blood to the head, acidity of the stomach, nausea, heartburn, disgust of food, fullness or weight in the stomach, sour eructations, sinking or fluttering at the pit of the stomach, swimming of the head, hurried and difficult breathing, fluttering at the heart, choking or suffocating sensations when in a lying posture, dimness of vision, dots or webs before the sight, fever and dull pain in the head, deficiency of perspiration, yellowness of the skin and eyes, pain in the side, back, chest, limbs, sudden flushes of heat, burning in the flesh, constant imagining of evil and great depression of spirits, can be effectually cured by Dr. Houghton's celebrated German Bitters, prepared by Dr. C. M. Jackson, at the German Medicine Store, 120, Arch street, Philadelphia.

Truly power over the above diseases is not excelled—is equalled—by any other preparation in the U. States, as the cures attest, many cases after all else failed.

These bitters are worthy the attention of invalids, possessing great virtues in the invigoration of the stomach and lesser glands, exercising the most searching powers in weakness and affections in the digestive organs, they are withal, safe, certain and pleasant.

Read and be convinced. From the "Boston Bee," The editor said, Dec. 22:

"Dr. Hoofland's Celebrated German Bitters for the cure of liver complaints, jaundice, dyspepsia, nervous debility, is decidedly one of the most popular medicines of the day. These bitters have been used by thousands, and a friend of our's now says he has taken them with the effectual cure from the use of this remedy. We are convinced that in the use of these bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant to taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstance. We are speaking from experience, and to the afflicted we advise their use."

"Spirit's Weekly," one of the best literary papers published, said Aug. 23—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitutions will find these bitters advantageous to their health, as we know from experience the salutary effect they have upon weak systems."

Mark Boonzer.—The Hon. C. D. Ancelme, mayor of the city of Camden, N. J., says:

"Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its actions upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all disposed, to give a trial—it will recommend itself. It should in fact, be in every family. No other medicine can produce such evidence of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union in the last three years, and the testimony is in favor, is, that there is more of it used in the practice of regular Physicians of Philadelphia, than all other nostrums combined, a fact that can be easily established, and fully proved, that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to females or infants with reliable benefit at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.—They have the written signature of C. M. Jackson upon the wrapper, and his name blown in the bottle, without which they are spurious.

For sale wholesale and retail at the German Medicine Store, No. 120 Arch Street, one door below Sixth, Philadelphia; and by respectable dealers generally throughout the country.

Price Reduced.—To enable all classes of invalids to enjoy the advantages of their great restorative powers, Single Bottles 75 cents.

HITHERTO INCURABLE.

It now yields to this remedy—and Physicians use it publicly and privately with perfect success. Let no one who has ever had a symptom of Dropsy, of any character keep this remedy by them, and, if they would avoid the usual end

APPLICATION OF THE KNIFE,

to perforate the system and let the accumulated water flow away; only to fill up hideous and death to end in a dreadful death, let them just use this remedy in season, and a recovery is sure. Let them try it at the stage of this disease, and a cure is certain, if they will give it a fair trial.

as proof of cures in this distressing class of complaints. See pamphlet. All females desiring delicate consultations, from the effect of age, &c., will find the healing power of this article in such immediate, and the poisonous mineral contained from the system.

The astringent properties which compose this article, manifest themselves particularly in the amelioration of the complaint, for the decrease of complaints which heretofore have been so much to be dreaded.

For instance there has been used in the north of Europe, a

CERTAIN BOTANICAL AGENT,

which in all diseases or derangements of the female frame, constipation, debility, painful menstruations, &c., has effected a cure. This and the ingredients in our oil, not found in large quantities, and as a medicinal property, stands without an equal; it immediate of the complaints to the constipation, which is at the bottom of so much misery, given to a delicate female; it is sure, and the system will be restored to health by its use.

For the relief of all Sympathetic Diseases attendant on pregnancy: it allays those distressing and painful troubles which often occur both in married and unmarried females, and requires those painful obstructions which arise from taking cold, &c.

CONSUMPTION AND LIVER COMPLAINT, Bilious Diseases, Inflammation of the Lungs, Coughs, Colds, Hoarseness, Night Sweats, Debility, &c., on all these diseases no Medicine has ever been so equal.

FEVER AND AGUE.

To the Great West especially, and wherever these complaints prevail, the medicine is offered.

no deleterious compound is in a part of its mixture, it cures these diseases with certainty and celerity, and does not leave the system tainted.

It is made of pure juices, and is purely a Vegetable Preparation, and the agency of its medicinal properties which can in the least injure any person under any circumstances whatever. Numerous certificates of the highest respectability are published in the pamphlet, a book well worth being gratuitously.

PILES,

a complaint of a most painful character, is

IMMEDIATELY RELIEVED,

and a cure is sure to be effected by a due use of this medicine. It is far before any other preparation for this disease, or for any other disease originating from impure blood. See pamphlet.

and keep taking the medicine as long as there is an improvement. The progress is sure.

CAUTION THE PUBLIC

against a number of articles which come out under the head of

SARSAPARILLAS, SYRUPS, &c.,

as cure for Dropsy, Gravel, &c.; They are good for nothing, and succeeded to kill the unwary;

TOUCH THEM NOT.

Their inventors never thought of curing such diseases till the article had done it. A particular story of the pamphlet is extremely amusing.

MARRIAGE,
HAPPINESS AND COMPETENCE,

WHY IS IT?

That we behold many families, once in the meridian of life, broken in health and reduced with a constitution of diseases and infirmities, arrested in course of the power to the enjoyment of life at an age when Nature's youth, harmony of nature, and strong and manly, arising from a consequence of health, should be prevailing?

Many of the causes of late suffering at from perhaps years before, or have descended on the first parents, may suggest we to the disease of life at an age unknown, and of public acquaintance.

IN AFTER YEARS,

When too late to be benefited by our knowledge, we look back and sighing and hope the full consequence of our ignorance.

What would we not give to possess in early life, the knowledge we obtain in this pamphlet, that what days and nights of anguish we might have been spared, if the knowledge was timely possessed. It is

MELANCHOLY AND STARTLING

To behold the sickness and suffering endured by many a wife for their ignorance, causes which are so preventable, easily remedied—no better advisement can need, if every

WIFE AND MOTHER

Possessed the information contained in a little volume, (with as the cases of all which would space to insert)

YEARS OF MISERY,

And to her husband the constant toil and anxiety of mind, necessarily devolving upon him from sickness of the wife, without giving him the opportunity of securing the competence which his exertions are entitled, and the possession of which would secure the happiness of himself, wife and children.

SECURE THE MEANS OF HAPPINESS

By becoming in their possessed of the knowledge, the want of which has caused the sickness and poverty of the family.

To avoid such consequences, to add to index a case which of the anxiety or mind herself of this knowledge in regard to herself, which would render her wish, either in the marriage state or single, preferable to be married and confer upon her children that blessing—one of more—healthy bodies, with healthy minds. This knowledge is contained in a little work entitled
