Local Matters.

Monday was sales day.

Mr. H. W. Haas has accepted a position in the jewelry establishment of Mr. C. M. Chandler.

Found on the street Monday a brass door key. The owner can obtain it by applying at this office.

Rev. R. H. Jones has been attending the Annual Conference of the Methodist Church in Darlington.

The Rev. Mr. Daniels, who lectured here Friday night, is not from Columbia, as was stated in our last issue, but is from Chester.

Treasurer McMeekin is very busy collecting taxes. Unless the Legislature extends the time, the books will close after the 15th inst.

A number of the stockholders of the Charlotte, Columbia and Augusta Railroad left Tuesday to attend a stockholder's meeting in Columbia.

It will be unwise to tell the friends of Lieutenant David D. Gaillard to hear that he is quite sick with pneumonia in St. Augustine, Florida.

Wimmsboro is now abundantly supplied with barber shops. Mr. Thomas, of Charlotte, N. C., has opened a shop in the room under Dr. Quattlebaum's dental office.

Mr. John Vins, who has for some time been living in Texas, arrived in the Boro a day or two ago. He says that the price of cotton down there is just as low as it is here.

The entire number of bales of cotton shipped from this place during the month of November is 1550. This is less than the number shipped in October by one hundred and sixty-six bales.

Owing to the trouble which the pupils of Mt. Zion have been having lately in getting to school at 8.50 o'clock, the time of opening will be in future 9.05 o'clock and recitations will commence at 9.15.

The regular meeting of the County Medical Association was held here Monday, but owing to the very unfavorable condition of the weather not many of the M. D.'s were present. Business of a routine nature only, was transacted.

The weekly drills of the Gordon Light Infantry will be suspended for a while. The revised tactics will shortly be formally introduced by the War Department, and of course some time will be required by the drill instructors, to "catch on to" the changes made.

A copy of the U. S. Postal Guide and Regulations has been placed in the postoffice, where it can be used by the public for reference. This has been needed a long time, and will doubtless save the Postmaster considerable annoyance, and will prove a great convenience to the public.

The cause of the delay of the north-bound train Saturday evening was the breaking of one of the driving rods of the engine. The accident occurred between Columbia and Augusta. The fireman was severely injured by the broken rod, which flying around knocked out one side of the cab.

A mule and colt belonging to Mr. Holbrook lion strayed from his place in the lower part of the county some time ago. They were caught near Chester by a Mr. Grant, who advertised them in the Chester paper. Mr. Rion went to Chester Saturday night and succeeded in recovering his property without any trouble.

The Hornet Nest Rifles, of Charlotte, N. C., won the first prize, \$100, for the best drilled company in a competitive drill in Wilmington. The Hornets treated the Gordons in royal style in Charlotte in '84, and the news of their victory will be welcome to the friends of the company here, and of their Captain, T. Ross Robertson.

A little negro named Willie Walker shot himself in the hand Wednesday morning in the store of McMaster, Brice & Ketchin. He was sitting by himself in the office, playing with a 22 calibre pistol, when it was accidentally fired, the ball entering the palm of his hand. He was attended by Dr. R. D. Hamman, Jr.

A decline in the interest taken in the fire company is very evident. Some time ago an effort was made to revive the spirit of corps of this organization and for a time the drills were well attended, but only for a short time was this the case, and now it seems that they have been entirely discontinued. It is a pity to allow such a valuable organization to go to pieces.

Complaints in regard to the very inconvenient schedule continue to be heard on every side, but so far from having our condition in this respect bettered, it is reported that the north bound train will be made to arrive still later. This is simply a report, for the correctness of which we cannot vouch, and is one in which it is certainly hoped that there is no truth.

Mr. J. M. Beatty has received from Ocean Springs, Miss., some of the finest specimens of pecan nuts that we have ever seen. Mr. Beatty proposes to plant an orchard of these nuts, and ordered these from Mississippi for that purpose. Quite a number of persons in this county are, Mr. Beatty informs us, going to follow his example. These nuts are not only very nice for home use, but there is no doubt that they could be very profitably cultivated around here.

At a recent meeting of the Board of County Commissioners, Mr. Deitz was elected superintendent of the Poor House, to take the place of Mr.

Mr. Deitz held this office under the old Board of Commissioners but was for some reason or other, not re-elected when the present Board of Commissioners came into office. While in office, however, his administration of the Poor House affairs was very satisfactory and the board recognizing this, made him manager for another term.

The announcement was made in THE NEWS AND HERALD last Saturday, that on that evening, Sun's Phantasma Company would perform in the Opera House. Their non-appearance is explained by the fact that the agent or manager skipped with all the available funds leaving the company, or rather the remainder of it, "strapped."

The fragment of the troupe performed before a very small audience Friday evening, but having made enough to get away, deemed it inadvisable to remain and give a repetition of the performance.

HYMENEA.—At Chapel's, S. C., on Thursday, November 19, at the residence of the officiating minister, Rev. B. F. Carley, Mr. John Watkins, of Newberry, was married to Miss Jennie J. Smith, daughter of Fairfield. The wedding was a quiet one only a few of the immediate relatives of the contracting parties being present.

HON. S. WYLLIE, Secretary.

At the Different Churches Sunday.

Rev. W. B. White preached an able sermon at the Baptist Church Sunday night in favor of prohibition. His text was the 20th verse of the 94th Psalm: "Shall the throne of Iniquity have fellowship with thee, which frameth mischief by law?"

Rev. D. E. Jordan also touched upon prohibition in his sermon at the Presbyterian Church Sunday morning.

At the Associate Reformed Presbyterian Church the Rev. J. C. Galloway preached to large congregations, both in the morning and evening.

"Bad Nigger from the Boro."

Thursday Frank Holley, a mulatto with a rather unsavory reputation, who hails from Wimmsboro, was tried before Justice Perry for stealing \$12. He was convicted and sentenced to \$10 or thirty days in jail. The sentence angered him, and he attempted to clean out the office, judge, constables and all. He was quickly overpowered and given an extra ten days for contempt of court. In jail he languishes for the next forty days.—Star.

A respectable streak it seems, runs through this entire family. The other day, in the Intendant's Court, one of Tandi's sisters was fined five dollars and another ten for disorderly conduct on the streets.

I have to announce the sad intelligence of the death of Mrs. Mary Ann Counts, widow of Capt. H. H. Counts, which occurred on the 2nd inst, at her residence, of Bright's disease. She left two children and several grand children and devoted friends to mourn her loss. Her husband was a member of Rock Creek Baptist Church for many years. She died in the seventy-ninth year of her age. May she rest in peace.

I gave myself up to my Father, and he said I could not stay with my friends, and I would meet my Maker alone. My husband was advised to get Dr. King's New Discovery for Consumption, coughs and colds. DEATH OF REV. J. W. MURRAY.

We note with the sincerest regret the death of Rev. J. W. Murray, in Darlington, on the 3rd inst. Mr. Murray has for some time been a member of the Fairfield Circuit, and his loss will be severely felt. The circumstances of his death are given as follows, by the Darlington correspondent of the State:

Rev. John W. Murray, a member of the South Carolina Conference, was taken very suddenly with apoplexy of the brain while listening to a lecture on the subject of Dr. Morrison, of Atlanta, in the Methodist Church last night. Mr. Murray was taken to the home of Mr. J. W. Alexander, where he had been assigned during the session of the conference. Everything was done for him that medical skill could do, but he died in a few hours afterwards. He was stationed on the lower Darlington circuit several years ago, and also preached in this county before the war, and was very much beloved by his people. The remains will be interred at Lamar, in this county, tomorrow.

Dr. G. W. Earle, Pickens, S. C., writes: "I recommend B. B. B. to a man who had suffered for years with a malignant ulcer on his leg, that seemed to resist all other treatment. After using four or five bottles the ulcer began to heal and his leg is now sound and well."

ENTERTAINMENT.

The ladies of Salem Church will serve hot dinner at the residence of Mrs. Mitchell Owings on Tuesday afternoon, 15th inst., at 3 o'clock, price twenty-five cents each.

In the evening there will be a rainbow party and various other amusements, that will delight and please both old and young.

The object of the dinner and entertainment is to raise funds to assist in paying for the new organ recently purchased for the church. The public is cordially invited to attend, with the assurance that everything in the power of the ladies will be done to make the evening one of supreme pleasure. The reputation of the ladies of Salem Church is so well known it is needless to add that they will serve on this occasion a dinner of unsurpassed magnificence.

Go out, one and all, old and young married and unmarried and participate in the pleasures of this delightful occasion, and thereby lend a helping hand to so worthy a cause.

RESOLUTIONS.

Passed by the White Oak Sub-Alliance November 28, 1891.

Whereas, we the members of the White Oak Sub-Alliance, recognizing the fact that the present agricultural and financial depression of the country is not at all due to over-production as is contended by many, but that it has been brought about by a contraction of the currency, speculation and national legislation which favors monopolists, but which is highly subversive to the farming and industrial interests of the country; and whereas, we can entertain no hopes of a redress of our grievances and an amelioration of our condition only through a speedy enactment by Congress of the measures as set forth in the Ocala Platform; therefore be it

Resolved, That we heartily endorse and commend and just and insist upon their speedy enactment of the enact-

ments of such other measures as may be deemed best.
