THE DAILY STAR

WEDNESDAY.....NOVEMBER 7

LOCAL BREVITIES.

"PIQUE" matinee this afternoon.

SEVEN hundred and twenty-four prisoners in the Work-house.

MR. CHAS. MONTAGUE and wife left to-day for Jacksonville, Florida.

THERE were one hundred and fifty-one lodgers at the different Station-houses last night.

JACOB CHRESTER, a vagrant, was given a home for the next one hundred days at the "Works" this morning.

THE twenty-ninth anniversary of the Y. M. C. A. was celebrated last night at their hall, on Sixth and Elm streets.

THE Butchers' Hide Association have drawn up appropriate resolutions on the death of Mr. George Johnson, one of their members.

DR. O. D. NORTON, of this city, while in Covington, Ky., about 9 o'clock last night to visit a patient, had his horse and buggy stolen.

ERNEST MEYER, a gardener, fell from his wagon last evening and was run over. His injuries are severe. He was taken to the Hospital.

FRANK FORTMAN, Assistant Sergeant at Arms in the Chamber of Commerce, has accepted a more lucrative position. Peter Lauer takes his place.

GUSTAV WELLER was sent to the Works, this morning, for two months, for committing an assault upon his mother, while under the influence of liquor.

THE members of the junior class of the Cincinnati Law School are about to organize a Mutual Benefit Legal Association. A meeting to that effect will be held Saturday next.

LAST Monday two women engaged in a broil at 172 Smith street, in which blows and unwomanly epithets were freely interchanged. This morning each paid half the costs.

L. HASENBUSH, doing business at No. 247 Broadway, will be tried November 14 on the charge of buying about twenty yards of farmers' satin from a man, knowing the same to have been stolen.

MRS. J. BRYAN was thrown from a wagon last evening near Mohawk Engine-house, and cut in the head and severely injured internally. She was carried into the Engine-house for treatment.

SAMUEL BLAIR, R. S. Zilar, Robert Orr, J. R. Blair and Reuben Crossley have associated themselves together and organized the Cincinnati Ice Company. Capital stock, $500,000, divided into shares of $1,000 each.

A MEETING of the Workingmen's party was held, last night, at Arbeiter Hall. The late Campaign Committee was discharged, and the Secretary instructed to call the next Campaign Committee together on the first Monday in December.

JAMES HERRAN, feeling the approach of winter, appropriated to his use an undershirt, which he stole from H. F. Burris, on West Seventh street. He was arrested, and this morning received a sentence of $50 and thirty days. The shirt proved to be a woman's.

JOHN WELSH was before the Police Court this morning for stealing several articles of jewelry and a vest, valued in all at $11, from A. R. P. Smith, at the Burnet House. He appeared to be an old time thief, and received the heavy penalty of $200 and thirty days, and put under $500 bonds.

THE German Pioneer Society held their monthly meeting last night. The Treasurer's report showed a balance of $825 60 on hand. A number of new members were elected and a new constitution was adopted. It was announced that Ex-Judge Lindemann would deliver an address on the subject of "Social People."

THE Committee on Securities of the the New York Exchange has decided in favor of the validity of Ohio & Mississippi Railroad certificates issued by officers of the road represented by Mr. Parsons as President. This upholds the election that took place in this city against that afterwards held by the New York party.

THE evidence this morning went to show that Thomas Murphy, the man who broke through the window of the United States Express office, last week, was attempting burglary. He has served one term at the Works, and will now go back until a sentence of $500 and 30 days, with $500 bonds, has expired.

B. B. DEEM, the late partner of Green in a dance-house business on West Sixth street, will be asked November 17th to explain his action in reference to a valuable oil painting which Mr. H. Grotenkemper accuses him of trying to beat him out of. Deem claims that Madam Dye's wicked son endeavored to sell it to a priest, and failing in that pawned it at Mike Lipman's.

LAST night Daniel Donovan, a resident of Glendale and an employe of the Cincinnati, Hamilton & Dayton Railroad Company, met with an accident as he was stepping off the northward bound train at College Hill. The pilot of another train struck him and caused the fracture of the skull. He was taken to the City Hospital, and will probably not survive many hours.

THOMAS J. MURPHY, aged thirty-two years, and residing at No. 27 Jones street, has been missing since Tuesday last. He went home the night previous under the influence of liquor, and was upbraided by his wife. The next morning he drew his pay from the paymaster of the Government Building, where he had been at work, and since then nothing has been heard of him.

THE Southern Railroad Bridge over the Ohio will be tested to-morrow, beginning at 10 o'clock, in the usual way with locomotives and heavily loaded trains, occupying several hours. The Superintendent of Transportation J. T. Redman, will superintend it, with the counsel of principal engineer Bouscaren. The bridge will then be open to the public for inspection.

MISS ANNA CLARK, living alone at No. 316 John street, was sitting by the grate last night, when her dress caught fire, blazed up instantly and resisted all her efforts to put it out. Her screams attracted the attention of Officers Cronins and Honeyman, who broke open the door and found the woman on the bed with her clothing entirely burned off, and her body, arms and neck frightfully burned. She was taken to the Hospital and died this morning.

Bank Failure.

Yesterday evening the news spread over the city that the banking house of Kinney & Co.—Eli Kinney, W. R. Lowe, his son-in-law, and Frank M. Hurlburd—had suspended.

The news was well founded. The bank had been considered shaky for some time. The liabilities will amount to about $150,000, and the losses will mostly fall on people outside of this city. Mr. Kinney has assets in real estate which will cover this twice over. No one will be ruined by the suspension, as the losses are largely distributed. The private fortune of Mr. Kinney, moreover, will be applied to the liquidation of the indebtedness.

Big Injuns.

At the Walnut Street House last night were registered E. A. Howard, United States Indian Agent, Indian Territory; E. Willard, Superintendent; Battesto Barnaby and Charles LaClair, Indian Interpreters, and the following members of the Poncas tribe of Indians: White Eagle, Standing Buffalo, Big Elk, Standing Bear, Frank La Flesh, Smoke Maker, Mitchell Serrie, Big-Snake-and-the-Chief, Little-Picker-and-Black-Crow. White Eagle is the Chief of the tribe, and all of them hold positions of honor. They are massive fellows, Big Elk being six feet four inches in height.

They arrived at 9 o'clock last night, from the West, and are on their way to Washington. They accepted an invitation to attend the performance at the Grand Opera-house. They were the objects of a great deal of curiosity.

AMUSEMENTS.

THE OPERA.

The opera for to-night is "Faust" with the following cast:

Miss Alexandre Human.....Marguerite
Miss Grimminger.....Siebel
Mr. Charles Adams.....Faust
Mr. A. Blum.....Valentine
Mr. H. Wiegand.....Stepnisto

GRAND OPERA-HOUSE.

Miss Fannie Davenport in "Pique" appears twice to-day—matinee this afternoon and regular performance this evening.

A MOTHER'S PRESCIENCE.—The Atlanta (Ga.) Constitution relates the following: "Here, take the pencil," were the dying words of Mr. Wm. A. Shorter, late editor of the Rome Courier. Eli Shorter, his father, relates that on the night of the death of his son in Rome his wife, at home in Eufaula, Ala., awoke him asking the time of night, saying, "Willie is dead. I feel that Willie is dead." He looked and found it 1:15 by his time. Our young friend died at 1:10 by the time at Rome. Mrs. Shorter knew of her son's illness, but, nevertheless, it is very strange that the impression should have been vivid enough just at the moment of his departure to cause her to arouse her husband in order to get the time of the night.

Those loathsome objects with skin diseases, who inherit constitutional taints, and are often met with in public after having been long unsuccessfully treated in hospital, can all be cured by being daily washed with Glenn's Sulphur Soap, which acts on the small blood vessels of the skin, where the disease exists, and where the curative power is directly applied. Sold by druggists, grocers and fancy goods dealers.

Hill's Hair and Whisker Dye, black or brown, 50c. M,W&F

Ditman's Sea Salt should be used in every nursery. Its wonderful strengthening powers are there exhibited in the most striking manner. For very young children the bath should be tepid. Sold in bags and boxes by chemists and druggists. N. B.—Particularly see that each packet bears our trade mark.

PHOSPHORENE.—Don't place this article in your rat-holes—or place they frequent. If you do you will lose your pets; there will be numerous rat funerals.

DRESS GOODS, &c.

A CARD TO THE PUBLIC

THE REASON WHY!

During the months of August, September, and October, every one predicted an immense Winter Trade. With faith in this prediction Importers brought out larger stocks than ever before. Manufacturers doubled their productions, and the majority of the Retail Dry Goods Dealers throughout the country laid in enormous stocks of Winter Goods during August and September in anticipation of a rise in prices.

WE DID NOT!

Now what has been the actual result! A backward season, warm weather, and an over stocked market in first hands. We have taken advantage of this state of affairs and have made during the past week several purchases for cash of desirable and seasonable goods at actually less than importers' cost. Our advanced lots received on Saturday last and placed on sale yesterday morning, were some of them closed out before 10 o'clock A. M. But we shall be able to duplicate in a few days anything we advertised on Monday.

We refer especially to the 30 inch CAMEL'S HAIR at 5c per yard so vigoronsly advertised elsewhere at 18c.

To give our patrons and the public generally a better idea of the extent and magnitude of the result of this miscalculation on the part of our competitors, we make the following statements. We are offering TO-DAY:

At $7 50 per yard, 28 Inch All Silk Black Cloaking Velvet. Same quality is being offered in the city at $12 per yard.
At $3 50 per yard, a 26 Inch Black Silk Cloaking Velvet. Its equal can not be found in the city for less than $7.

We offer three cases of Valentia Suitings at 18c per yard, which cost from 37½ to 40c per yard in gold to import.

We also show 125 pieces of Bourette Indien, a perfectly elegant and stylish dress fabric, at 35c. per yard. These goods are offered to-day by other dealers in this city at from 60 to 75c. per yard.

As another instance of the total demoralization of trade, we quote All Wool French Cashmeres, 40 inches wide, and in all the new shades of the season of '77-78, at 60c. per yard, better goods than any retailed in Cincinnati at 85c. per yard, absolutely costing to import 75c.

The prices of Black and Colored Silks have more than kept pace with this retrograde movement. We are offering Black Gros Grain Silks at $1 50 per yard, which cost the importer 25 per cent. more money in gold; and at $3 50 per yard a better Black Silk than shown elsewhere at $6. The Colored Gros Grain Silks have suffered, too. We are offering the same line and grade to-day at $1 35 per yard that have always previous to this "eventful time" been considered cheap at $2, and we hazard the statement without fear that precisely the same goods can be found elsewhere in this city to-day marked to sell for $2 or more per yard.

To show that this break in prices is not confined to articles of luxury or of higher prices alone, we mention the fact that we are selling "Merrimac" Prints at 5c per yard, same as we and every first class Dry Goods man in America sold up to this week at 8c. In fact they are quoted to-day in the wholesale price list of this city at 6c.

The question may be asked, If all this is so, if all this wonderful news you tell us is true, why have we not heard it? The answer is apparent. As we stated in the beginning of this article, our competitors bought early "at the top of the rise." We held off, and now our Eastern buyers are securing for us the almost appalling bargains that are thrown on the market by importers and manufacturers, in strenuous efforts to raise the necessary funds to meet outstanding paper. And to prove the truth of any statements made in this article, look at the goods and compare them with any in this or any other market.

76 and 78 West Fourth Street.

POND'S EXTRACT.

POND'S EXTRACT.

POND'S EXTRACT.

The People's Remedy.
The Universal Pain Extractor.
Note: Ask for Pond's Extract.
Take no other.

"Hear, for I will speak of excellent things."

POND'S EXTRACT—The great Vegetable Pain Destroyer. Has been in use over thirty years, and for cleanliness and prompt curative virtues cannot be excelled.

CHILDREN. No family can afford to be without Pond's Extract. Accidents, Bruises, Contusions, Cuts, Sprains are relieved almost instantly by external application. Promptly relieves pains of Burns, Scalds, Excoriations, Chafings, Old Sores, Boils, Felons, Corns, etc. Arrests inflammation, reduces swellings, stops bleeding, removes discoloration and heals rapidly.

LADIES find it their best friend. It assuages the pains to which they are peculiarly subject—notably fullness and pressure in the head, nausea, vertigo, &c. It promptly ameliorates and permanently heals all kinds of Inflammations and ulcerations.

HEMORRHOIDS or PILES find in this the *only* immediate relief and ultimate cure. No case however chronic or obstinate can long resist its regular use.

VARICOSE VEINS. It is the only sure cure.

KIDNEY DISEASES. It has no equal for permanent cure.

BLEEDING from any cause. For this it is a specific. It has saved hundreds of lives when all other remedies failed to arrest bleeding from nose, stomach, lungs, and elsewhere

TOOTHACHE, Earache, Neuralgia, and Rheumatism are all alike relieved and often permanently cured.

PHYSICIANS of all schools who are acquainted with Pond's Extract of Witch Hazel recommend it in their practice. We have letters of commendation from hundreds of Physicians, many of whom order it for use in their own practice. In addition to the foregoing, they order its use for Swellings of all kinds, Quinsy, Sore Throat, Inflamed Tonsils, simple and chronic Diarrhœa, Catarrh, (for which it is a *specific*), Chilblains, Frosted Feet, Stings of Insects, Mosquitoes, etc., Chapped Hands, Face and indeed all manner of skin diseases.

TOILET USE. Removes Soreness, Roughness and Smarting; heals Cuts, Eruptions, and Pimples. It *revives, invigorates* and *refreshes*, while wonderfully improving the Complexion.

TO FARMERS—Pond's Extract. No Stock Breeder, no Livery Man can afford to be without it. It is used by all the leading Livery Stables, Street Railroads and first Horsemen in New York City. It has no equal for Sprains, Harness or Saddle Chafings, Stiffness, Scratches, Swellings, Cuts, Lacerations, Bleedings, Pneumonia, Colic, Diarrhœa, Chills, Colds, &c. Its range of action is wide, and the relief it affords is so prompt that it is invaluable in every farm-yard as well as in every farm-house. Let it be tried once and you will never be without it.

CAUTION! Pond's Extract has been imitated. The genuine article has the words Pond's Extract blown in each bottle. It is prepared by the only persons living who ever knew how to prepare it properly. Refuse all other preparations of Witch Hazel. This is the only article used by Physicians, and in the hospitals of this country and Europe.
