ROBERT OGDEN,

Plumber and Steam Fitter,

No. 63 JEFFERSON STREET, ABOVE THIRD,

DAYTON, OHIO.

HAVING been a resident of this city but a short time Mr. O. would take this occasion of selecting one from among a score of letters he received from gentlemen for whom he did work in his former place of residence:

FORT WAYNE, IND., April 30th, 1859.

Having had occasion to use the services of a plumber, I was introduced to Mr Ogden, a gentleman who had just arrived in our city. The job that was to be done was very difficult, and required the nicest kind of mechanism. I am happy to add that the work was performed to my entire satisfaction, and as a master of his art, I take pleasure in recommending him to my fellow townsmen.

PHILO RUMSEY.

He would also take the privilege of giving one among several recommendations he has received since his residence here:

Mr. Ogden has done considerable work in the plumbing line in my house, which is very satisfactory.

The Steamer North Star.

NEW YORK, Nov. 16.

The report of the non-arrival of the North Star at Aspinwall up to the 4th inst, at which date she was fully 6 days overdue, has naturally caused considerable anxiety.

She carried 108 sailors, 37 marine and 19 officers in charge of them, bound to join the U. S. ship Saranac, of the Pacific Squadron.

The following are the names of the officers: R. Ritchie, Capt; M. C. Watkins, Lieut; R. W. Nead, Lieut; G. Shrigrock, Master; D. Green, Surgeon; R. Green, Surgeon; Wm. Ingersol, Purser; T. B. C. Stump 1st Assistant Engineer; C. Schroder, 1st Assistant Engineer; R. E. Chasing 2d Assistant Engineer; R. H. Wharton, do., S. Wilson, 3d Assistant Engineer; J. A. Wilson, do., A. R. Campbell, do., A. A. Sellers, do., D. Aubry, do., P. Miller, boatswain; J. Ring, sailor.

There were also 335 1st and 2d cabin passengers, and 185 soldiers and marines for the U. S. steamer Saranac, making, with the crew, a total of 678.

The most reasonable way to account for her absence is that she may have met with an accident.

Some part of her machinery may have broke and she put into some port from which we have as yet received no intelligence.

New York Election,

ALBANY, Nov. 16.

The Argus now claims the election of D. R. F. Jones, the Democratic and Utica nominee for Secretary of State over Leavenworth, by 204 majority.

The Journal claims 102 majority for Leavenworth.

The official returns thus far received seem to show, but not positively, that Jones is elected.

ALBANY, Nov. 16—2 P. M.

The Journal's figures make Jones (Dem.) for Secretary of State, 242 ahead of Leavenworth.

If the Tribune's figures are correct, then the Journal's tables show 742 majority for Jones.

Up to this time the counties received officially, without N. Y., Kings and Queens counties, put Richmond (Dem.) for State Engineer, 340 ahead of Story (Rep.) As to Chapin (Rep.), for Canal Commissioner, and Forest, for State Prison Inspector, they both run ahead of Leavenworth.

From Washington

WASHINGTON, Nov. 16.

The Board appointed by the Navy Department to examine Maryland's breech-loading carbine, say they think it recommends itself to the test of the naval service.

Senator Douglas' physicians consider his condition considerably improved this morning, and he is considered convalescent.

Upward of 20 members of Congress are now in Washington. Others have been here to make arrangements for accommodation during the session.

MONTREAL, Nov. 16.

The four notes of $1,000 each, stolen some time ago from the Commercial Bank of this city, were returned to-day by a Roman Catholic priest. It is supposed that they reached him through the confessional.

ROCHESTER, N. Y., Nov. 16.

The tannery in this city belonging to Fitch & Atlings has been destroyed by fire. The loss is estimated at $70,000. The insurance amounts to only $20,000.

NEW YORK, Nov. 16.

The steamer New York, from Bremen and Southampton, arrived this evening. *Her* dates have been anticipated.

MORRILL'S

SELF-HEATING

Smoothing Iron.

O. F. MORRILL Patentee, Boston.

THIS IRON IS HEATED WITH AN ALcohol Lamp, which is attached to it with a spring, which can be put on and taken off with pleasure. It takes but 15 minutes to put the iron in readiness for work, and it will remain so as long as it is required. The heat may be regulated as desired. The irons are of the usual weights, and the lamp is no incumbrance, and it is warranted not to soil the clothes. The heating fluid will cost about 2 cents per hour.

The Self-heating Iron is certainly one of the greatest inventions of the age, and the ladies will thank the inventor for his skill in saving them a roasting over a stove; and those who buy the fuel will look upon him as a benefactor of the pocket.

These Smoothing Irons may be had at the Shoe Store of L. BUVINGER, Third street, near the Xenia Depot, or at the residence of the Agent, 56 East Third street.

NEW TREATMENT.

PRIVATE

—AND—

CONFIDENTIAL MEDICAL ADVICE!!

AT the Buffalo Private Hospital—Established for the cure of Syphilis, Seminal Weakness and the Secret infirmities of Youth and Maturity by Dr. AMOS & SON, Buffalo, N. Y. Office, corner of Main and Quay streets, (up stairs.)

A MOST SCIENTIFIC INVENTION.

An instrument for the cure of genital Debility, or Nocturnal Emissions, more properly known as Seminal Weakness, etc. Can be permanently cured in from fifteen days to two months, by the use of this instrument, when used conjointly with medicine.

YOUNG MEN TAKE PARTICULAR NOTICE.

Dr. AMOS and SON take pleasure in announcing that they have invented a most important instrument for the cure of the above diseases. It has been subjected to a test by the most eminent physicians in London, Paris, Philadelphia and New York; it has been declared the only useful instrument which has ever yet been invented, for the cure of Seminal Weakness, or any disease of the genital organs, caused by the secret habits of youth. Price Ten Dollars, by Mail or Express.

A CURE WARRANTED.

Dr. AMOS and SON have devoted their attention exclusively to this peculiar class of maladies, and the relief they have consequently been able to render their fellow-creatures, is fully testified and gratefully acknowledged by convalescent patients and others daily arriving in town, from all parts of the country, for the express purpose only of consultations, while their exertions have been crowned with the most signal advantages yet, from what they have experienced in enquiring into the causes of these infectious complaints, (from their most simple condition to that of the most dangerous and inveterate,) they have always entertained the possibility of their prevention and removal, and likewise invariably found that the most horrible and malignant forms of disease could almost invariably be traced to one of the following causes:—Ignorance, neglect, or the ill effects of unskillful or improper treatment; therefore Dr. AMOS and SON have succeeded in discovering, in the selection of their remedies, a safe, effectual and cautious course; omitting all combination of remedies which bear an equivocal character, as well as those whose premature or injudicious application might be productive of bad consequences in the hands of private individuals. In short, the laudable end of their remedies is the lessening of a great mass of human misery by the alleviation, relief and prevention of those grievous afflictions that are to reality the secret foe of life, and which, while they so extensively surround us, call aloud for our skill and interference for their extermination.

COUNTRY INVALIDS.

Persons in any part of the world may be successfully treated by forwarding a correct detail of their case, with the remittance for medicines, etc.
